Methodist May District Meeting at Napanee

On Tuesday last there gathered at Trinity Methodist Church the Pastors and Lay Delegates of the Napanee District, for the transaction of the annual business preparatory to Conference.

The first session opened at 10 o'clock, by the Chairman of the District, Rev. E. B. Cooke, of Newburgh, and after the usual devotional exercises, routine business was entered into, and throughout all the sessions of the day a splendid spirit was manifested, which in no uncertain manner reflected a great success which has attended the labours of Pastor and people throughout the year.

The Statistical Secretary, Rev. W. H. Clarke, presented his report of the Sunday School work of the District, which showed a very satisfactory percentage of increases in some of the main departments. There are fifty-five preaching places and fifty-three Sunday Schools. There are 5,232 of membership, showing an increase of 280 for the year. The Teacher Training Department shows eighty-four taking the course of study, showing an increase of fifty. The report shows that fifty only joined the Church from our schools, leaving a decrease of eighty-three for the year as compared with last year. Funds raised by the school shows $381.00 for the General Sunday School Fund, being an increase of $88.00 over last year. $900.00 were raised for Missions, showing an increase of $30.00. $4,294 were raised for school purposes, showing an increase of $661.00 over last year.

The Church Schedule also shows a tremendous amount of work accomplished and progress made. Total membership of the District shows 5,191. No. of Methodist families 2,809; raised for Missions, $7,465; raised for Education, $394; raised for General Conference, $423; raised for Contingent, $177; raised for Evangelism and Social Service, $577; raised for Young People's Societies $61; raised for Church and Parsonage Aid, $30; raised for Sustentation, $527; raised by W. M. S., $5,542; raised by ladies' Aids, $5,566; raised by Trustee Boards, $13,064; raised for Preachers' Salaries, $24,374. Total raised for all purposes, $62,421.

One probationer for the Ministry was recommended to be sent to College, namely Harry A. Mellow. One candidate for the Ministry was recommended to be received on probation, namely Cland B. Brethen, B.A.

The following Superannuated Ministers were recommended to continue that relation, viz., Revds. D. Williams, J. H. Chant and A. H. Hoare.

The following Ministers were recommended for Supernumation:—Rev. Dr. S. Shorey and Rev. W. H. Buckler. Very feeling remarks were uttered by many of the brethern on behalf of these two Ministers, who having served their church for a long period, are seeking a well earned rest.

The following Ministers and Lay Representatives composed the District meeting:—

Trinity—Rev. Dr. Shorey, Mr. Bogart and Mr. J. E. Robinson.

WOMAN'S AUXILIARY TO M. S. C. C. OF THE DIOCESE OF ONTARIO.

The 36th Annual Meeting of the Woman's Auxiliary to M. S. C. C. of the Diocese of Onsario opened on the evening of Tuesday, 23rd inst., in the schoolroom of the Church of St. Mary Magdalene, Napanee. The evening was devoted to Junior work, and the room was packed with children and parents together with many of the ladies of the town and vicinity. Rev. C. E. Radcliffe was the chairman, and opened the meeting with a short service and a few appropriate remarks. Napanee's Juniors gave a Missionary Overseas Pageant in a creditable manner, those taking part representing the Church, Canada, China, Japan, India, Africa and Turkey, each in distinctive costume and finishing by singing a couple of missionary hymns.

Miss Robbins, missionary on furlough from Honan, China, then gave a most interesting address on "A Single Chinese Girl Redeemed From Slavery." She was dressed in a pretty Chinese coat, skirt and slippers of pink silk made by the girls of St. Mary's School, outside the walls of Kweitih, Honan, and presented to Miss Robbins to wear while in Canada, sometimes to show how they dressed in China. After that Miss Robbins took the audience for a trip up the Yangtze River, illustrated by very clear limelight views. The enjoyable evening ended with a hymn and an offering.

Wednesday morning, the Missionary Litany was said at 9.45, followed by the address of welcome to delegates given by the former President, Mrs. Ed. Wilson, and replied to by Mrs. Johnson, of Oakleaf, for Mrs. Boyle, of Athens, who was unable to be present. Greetings were read from the various Dioceses and were also conveyed to the meeting by Mrs. D. B. Wilson, representing Trinity Methodist Church; Mrs. Terrill, Grace Methodist Church, and Mrs. Conway, of St. Andrew's Presbyterian Church.

Miss Robbins gave a most interesting talk on the work of the W. A. in Honan as carried on at the new Hospital in Kweitih, the only Christian Hospital among seven millions of people; the Door of Hope Orphanage at St. Mary's Hall for the training of Chinese girls, St. Mary's Kindergarten at St. Andrew's School for boys.

The Recording Secretary reported an increase in all parts of the work, with a total membership of 1706. The Corresponding Secretary reported every new life membership, and the Treasurer announced total receipts for the year to be $6108.48. The reports of the Dorcas Secretary, Treasurer and the Extra Cent a Day Secretary brought the morning to a close.

At 2 p.m. the Roll Call answered by eighty-three Presidents and delegates in attendance. The President gave an interesting address, in which she referred to the fact that notwithstanding the growth of the organization, Napanee never failed to take her turn at entertaining the W. A. Miss Bowman, of Kaslan, gave a very interesting account of work among the Japanese in Vancouver, in which she pleaded for more workers, more funds for treatment for the foreigners in our midst. The Dorcas Secretary reported $2726.60 spent and 1443 bales sent out, and she read a letter from Miss Hilton, the Dominion Dorcas Secretary.

Afternoon tea was then served by the Napanee ladies during which much cheerful chatter took place.

The reports of the Girls' Candidates' Secretary, Mrs. Thankeffering, Juniors and Little Helpers' Secretaries, and the Hospital Convevors report all showed a most encouraging amount for the year and were most interestingly given.

A public missionary meeting was held on Wednesday evening, at which Rev. Mr. Coleman occupied the chair. The speakers were Miss Robbins from Honan, and Miss Bowman from Japan, both very fluent speakers, filled with zeal for their work. Their interesting addresses were listened to with much pleasure by all present.

The balance of the report will appear in our next issue.

NAPANEE SCHOOL BOARD.

A special meeting of the Board was held in the Council Chamber Tuesday night.

A committee of the whole Board was appointed to meet a meeting to consider the matter of increased accommodation at the Collegiate Institute.

Three members of the Board, Messrs. Alpine Woods, J. W. Robinson and J. L. Boyes, went to Toronto to interview the government in regard to vocational school questions.

Chairman Alpine Woods explained the attitude of the Department of Education in reference to vocational training. Should be added to the building to accommodate the commercial department, and domestic science and home-making departments be built, the government will contribute to the cost of buildings and equipment, also a proportion of the teachers' salaries.

But more than one department will be necessary to establish a vocational school, and, if agriculture is taught, a plot of land from 20 to 50 acres in extent will be a necessary part of the equipment.

It was decided to procure further information and lay the whole matter before a joint meeting of the School Board and Town Council as soon as the matter has been thoroughly discussed and some plan of action prepared.

"The War Work of Lennox and Addington", the Historical Society's new publication, which is a record of the war work done by the county, neatly printed and bound, is now ready for distribution. The price at the Beaver Office, Napanee, is $1.50; mailed to any address, $1.60. Address all communication to Rev. A. J. Wilson, or better still call at the Beaver Office, and get your copy.

NEWBURGH.

We had a striking case here of how the middle man comes in in business transactions. This case occurred, strange as it may seem, between two farmers. One man advertised the sale by auction of a sow and young pigs, but not being able to produce the animals for the sale, he went to another man who had just purchased a sow and pigs and gave him an advance of $16.00 on the original price. He then put the pigs up for sale by auction and secured a profit of $16.00. This all transpired within a few days. The question is being discussed as to who paid these men their profits, the man who first sold the pigs or the man who finally buys them or their products. And who are the big interests in this deal?

The farmers, who own the cheese factory here, have been discussing the putting in of a cream separator, but without results. They are rather shy of agents and promoters.

Mrs. Zack Milligan's birthday occured on Wednesday the 24th, and her six sisters joined her in celebrating the event. They are all married and live in Newburgh and vicinity.

Mr. Ernest Gandier, who is in the chicken business, produced five hundred live chick from a setting of six hundred eggs, and expects the product of 600 more eggs to arrive in a few days.

There is very little movement among the people of the country just now. Everybody is busy preparing for a big crop, which present indications favor.

The Newburgh valley, upon which nature has bestowed many beauties, is now looking its best, and a drive from Minks Bridge to Yarker is one which will live in the memory.

Although no extensive building is going on, still a very commendable spirit is being shown by the citizens in the way of extending, improving, and brightening up of their premises.

The town fathers are engaged looking after the streets, and have a gang of men and teams putting on gravel.

Mail orders promptly filled at Wallace's Drug Store, Napanee.

BANCROFT WOOLLEN MILLS

D. FULLER & SON, Props.

Yarns, Blankets, Tweeds.

The Bancroft Woollen Mills takes this opportunity of thanking their many customers from every Province in the Dominion, for their kind letters of sympathy and encouragement, since our mill was destroyed by fire June 16th last. We greatly sympathize with those who lost goods in the fire, and will gladly give 15 per cent. discount off any of these said goods left on hand, may buy from us, until we can get our stock replaced. Our new mill is strictly up to date with greatly increased capacity. We are confident our forty years' experience in the Woollen Trade, which has gained us a nation wide reputation for A. 1. goods from strictly pure wool stock, will insure us a liberal share of your patronage. Our specialities are:

BLANKETS, MACKINAWS, TWEEDS, FLANNELS, SHEETING, YARNS, ETC.

Samples and prices sent on request. Thanking you for past favors and soliciting a continuance of your patronage.

Respectfully yours,

21-bm D. FULLER & SON.

AN INTERESTING LETTER.

The following letter was written by the late Rev. Jacob Clancy, of Albian, Mich., to Mr. Walter B. Clark, Odessa, and will be of interest to Mr. Clancy's many old friends in the county:—

Albian, Mich.,
April 15th, 1922.

Dear Friend, W. B. Clark,—I was more than delighted as I opened your most intergating letter dated April 6th. I had intended writing immediately, but finding so much correspondence from California, India and many of the Southern, as well as the Northern States, I have done an unusual amount of answering questions about my health and my 90th birthday. It is not because I am such a remarkable man, but old St. Patrick and myself had chosen that remarkable day, and as I have that 17th day of March to celebrate for ninety long years, and I am often complimented with such words as, "I believe you will live out the one hundred year mark". Well, my answer is invariably "how am I living to-day in the sight of my Heavenly Father? As each day is quite a world in itself as so much transpires in a day.

Yes, as you spoke concerning your ancestry. I can well remember Old Father Benjamin Clark, and the dear old lady in the old home; and no better people lived anywhere in all that country. And your father, Wilson Clark, and his twin brother; and as I remember, two or three sisters at one time all on the old homestead. And your dear mother, a daughter of Ebenezar Perry, living at Tamworth. He was a man of most extraordinary ability, as he was considered capable of taking an important place in Parliament. Also his brothers, William Perry and A. B. Perry, P.L.S., of Victoria.

Well is there any of Father Benjamin Clark's family living? I taught singing school at the stone church, Morven, about sixty-seven years ago. Father's health had failed him on the old farm. He and your mother moved near the school house on the York Road. I was getting up a singing school in many places, and your father got me in Newburgh and asked me to come to his home on a day set, and I will have a crowd and you are sure to get up a rousing singing school. Sure enough the night was fine and the house was full, and how pleased your father and mother were. Just think of it, I used to have six different classes in each week, rain or shine, and I often think over those old times.

I can well remember besides the Clarks, D. Camfield, Davys, Smiths, Fardaners, Fralicks, Johnstons, Betts and I could still enumerate.

I had one of those portable organs, and I waveralled up and down. I always took it with me, fall and winter, for twenty-five years. I have a farm and a trusty man to attend to my stock. And I am still singing. Well you will wonder when I will stop.

Now for some questions. Are there any of your grandfather's family living, and also in your father's family? What is the great change in the old Violet and Switzer neighborhood? As far as I have been able to keep track by the Napanee Beaver, most of the residents have passed away, and comparatively strangers now occupy their old homes.

I saw some time ago that Chester Neville, son of Mitchell Neville, had moved away. There are many in Switzerville I can remember, Elijah Switzer, Martin McKim, John Switzer, John Miller, John Perry, John McKim and Calvin Miller.

Well you may say by this unusually long letter, no, no, the 90 year old fellow has wit and imaginary flights in abundance, and if the old chap keeps it up until he reaches the one hundred mile stone, that will be well do in letter writing, it is hard for me to predict.

Yours very truly,
REV. JACOB CLANCY.

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Eclectric Oil will relieve the bronchial passages of inflammation speedily and thoroughly, and will strengthen the system against subsequent attacks. And as it is the inflammation that usually causes the cough because it allays the inflammation in the throat. Try it and prove it.

When you ask for a price on White Lead, make sure you are quoted on either B. and B. English Lead or pure Dutch Boorhaat. Both these for sale at Wallace's. Accept no substitute.

CASH PRIZES OFFERED FOR FORESTRY ESSAYS.

The Canadian Forestry Association has announced a prize essay competition for the school children of Canada whereby rewards of $25.00, $15.00 and $10.00, will be given in each of the nine provinces to those writing the most intelligent essays dealing with some phase of forestry or tree planting based upon local conditions.

The object of the competition is to stimulate study and enquiry as to the forest resources of Canada and their protection against the devastation of fire; the planting of trees on urban streets; the establishing and improving of farm wood lots; and the developing of tree planting on the bare prairies.

Full particulars of the competition will be sent to every school teacher in the Dominion and replies should be in the hands of the Canadian Forestry Association, Ottawa, not later than November 1st.

The school boy or girl living in the village, town or city, far removed from the forest, is asked to tell of the importance of shade trees along the streets and in the parks, the service they render in human betterment and what species have been found to thrive best in the particular community.

Children living in a community close to the forest or where wood-using industries such as lumber or pulp and paper mills are located, are asked to describe the value of the forest as a source of employment and the great importance of preventing forest fires.

The child living on a farm is asked to tell about the use of wood in the running of a Canadian farm with answers to a series of questions guarding the wood lots or bush lots in the district, whether they are better or poorer than twenty years ago and how a thriving wood lot on a farm may be developed.

For the child living on the prairie, the task is given of describing any shelter belts of trees about local farms and their beneficial effect in stopping the drifting of the soil, saving the crops from being blown out by gales. In these prairie essays also some attention will be given to the value of trees in beautifying home surroundings.

All competitors are discouraged from copying pieces out of books and the awards will be made in each province by the Canadian Forestry Association according to the general intelligence of the answers and the diligence shown in investigating local conditions.

Pervish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

"FLU" NEARLY KILLED HER

"I was so weak that I had lost interest in everything."

Because Mrs. McGregor let herself become run down, food what happens it, "Like a great many other people who had "flu" a few years ago, she suffered in her convalescence from run-down conditions. Nothing seemed to bring back my old strength and energy. I was tired all the time. I had no appetite. I had dull pains all over my body. I suffered agony with headaches. I was despondent and took no interest in anything. I was nervous, was irritable and was always looking for slights. I was losing weight. I sank into such a nervous, weak, run down condition, that last spring I got pneumonia. My family didn't think I would live and the doctor told me afterwards that it was only because I had a strong heart that I managed to pull through. By the time I was out of danger, I was so weak and "fed up" that I had lost interest in everything. I tried several preparations to build me up but none of them did me any good. One day a friend who had been very ill called in to see me, looking the picture of health. I asked her what she had been doing with herself to look so well and fat. She said that Carnol had done wonders for her and advised me to try it. At the evidence of what Carnol had done for my friend could not be denied, I decided to follow her advice. Today I think Carnol the most wonderful preparation in the world. It has made me a happy, healthy, contented woman."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 8-12p

FIT-REFORM
Men have changed their minds
These men who formerly thought it wise to choose a cheap suit for reasons of price, now know that this was false economy.
They realize that it is both good business and sound finance to wear good-looking, well-fitting garments, that hold their shape-liness because of the careful tailoring and superior fabrics in them.
A price is never cheap unless backed by quality and service. Fit-Reform Spring Suits and Overcoats have the first and give the second.

They Want what they read about

The standards of living for the average family in Canada grow higher each year. The luxuries of yesterday are the necessities of to-day. People in the smaller towns and on farms want the newer things they read about.

Dry Goods Stores, Grocers, Shoe, Hardware and Paint Stores, in the smaller towns, all find they can show the newest things by carrying small stocks of them and each can advertise Long Distance. The jobber or manufacturer's travellers use it at their elbow — their order department uses it — or the telephone trade!

Shipments are made the same day. Up-to-date news of all localities is no longer confined to the big city stores — and large sums are not locked up in stock.

Think it over. If you're in a small town, "Place the call" to Montreal and to Bay.

Rinso doesn't redden the hands. It's pure.

Don't Rub—Just Soak Your Clothes Clean

RINSO is fine granules of soap essence, scientifically and completely different from ordinary soap, flakes or washing powder. It should be used differently too—for instance, to get the best results, do not pour the Rinso granules into the tub from the package.

Make the wonderful Rinso liquid *first*—take half a package of Rinso for each tub of clothes—stir it into a cream in a little cool water, add two quarts of boiling water, stir vigorously and put into the tub of cool or lukewarm water.

Put your clothes to soak for one hour, two hours, overnight, or as long as convenient in this rich Rinso suds, then just rinse thoroughly and the dirt runs away. Your clothes are ready for the line—snowy-white, clean and fresh.

If You Use a Washing Machine—follow the regular directions on the Rinso package and soak the clothes. Then before operating the machine, add fresh Rinso solution and proceed. No other preparation is needed when Rinso is used.

Canada's most Popular Car The Chevrolet 490

PUBLIC favor changes when reasons for a change are obvious. Public opinion is to the most popular car of the future is changing.

Users of low-priced motor transportation are demanding completely equipped automobiles, modern in every respect, with nothing left to buy but the license plate. The new Superior Chevrolet is fully equipped, including modern 3 speed forward and reverse, sliding gear transmission, standard service and hand brakes, electric starter, demountable rims, water and oil pumps and speedometer. In addition to completeness, buyers insist on real economy in four important essentials. They demand low initial cost; low gasoline consumption; low repair cost and long tire life. The new Chevrolet excells in these particulars. Twenty-five to thirty miles on a gallon of gasoline is not uncommon. It excells in oil economy as well. Repair costs are low because every Chevrolet part is built to give long life under hard conditions.

You owe it to yourself to examine the new Chevrolet, the car which is establishing a new standard and has become Canada's most popular car.

OBITUARY.

Mrs. Mary A. Duffett.

Died at Adolphustown, on May 16th, 1922, Mrs. Mary A. Duffett, in her 74th year. She was a daughter of the late J. J. Watson, of Adolphustown. There were two sisters, one, Helen, having died when quite young. Mr. Watson being well off, spared no expense in giving his only remaining child an education such as few girls ever had the privilege of getting.

She was married to W. S. Duffett, of Ottawa, Ontario, about thirty-eight years ago. Two sons were born to them, John W. and Dr. Harold.

She took an interest in every good work for her native township. It was through her efforts when President of the Women's Institute, that the old U. E. L. cemetery was cleaned up and a substantial fence built to enclose it. Many years ago when prohibition of the liquor traffic was less popular than it is to-day, she, with two other good women, canvassed the locality, in an effort to stop the sale of intoxicating liquor, which was the ruination of so many homes. They appeared before the commissioners and through their struggles, succeeded in getting the legal sale of liquor prohibited in this township.

But where she did the great work of her life, as a true Christian, was in the Sunday School, where for forty years, in her unadvertised way, she taught the scriptures to the young, with her means furnished them with good books, and instilled into their lives Christian principles, which will go with them through life. Truly it can be said of Mrs. Duffett that the world is better for her having lived in it.

The funeral services were held on Thursday, May 18th, at 2 p.m., a large number of friends and neighbors being present to pay their last respects to the deceased. The services were conducted by Mr. A. E. Booth, of Toronto, an old friend of the deceased, after which the body was laid away in the family cemetery to wait the bright and glorious resurrection morn.

June 3rd comes on Saturday. We will celebrate the holiday on Monday, June 5th, when our store will be closed all day.

According to this advertisement in a Connecticut country paper, there is a cow in New England which is possessed of rare accomplishments: "Wanted: a steady, respectable young man to look after a garden and care for a cow, who has a good voice and is accustomed to sing in the choir."

The Half-holidays for 1922 start Wednesday, June 14th. Our store will close each Wednesday at twelve noon thereafter.

"JUNE, THE MONTH FOR WEDDINGS"

"How did the Bride look ?" is a question to be answered in June.

"How did the Groom look ?" is another question, second only to the first in importance.

Both "Bride and Groom" will look as well as their going-away apparel will let them. If trousseaus are chosen from Robinson's, you are assured and guaranteed to get the very finest wearables manufactured in Canada from materials that are fashionably correct and completely dependable.

If planning to present "Bride and Groom" with a wedding present, do not overlook the many useful gifts obtainable from the various departments in our store, and especially those gifts suitable for the "home".

If wanting to make a "surprise", we can keep a secret, and if required will assist you to make selections.

OBITUARY.

Mr. John Yeomans.

On Saturday, May 6th, 1922, death entered our midst and claimed for its victim a highly respected citizen in the person of John Yeomans. Although ailing in health for some time, death came as a shock to his many friends and neighbors. Deceased has resided on the homestead where he was born, for seventy years, and was engaged in active work on the farm until health failed a few years ago.

Mr. Yeomans was a life-long member of Wesley Methodist Church and for many years an active church worker. He was a man of unassuming character and a mild and genial disposition.

Deceased leaves surviving, a widow, four sons and two daughters, Bert, of Camden East; Mrs. J. V. Davidson, of Calgary; Mrs. Wm. Weese, Wesley, and Percy, residing on the homestead.

The funeral took place on Monday, May 8th, 1922, at 2 p.m., at Wesley Church, and was very largely attended, the service being conducted by his Pastor, Rev. E. B. Cooke, who preached a very impressive sermon from the text, Isaiah 3:10, "Say ye to the righteous that it shall be well with him".

Collegiate Cadets Inspected.

The local Collegiate Cadets turned out Friday in the Armories at 3 p.m. for their final inspection by Lieut.-Col. Gillespie, from Headquarters, Kingston. The Cadets were lined up at 2.45 by the officers and awaited the arrival of the inspecting officer. On his arrival the general salute was given, after which the Company marched past in line. After retiring in line, they again went by in column of fours. The entire party were then marched to the skating house, where they remained throughout the drill. The Colonel highly congratulated the work of the boys, and the way the Company was handled by the Perry brothers when they had their turn to drill the Cadets. It is interesting to note that the inspection is not compulsory, and all who took part on Friday did so in order to keep up the good work of former years, and they sure did. Every one was a volunteer for the inspection, and they bucked up so well that it was easy one of the best inspections ever carried on by the local Cadets. The exhibition of physical training was perfect. Not one mistake could be seen. This closes the Cadet work for another year. All are anxious to bring back the cup which they lost last fall by half a mark. Will they get it? Watch them.

Mesh weave "Porous Knit" Combination for men, in short sleeve, ankle length, and other wanted lines.

Holeproof Hosiery

The Holeproof Hosiery Co. make, in our estimation, the best proportioned Hosiery for stout women. The body of the Hose comes in stout and extra stout sizes, and the top is made from a fine fit-close elastic rib.

These Hose are in fine Lustre and Fibre Silks, in Black and White, and sell at $1.00 a pair.

Holeproof Silk Hosiery is still the favorite brand. Others make good Hosiery, but there "is" something extra good about Holeproofs that holds and increases its sales. Every wanted shade in the elastic top kind, also mock seam Silks with garter tops, raised stitch patterns in Brown, Black and White. Black Silks with White clocks, and White Silks with Black clocks.

If you've never worn Holeproofs, try them "once" and you'll wear Holeproofs from that time on.

Women's Hose on Sale, 48c.

Brown and Black, in a real nice appearing Lustre Hose with mock seam at back. The heels and toes are spliced, and the Hose are "first," not a "job" line. Splendid value at 48c.

We Have Boys' Wash Suits

Mrs. John Yeomans and family wish to take this opportunity of conveying to their neighbors and friends their appreciation of their kindness and sympathy during the sickness and death of their husband and father, John Yeomans.

HOLLOW EARTH.

Proof of the earth being hollow and filled with gas lies in the fact that taking the basis of the planet to be 25,000 miles in circumference, and 8,000 miles in diameter, and the atmospheric pressure to be 15 lbs. to the square inch figured out gives an enormous number of tons pressure against the surface of the entire globe, of which I have the number of tons to be given later. Then knowing the lifting power of gas per cubic foot, to cut and try till I had a greater number of tons of gas force inside than the number of tons of pressure outside, which would produce an earthquake, and the revolutions of the earth to replenish the gas again to keep up a perpetual amount of eruptions. The daily motion being over 1,000 miles an hour, and the annual motion over 67,000 miles an hour—that is going some—produces the great suction of gas to the centre. I have the number of tons gas power inside to be given later. Perhaps some of the High School pupils might be interested to figure out this sum if I gave them the lifting power of gas per cubic foot, which would be a nice little evening sum for them.

The Wall Paper Trade for the Spring season is off to a good start. We have already made sales of some beautiful papers. We have the stock and we know our prices are right. We have just received a consignment that is the best value in cheap paper we have had since before the war. It is 22 inches wide; the colors and the patterns are very pretty, and the price is only 12 cents per roll. It is fresh and new. Our range in quality, designs, and prices will compare favorably with any other stock anywhere. We invite inspection by intending purchasers.

We have Paste ready made for putting on Wall Paper. It is better and cheaper than you can make it from the flour.

See our Window Shades and get the prices before you buy.

Clean Up Paint Up

KEEP your house looking its best at all times. Keeping up its appearance will keep up your pride in it.

Plant flowers and grass seed. Trim up the shrubbery and vines. Don't let rubbish accumulate in either the front or back yard.

Then paint your house with Lowe Brothers High Standard—the investment paint. Lasts longer than most other paints and looks better as long as it lasts. This means that repainting won't be necessary so soon.

High Standard costs a few cents more per gallon, but you need fewer gallons, therefore you begin saving money right at the start.

We will gladly prove to you that the difference between Lowe Brothers and other paints is more than a mere difference of opinion.

Come in and ask for interesting literature and look at the sample panels.

WILTON.

During the past week the country has been visited by several days' rain which was certainly a great benefit both to the hay and grain crop; and also the gardens. The country is looking very pretty as the early fruit trees are in bloom; also the tulips and other spring flowers are in bloom.—The remains of Mrs. Frederick Warner Shibley, Central Park West, New York City, were brought to Wilton cemetery on Saturday afternoon and placed in the Shibley plot. A large number of friends and relatives gathered at the cemetery to pay their respects.—Also the remains of Mrs. Geo. Cummings, Kingston, were brought to Wilton cemetery on Tuesday of last week. Mrs. Cummings was a resident of Wilton for a number of years. Wilton was the home of her birth and she lived here until about twenty years ago, when she moved to Kingston.—The Pybus Bros. have returned to their home in Napanee, having finished the tower of the Methodist Church.—Several from Wilton attended the I. O. O. F. service in Yarker Methodist Church, on Sunday, May 14th; and also the I. O. O. F. service at Harrowsmith on Sunday, May 21st.—Mr. and Mrs. Stewart Simmons spent Sunday last at the home of Mr. William Storms, Yarker.—Mr. and Mrs. Dave Garrison, Petworth, spent Sunday at the home of Mr. Stanley McDonald.—Mrs. Lee Springall, Watertown, N.Y., at her home of her father, Mr. Arthur Davidson.—Mrs. N. B. Switzer, who has been in poor health for the past two months, is not much improved.—Mr. Freemont Mills and Mr. Stinson Carr spent Sunday with friends in Kingston.—Miss Kathleen Parrott spent Sunday with Mrs. John Carr.

Cuts and Bruises Disappear. — When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Eclectric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Eclectric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

ODESSA.

Mrs. Fred Wood, New York, with her sister, Mrs. Elgin Parrott, who is seriously ill.—Mrs. George Ettinger, Miss Ettinger and Miss Weese, Kingston, and Mrs. Carl Ettinger and little daughter, Beryl, of Hamilton, were guests of Mr. and Mrs. George Watts, last Saturday.—Mr. Harold Cairns Toronto, spent a few days last week with his parents, Mr. and Mrs. Robt. Cairns.—The Tierney family spent the week end at their home.—Henry Asselstine, Toronto, is renewing old acquaintances.—Oscar Babcock, Mrs. J. H. Babcock and Mrs. John Mancur have returned from spending a week in Toronto.—Miss Agnes Shire left Monday for her home in Enterprise.—Mrs. James Hillier is visiting her son, Adam Hillier, Kingston.—The many friends of Mrs. Shelly Denyes were pleased to hear that she has recovered sufficiently to return to her home. For about a year Mrs. Denyes has been with her mother, Mrs. McPherson, Belleville.—Mr. and Mrs. Austin Fraser spent Sunday the guests of Mr. and Mrs. James Millen, Belleville. They were accompanied by Mr. and Mrs. Harvey Sharpe, Violet.

No Asthma Remedy Like It. Dr. J. D. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. Were this not so it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's, the foremost and best of all asthma remedies, stands upon a reputation founded in the hearts of thousands who have known its benefit.

ROD AND GUN IN CANADA.

A number of notable features are contained in the June number of Rod and Gun in Canada. George L. Catton, a Canadian short story writer of prominence, contributes "Flapjacks"—a short story masterpiece. There is an article entitled "Snow-bird Migration Along N. S.," by that famous naturalist, Bonnycastle Dale, while Robert Page Lincoln contributes "Redpolls Casts", in addition to his usual Fishing Notes department. The Guns and Ammunition department in this issue is perhaps the big feature. It is an unusually liberal one, containing a wealth of material which will be relished by all who read it. The Kennel Department resumes with this issue, under the editorship of Frank H. Walker, of Windsor, an authority on dogs, and one of Canada's leaders in kennel circles. A. Bryan Williams contributes his usual hunting notes in B. C., and there are other features which go to make up a well-balanced, attractive magazine, which will be found particularly interesting to all.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

Muresco, the Wall Finish, at Hooper's.

The difference in the cost of painting a house with Elephant or B. B. English White Lead and a cheaper grade amounts to about four dollars, in one case you have a first class job that will last, in the other a poor one. B. B. or Elephant Lead for sale at Wallace's Drug Store.

RHEUMATISM
LUMBAGO NEURITIS SCIATICA vs. T.R.C.'s

Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't get Hot Springs or take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, serums, electricity, who found recovery in using T.R.C.'s (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At druggists $1.00 per box. For Free Trial write Templeton, Toronto.

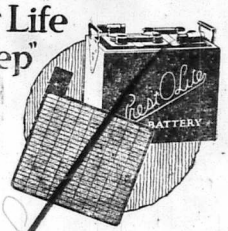
It is the PREST-O-PLATES in PREST-O-LITE Batteries that Give Longer Life and More "Pep"



THE life of a battery depends upon the plates. That is why Prest-O-Lite, when it set out to make the Automobile Battery better, began with the plates.

Always a maker of a better plate, it turned its scientific skill and research to improving it and produced Prest-O-Lite Plates—the long-lasting Plate.

Here is a battery plate as different from ordinary plates as gold is from grit. Unusual hardness combined with a peculiar porosity gives it unrivaled durability.

This explains its ready reserve power in biting zero weather and its great non-buckling strength that defists overcharging in summer.

That is why the Prest-O-Lite Battery outlives an ordinary battery and why it is the best all-weather battery.

Drive around to the local Prest-O-Lite Service Station and ask about a Prest-O-Lite for your car.

Prest-O-Lite Batteries are Canadian thru and thru.

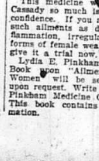
TO ENJOY PERFECT HEALTH

Every Woman's Wish—Read Mrs. Cassady's Experience



Paris, Ontario.—"For five years I suffered with pains in my back and from other troubles women often have. All of this time I was unfit for work and was taking the different medicines that I thought were good. I saw the advertisement in the papers of Lydia E. Pinkham's Vegetable Compound and have used it faithfully. I am now in good health and do all my own work. I recommend it to others and give you permission to publish this letter in your little books and in the newspapers as a testimonial."—Mrs. D. Cassady, Box 467, Paris, Ontario.

It turns easier than any other machine. No complicated gearing—just two gears and two spirals. The power is delivered direct.

The spindle is self-centering. The bowl balances itself by gyroscopic action. It hangs loosely on the spindle, with ninety per cent. of its weight below point of contact. Cannot be—sanitary—easy to clean. The Gilson runs itself automatically. The whole machine can be taken apart with the special tools.

Attention everywhere, as well as farmers, is paid to the Gilson Cream Separator for its clean skimming—it does get ALL the butterfat.

If you're thinking of a new cream separator—if your present machine is showing signs of wear—if you have many mouths unfed that take a whole lot of milk—then let us show you the Gilson. A visit to our store costs you nothing, but it may mean a lot to you.

STELLA.

The rain, which was badly needed, has greatly improved the farmers' crops.—The island lost one of its oldest residents last week, in the person of Mrs. J. Morrow. She was eighty one years of age and lived all her life on the island. Rev. J. C. Dixon conducted the funeral services. The remains were interred in Pentleton cemetery. Much sympathy is extended to the bereaved family in the loss of their mother.—Mr. D. H. Filson has returned from the Kingston General Hospital, much improved.—Mrs. R. Saunders has left for an extended visit with friends in Saskatchewan.—Mrs. J. E. McFern is visiting relatives in Chicago.—Mrs. W. McDonald is spending a few days with her sister, Mrs. J. Russell, Wolfe Island, who is ill.—Mr. S. L. Pringle and son, Ritchie, made a motor trip to Picton for a few days last week.—Mrs. W. Cochrane spent a few days with friends in Kingston.—Congratulations are extended to the "Queen's" students who were successful in their recent examinations.—Mrs. C. E. Gibson and daughter, Juanita, have returned from visiting Mrs. G. Sargent, Montreal.—Work has commenced on the new fair grounds. We hope that they will be ready for the fall fair.—Mr. H. Neilson spent a few days with his mother, Mrs. F. Neilson.

A Double Escape

DOCTOR'S DAUGHTER'S STORY.

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poison. Doesn't it show there's a vital need for keeping a reliable antiseptic like zam-buk always handy?

When called upon at 9 Baldwin Avenue, Mrs. J. E. Gallagher, wife of the late Dr. Bevan, of St. David's, S. Wales, said:—"My boy Leslie scratched his leg with the brass tag of his collar. A nasty-looking sore developed and it defied all the usual dressings. Hearing splendid reports about zam-buk I decided to give it a trial. To my great relief, the balm soothed healing to set in. All inflammation and poisonous matter was quickly drawn by zam-buk. It healed the sore without leaving a scar.

"Again when I discovered a steel fender and injured my knee badly, zam-buk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pus. But I again pinned my faith to zam-buk, and it cleansed and healed the wound in a few days." Equally valuable for eczema, pimples, cuts, burns, etc.

Tea Shortage—Higher Prices.

In 1920, so much more tea was produced than required throughout the world, that the market dropped to a very low level. The situation was so serious for the growers that they agreed to reduce their production 20 per cent. during 1921. Consumption, which has increased tremendously, and the production of tea being curtailed, has resulted in the highest prices for tea in years. The recent reduction of four pence per pound on tea tax in England has further stimulated consumption, which means that even higher prices may soon be expected.

"AT HOME" TO THEIR FRIENDS

The Rev. Theodore Branch, and Mrs. Branch, are now settled at the Selby Rectory and are "at home" to the parishioners of Selby and Kingsford; also to their numerous friends there and elsewhere.

Shortly after taking up their residence at the Rectory, to be exact, on the evening of Wednesday, May 10th, the "newly-weds" were most agreeably surprised by the arrival at their home of a large concourse of people, representing nearly every family in the parish. They came to offer a hearty welcome to the Rector and his wife and to wish them much happiness in their journey through life; and as in the days of old they came with gifts in their hands. Needless to say that those gifts were so numerous and varied, so useful, so ornamental and altogether so acceptable that it would be impossible to enumerate them here.

Another pleasant episode of that evening was the reading of the following address, and the presentation of a valuable purse.

"To Rev. Theodore and Mrs. Branch, Selby, Ont.

Dear Mr. and Mrs. Branch,—We, your parishioners of Selby and Kingsford, have gathered here to-night to spend a social hour in this old Rectory, where we have been so many times entertained in the past, and extend our cordial greetings and heartiest good wishes to both bride and bridegroom.

We congratulate Mr. Branch on his success in winning Mrs. Branch for a life helpmeet and hope that God's blessing and guidance will surround you both through a long life of success and happiness.

We now ask you to accept this purse and with it purchase something that will always be a remembrance of this parish.

We predict for you both a long and happy wedded life. May God bless you and make you both a blessing.

Yours on behalf of Selby and Kingsford parishioners.

FRED. G. DOYLE.
CHAS. EDGAR.

Selby, Ont., May 10th, 1922.

It may be mentioned here that the contents of the purse have gone to purchase a handsome cabinet of sterling silverware with a plate bearing an appropriate inscription of the auspicious event.

WHOLE HOLIDAYS AND HALF HOLIDAYS

At the general meeting of the Board of Commerce held in the Town Council Chamber, on Tuesday evening, May 16th, 1922, the following resolution was passed :—

KINGSTON PRESBYTERIAL W. M. S.

The eighth annual meeting of the Kingston Presbyterial W. M. S. was held in St. Andrew's Church, Napanee, May 24th and 26th. Almost eighty enthusiastic delegates attended, and Miss Hume, the President, presided, except at the opening evening service, when Rev. Mr. Wilson, Pastor of St. Andrew's Church, kindly took charge and conveyed greetings from the Presbytery, the Church and the Session. The pianist, Miss Mitchell, W.M.S. Field Secretary, addressed the meeting, speaking of the increasing call for action into our country, our responsibility to these newcomers and the wonderful work of missionaries in centres like Wakaw, Ethelbert, Vegreville, Point aux Trembles, etc., and that love for our fathers, love for those sacrificed overseas, love for Canada and love for our Saviour, all showed in our loving service to these foreigners.

Miss Mowatt, Kingston, gave an excellent distillate report of the meetings of the General Council recently held in Galt.

Excellent reports were received from the various Secretaries showing progress and increased interest in their various lines of work.

Some hints from Mrs. Duff, retiring Supply Secretary, may be of special value to Auxiliaries. Send what, when, and as you are requested. One late package holds up the whole shipment. A few good interesting books in good condition are acceptable, but no trash. Send boots and stockings if necessary, but the money is better. Put lists of new clothing also second list of second hand clothing in bale, also put the name of the Auxiliary and contents on the outside of bale. Moved and seconded that the names of Auxiliaries who packed and shipped according to requirements be read at next Presbyterial. Also names of Auxiliaries who failed to do so.

Officers elected for the ensuing year are as follows:—

President, Mrs. Hume, Stirling; 1st Vice President, Miss Mowat, Kingston; 2nd Vice President, Mrs. H. J. Sharpe, Belleville; 3rd Vice President, Mrs. J. A. MacLean, Pittsburg; 4th Vice President, Miss Duff, Kingston; 5th Vice President, Mrs. S. H. Dyde, Kingston; Treasurer, Mrs. R. J. Black, Kingston; Recording Secretary, Miss M. H. Ross, Kingston; Corresponding Secretary, Mrs. John E. Gow, Kingston; Mission Band Secretary, Mrs. W. H. Jenkins, Madoc; Assistant Mission Band Secretary, Mrs. Jackson, Belleville; Helpers' Secretary, Mrs. G. A. Reid, Belleville; Strangers' Secretary, Mrs. Harry McLean, Pittsburgh; Library and Literature Secretary, Mrs. Morrow, Belleville; Young Women's Secretary, Mrs. G. Barlow, Trenton; Press Secretary, Mrs. F. P. Smith, Picton; Supply Secretary, Mrs. Duff; Mrs. M. S. Carruthers, Belleville.

Mrs. Dutton, of Japan, addressed the morning meeting of Auxiliaries in Japan before the introduction of Christianity, the beginnings of the work for Christ, and gradual development until now they have many dominations working together, the Presbyterians having 200 self sustaining churches with 35,000 members. They also have schools for girls and boys and a University for women.

Information asked for in the question drawer was very adequately given by Miss Mitchell, her remarks being very helpful and educative.

A Finance committee, composed of the President, Treasurer, Corresponding and Recording Secretaries, was formed to devise ways and means to meet the requirements of the budget.

Delicious meals were served the delegates from tables laden with good things, and beautifully decorated with tulips, by members of the Auxiliary to the local Auxiliary, in the lecture room of the church.

Music was furnished at the evening sessions by St. Andrew's Church choir, and several of their number rendered solos and a duet, which were inspiring and much appreciated. Miss Cruttenden, of Kingston, also rendered a solo very pleasingly.

Representatives from the sister societies of Trinity Methodist, Grace Methodist, and the Anglican Churches conveyed greetings from their societies, and expressed pleasure at being able to be present as corresponding members in a meeting where all are bound together in a common service. "Our fears, our hopes, our aims are one".

Resolutions.

We, the members of the Kingston Presbyterial in session in St. Andrew's Church, Napanee, resolve:

1. That we tender to our beloved President and the Presbyterial Board our gratitude and appreciation for the service they have rendered during the past year. We regret to learn that some members of the Board feel obliged to resign, but trust they may have done so faithfully and well.

2. That we express to our Ministers at home on furlough our appreciation of their services.

3. We place ourselves on record as in favor of some portion of Bible-cal instruction being universal in the schools of our country.

4. That we view with apprehension the spread of Mormonism in Canada and would petition the General Assembly to take action to protect our young people from the danger.

5. That we are opposed to the manufacture and sale of distilled liquors for beverage purposes and will support the Government in helping stamp out intemperance from our land.

6. Sympathy is extended to the members of Presbyterial who have suffered bereavement during the year.

7. That we pledge ourselves to do our best to raise our share of the deficit.

8. To the Pastor, Session, W. M. S. Auxiliaries, Choir, Soloists and Hostesses, we extend the thanks and gratitude of this Presbyterial.

9. That we deplore the state of unrest in the land. That the spirit of Christ be distilled into the hearts of men.

10. That we as a body re-consecrate ourselves through constant prayer and earnest bible study. That we do all in our power to promote the Forward Movement throughout the Presbyterial in the church and the home.

11. We feel the year that has closed has been one of countless opportunities, strenous activities, and feel the need of more consecrated workers and greater faithfulness in every department in order to reach the goal, "Christ for the World and the World for Christ".

Would large Auxiliaries kindly remit money every month and smaller ones every two months or whenever $5.00 is in the treasury.—Mrs. Duff, Presbyterial Treasurer, Mrs. R. J. Diack, 231 Alfred St., Kingston.

HOLLOW EARTH.

I attended the meeting in New York City in 1907, and also again in 1908, of the "Hollow Earth Club", which was formed by a Mr. Wm. Reid, of that city, and a charter granted them by the State Legislature at Albany, N.Y., to protect him in working out his theory, of publishing a book called "Hollow Earth", which the Club did, and I purchased one. This book shows the earth cut in halves at the poles and the hollow inside like a pumpkin cut in halves with seeds scraped out, with the ends half way circle through from pole to pole, and this interior is shown to be like the surface we are on with a possibility of being inhabited as it is with us, and that the reason that the Arctic explorers could not find the pole was that the vessels in search of the poles would sail over the rim in a short distance, and then navigate the "compass" would steer north and sail out again; whereas if they had steered south they would have gone right through and out at the south pole, and got acquainted with the inhabitants and the flora and fauna of planet. After listening attentively at the first meeting and at the close I said, "Gentlemen, I do not intend to throw cold water on Mr. Reid's theory by showing up my own theory of being hollow and filled up with gas inasmuch as we have at the present time Explorer Perry and Cook at the North Pole, and Shackelton at the South Pole, and hence I propose to let the matter rest for as I am not concerned till these gentlemen return and show up what the real spot is at the pole 90 degrees from the Equator is, flat or hollow, and if the surface there is the same as at other places. Mr. Reid is wrong and I am right. The President of the Club was a lawyer in New York City, and they told me he was the best educated man in the city. He openly expressed his opinion there that I was crazy inasmuch as the third motion of the earth turns over southwards from where we are, and makes one revolution in every one hundred and seventy-five thousand years, and that New York City had been in that spot in time at both Poles and the Equator too and bottom. He asked me to come to his office on Broadway the next day to talk, which I did, and he proposed that the governments of the world combine and excavate to start 50 feet hole diameter and go down two miles at least, and strike a large ocean. I asked him why he became President of Mr. Reid's Club, composed of many millionaires? He said he had to, as he expressed to me, that he never believed Reid's theory. He said that he objected at the outset to Reid being President, but that they forced him into it.

Those who want to follow this subject will have to take The Beaver for it will not be published here.

NEWBURGH.

Quite a number of the citizens, including the High School baseball team and a number of the pupils, both girls and boys, went to Tamworth on the 24th May to enjoy the splendid celebration put on by the Tamworth people. The school team competed with the Tamworth School team for a silver cup offered by the Sports Committee to the winners. The Newburgh boys won by one run and came home bearing the cup, and to judge from appearances, it would be hard to decide which had put in the more strenuous day, the players or the rooters, anyway they were happy, and their happiness increased when on Saturday they won a game from the Napanee Collegiate team by a score of 18 to 11.

After due deliberation the citizens of Newburgh have come to the conclusion that the only people who will benefit by the carnival are those who drink off smoking cigarettes.

The Willing Workers are giving a garden party on the Parsonage lawn, on the 7th of June. A good programme will be provided. Refreshments and booths will be on the ground. Admission 25c.

Mrs. Reid McLean, of Pittsburg, spent Saturday calling on friends, while the guest of Mrs. J. M. Rankin.

FREE SEED TESTS.

An Important Privilege Restored by Dominion Minister of Agriculture.

Farmers and seed merchants will be gratified to hear that the Dominion Minister of Agriculture, Hon. W. R. Motherwell, has determined to restore the privilege of having seed tested at the government laboratories free of charge to the extent of ten samples from each applicant. This free privilege covers a period extending from the first day of May in one year to the last day of January in the succeed ing year. During the months of February, March and April a fee of fifty cents for each test will continue to be made owing to the congestion that usually occurs at that period due to the testing of trade samples, and samples submitted by Seed Inspectors under the Seed Control Act.

While the free privilege is open to all the vitality of seed can be readily ascertained by farmers and others by planting a hundred or two hundred grains in a flower pot or box of soil, which is kept moist, but not wet, and the pot or box placed in a sunny window, but not subjected to either excessive heat or cold.

Laboratories for seed investigation, conducted by the Seed Branch of the Dominion Department of Agriculture, are established at Ottawa, Winnipeg and Calgary, but there are also district inspectors having headquarters at Truro, N.S., for the Maritime Provinces, at Quebec City for Quebec Province, and at Toronto for Western Ontario; Ottawa serves for Eastern Ontario, Winnipeg for Manitoba and Saskatchewan, and Calgary for Alberta and British Columbia.

Issued by the Director of Publicity, Dominion Department of Agriculture, Ottawa, May 16th, 1922.

Fresh Garden and Flower Seeds at Hooper's. Also Lawn Grass Seed.

NEARLY LOST HER LIFE NURSING DYING MOTHER

"For six months I had to devote all my spare time to nursing my mother who was slowly dying of an incurable disease. Not being well-off we couldn't afford the services of a nurse, so I had to be with her day and night.

She was a large woman and it took all my strength to lift her. Realizing that she had not long to live she naturally wanted me with her all the time and any spare time which I could snatch from my household work I gave to her. Four months after she died and an hour after the funeral I went into a dead faint. The loss of sleep, the worry and the extra day and night work had finally been more than I could stand. They put me to bed. I contracted a high fever and was delirious for some days. For a while our doctor gave up all hopes of saving my life. However I did succeed in pulling through but the strain had the illness shattered my nerves. Worry and trouble had left me in physical wreck. I was so weak I couldn't lift a cup of tea to my mouth. For two weeks I had to be fed. I gradually got a little stronger but not strong enough to get out of bed. I was determined then I would not give up. Finally a day a friend suggested trying Carnol. I was so anxious to get strong that I was willing to try anything. I never would have believed that any preparation would have made such a change in so short a time as Carnol did with me. To day, thanks to Carnol, I feel fine—in fact I never felt better."

Mrs. S. of Hamilton.

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 9-122

REV. P. A. SCOTT AT CRESSY CIRCUIT.

During the past month evangelistic services have been and are still being held on the Cressy circuit by the pastor, Rev. F. J. Pethick, and Rev. P. A. Scott, of Napanee.

Rev. Mr. Scott is a most faithful worker for Christ, and although he gives all the glory to God for his success, we feel that God has given him more of the power of the Holy Ghost than to most. He is a preacher out of the ordinary. His very quietness of manner and plain, direct preaching of the gospel are most appealing. Never have we been so stirred in years. He preaches "power through faith and the blood of Jesus Christ. Everything is made so plain. I have just been reading in this week's Farmer's Advocate "The Touch of Faith", by Dora Farncomb, and I said to myself: "Ah! There is the very idea that Mr. Scott tried to bring home to us so forcefully—the very nearness of Christ—if we would but allow Him to abide in us, and He has been very near in these meetings". As Mr. Scott and Dora Farncomb both try to show us: It is such a pity to waste time in trying to work without power—the power which comes from close touch with our Lord. Oh, when I think of the years of wasted lukewarmness, of lack of growth, of standing still, I wonder at God's patience and that He hasn't turned from us in wrath. This has been such a cold church, as I think a good many of our churches of to-day are, but thank God for this faithful servant's efforts, a good share of the whole community have been awakened out of their lethargy. We have seen our faults and by God's help and our united efforts surely we may have a different church. In Waupoos alone some forty united with the church, many of them heads of families. In Cressy fifty-two were added. Never has there been such a different community spirit, and it was so sorely needed. We are hoping for a like success at Bongard's Church this week. We greatly miss our services here, but we must not selfishly forget that others need His help as badly as we.

I had not intended writing at such length, but out of a fulness of heart I am writing.—B.M.P., in The Picton Times.

OBITUARY.

Mrs. J. Morrow.

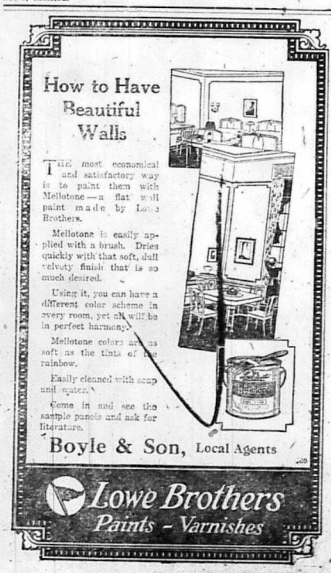
It was with surprise and regret that the friends and acquaintances learned on Tuesday of the death of Mrs. John Morrow, Amherst Island. The deceased was born on the Island on the twenty-fifth of January, 1841, and has spent all her life there. In the year 1860 she became the wife of John Morrow, when she went to the homestead at the head of the Island, where she remained till her death. Her husband preceded her eleven years ago.

Mrs. Morrow had not been ailing for any great length of time. It was for only three days before her death that she was unable to come to the living room and bestow on her family that smile and those kind words that were always ready. Her goodness of heart and kind, sweet disposition endeared her to all neighbors, friends and acquaintances. There was always "Welcome" at her door even to the smallest. She was a member of the Anglican Church and was able at her deathbed to partake of the Holy Communion with a number of her family. They all mourn her departure yet there is no call for grief in such a death as she has had one long, pure perfect reign.

The deceased is survived by nine children; four daughters, Mrs. A. Tryon, Kingston; Mrs. H. Morrow, Amherst Island; Mrs. J. D. Caswell, Kingston; and Miss Nellie at home; and five boys, Samuel, Thomas and William, Amherst Island; Charlie, McIntyre's Corners, and Christopher, Bath.

The funeral service was conducted by Rev. J. L. Dixon, Stella, at her home at one o'clock Friday. The minister made mention of the virtues of her character and also mentioned the point that the world would be better off to-day, if it possessed more such mothers who would bring up their families as she did hers.

The remains were placed in the family plot at Pentleton cemetery where she lies between her mother and grandmother. The pall bearers were her five sons and one son-in-law, H. Morrow, of the Island.



How to Have Beautiful Walls

The most economical and satisfactory way is to paint them with Mellotone—a flat wall paint made by Lowe Brothers.

Mellotone is easily applied with a brush. Dries quickly with that soft, dull velvety finish that is so much desired.

Using it, you can have a different color scheme in every room, yet it will be in perfect harmony.

Mellotone colors are as soft as the tints of the rainbow.

Easily cleaned with soap and water.

Come in and see the sample panels and ask for literature.

Wash silk stockings the LUX way

Whisk a tablespoonful of Lux into a thick lather in half a bowlful of very hot water. Add cold water until lukewarm. Dip the stockings up and down, pressing the Lux suds through and through them. Rinse in three lukewarm waters. Squeeze water out—*do not wring*. Hang to dry. Never dry over a radiator.

The thin, white, satin-like Lux flakes are made by our own exclusive process and melt quickly.

Lux is supreme—for washing fine clothes. Sold only in sealed packet—dust-proof!

Ford George has the right idea

"Well, George, it looks as if we were going to get a real crop this year. Wouldn't be a bit surprised by the looks of things now if it was as good as 1915."

"Hope you're right, Lloyd, but if we do I guess I'll have to buy two Ford Trucks instead of the one I figured on. That hard would play chub with the teams when it got slow anyway. I'll get a better price by getting there first."

"George has the right idea. There isn't a farmer in this section who wouldn't be money ahead if he did all his hauling with a Ford Truck.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. Our local branch of the Daughters of the Empire are arranging to plant a "Road of Remembrance" to commemorate the valor of our soldier dead. Where can we find out how to proceed, what trees to select, how to plant them and care for them? Mistakes in such matters are costly and discouraging.

A. The Canadian Forestry Association is now sponsoring the Roads of Remembrance idea and will be glad to give every practical help to local societies in all parts of Canada. A special booklet describing the tree planting process with graphic illustrations is being prepared by the Association and will be sent to all societies who apply to them at 224 Jackson Building, Ottawa.

Q. Can you give me any information as to the cost of trees when purchased in quantities by municipalities for road planting?

A. The Ontario Department of Highways which is doing a great deal of tree planting along the roads tells us that the average cost per tree is $1.25. This includes all replacements, and every operation from and including purchase, digging, transporting, planting, staking and mulching.

It is further stated that the average cost of maintaining trees along the Ontario Provincial highways is about 50 cents per tree per year for two years. This covers cost of watering and cultivation. During the third and later years the trees are usually sufficiently established to care for themselves. During the first and second years four to five applications of water may be necessary. The total cost to Ontario of establishing a healthy tree along the highway is just $2.25 including everything.

Q. Has the United States suffered as much by forest fire losses as has Canada?

A. Probably more. Much of Canada's forest area has escaped because of its remoteness from human beings who, after all, are the chief cause of forest fires. At present the United States has 81 million acres of absolute desert due entirely to forest fires which killed both the timber and the soil. There are in addition 300 million acres of scrub woods, extremely poor in quality, which are reproducing meagrely and cannot be used for agriculture as the land is too thin. This is the price of human-set forest fires. Canada has paid her full share, for we have about three quarters of a million square miles on which the timber has been killed by fire. That area is mostly non agricultural.

	From $90.00 to $100.00, we give $9.00 off.

The Summer Frocks Are Irresistibly Clever This Season

The New Materials Are Lovely and Fascinating.

The lovely Summer Days of the past week have greatly emphasized the need of cool, summery wearing apparels. These airy frocks possess all the delightful charm and art of other years, with many new revelations, distinctively belonging to the 1922 season.

"Ratine Voile" is one of the newest of materials, and comes in many colored checked patterns. It is French in origin and when combined with plain voile or even when fashioned of itself, it makes a wonderfully clever frock.

"Tissue Voiles" are also new and are worthy of honorable mention. Dresses of Tissue Voile are usually combined with organdie. Obtainable mostly in Checked designs.

The other Voiles come in an exceptionally fine range of light and dark colorings. Our present stock is wonderfully complete. All sizes. Priced from $6.00 to $27.50.

A Clean Up Sale of Men's Raincoats

Every Raincoat in our stock tremendously cut. Remember these Coats will cost you more next fall than our regular retail price; the manufacturer's prices have been advanced since we purchased this stock, and the Government Sales Tax has been advanced 50 per cent. Buy one of these now even if you don't need it till next fall.

Tweeds, Parametias, and Leatherette Coats all included, not one exception.

All $ 7.50 Coats reduced to $ 5.85.
All $10.00 Coats reduced to $ 7.85.
All $12.50 Coats reduced to $ 9.85.
All $15.00 and $17.50 Coats reduced to $11.85.
4 only Leatherette Coats, sizes two 36, one 38, and one 40. Regular $18.50 Coats reduced to $12.85.

"June The Month For Weddings"

"Bridal Days are at hand." Possibly June is second only to December as a month for the giving of gifts. If you are planning to make a "gift" and especially a gift for their "home", and you are just at a loss to know "what to give", kindly remember "that our store is a wonderful bureau of information".

Think how newly-weds would appreciate a rug, curtains for the home, a set of lovely cushions, floor or table lamps, verandah shade, set of dishes, pieces of cut glass, or a rug for their motor.

Then too, what you buy from us is of unquestionable quality. It will please them as much to receive as it pleases you to give. You will find our prices most consistent. May we assist you?

Princess Pat Hair Net Week, June 5th to June 10th

They are the best quality and finest mesh and come in two styles, Cap and Fringe Net, the Cap Nets coming in single and double mesh. Cap and Fringe Nets in single mesh, 10c. each, 3 for 25c.; double mesh cap nets 15c. All shades in stock.

On Sale Only From Friday Morning until Saturday Night,—54 Inch. Jumper Flannel

Select the Color and the length it will take for a Stylish Jumper Dress. Our Special Price per length $2.48.

Colors include Cherry, Rose, Paddy, Fawn, Marine, Navy, Golden and Dark Brown, Saxe, Jade, Canary. These are the Flannels that have been in such a big demand this season, and no doubt the regular price is well known to you. We are giving our customers an opportunity to make a well deserved saving.

Our New Colored Voiles Are Selling Well, And the Reason Is Easy To Find

New and stylish designs, an unusually large assortment, and special prices are three worth while reasons for the large sales we are making.

Special Prices, 50c., 65c., 75c., 90c., up to $2.50 per yard.

Colored Voiles are the rage with warm weather fabrics and are easily first in popular demand. Our stock is strictly new in every sense of the word, and the range of designs and colorings makes choosing an easy task. For your information we may say that the patterns are much smaller than last season and a vast difference in the price. Early choosing is now in full swing. Now is the time to make your choice.

HOGS WANTED.

Hogs, Cattle, Calves and Lambs Wanted.

Will ship hogs on Monday, June 5th, and will pay the highest market prices for select hogs weighing 150 lbs. and over, 4c. off fows. Good rates from fows, to see extra good ones more, according to quality. It will pay the farmer well to veal his calves from now on, as price of milk is low, and the rush of calves is about over, so the price of veal calves is going to advance. Bring your hogs and veal calves to me, as I am in the market every week for both hogs and calves.

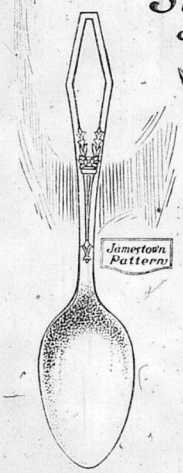
Supreme as a Gift—
A compliment to any bride



HOLMES & Edwards Silverware is a gift which combines rare, enduring beauty with years of faithful service; it is a superb compliment to any bride.

The veritable glitter of precious gems—radiance of unusual beauty—that is the charm the exclusive Holmes & Edwards hand-burnished lustre will bring to her table.

And Holmes & Edwards yields the lasting satisfaction which comes only from the generous use of sterling silver. It is sterling silver's only competitor for wear.

In SILVER-INLAID, solid blocks of pure silver are set in on the back of the bowl and handle before plating, and in SUPER-PLATE, a heavy *extra* plating of silver is given to protect these points against wear.

High-class jewellers will show you the beautiful Jamestown Pattern, strikingly simple and artistic—as well as table appointments such as flower baskets, casseroles, pie plates, cake and bread trays—of the same high quality.

WISE AND OTHERWISE.

When Holloway's Corn Remover is applied to a corn it kills the roots and the callosity comes out without injury to the flesh.

"What do you mean by going out to get your hair cut in the firm's time?" demanded the factory foreman of a machine-hand.

The bland reply was: "Well, hair grows in firm's time, don't it?"

Spare the children from suffering from worms by using Miller's Worm Powders, a most effective vermifuge with which to combat these insidious foes of the young and helpless. It is an excellent worm destroyer, and when its qualities become known in a household no other will be used. The medicine acts by itself, requiring no purgative to assist it, and so thoroughly that nothing more is desired.

Mrs. Hiram Daly (engaging cook)—How are you on fancy dishes?

Bridget—Just as aisy as iver ye can be, mum. But the platuey things will break sometimes.

The Oil for the Athlete.—In rubbing down, the athlete will find Dr. Thomas' Eclectric Oil an excellent article. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

"Is this a fast train?" the salesman asked the conductor.

"Of course it is," was the reply.

"I thought it was. Would you mind my getting out to see what it is fast to?"

Always Ready and Reliable.—Practically all pains arising from inflammation can be removed with Dr. Thomas' Eclectric Oil. Simply rub it on the sore spot and it is quickly absorbed by the skin. Its healing power is conveyed to the inflamed tissues which is quickly soothed. This fine old remedy is also a specific for all manner of cuts, scratches, bruises and strains. Keep a bottle handy always.

Mrs. Jameson—Do you believe that awful story they tell about her?

Mrs. Johnson—Of course I do. What is it?

Attacked by Asthma. The first fearful sensation is of suffocation, which hour by hour becomes more desperate and hopeless. To such a case the relief afforded by Dr. J. D. Kellogg's Asthma Remedy seems nothing less than miraculous. Its help is quickly apparent and soon the dreadful attack is mastered. The asthmatic who has found out the dependability of this sterling remedy will never be without it. It is sold everywhere.

Why Buy an "If"?

—If you don't touch the open coil in an exposed element of your Electric Range with a fork or spoon,

—If you don't spill grease or let syrup boil over on the open coil of an exposed element,

—If you don't clean the open coil of an exposed element with a wet cloth or don't let dirt into it—it may work all right and it may not burn out or short-circuit.

But if you have a McClary's Electric Range with Protected Elements there will be no "ifs"—

Nothing can touch the coils in a McClary's Protected Element—neither dirt nor grease can get into them.

McClary's Protected Element takes the "If" out of the Electric Range.

WHAT IS A LETTER

Many Times It's a Guide to Health as is This One

Women—Read It

Marmion, Ontario.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half-way up. I saw your medicine advertised in the newspapers and gave it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children and do all my housework, milk eight cows and also hired man's work and enjoy the best of health. I also found the Vegetable Compound a great help to me a weak back before my babies were born. I recommend it to all my friends."—Mrs. HENRY JANKE, Marmion, Ontario.

Letters which you read in the newspapers recommending Lydia E. Pinkham's Vegetable Compound are genuine expressions from women who have been helped by this splendid medicine. They are anxious for other women, who may be suffering as they did, to know of the great merit of this medicine. Each one, with her reputation, stands behind it, to point out to sick women the way to health.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write Lydia E. Pinkham Medicine Co., Lynn, Mass.

RHEUMATISM
LUMBAGO NEURITIS SCIATICA vs. T.R.C.'s

If we could show you the actual proofs, results attained in thousands of cases suffering from these dread diseases, letters from people, from their friends and relatives, it would convince you that, if you suffer from Rheumatism, &c., T.R.C.'s (Templeton's Rheumatic Capsules) will also be your recovery sure. T.R.C.'s attack and remove the cause of the pain, eliminate the poisons from the system that are making the trouble, reduce the inflammation and the result is blessed relief from suffering. Address and Presentation

On the 12th of May, 1922, the following address and presentation was given to the Misses Hazel and Mabel and George Ellis, in the choir room in the Methodist Church, Enterprise.

Dear Hazel and Mabel and George.

Dr. J. R. Miller, in one of his short addresses, says "whatever adds, in even the smallest way, to the world's brightness and cheer is worth while." We never know how small a thing may become a benediction to a human life. When Mary broke the alabaster vase and poured the precious spikenard on the head and feet of the Master, it might have appeared to be only a small thing, but all the world has rejoiced in the sweetness of her action and been sweeter ever since from the perfume of her ointment. It Was also worth while for David to write the twenty-third psalm, so that although it might have demanded only a little of his time, yet its cheering comforting words go singing everywhere to the end of time. We believe also that every singer who sings a pure joyous song has given something to make this earth the better and that while you have been members of our choir you have been helping to add the congregation's brightness and cheer while offering worship to our Heavenly Father.

We are sorry that you are leaving us, but before your departure, we wish to assure you that your services in the choir, and the young people's class have been appreciated, so that we feel it our privilege to express our appreciation in these few words, and in the accompanying fountain pens which, as you use, may be happy reminders of the days you spent with us in the Enterprise Methodist Church. We trust you may find congenial companionship and delightful opportunities for service for Christ and the Church.

Signed on behalf of the Choir and Young People's Class.

A. H. CARSCALLEN,
Choir Leader.
W. H. WAGAR,
Teacher.
FLOYD VANNEST,
Pianiste.

Enterprise, Ont., May 12th, 1922.

Wise mothers who know, the virtues of Mother Graves' Worm Exterminator always have it at hand, because it proves its value.

EVERY MONTH MANY WOMEN

Take ZUTOO Tablets and are free of the Griping Pain and Sick Headaches.

Read what Mrs. Wright says: "I received your sample of Zutoo Tablets, and took them for the pain (monthly) and headache. At the end of 30 minutes, I was entirely free of pain and experienced no more throughout the period. I suffer a great deal at these times and feel grateful that I have found a remedy which affords quick relief. Every woman in the land should know about Zutoo Tablets and what they will do."

Mrs. ALLEN WRIGHT, Fulford, Que.

TAKE ZUTOO

WOMAN'S AUXILIARY TO M. S. C. C. OF THE DIOCESE OF ONTARIO.

(Continued from last week).

Thursday's session began with a service in the beautiful Church of St. Mary Magdalene, when the Holy Communion was administered. The celebrant was the Rev. Mr. Dickinson, of Camden East, who was assisted by Rev. J. H. H. Coleman, of Napanee; Rev. Mr. Branch, of Selby, and Rev. C. F. S. Radcliffe, of Deseronto. The preacher was the Rector, who took for his text Eph. 1, verses 3 and 4, with special reference to the words "He hath chosen us in Him." The fact of it being Ascension Day gave peculiar significance to a missionary service.

The afternoon was a busy one, beginning with a helpful and encouraging address by the Lord Bishop of the Diocese. A pleasing feature of the occasion was the presentation to the President, Mrs. Havelock Price, of a Dominion Life Membership by her fellow workers. Miss Eleanor Reynolds, of Brockville, Secretary of the Little Helpers, gave a bright paper, explaining the method of work in that branch. The Thankoffering was announced to be $1347.52, gratitude for which was expressed by the hearty singing of the Doxology.

Afternoon tea was made the occasion of several little corner conferences, and was followed by Prayer Partners and Deanery reports, and the opening of the Question Box.

The announcement of the election of Diocesan officers was made, the only changes being as follows: Miss Mackeston, who had resigned as 1st Vice President, was made an Honorary Vice President.

1st Vice President—Mrs. Chas. Abbot.

2nd Vice President—Mrs. Kidd.

Leaflet Editor—Mrs. Sibbel.

J. W. A. Secretary—Mrs. Lee.

At an informal evening meeting, many resolutions were passed, including one of gratitude to the Napanee auxiliary for their kind hospitality; and a very successful convention was brought to a close with many expressions of enthusiastic satisfaction and the determination to "carry on" with fresh zeal in the year to come.

—Mr. and Mrs. R. Duetta, of Trenton, who are conducting an Evangelistic campaign at the Beulah and Hawley appointments on the Bath Circuit, are giving evidence that the hand of God has been laid upon them setting them apart for this work. There is nothing sugestive of sensationalism either in their manner or methods or in the content of their addresses and appeals. Sin and holiness are portrayed in simple Biblical language. The evils of the day and the peculiar dangers to the Christian life are by no means minimized. Much care is made of congregational singing, while Mr. Duetta frequently accompanies on the cornet or with Mrs. Duetta sings some Gospel truth in duet form.

Just compare houses,—one painted with B. B. or Elephant White Lead, and the other with a cheaper grade, (made with whitings). You'll want genuine Lead. For sale at Wallace's.

OBITUARY.

Death visited the home of Mr. and Mrs. John Cassidy, of Centreville, on Wednesday, May 10th, 1922, and called to her reward their youngest daughter, Susan Irene. Although for several months she had been in failing health, until recently hopes were entertained for her recovery. Despite all that loving hands and medical skill could do, to prolong her earthly flight, she passed peacefully away, with a perfect resignation to God's holy will and strengthened by the last rights of His most Holy Church.

The late Miss Cassidy was of a very bright and lovable disposition, and during her brief career won a host of friends, who sincerely regret her early demise. In religion she was a devout Roman Catholic and, an energetic promoter of the League of the Sacred Heart. Besides her parents, she leaves to mourn her loss, one sister, Evelyn.

Her funeral, which was very largely attended, took place on Friday, May 12th, to the Church of St. Anthony, Centreville, Rev. Father McCarthy sang a requiem high mass for the repose of her soul, after which her remains were placed in the family plot. The numerous spiritual and floral tributes betokened the sympathy of many friends.

I'll Show You A Silo

that will boost your farm earnings

My Toronto Silo will put dollars in your pocket.

It will boost the value of your farm.

Its double-tongued-and-grooved selected Spruce makes the Toronto Silo absolutely air tight, which keeps the ensilage in perfect condition.

Its famous Hip Roof allows you to tramp the Ensilage to the top of the staves and adds greatly to its appearance.

Drop in next time you're in town and let us talk it over.

I have other lines of Toronto Farm Equipment. Let me show you their economical efficiency and economy.

Less Pot-washing

SMP Enameled Ware has the smooth surface and polish of fine crockery—without the breakage. And it is so very easy to clean—just like china, and therefore makes light work of pot washing.

Whenever you are buying kitchen utensils be sure they carry the SMP trade-mark.

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is a two-coated enameled steel, pearl grey outside and inside. You can't go wrong if you buy either.

Hiking Veterans Spent Night in Napanee.

The Great War Veterans on the march from Toronto to Ottawa, reached Napanee last Saturday evening, about 6.30 o'clock, having made the march from Belleville with a stop at Shannonville for rations. They were a dusty tired lot when they marched to the Armouries, headed by Mayor Graham and Reeve Paul. There were 175 men, and after a hot supper, they were comfortably quartered in the Armouries. The ladies of the town provided pies and cakes and the men stated it was the first treat of this kind they had since leaving Toronto. A number of car owners motored the army to Odessa, on Sunday morning, where a stop was made for lunch before proceeding to Kingston.

A Warm Reception.

The "War Work of Lennox and Addington" is receiving a warm reception everywhere. Universities, libraries, former residents of the County, friends and mothers of those who served, are sending letters in praise of this new book. This is what a Professor in one of the Colleges writes: "I thank you very much for 'The War Work of Lennox and Addington.' I am much impressed with the work done by the counties, and it is a great thing to have it so well and carefully recorded." A mother of one of the boys who was killed has this to say: "I am pleased to be able to obtain such a true story of what our brave boys and nurses did for their country. The book is well worth the price, and I trust every mother will get one." Price, one dollar and fifty cents at the Beaver Office Napanee; mailed to any address, one dollar and sixty cents.

NAPANEE CHAUTAUQUA JULY 3rd TO 8th.

CHAUTAUQUA PROGRAMME SPARKLES WITH GOOD THINGS.

Almost before you realize it, the big brown top will rise and for six joyous, inspiring days it will be a real community centre, where young and old will gather daily to enjoy the intellectual and social feasts provided by your committee.

A glance at the splendid program as announced in the banner would indicate that the Dominion Chautauqua management has outdone itself in providing a most attractive program of genuine merit. It is the Fifth Anniversary for Chautauqua in Ontario, and a special effort has been made to celebrate the event by presenting the best program so far provided.

Noted British Statesman to Address Chautauquans.

From England comes the Honourable Philip Whitwell Wilson, former Member of the British Parliament, now the American correspondent to the London Daily News, and well-known as an author and after-dinner speaker of charm. This is the most important lecture announcement that the management has been privileged to make during the five years that Chautauqua has come to Ontario. Mr. Wilson has addressed many important audiences in Canada, as well as in Great Britain and the United States, including the Canadian Clubs of Toronto, Montreal, New York, and other cities. This is what the official paper of the Rotary Club of New York City says after his recent address before that body: "High honor, human humor, and sound sense sums up the address of Mr. Wilson. In his address, he exercised his world-experience as a diplomat, and then, in masterful, man-like manner told the unforgetable truth about the nations of the earth. His logic was sound, his charity was strong, his sincerity unquestioned. All through the web of his well-arranged address was the spirit of a better world understanding, founded on spiritual upbuilding." Mr. Wilson will also address audiences on "Some Problems in the British Empire", following his address, he will be pleased to answer questions from the audiences.

Gifted New York Opera Singer Coming.

It is safe to say that Chautauqua audiences have not heretofore enjoyed the privilege of hearing so gifted and noted a guest as Miss Grace Kerns. Miss Hazel Huntington, of New York City, who will appear on one evening of Chautauqua week, is a delightful program, supported by the Herbert Macfarren Instrumental Quartette of London, England.

Miss Huntington has sung with the Society of American Singers in their opera productions extending over four seasons at the Park Theatre, New York City; last season she was the prima donna soprano in the William Wade Hinshaw Production of Mozart's Opera Comique, "The Impresario," which toured throughout the United States and Canada, appearing in nearly all the big cities on the night-class concert courses. This production is already booked for a second tour of twenty weeks next winter season with Miss Huntington again in the leading soprano role. She has a beautiful, emotional voice of unusual range, and sings with ease and perfection, and with absolutely perfect control and attack. Her pleasing personality and manner, her perfection, and with absolutely her success, but her success is not dependent upon these latter graces.

"Her Own Money" Is Play of Plays.

For the fifth consecutive Chautauqua, noted actor and producer of New York City, will present the play of the week which has become one of the sterling features always looked forward to by Chautauqua fans. The management believes that this summer the best play of the five will be presented. It is Mark Swan's delightful three-act comedy, "Her Own Money."

First produced at the Astor Theatre, New York City, in September, 1913, it made a memorable hit with New York play-goers. It is here produced for the first time at Chautauqua. In addition to being an uproariously funny comedy, equal in that respect to previous plays like "It Pays to Advertise", "Nothing But the Truth", and "Seven Keys to Baldpate", it has an excellent message that will be welcomed by the head of every family in the community. It portrays those trivial and intimate details in the daily lives of two married couples, who are doomed continually to worries about money, in such a way as to force on the auditor's mind the fact that much of the cause of domestic unhappiness is due to a lack of a clear understanding regarding money matters when two people first embark upon matrimonial seas.

The production is again in the hands of Mr. Virian, who will give it his usual careful attention to cast and detail. A company of Broadway actors will present this delightful comedy on the night of the fifth day.

Many Other Excellent Lecture and Musical Features.

Among the other interesting and instructive lecture and Musical features scheduled during the six-day program may be mentioned such famous lecturers as Tom Skeyhill, the Australian soldier-poet and author and orator; Mr. John Dunmey, said to be England's greatest reciter; Dr. George W. Kerby, President Mount Royal College, Calgary; and Mr. Gabriel Hines, pianist-composer, who will speak on "Music: the Democratic Art", illustrating his points at the piano.

Music companies of exceptional merit include Liearance's Cremona Orchestra, sponsored by Thurlow Liearance, the composer; the Fergus Operatic Quintette, presenting in costume scenes from light and comic operas; Herbert Macfarren, of London, England, and his quartette of instrumentalists; the Embers Male Quartette and pianist coming all the way from Los Angeles, California.

ENTERPRISE.

The thirteenth annual W. C. T. U. County Convention was held at Enterprise on May 30th and 31st, 1922. There were about thirty delegates present from the eight Unions of this County, and nearly every Superintendent of the different Departments present to give their reports, and those who were absent sent their reports in, thus making a very enthusiastic and inspiring convention. Dr. Sheard, of Napanee, gave a splendid address on the evening of the 30th. We were also favored by having Mrs. Denyes, Provincial Superintendent of Scientific Temperance, with us. She gave us some splendid thoughts along her department of work, making it very clear that the place to work out this great Union work was by starting with the young and impressing their minds by contests, lantern slides or L. T. S. work. The closing session took the form of an evangelistic service, led by our County President, Mrs. Gibson, Belleville, and very much enjoyed by all.—The community was much saddened by the death of Mr. Percy Thompson, on Sunday last. Much sympathy is extended to Mrs. Thompson and family in their sad bereavement. Mr. Thompson only survived his brother by a week and his mother about five weeks.—Among those who motored to Kingston and visited the sick at the hospital were Rev. Mr. Leigh and Mr. Carnahan, and Mr. and Mrs. Earl Bell. They report the patients from here all doing very well.—Mrs. Lockwood and Elgin Vannest were the Enterprise delegates to the Sunday School Convention at Chaleston, on Monday, June 5th. Mrs. W. H. Vannest attended the convention also.—Mrs. Revd. Hall, of Bellevile and delegate to the W. M. S. Convention.—Miss Arnie Shier has taken up rooms with Mrs. Hurd Hinchey and intends opening up a dressmaking shop there, which will be appreciated by the public.—Mrs. Lockwood is making preparation for a new frame around her lot.

ODESSA.

The Evangelistic services being held in the tent at Odessa, are attracting large crowds of people. Rev. John Calvin, Field Secretary of Evangelism and Social Service, Toronto, preached on Wednesday, Thursday and Friday evenings of last week. Rev. Mr. Fokes, B.A., B.D., of the Montreal Conference, spoke on Saturday evening and preached in the Methodist Church Sunday morning. Both speakers were well received. On Sunday afternoon Rev. S. F. Newton, of Athens, gave a very inspiring sermon on "What it means to be a Christian", and Rev. A. Hinton gave a solo and then they sang a duet. Rev. P. A. Greer and Rev. Mr. Fokes took part, and the Odessa Choir gave a fine selection, making the service a most inspiring occasion. Rev. G. I. Campbell spoke at night to a tent full of people. There will be service each night this week at 8 o'clock sharp, and hopes are high for a week of good things under Rev. G. I. Campbell's management. Everybody is made welcome. The musical part of the services is conducted by Rev. O. E. Strapp.

COUNTY CONVENTION OF W. C. T. U.

The thirteenth annual meeting of the united counties of Prince Edward, Hastings, Lennox and Addington, was held at Enterprise, in the Methodist Church, on May 30th and 31st.

The morning session opened at 9.30, with the President, Mrs. Stephen Gibson, in the chair. Devotional exercises were taken by Mrs. N. B. Miller, Napanee, reading "All Hail the Power of Jesus' Name"; the reading of the crusade Psalm 146, and prayer by Mrs. Graham, Trenton, and Mrs. Pringle, Selby. In the absence of Miss Farley, Belleville, the Recording Secretary, Mrs. Arnold Way, of Picton, was appointed Secretary pro tem. In appointing the different committees, a discussion was led by Mrs. Miller on plan of work for the year.

The Secretary's and Treasurer's reports show number of regular meetings held, 504; representations, 90, public 29, number Loyal Temperance Legions 5, Y. T. T. 2. Total amount raised during year $2335.29; numbers of Unions observing Crusade Day, 4; number lecturers as from Skeyhill, the Australian soldier-poet and author and orator; Mr. John Dunmey, said to be England's greatest reciter; Dr. George W. Kerby, President Mount Royal College, Calgary; and Mr. Gabriel Hines, pianist-composer, who will speak on "Music: the Democratic Art", illustrating his points at the piano.

Mrs. Beck, of Merriton, formerly Miss Georgie Calder, of this village, has received an acquaintance for a few days last week.—Mr. R. Oster and family have moved into the house recently vacated by Mr. Clifford Skinner.—Mr. and Mrs. Nellis Lewis left Friday morning last for Kingston to spend a few days with their daughter, Mrs. Mc. and Mrs. H. Cunningham.—Several of Mrs. Sherlock's friends gathered at her home on Tuesday last, June 6th, to celebrate her eighty-third birthday. She is real smart and enjoyed the evening very much. She treated them to an elaborate dinner, the guests all helping to make it a success. Miss Flo Williams played several pieces on the organ, and Miss May Hinchey sang. All were to enjoy many more happy birthdays.—The W. F. T. U. met at the home of Mrs. Harriman on Tuesday evening for business and also to hear the report given by Mrs. Dickson, President, and Mrs. Sexsmith, of the convention held at Enterprise last week. The reports were much enjoyed by the ladies.—Mrs. O'Mara, Yarker, spent Tuesday last with Mrs. Brien.—Mr. and Mrs. Claud Hinch are moving into Mrs. McCaul's residence, near the Methodist Church.—Mail orders promptly filled at Wallace's Drug Store.

NEWBURGH.

News came to Mr. Chas. McKim at 11 o'clock on Saturday of the birth of twin girls to Mr. and Mrs. Bruce Paul of Govan, Sask. Four hours later another message came, telling that Mrs. Paul had passed away. Mrs. Paul was a sister of Mr. McKim. This death affects a number of people in this locality. There is a large connection of relatives and many sympathizing friends, and the whole circumstances render it particularly sad.—Mrs. J. M. Denyes was in the village on Saturday, calling on old friends.—Mrs. Denyes stepped off here on her way home from Enterprise, where she was one of the outside speakers at the County W. C. T. U. Convention.—Miss Emma Shorey, for some years saleslady in Ryan & Son's dry goods store, has accepted a similar position with Mr. Vanderwoert, who succeeds Mr. Wright.—Newburgh has got along for years without the services of a policeman or other officer to enforce law and order. Occasionally the need of such an officer is felt, for, perhaps without wishing to do so, boys and sometimes men have been known to burden themselves by congregating at street corners and forming groups through which pedestrians and others have, very much to their embarrassment, and it is reported that the language heard from these groups at times cannot be described as anything but foul. When attention is drawn to it the attention it is hoped that this evil will correct itself.—One is tempted to write of the beauties of the country at the present time, but fortunately most people have a chance to see plenty of them and to those who are not so privileged to hear of it would be an unfair return for many to enjoy beautiful things at second hand. It has been repeatedly said that girls cannot organize in any article or play without organizing. The boys who go in bathing at Denny's dam will have to plead guilty to something similar, the only difference being that the boys don't scream, they bark.—Mail orders promptly filled at Wallace's Drug Store.

TO-DAY
in medicines, as in every other necessity, the public is satisfied with nothing but the best. This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.
Zam-Buk's superiority is due to the fact that it is all medicine—containing none of the cooking fats or harsh mineral drugs found in ordinary ointments. And as the medicinal properties are so highly concentrated that they retain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.
Another reason why Zam-Buk is most economical is, it will keep indefinitely and does not lose the least strength and purity. Deep or skin diseases and injuries, blood-poisoning and piles. All dealers 50c. box.
Zam-Buk

Poor paint looks streaked to the naked eye.
It looks like ridges and furrows under the magnifying glass.
It's the Valleys in Paint That Make it Poor
The Valleys are the thin streaks.
The Hills are the thick streaks
A cross section of a enough paint film looks like this.
High Standard goes on smooth and stays smooth. That's why it looks better and lasts longer.

PAINT streaks are caused by the brush marks. No matter how much it is brushed, if the paint is cheap the brush marks are bound to show.

Good paint levels up to a smooth surface. Cheap paint dries with hills and valleys that are alternately strong and weak.

Just as a chain is only as strong as its weakest link, so is a film of paint only as good as its thinnest places—the valleys.

Most paints are made of only three things. Lowe Brothers High Standard is made of six—three more ingredients that exhaustive laboratory and practical tests have shown to be necessary to make good paint.

Add to this the fact that these ingredients are more finely ground, and you can understand why High Standard will always smooth out to a uniformly thick surface. Which is also the reason it lasts longer, and looks better as long as it lasts.

Come in and see the sample panels and ask for literature.

THE "SCRUB" SILO DOESN'T PAY!

An inferior, "home-made" silo doesn't pay any more than it does to use a scrub bull for breeding.

You've yet to have a silo built to stand the storm—stand the pressure of silage—keep out frosts—adjust itself to the varying needs of weight and weather.

Moreover, you want a silo of wood—good substantial wood. Because only with wood can you keep out frost and keep in the sap, heat and fruit juices. Silos built of porous compounds such as cement, absorb the moisture, mould, putrefaction, disintegrate with the inside.

You may put up a silo for a few dollars less than I can sell you a Hyde Style for.

But you won't have anything like the same job.

You won't have Gilson scientific construction.

Gilson perfect level-hearted hoop lock and anchoring—the combination door lock and ladder—in short the many features in a "scrub" silo that make it more than pay the difference in the cost of a job.

And as for erection—well let me show you a block of Lone Star Valley Pine—the clear, straight-grained, stronger than Oak, Pine wood that comes from Northern Michigan, of which a Gilson Hyde Style is by far the choicest silo to erect.

Pays for Itself in Six Months

A "Hyde Style" pays for itself the first season in lower feed costs and extra milk production. Let's figure it out with pencil and paper.

SUMMER SALE

Our Annual Summer Sale will be continued until June 26th, and many attractive bargains we are offering every day. If there is anything in Yard Goods, Ladies' and Children's Ready-to-Wear garments, or Men's and Boys' Furnishings that you require, do not miss this opportunity, where you can save money by attending our Sale. Do not listen to the insinuations of crying competition. All we ask is that you compare value for value, quality for quality, price for price, and we know that you will be among the happy throng who save by buying here. In buying we shine, in cutting prices we take pride. No out-of-date or bankrupt stock of merchandise to offer you; but in fact everything usually found in a first class dry goods and furnishing store. Everything is marked in plain figures for cash, and one price to all. A few of the values are here mentioned. Hundreds of others equally as good that space will not permit us to enumerate. Seeing is believing, so come and see our bargains.

Men's Summer Caps, reg. $1.25 at 79c; reg. $1.50 at 98c, and reg. $2.00 at $1.25.

The funeral was held from his late home on Tuesday afternoon, and interment took place at the Union cemetery. Besides his widow to mourn his loss are one son, Wilfred, and Miss Myrtle, at home, and Mrs. Reg. Babcock.

Sore Heal Quickly.—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Eclectric Oil in the dressing. It will stop sloughing, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils and numbers of people can certify that it healed where properly applied.

Many people are almost crippled with corns. But it is needless suffering which can be speedily ended with Holloway's Corn Remover.

Now that I know how to use Rinso — why it's just splendid.

Knowing how to use Rinso correctly means finding workless wash days. It's well worth while. Let us ask—are you making the same mistake as Mrs. Carr?

WHAT WAS MRS. CARR'S MISTAKE?

She forgot that Rinso is not the same as ordinary soap flakes or washing powders. She did not give Rinso an opportunity to show its wonderful power of washing clothes clean just by soaking. She tried to put Rinso direct from the package into the tub without first making the famous Rinso liquid.

The result was that the fine granules of soap essence of Rinso were not properly dissolved and their value was not spread evenly through the wash so as to loosen all the dirt in every garment—ready to come away in the rinse. The result of course was disappointing.

THE PROPER WAY TO USE RINSO

Now this is the proper way to use Rinso—for ordinary washing—For each tubful of clothes take half a package of Rinso put in a little cool water and stir until it is in a cream thoroughly dissolved. Add two quarts of boiling water and stir well. When the froth subsides there will be a clear amber coloured liquid. Partly fill your tub with cool or lukewarm water and add the Rinso liquid. Put the clothes in, so that each is covered and soak the things thoroughly overnight. Do not just dip them up and down.

In the morning rinse the clothes until the water runs clear. Only soiled collars and cuff edges may need a slight rubbing with your fingers. No need for washboard or boiler—just wring and dry.

EXTRA SOILED GARMENTS

Greasy or badly soiled garments—soak overnight in lukewarm Rinso suds, first rub a little moistened Rinso as it comes from the package on badly soiled spots. Next morning add warm water and rinse. The dirt will just float away entirely.

FOR THE WASHING MACHINE

Rinso is splendid. Soak the clothes for one hour, two hours, overnight, or as long as convenient, then add a little fresh Rinso liquid and operate the machine. Rinse thoroughly and the clothes are clean—all the dirt will run away.

Follow these simple directions and you will be delighted, Monday after Monday, with the Rinso way of washing.

For your Silk Sweater

Your silk sweater can be made dainty and clean, and as smart as new if you wash it in the gentle Lux suds.

Make a rich suds by whisking a teaspoonful of Lux into half a bowlful of very hot water. Add cold water until lukewarm. Dip the sweater up and down, pressing suds repeatedly through soiled spots. Rinse in three lukewarm waters. Squeeze water out—but twist or wring. Roll in a towel and when nearly dry, press with a warm iron—gently pulling the garment into shape as you do so.

The thin, white, satin-like flakes of Lux are made by our own exclusive process, and quickly dissolve into a rich bubbling lather.

Lux is sold only in sealed packages—dust proof

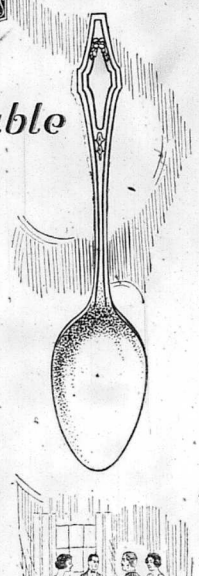
Hostess Pattern



With Eyes of Pride She Views Her Table

FEW things invoke such pride in the heart of the woman of good taste as her table appointments. Snow-white linen, sweet-scented flowers—*and gleaming silver.*

Holmes & Edwards Silverware embodies all the qualities she would look for in making the purchase herself. A special Holmes & Edwards process of hand-burnishing and the lavish use of sterling silver gives it a sparkling radiance that adds brilliance to any setting.

But more than that, Holmes & Edwards is prized for its tenacious wearing qualities. SILVER-PLATE is given extra protection by sturdy blocks of sterling, inlaid with cunning skill at the points of wear, before plating. SUPER-PLATE, by a heavy *extra* deposit of sterling silver at all wear points.

Ask your jeweller to show you the new Hostess or the dignified Jamestown Pattern—gemlike in their setting of the rich purple and gold Gift Boxes. See his display of exquisite tea-sets, comports, pie plates and flower baskets.

HAGENBECK - WALLACE CIRCUS AT BELLEVILLE

It is only a short time now until the circus will be here — the big Hagenbeck-Wallace circus, which will arrive in Belleville early in the morning of Saturday, June 10th, probably before many of us are out of our beds. The younger members of the family may be up and gone, for they have a habit of early rising on circus days, and it is not often that a chance is given them to see the Hagenbeck-Wallace animals "unload".

There is plenty to see, to be sure, even when the trains are emptied of their strange occupants, and there will be something doing at almost any point between the railroad tracks and the Circus grounds, where the tents are to be pitched. But it is only an inkling of what is to come later, about 10 o'clock, when the parade comes along. That parade is something which will convey an idea of what the performance is to be like.

And then the show itself! The Hagenbeck-Wallace show has always been the only one of its kind in the world, and this year it is not only bigger, but so much of the new and novel has been introduced that it is positively different from anything ever before attempted. The animal acts, among them the most thrilling performances imaginable, are not only entertaining, but have educational features about them. And there are so many of them it would be impossible to give any accurate idea of the variety and immensity of it all. The roaring lions that fiercely claw at their trainers, and do his bidding — always under protest — the biggest elephant in the herd, the one that lies down on his keeper, remains there a moment and then rises to his feet, bringing the man with him, holds him aloft and dances a two-step, keeping time to the band's music, the big Bengal tiger that springs to the back of an elephant and rides there, despite frantic efforts of the big fellow to throw him off, the lion clutching wildly to keep a beautiful horse from disfiguring him from his place in the saddle, the monkeys, bears, horses, ponies, dogs, bareback riders, clowns, tumblers, all performing wonderful feats, comprise a sight which can never be forgotten.

Two performances will be given, one starting at 2 in the afternoon, the other at 8 o'clock at night. The doors will be open an hour before each show begins, and this will give everybody time to visit the zoo and menagerie. For convenience of patrons who wish to avoid the crowd which is always to be found about ticket wagons, the management has arranged for a downtown office, which will be located at Doyle's Drug Store. Tickets may be obtained there at the same price as are charged on the grounds.

No Rest With Asthma.

Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

LETTER OF CONDOLENCE

Bath, May 20th, 1922.

Mr. Abel Tompkins,

Dear Sir and Brother,—At the last meeting of the Lodge, it having been announced that it had pleased Almighty God to call your esteemed father from this abode here on earth to that celestial mansion of our Father's House, the Master and Brethren here present desired me as Secretary to extend to you our sympathy in the loss you have sustained.

Hoping all is for the best, we are

Yours fraternally,

F. G. YOUNG,

Secretary.

FOLLOWED MOTHER'S ADVICE

Took Lydia E. Pinkham's Vegetable Compound—Now Enjoys Good Health

Kessock, Saskatchewan.—"My mother has taken Lydia E. Pinkham's Vegetable Compound and upon learning of my troubles advised me to try it, as I seemed all run down after the flu and had some troubles such as women are apt to have. I have taken Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine and used the Sanative Wash. Also Dr. Brown's Capsules and Prescription and am so much better in every way. I am willing for you to use my letter as a testimonial as I recommend your medicines."—Mrs. IRENE NELSON, Kessock, Saskatchewan.

When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

"What I did to cure a cough which was Racking my system to pieces."

"One very hot evening last summer, while in the mountains, a cool breeze suddenly came up which left me thoroughly chilled. Next day I felt a slight cold in my head but thought nothing of it. The following day the cold had developed into a cough. This kept up for some weeks but instead of getting better the cough kept getting worse. A tickling sensation was felt deep in my throat. I tried everything I could think of to get rid of it. It was worst when I went to bed. As soon as I laid down the tickling sensation started and the only relief I could get was to sit up in bed. Towards morning, sometimes, from sheer exhaustion, I managed to get a little sleep. During all this time my cough was getting worse. Sometimes in these severe fits of coughing spasms I was left weak and exhausted. Anything I used only gave me temporary relief. I couldn't take anything but liquid foods. I couldn't sleep. I was losing weight every day. At times I suffered the most intense agony with headaches. A friend of mine told me about Carnol. After trying it for three weeks I noticed that my cough was beginning to soften, that my appetite was returning, that the headaches had left me, that I slept longer. After taking seven bottles of Carnol, I am perfectly well and enjoying better health than I have ever had before in my life."

Written Mrs. J. of Montreal.

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 10-122

HOLLOW EARTH.

The proposition of the President of Wm. Reid's New York Club, the lawyer mentioned in my last letter, to excavate a 30 foot diameter hole and go down two miles,—being a highly educated man, and well read of course might have come through his knowledge, that the "Romans", were also, through the terrible earthquakes occurring of destruction of life, and property, did continually offer up prayer to the Sapphis, to stop these earthquakes, but the prayers having no effect, they thought that the cause was from the interior having cracks, went, and proposed to dig down, both and let the gas out, but they never did either to pray, any more or dig the large wells about the matter. That would look to me disparingly "faith without hope", and reminds me of two fishmen working on a dock together, Pat and Jimmie, and discussing the power of faith. Pat said to Jimmie, "If you only had faith, I could throw this board are in the water and it would not sink." Jimmie said, "I have faith, heave her over." Pat threw the axe over and it sank. Jimmie said, "He dares, I thought."

But I am sure the New York lawyer has faith in my theory, and if all is well I shall winter in Florida this winter, and shall go by the way of New York City, and shall meet certainly call on him.

The late T. DeWitt Talmage once preached a sermon in Kansas city, Mo., if have been there too, and his text was "Knots in the Bible", hard things to believe. Yes I believe in the flood because it said that it rained forty days and forty nights, and the ark was covered with water, whereas now you have communication with that world by wires, and know that in some place it rains forty days and nights, and did not flood places, but on the contrary it did not rain at all, and the earth made out of those same forty days and nights rain, that it raised just a little crust of the earth and that the world became flooded, and that I will maintain the world will be flooded unless we Turn from all wickedness, the world over to true religion, for I think, the storm is up to us for it is made by a man-like God.

T. J. Bailey.

P.S.—I entirely agree with you.

HOLLOW EARTH.

The proposition of the President of Wm. Reidy, New York Club, the Inventor mentioned in my last letter, to excavate a 30 foot diameter hole and go down two miles,—being a highly educated man, and well read of course might have come through his knowledge, that the "Roman", ages ago, through the terrible earthquakes occurring of destruction of life and property, did continually offer up prayers to the Supreme, to stop these earthquakes, but the prayers having no effect, they thought that the cause was from the interior having gases seeking vent, and proposed to dig large wells and let the gas out, but they never did either to pray any more or dig the large wells about the matter. That would look to me despairingly "faith without hope", and reminds me of two Irishmen working on a dock together, Pat and Jimmne, and discussing the power of faith. Pat said to Jimmie, "if you only had faith I could throw this bread axe in the water and it would not sink." Jimmie said, "I have faith, heave her over." Pat threw the axe over and it sank. Jimmie said, "Be Jases, I thought so."

But I am sure the New York lawyer has faith in my theory, and if all is well I shall winter in Florida this winter, and shall go by the way of New York City, and shall most certainly call on him.

The late T. DeWitt Talmage once preached a sermon in Kansas City, Mo., (I have been there too), and his text was "Knots in the Bible", hard things to believe. You don't believe in the flood because it said that it rained forty days and forty nights, and the earth was covered with water, whereas now you have communication with the world by wire, and know that in some places it has rained six months and did not flood the earth, but the fact is it did not say that the rain or water all come from above, but actually came from beneath at the same time. What is that, but an earthquake out of their sight that riped out a large crust of the earth and the gas escaped to such an extent that the world became flooded; and just so I tell you that the world will be burned as predicted unless this gas is utilized, the world over to use it up as fast as it goes in, like steam is used as fast as made by a locomotive, or rip goes her beiler.

(To be continued).

DENBIGH.

We have enjoyed very nice weather lately, and most of the farmers have completed their seeding and planting earlier than usual.—The Denbigh cheese factory is in operation again.—Judge H. A. Lavell, of Kingston, presided at the Division Court held here on the 26th ult. There were only two cases on the docket which were disposed of with his usual despatch.—The Court of Revision of the assessment roll was held on the 27th, and a meeting of the Municipal Council for general municipal business on the 29th ult.—Dr. R. E. Sparks, of Kingston, made his usual half yearly business visit to Denbigh last week.—Hugh Armstrong, who nearly a month ago was severely injured by the vicious kick of a horse, and has been about three weeks successfully treated in the Kingston General Hospital, has arrived again nearly fully recovered.—Mr. Hickelson, of Peterboro', is a welcome guest of Mr. and Mrs. S. Ball, and the brothers, Gustav, Erich and Albert Warlick, former Denbigh boys, but for some years citizens of Vanbrugh, in Sebastapool Township, are taking a couple of weeks' vacation, and are enjoying a pleasant visit with their relatives and friends here at their former home.—The roof of Dr. J. Adams' kitchen got afire at noon on the 30th ult., probably from sparks of the cement chimney or a defection of it, but thanks to the telephone, a sufficient number of neighbors were promptly on hand to be able to put it out and limit the loss to the kitchen roof and the chimney, which is covered by insurance.—A more serious loss occurred on the forenoon of the next day, when the dwelling house and barn of Mr. Alfred Rehse, of Vennachar, with contents, were destroyed by fire which was probably also caused by a spark

OBITUARY.

Percy Thompson.

Percy, the third son of the late Seth Thompson, and his wife, Rose Asselstine, was born in the Township of Camden, on February 25th, 1882, and with the exception of a short time, spent a very happy, useful and honorable life in the same township. On September 21st, 1904, he was united in marriage with F. Maude, daughter of C. Judson Vannest, and together they have succeeded in building up not only the farms on which they have labored, but also a reputation for good faithful and efficient service. It was with genuine regret that the community learned of his death on Sunday afternoon, June 4th. He had attended the funeral of his brother, Sandford, on Sunday, May 28th, was taken ill on Tuesday, and succumbed to flu-pneumonia on Sunday. The funeral service on Tuesday morning was attended by a large number of friends who bore evidence to the worth of his life. The service at the house and the grave was conducted by his Pastor, Rev. M. W. Haigh, of Enterprise. The pall bearers were six members of the Sunday School class of which he was a member. In addition to his wife, two children, Mary and Ralph, aged fifteen and ten respectively, and two brothers, Thomas M. and Frank, remain to cherish the memory of an honorable life. The remains were interred in the cemetery at Centreville.

Mrs. Agnes Huffman.

The death occurred on Saturday, May 20th, of Mrs. Agnes Huffman, widow of the late Sydney Huffman, of Enterprise, Ont., at the home of her daughter, Mrs. Wm. Ryan, 59 Ritchie Ave., Toronto. Over four years ago Mrs. Huffman suffered a stroke which left her a helpless invalid, confined to her bed. During the years of her affliction she never murmured or complained, and even at the last when her pain was so great she was very patient.

The service in Toronto on Sunday evening was conducted by Rev. Dr. Sheaf, of Howard Park Methodist Church, and Rev. Albert Hughes, of High Park Baptist Church, both of whom had visited and spent many pleasant hours with her, and had often heard her say that she was ready to meet her Saviour.

At her home in Enterprise, she was a member of the Methodist Church.

Deceased leaves to mourn the loss of a loving mother, three sons and three daughters, Robert and Herbert, of Toronto, and Cyrus, of Watertown, N.Y.; Mrs. Ryan and Mrs. Ritchie, Toronto, and Mrs. Jas. Carroll, Tamworth; also one sister, Mrs. James Craigmill, Toronto, and three brothers, George Black, Tamworth; Thomas Black, Desoronto, and James Black, Picton.

The beautiful floral tributes show the high esteem in which she was held. Interment took place at Moscow on Monday afternoon, in the family plot there, where a number of the old friends gathered to pay their last respects to a kind friend and neighbor.

NAPANEE CHAUTAUQUA

JULY 3d, 4th, 5th, 6th, 7th, 8th.

THINGS YOU SHOULD KNOW ABOUT CHAUTAUQUA

Eleven double programs make up this big six-day event, without counting the Junior Chautauqua features. The purchase of a season ticket reduces the cost of admission more than one-half, giving you the world's best music, lectures and entertainment at moving-picture prices.

The season tickets cost $2.50. Junior tickets, admitting children 6 to 14 years of age to the Junior Chautauqua, as well as all sessions of the Senior Chautauqua, cost $1.25. Both are subject to the war tax.

The name of some member of the purchaser's family must be written in ink upon the season ticket. This protects he purchaser in case of loss.

In case you forget to bring your ticket, go to the cashier, buy a single admission ticket, take a receipt for same, bring your season ticket to the cashier at the next session, and also the receipt, and the cashier will refund the money paid for the single admission.

No season tickets will be sold after the Chautauqua opens.

In order that elderly folks and those whose hearing is impaired may enjoy the program the first two rows of chairs will be set apart for their use at each performance. Children will be required to be seated with parents or guardians.

It Saves to Buy a Season Ticket.

S. S. CONVENTION.

The Township of Richmond and Napanee held their Sunday School convention at Forest Mills, on Friday, June 9th. Both the afternoon and evening sessions were well attended. This was the last of the series of five conventions held in the county during the past week, all of which Mr. MacGregor, the Provincial President; Rev. W. P. Fletcher and Rev. R. C. Tait, of Morven, attended.

The Convention was full of interest and splendid music was furnished by the Forest Mills Choir. The reports given from the different departments were very encouraging, but from several of the departments no report was given. Although Selby S. S. was the only school in the township to reach the Standard of Efficiency, it was thought that several others were near the standard.

Rev. W. P. Fletcher conducted a round table conference, which was full of interest and helpful in discussing the problems of S. S. work. It was clearly shown that the Cradle Roll, the Home Department, and Teacher Training were three of the most important departments of S. S. work.

At the close of the afternoon session the ladies entertained the delegates and visitors to a bountiful supper.

The evening sessions opened with a song service, after which the Devotional exercises were conducted by Rev. Mr. Wilson, Roblin.

The report of the Nominating Committee was read and accepted.

The following officers were elected for the ensuing year:—

President — Mr. Alex. Collins, Sharp's Corners.

1st Vice President — Mr. Wm. T. MacKenzie, Napanee.

Secty. and Treas.—Mr. J. O. Hinds, Selby.

Children's Division—Mrs. R. J. Saulter, Napanee.

Young People's, boys—Mr. Lindsay Graham, Napanee.

Adult Div.—Mr. S. S. Bonar.

Home Department—Mrs. J. A. V. Toppings, Marysville, No. 1.

Teacher Training—Mrs. J. R. Ackerman, Sharp's Corners No. 1.

Missionary—Mrs. Burnell Denison, Napanee No. 6.

Pumpernel—Mrs. C. N. R. Miller, Napanee.

The evening session closed with a very stirring address from Rev. Mr. Fletcher. The offering amounted to $14.08. The Committee accepted the invitation to hold the next convention at Roblin.

SWITZERVILLE.

"Music-hath charms" is an ancient saying, which is not always true, but who could doubt the truthfulness of the fact that "Switzerville hath charms" if they but once caught sight of this spot as it is now, with its numerous spreading maples, and inhaled the sweet scent of the wild flowers and blossoms.—Everyone is busily engaged doing their road work since the rush of planting is over. It is to be hoped that the stone crusher will soon be at work.—The gardens are being destroyed by grubs and cut worms.—The carpenters are progressing rapidly with the work of erecting Mr. Harry Amey's barn.—Switzerville baseball team are practising again. We are looking forward to several interesting baseball games.—Church service here was well attended last Sunday morning.—Quite a number from this neighborhood attended the W. M. S. Branch meeting in Belleville, last week, as a delegate from the Mission Circle.—Visitors: Mr. F. Newman and family, Picton, at Mr. J. McCormick's, returning home on Sunday, accompanied by Miss Helen McCormick; Mr. and Mrs. Harry Wartman, Wesley, at Mr. R. Craig's, recently.—Mr. Moses Lens and Mildred Crocker spent the week end at home, and Miss Il. Glenn with friends at Bethany; Mr. and Mrs. Craig spent Sunday at Moscow; Mr. R. McQuade and mother and sister, of Selby, spent Sunday at Mr. J. Prink's.

ELMBROOK.

Mr. and Mrs. Frank Fraser, of Milford, visited their daughter, Mr. and Mrs. Herbie McQuaid, on Sunday.—Mr. and Mrs. Harold Spencer and son called Sunday evening at Mr. and Mrs. Fred Dodge's.—Mr. and Mrs. H. Sills, last week.—Mrs. Wilfred Unger and Aletta and Mrs. Nathan Unger called Friday afternoon at Mr. and Mrs. H. E. Sills'.—Mr. and Mrs. Herbie McQuaid and Mr. and Mrs. Frank Fraser, of Milford, spent Sunday with Mr. and Mrs. Willie Fraser and Mrs. Ethel Lowery.—Mr. Willis Yerex has bought the Olympia candy store and restaurant. The Olympia has established a reputation for quality, which will be maintained by Mr. Willis Yerex. Having also a family of Pictou all his life, Willis Yerex is well known and will be welcomed into the business life of the town. The change of ownership took place on Monday, June 12th.—On June 4th, one of our most respected residents, the late Mrs. Geo. A. Davis, was Superintendent of our Sunday School for many years, and was very earnestly devoted to its service. He will be greatly missed here.

San Francisco or Los Angeles and return, $124.35. Similar reduced fares to Vancouver. Tickets are first class and good to October 31st. J. L. Boyce & Son will give you full information. 24a

CAMDEN EAST.

Mrs. Geo. Wilson, Toronto, is spending a month with her cousin, Miss L. M. Martin.—Major McMahon and wife, of Kingston, spent the 24th of May in the village, renewing acquaintances. Mrs. Mahon is a native of Camden East.—Mrs. Miles Hartle, of Camden East, nee Miss Hattie Bean.—Mr. W. M. Lampson, Toronto, spent a couple of days last week visiting his brother, Mr. Lionel Lampson.—Mr. and Mrs. D. Smith, of Consecon, visited the latter's brother, Mr. Greenway, on Thursday of last week.—Miss Flo Williams left on Monday morning last for New York on a visit.—Mr. Otis Shannaris, of Pembroke, and Mrs. Walker, of Oshawa, brother and sister of Mrs. Joe Amey, spent Friday last with her.—Mrs. Fred Addis spent Sunday last in Kingston, under the parental roof.—Rev. Mr. Nickle, Odessa, preached an excellent sermon in the Methodist Church last Sunday evening, in the absence of Rev. Mr. Latimer.—Mrs. Ellen Lucas has disposed of her property and a number of their lady friends to tea on Tuesday afternoon last.—Mr. and Mrs. Wesley Amey, of Selby, visited friends in the village on Wednesday.—The funeral took place of the late Reuben Babcock, on Friday.—Mr. and Mrs. Addison Switzer and family spent Sunday evening at Mr. Jacob Switzer's.—Mrs. George Hartley spent a day at Mr. George Mowbray's.—Mr. and Mrs. Orville Knight and family spent Friday in town.—Mr. J. F. Wemmett lost a valuable cow by falling over the bank of the river.—Mr. Herb. Close has been sick with jaundice.—Mr. H. Wise passed through town on Saturday with a carload of cattle, shipped men to work on them.

Arsenate of Lead.

It kills the bug and will not injure the vine. 23tf—Hardware.

MOSCOW.

The annual lawn social on Saturday evening, given by the Orangemen, was a great success, socially and financially.—Mr. and Mrs. Norman Mayer of Picton, and the old Moscow boy, made an excellent chairman. The address was given by Rev. Mr. Edwards and others. The orchestra and recitations altogether made a first-class programme.—Miss McFaul of Napanee, spent the week end with her sister.—Mr. and Mrs. Wheeler of Tamworth, at Major Amey's.—A number from here attended the Masonic service at Centreville on Sunday.—Miss Nellie Allen has returned to her trip to the West.—Mr. Purdy, of Colebrook, visited friends recently.—A number of pupils are being prepared for Entrance examination by their teacher, Miss McFaul.—Mr. Tear. We wish them success.

Referred to the Finance Committee.

Mr. A. C. Baker resigned his position as County Auditor. Referred to the Finance Committee.

The Clerk read a copy of a letter written to the Highways Department, asking for a special grant to Floating Bay Bridge and acknowledgement of receipt of same by the Department.

The Clerk was requested to telegraph the Department for a report on the request.

The Roads and Bridges Committee reported the acceptance of the new road roller and scarifier, and recommended payment for same.

The committee also recommended the purchase of a water tank and pump. Report adopted.

Agreements between the County and the House of Refuge, Kingston, were laid before the Council.

On motion the Warden and Clerk were authorized to complete the agreements.

A claim from the Township of Sheffield for $31.00, for burial of an inmate of the House of Refuge.

On motion $25.00 was ordered paid Sheffield in settlement.

Council adjourned.

Wednesday Morning.

A By-law to expropriate certain lands necessary to widen and straighten the Hamburgh road from Napanee to Adolphustown, was put through its various stages and finally passed.

Col. Race, representing the Masonic Fraternity, and Mr. Ferguson, addressed the Council, placing claims of that institution for a grant before the Council. Mr. Robinson, Alpine Wood and Mr. Grange also addressed the Council in support of the claim for a grant to the institution.

Mr. Mallory addressed the Council that out of 248 patients, 61 were paying patients, and the remainder, including in some cases municipalities were asked to pay for care of patients. Mr. Ferguson stated that fees were charged, but in many cases they were returned, in the case of soldiers.

Mr. Robinson, Alpine Wood and Mr. Grange also addressed the Council in support of the claim for a grant to the institution.

Mr. Mallory addressed the Council that out of 248 patients, 61 were paying patients, and the remainder, including in some cases municipalities were asked to pay for care of patients. Mr. Ferguson stated that fees were charged, but in many cases they were returned, in the case of soldiers.

A telegram from the Department of Highways informed the Council that the question of a grant to Southey bridge was still under consideration and advised the Council to make the road a County Provincial road.

County road matters occupied the balance of the session. Mr. Plunkett moved that Donald McDonald get back but 30 per cent. of the money paid by the town for road purposes.

Mr. Hannah asked the Roads and Bridges Committee to assume the bridge built on Colebrook road.

Council adjourned until Thursday morning at 9 o'clock for benefit of committees.

Thursday Morning.

A resolution from Odessa Construction School, claiming a balance for grant, over $400, was received. Referred back to Secretary of the School Board for further particulars.

The Finance Committee presented a report, which was taken up clause by clause.

Mr. A. C. Baker's resignation as Auditor was accepted.

Mr. C. H. Lapum was appointed Auditor.

That the amount of Provincial and County Roads is correct and has been received by the Treasurer.

That the amount due the Province on account of certain lands necessary for the widening of Provincial County Roads in the Townships of Richmond and Napanee, be received and read a first time.

The By-law was read a second and third time and finally passed.

Provincial Land Surveyor Aylsworth, of Madoc, addressed the Council on County Road matters.

Council adjourned.

MISS HAZEL HUNTINGTON

New York Prima Donna to Sing Excellent Concert Program.

Miss Hazel Huntington, of New York City, prima donna in the productions for four seasons at the Park Theatre, of the Society of American Singers, supported by Mr. Herbert MacFarren, of London, England, and his quartette of instrumentalists, is the feature musical attraction at our Chautauqua this summer. The committee unhesitatingly commends the recital of this noted artist, who will appear in the evening only, as the finest artist of her kind that has thus far been presented by Chautauqua in Ontario.

During the past winter season Miss Huntington sang the leading soprano role in one hundred performances of the William Wade Hinshaw Production of Mozart's Opera Comique, "The Impresario," which has been one of the sensational successes of the past concert season. This production is already booked from the Atlantic to the Pacific in both the United States and Canada for a twenty weeks' tour next season and Miss Huntington has been engaged to sing the leading prima donna role again. It is a part that requires a high, true, coloratura voice of exceptional range. All these qualifications she possesses, and, in addition, has beauty, charm, a pleasing personality both on and off the platform, and the good sense to arrange a program for all tastes.

The Detroit News said of her singing in "The Impresario": "She frolics up to the high notes, smiles at their austerity, and puts her voice at their level without apparent effort."

Other critics from Brownsville, Texas to Augusta, Maine, united last winter in declaring "her pure soprano voice is birdlike, of a rare sweetness, and melodious beyond that of many famous singers"; "she captured her audience with the first tones of her rich voice"; "a voice of genuine melody, sweet and true"; "her voice is high, clear, and astonishingly sweet"; "she carried away the vocal honors of the production, singing with astonishing ease"; "the ease with which florid passages were rendered surpassed the best that has been heard here in a decade"; and expressions of like import, all of which are exact quotations.

BASEBALL.

Adolphustown journeyed to Yarker on Saturday, June 10th, and incidentally took a fall out of the leaders, beating them to the tune of 10 to 5. Adolphustown used their old pitcher, Bill Prout, for his first game in the box, and he performed like old times and pitched his best ball with accurate basos. He also fielded his position without an error and batted well. He is just 14 years old and has developed a nice assortment of curves. The team gave him great support and batted the two Yarker pitchers hard, each man on the line-up getting a run. Gallagher, Prout and Bush for Yarker, Warner and Dunn were the best, the former getting five hits and two runs. Score by innings:

	1	2	3	4	5	6	7	8	9
Adolphustown	0	0	1	5	0	0	4	0	10
Yarker	0	1	1	0	0	1	1	0	0—5

Thrown From Hay Wagon and Dislocates Wrist.

To be thrown from a hay wagon and suffer painful injuries while on their way to Kingston Friday morning was the misfortune of two men by the name of Shaver and Dolderfield, who, reside near Ernestown station, on Friday morning. The two men were just a short distance out of Odessa when the rear wheel of the wagon came off, and they were thrown from the top of the hay to the ground, striking the fence along the road and then falling in the ditch. Mr. Shaver suffered a severe compound dislocation of his right wrist, injury to his left, as well as cuts about his right eye. He was taken to the Kingston General Hospital. Mr. Dolderfield, who suffered injuries about his shoulder, was attended in Odessa.

Mr. Shaver, the elder of the men, had just recently returned to this district after being away for some time, and was intending to pay a visit to the city.

LETTER OF CONDOLENCE.

Stella, June 5th, 1922.

Mr. Charles Mattews.

Dear Sir and Brother,—In the hour of your deep sorrow and sad bereavement the officers and members of Burleigh L. O. L. No. 482 would endeavour to lighten your grief in some measure by sympathy and acts of kindness. We extend to you our heartfelt and sincere sympathy and condolence in the loss you have sustained by the death of your dear mother. We assure you, dear Brother, that it will be a great comfort and consolation to you to know that through her motherly love and the friendship among her neighbors and friends she made many friends who assure you mourn her departure from this world. We assure you that you really feel her loss as a mother, and we pray that the most Worshipful Grand Master of the Universe, who rules over all, will comfort and sustain you, to the wish of every member of Burleigh L. O. L. 482.

Signed on behalf of Burleigh L. O. L. 482.

Trade Your Old Furniture for New

TRADE it for new, but still keep the old. Thousands of people have done it, and are doing it every day.

They do it by doing over their old furniture with Vernicol varnish stain.

Vernicol comes in a can. Is quickly and easily applied with a brush. Comes in all the popular finishes, one of which is sure to meet your fancy.

It stains and varnishes with each stroke of the brush. Makes old discarded furniture look like new. Anybody can do it.

No matter whether you prefer mahogany, walnut or oak, there is a Vernicol stain for each. And because it has such long-lastingness it's fine for floors.

Come in, and see the sample panels and ask for interesting literature.

ADOLPHUSTOWN.

An event of considerable local interest took place in S. Alban's Church at 3 o'clock Saturday morning, when Angelia Maria, daughter of the late Joseph Pollard, was united in marriage to Alfred J. E. Pledger, the Rector officiating. The processional hymn was "The Voice That Breathed o'er Eden", and immediately after, to the strains of Lohengrin's Wedding March, the bride entered with Mr. R. J. Allison, who gave her in marriage. Mrs. Allison was matron of honor. The bride wore her travelling suit of navy serge, with hat to match, and carried a white prayer book. During the signing of the register, Mrs. Pringle sang "O Perfect Love". The wedding music was beautifully rendered by Mrs. J. W. Duffett. Immediately after the ceremony, Mr. and Mrs. Pledger left amidst showers of confetti and good wishes to spend their honeymoon in Kingston.—Mrs. H. M. Johnston and daughter spent the week end with Mrs. Briscoe.—Mrs. T. Trumpour and Miss Chard, of Winnipeg, are visiting relatives here.—Miss Ruth Smith, who has spent the past few weeks in Trenton, has returned.—Mrs. Fournier, of Picton, was here for the Pledger-Pollard wedding.—Miss Clara Brooks spent Sunday with her parents, at "The Pines".—A goodly number accompanied our Baseball team to Yarker last Saturday, where, after an exciting game, the score 10-5, in favor of Adolphustown.—On Tuesday evening the Church Wardens gave a dance in the Parish Hall, which was greatly enjoyed. Music was furnished by the local orchestra.

I'll Show You A Silo
that will boost your farm earnings

My Toronto Silo will put dollars in your pocket.

It will boost the value of your farm.

Its double-tongued-and-grooved selected Spruce makes the Toronto Silo absolutely air tight, which keeps the ensilage in perfect condition.

Its famous Hip Roof allows you to tramp the Ensilage to the top of the staves—and adds greatly to its appearance.

Drop in next time you're in town and let us talk it over.

I have other lines of Toronto Farm Equipment too. Let me show you their dependability and economy.

BOARD OF EDUCATION.

On Tuesday evening of last week, a combined meeting of the Board of Education and Town Council met, in the Council Chamber to meet Messrs. Dandeno and Sarsoleil, of the Department of Education. The above named gentlemen came to Napanee to advise the School Board in reference to the advisability of starting a Vocational School in connection with the Collegiate Institute. The gentlemen explained the steps necessary to start such a school and the assistance which would be forthcoming from the government if such a school should be established. While elucidating the regulations the gentlemen did not appear to have much confidence in the success of the schools they wish to establish and the School Board are not much closer to evolving a workable scheme than they were before.

The Collegiate Institute is almost sure to be over-crowded in September and something will have to be done to relieve the situation. Should a separate wing be built for the commercial department alone, a three year course will be taught instead of a two year course as at present, in order to receive a grant from the government on the salaries paid the teachers in this department.

Messrs. Dandeno and Sarsoleil will present a written report to the Board regarding their investigations here.

Deseronto Sees Spectacular Fire
Deseronto was a scene of a spectacular blaze Monday afternoon when the property of Henry Taylor, (formerly the old Amos Richardson farm) on the Prince Edward side of town, burned. The cause is believed to be from sparks from the Crawford's chimney. Two barns, wagon shed and ice house were burned. The total loss, building, hay, farm machinery, etc., amounts to $5,000, with tan insurance, covering to the amount of $2,000. Mr. Taylor, the owner, lives in Belleville, and had done much to improve and beautify the old Richardson farm of many acres since the purchase by him a few years ago.

Broke Jail Year Ago Again Taken in Charge.
The law has a good memory. About a year ago, Fred Johnson, a young man, made his escape from the jail in Napanee. On Monday morning, he was located working on the highway between Kingston and Gananoque, by Provincial Constable Clark, and placed under arrest. At the time it was believed Johnson had gone west. However, he could not keep away from his old haunts, and as a result landed in the police nets. Johnson lived in Kingston for some time, and is well known there. He was charged of theft at Napanee. On Tuesday morning Johnson appeared before Magistrate Rankin and was committed to stand trial next week.

Lawn Social.
Ernestown is not dead yet; brighten up the best is to come. The Ladies' Aid of Union Church are holding a lawn social at Mr. Stephen Amey's, on Friday, June 23rd. Patterns Created for Her

HIGH in the estimation of the woman who loves life and its graceful luxuries are her table settings. For her we have created this new and refreshingly original pattern—the Hostess. The bright, mirror-like edge, reflecting the entrancing charm of modern design, depicts the true skill of the master silver-smith.

And like all Holmes & Edwards Silverware, it is endowed with wearing qualities that insure years of every-day service to the happy possessor.

See your nearest jeweller. He will tell you why Holmes & Edwards Silverware is sterling silver's only competitor for wear—how it is protected at the points where ordinary use would otherwise mar it.

He will also show you other table appointments suitable for the June Bride—casseroles, flower baskets, cake and bread trays, pie plates in beautiful designs—of the same high quality.

(For last week).

On June 4th one of our most respected residents passed away, in the person of Mr. George Davis. We express our sincere sympathy to the bereaved family. He was Superintendent of our Sunday School for many years and was very devoted to its service. He will be greatly missed here.—The W. M. S. will meet at the home of Mrs. Ethan Nagey, on the 14th of June, at 2 o'clock, instead of the 7th as intimated last week.—Mr. and Mrs. H. E. Sills entertained company on Sunday, Mr. and Mrs. Willis Sills and Nina and Morley, Mr. and Mrs. John Martin, also his brother, Mr. Henry Martin, of Southern California.—Mr. and Mrs. Lewis Leavens and Mrs. Ethel Ryckman.—Mr. and Mrs. Davis McDonald spent Sunday with her parents, Mr. and Mrs. Everett Porter.—Mr. and Mrs. T. Hutchings called Cunday afternoon at Mrs. Richard Cole's and at Mr. and Mrs. Ogilvie Cole's.—We were much pleased to have Rev. Mr. Howard preach here on Sunday. His discourse was on Jacob's friendly meeting with his brother after many years' absence. We hope the impressions will not soon be forgotten.—Mr. and Mrs. John Delong entertained company from Wellington on Sunday.—Mr. and Mrs. William White, of High Shore, visited Sunday at their daughter's, Mrs. Ogilvie Cole.

Pretty Play Clothes

You would like the children to play as well as be dressed up in their pretty coloured things, wouldn't you? But their clothes get so grimy and have to be washed so often. To preserve their freshness and pretty shadings, the way in which they are washed is of the utmost importance. Wash their little dresses the LUX way—so simple and easy.

LUX

The thin, satin-like flakes of Lux are made by our own exclusive process. There is nothing like Lux—it stands supreme—sold only in sealed packets—dust-proof!

Seventy-Six Years' Experience

FOR seventy-six long years McClarys built stoves of all kinds to burn all sorts of fuels for use all over the world. A type of stove was designed to meet every new kind of fuel offered.

When it became evident that electricity would some day be used for cooking purposes, McClary's engineers were put to work to design the most suitable kind of stove to use electricity.

The stove now offered by McClarys, with its protected trouble-proof element and round cornered, porcelain enameled, washable oven, is the successful result.

When you buy a McClary's Electric Range, you know that a long, successful reputation is behind it—you should certainly see this range before buying.

WOMAN TOO WEAK TO WALK

New Works Nine Hours a Day.—Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's Vegetable Compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. Every sick and suffering woman will profit by it. It has been two years since I took it and I am strong and well."—Mrs. L. A. Guimain, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimain's letter should interest you.

Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

FOUNDERS IN CANADA

ON Place d'Armes in the City of Montreal stands a monument to Sieur de Maisonneuve who, landing near this spot in the year 1642, founded the settlement which is now the City of Montreal.

Facing Place d'Armes stands the Bank of Montreal, which opened its doors for business a short distance from the same spot over one hundred years ago.

From the Settlement founded by Maisonneuve, civilization has spread to the east and west until to-day the Dominion of Canada extends from Halifax to Vancouver.

Likewise the Bank of Montreal has grown, until after over a century of steady and conservative progress, it to-day has Branches in all of the cities and larger towns in Canada, with offices in the principal financial centres of the world, and correspondents in every country.

Don't Guess about your BATTERY

THE Plate is the backbone of any Storage Battery, and a large percentage of battery troubles are due to poor Plates.

The Prest-O-Lite Plate represents the greatest advance in battery-making in recent years. Prest-O-Lite Plates, the backbone of the Prest-O-Lite Battery, have the strength and porosity essential to the ideal Battery Plate—strong so that heat will not buckle it and pores will not affect it—porous, so that it will provide the reserve power necessary for cold weather starting and emergencies at other times.

Every part of a Prest-O-Lite Battery is made with the same extreme care—the same precise insistence upon perfection in every way. Parts, separators, containers, everything, in fact, is made and assembled with the same watchful insistence upon excellence. It represents the greatest value you can buy today. Prest-O-Lite Batteries are now at less than pre-war prices.

NAPANEE CHAUTAUQUA JULY 3d, 4th, 5th, 6th, 7th, 8th.

CHAUTAUQUA'S LONG, LONG TRAIL

Chautauquas are now held yearly from Juneau, Alaska, to TePuki, New Zealand; from Prince Edward Island, where four Chautauquas are held every summer, to Melbourne, Australia; from British Columbia to Nova Scotia; from Maine to Southern California.

While Chautauqua originated in the States, we believe with Dr. William Caldwell, of McGill University, that it is well for us to adopt what is good in them; and there seems to be much that is good. All the western provinces have adopted them, and there are two circuits that operate in the northern parts of the Prairie Provinces that need to use automobiles for travel since railroads do not reach many of the points visited.

Last summer there were 1,045 Chautauquas conducted in Canada alone, with an aggregate attendance of 1,463,750. Throughout the world there were 9,176 Chautauquas held, with an aggregate attendance of 36,868,900. These are figures compiled by the monthly magazine, the World's Work.

Chautauquas seems to be good for the moral, physical, and mental welfare of English-speaking people wherever they may be living.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Address and Presentation

Saturday evening of last week about one hundred and fifty citizens of Tamworth gathered in the beautiful new Community Hall of the Consolidated School, with Principal D. R. Fletcher, of the Continuation School, in the chair, the occasion being a farewell reception to Manager Whaley, of the Bank of Montreal, and Mrs. Whaley, who are moving to Cainsville, where Mr. Whaley has been appointed Manager of an old established branch. Addresses, expressive appreciation of Mr. and Mrs. Whaley as public-spirited citizens who will be greatly missed, were delivered by Rev. Mr. Poston, Rev. Mr. Clarke, R. C. Moss, John Hunter, Joseph Huffman, and others, and a glowing tribute was paid Mr. Whaley by Manager Jones, of the Sterling Bank, for his fairness and courtesy in all business transactions. The addresses were very pleasingly interspersed with vocal and instrumental solos by Miss Beatrice Poston, a solo by Marion Redden, accompanied by Mrs. Redden, and several instrumental selections by Mrs. W. W. Redden.

About mid-way in the programme an address was read to Manager Whaley by Mr. E. J. Huffman, and a presentation on behalf of the citizens by Mr. Walter Redden, of a handsome and commodious leather club bag. Mr. Whaley voiced his appreciation of this remembrance in a few brief and well chosen words. A little later Miss Marguerite Jamieson read an address to Mrs. Whaley (nee Miss Nita Carscallen), and Miss Mildred Redden presented her with a beautiful collection of hand-painted china on behalf of the C. G. I. T., of which Mrs. Whaley was Directress. Mrs. Whaley very feelingly responded. The good wishes of all will follow Mr. and Mrs. Whaley to their new home.

In their addresses the speakers congratulated Mr. A. B. Carscallen, as representative of the School Board, for the foresight and energy displayed in co-operating with the Government officials in obtaining such a modern and beautiful Community Hall, capable of seating about three hundred people, with the latest systems of lighting, heating and ventilation, and equipped with a high power radio apparatus. Below the hall is a Domestic Science room, for the preparation of hot school lunches or tea and coffee for banquets. The hall contains a piano, comfortable, folding chairs and banquet tables, and has been tastefully decorated with flags and streamers by the pupils of the Continuation School. The citizens of the community are very proud of their new building.

GAINED OVER 20 LBS

Consumptive Condition Restored to perfect Health.

"An attack of "flu" in the fall of 1918, left me in such a weakened condition that I could not walk across the kitchen, and for nearly two months I spit blood. My neighbours as well s., myself thought I was in the first stages of consumption. My weight when I first took sick was 120 lbs., and I soon fell from that to 98 lbs. On the recommendation of my druggist I began to take Carnol. Before finishing the first bottle I felt a marked improvement. I then took four bottles and my improvement was so marvellous that, at the end of six months, I gained in weight the most I ever weighed in my life. I can safely recommend Carnol to anyone in a run down condition, as being the best and as well as the most palatable tonic on the market today. My little girl, eight years old, took a cold in the head and coast and was so bad she could scarcely breathe. I gave her Carnol in the water and the next morning she was able to get out of bed for the first time in several days. I know Carnol will do for you what it did for me and my little girl —worked "miracles."

The experience of Mrs. F. of Halifax

Carnol is composed of that wonderful nerve tonic—glycerophosphate salts. This is commonly known the world over as the "Blood Salts." It is the best blood builder and nerve invigorator yet discovered.

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 11-122

Township Councils.

It will doubtless be of interest to such Councils to learn that Mr. Samuel Miller, Reeve of Amherst Island, has through the kind efforts of Mr. W. D. Black, M.L.A., succeeded in getting The Ontario Highways Act amended so that a Township Road overseer or foreman can speedily acquire gravel for road purposes from the owners thereof in the same manner as County Road Superintendent for County Road purposes. Mr. Miller is to be congratulated on his success and it would be well for every Township in the County to procure a copy of the Act at once and act upon it, thus avoiding the delays that often arise in getting gravel.

Horsemen's Attention.

The fashionable bred Clydesdale Stallion, Montcreiffe Albion, imported, will stand for service at Frank Marsh's stables, Napanee, every week from Friday evening at 6 o'clock, until Monday morning at 7 o'clock. BASEBALL.

Trenton 25, Napanee 1.

The local baseball season was opened at Napanee on Wednesday afternoon, with a scheduled game in the Bay of Quinte Baseball League, the Trenton team being the visitors, and they walked away with the game with the one-sided score of 25-1.

Quite a large gathering of baseball fans were in attendance and were keenly disappointed at the showing of the home team. However, Napanee, as a rule, never does put up a good game in their first encounter of the local field, and much better things can be expected of them in their next appearance. The team is admittedly weak in pitching, which, at times, is very liable to throw the whole team off their stride, which it certainly did on Wednesday.

The Trenton team is well balanced, play good snappy ball, and should be in at the finish of the season. Following is the line-up:—

Trenton—Bohan, c.f.; Nickle, 3b.; W. Heaney, l.f.; Empey, c.; R. Heaney, r.f.; Curry, s.s.; Marks, 1b.; Murray, 2b.; Purtell, p.

Napanee—Huffman, c.f.; Stewart, s.s.; L. Spencer, 3b.; Frost, c.; Johnson, 2b.; Blute, 1b.; Caldwell, p.; I. Spencer, r.f.; Selmshaw, l.f.

Score by innings:—

	1	2	3	4	5	6	7	8	9	
Trenton	5	2	0	6	5	4	0	0	3	—25
Napanee	0	0	0	0	1	0	0	0	0	—1

The next game will be played at Deseronto on Wednesday afternoon. Game called at 3 o'clock. A large number of fans are expected to go up with the boys and see the game.

Tiger Tire & Rubber Company Statement Shows Profit of $28,191 In First Six Months Of Operation.

BUSINESS STEADILY INCREASING, WITH SALES RUNNING AT APPROXIMATELY $700,000 PER YEAR—FIRST DIVIDEND TO BE PAID IN JULY

"After operating for only a period of six and a half months, your Company was able to earn net profits of $28,191." This statement by Hilliard & Co., Auditors, was received with much satisfaction by the shareholders attending the annual general meeting of the Tiger Tire Rubber Co., Limited, held at Belleville, Wednesday, May 10th.

The Financial Statement presented showed the Company to be in a strong financial position, having a surplus of $35,486 over liabilities to the public. Inventories have been reduced to present market prices. Expenses of administration, organization, etc., have been met, and the Company started the new year in a position that will leave earnings available for dividends.

General Manager, H. H. Hastings, in his address, was very optimistic, and stated that sales of the Company's products for the first twelve months were in excess of $425,000. Sales at the present time were running at the rate of $700,000 per year. The Company is now manufacturing 250 tires and 250 tubes per day, and output is being increased as rapidly as possible. Orders are coming in so rapidly that the entire output is shipped as quickly as it can be manufactured.

During the year the Company adopted and has the sole right for the now famous Endos process, which places Tiger Tires in a class by themselves. The Company has now about 4,000 shareholder-customers, a big, growing and well-established demand for its goods.

During the past year seven branches and distributing depots were established in the following cities: Halifax, Montreal, Ottawa, Hamilton, London, Calgary and Vancouver, the head office and chief supply depot being in Toronto.

"I am going to be able to tell you to-day something that I promised we would do a year ago, and that is, pay dividends," stated Mr. Hastings. "Your first dividend is not a large one, being 2 per cent. quarterly, or at the rate of 8 per cent. per annum on your preferred stock." This first dividend will be declared about June 10th.

Some of the Directors present also had a few remarks to make, expressing themselves as confident of the outlook for the coming year.

The Board of Directors was re-elected unanimously, and the Board and Officers are now as follows: William Seward, President; R. J. Graham, Vice-President; T. B. Pringle, Mark Smith, J. F. Hawkins, H. C. Moore; H. H. Hastings, General Manager; Secretary, H. C. Moore; Treasurer, F. B. Milligan; Factory Manager, William Seward.

THAT FIELD OF NEW MOWN HAY.

I'm growing tired of city life,
And I long to be away
Down on the farm with its greatest charm,
The scent of new mown hay.

To hear the click of the mowing machine,
As it hums like a drowsy bee,
While it cuts the hay which falls away
As the woodsman fells the tree.

To hear the voice of the meadow-lark
As he flits from tree to tree,
And longs his song the whole day long
Until the day is done.

To hear once more the lowing herd
Come slowly up the lane,
As their cuds they chew, they deeply moo,
In such a mournful strain.

To see the sun set in the hills,
And shed its dying ray
Of scarlet grand o'er the smiling land,
And the field of new mown hay.

To see at twilight the forest green,
And hark to the whippoorwill,
And the evening breeze sighing through the trees,
When everything else is still.

To sleep once more in the old farm house,
On that home-stead far away,
While through the air comes that fragrance rare,
The scent of new mown hay.

To hear the beetle's mournful hum
As he wheels his droning flight,
And the nightingale's song ring sweet and long,
Throughout the summer night.

But these things now are past and gone,
And I am far away,
But how loud I'll pray praise, could I once more
O'er a field of new mown hay.

"WAR WORK OF LENNOX AND ADDINGTON"

The Beaver is daily receiving letters of congratulations upon the "War Work of Lennox and Addington". It is the first book of the kind published in Canada. It contains a faithful record of what was done by all the Red Cross Societies, the Daughters of the Empire, and all other patriotic organizations in the County. Its greatest value is the account of the young men who joined the army. These names have been most carefully compiled and a short account given of what was done by every boy from Lennox and Addington. To have our records up to date call at the Beaver Office and examine this valuable book, and see if your name and history is there. If not, send us the name and history of your son, brother or friend who served in the war. A cloth bound copy of 256 pages will be mailed postage prepaid upon receipt of $1.60, which is less than the actual cost.

HOLLOW EARTH.

Natural gas has been found for thirty or forty years past in the State of California and used by farmers in cooking and lighting; and in the State of Indiana, where it is got in large quantities, and is piped 150 miles into South Chicago, by the Illinois Steel Company, (now United States Steel Company), since the beginning of the Carnegie plant and all others in the States. The pipe that carries the gas from the Indiana gas well is as large as a man's body and lined with fire brick. This gas comes out of the pipe at the furnace for smelting the ore in a white heat flame the size of the pipe and melts the iron in the ore as though it was peeling, going continually night and day, year in and year out, without cessation. They told me that the gas in the pipe was ignited for 50 miles back from the furnace, and pouring out on the ore with a terrific roar. I saw the whole working of the steel plant-from the vessel unloading the ore at the dock to the loading of the steel rails and plates for ships, loaded on cars, one continual movement all the time. The machinery is all overhead in the building and the lifting of material is all done by the power of steam and traction. A stamp comes down from above on the plate of steel and other things and are swung from place to place carried along overhead where it is wanted on the car, and then the attraction is cut off, and the steel plate or rails lay gently in their place on the car. What that power of attraction is to lift such tremendous weights I do not know, unless it be like "Mahomet" powers—a handsome bed with the top of his tabernacle secretly when built, and then told his people that when he died to place the coffin there, according to the exact spot, and his body would immediately ascend to the top of the church and to always remain so, and no other body was to be placed where his was placed at the altar, as that spot was sacred and holy. He died and they did his body to be placed in a steel coffin, and of course, all his orders were carried out, and when Mahomet was so placed at his death by the bearers and they let loose, up went "Mahomet" to the top of his church, and there remained for many years till a big lightning storm came along and struck the tabernacle, demolishing it, and down came old Mahomet. Attraction is powerful even until gravity. So I suppose that is the reason some fellows have so much more magnetism in them than others, that they have no trouble to get the girl they want,—just touch them and away they go.

GRANGE-COWAN WEDDING.

One of the smartest and most picturesque nuptial events in many a day in the city was responsible for a large assemblage of fashionable guests Saturday afternoon in the First Presbyterian Church, when Isabel Florence, daughter of the late David James Cowan and Mrs. Cowan, "Birkhill", was united in marriage to Mr. George Reginald Grange of this city, son of the late A. W. Grange, Esq., and Mrs. Grange, of Napanee.

Summer flowers, magnificent peonies, with branches of syringa were massed against the choir gallery and pulpit, while the pews reserved for invited guests were marked by knots of orange blossoms. The minister of the church, Col. (Rev.) William Beattie, D.D., C.M.G., officiated, Mr. George Lethbridge presiding at the organ.

Promptly at 4.30 o'clock the groom and best man, Mr. Mervin Sutcliffe, of Lindsay, entered the church from the vestry and took their places. The triumphant strains of the Lohengrin bridal music announced the arrival of the bridal party, which advanced up the aisle preceded by the ushers, Messrs. Kenneth Ingram, Grant Fisher, Ernest Little, Russell Beattie, Eric Stewart, Lindsay, and Sherman Hill, Hanson.

Next came the flower fairies, Mary and Constance Lailey, tiny daughters of Mr. and Mrs. Oswald Lailey, of Toronto, veritable little human flowers in petal frocks of yellow French organdy. With them were worn hats with scalloped and fluted yellow organdy brims and crowns of lattice work of pale pink, blue and orchid. They carried colonial bouquets of sweet peas. Following was the bridesmaid, Miss Kathleen Cowan, younger sister of the bride, winsome in trailing frock of pink georgette, gracefully draped with long side panels, and her pink hat wreathed with lilacs shading from pink to mauve. Her bouquet was a shower of orchids and sweet peas.

The young matron-of-honor, Mrs. Clarence Kemp, of Toronto, was a picture to delight the eye in a gown of orchid georgette, fashioned exactly like that of the bridesmaid, with which she wore an orchid mauve mohair hat, twined with lilacs shading from pale pink to deep purple, and silver shoes. She carried a shower of orchids and pink sweet peas.

Last came the lovely young bride, one of London's most popular society girls, a vision in her nuptial robe of cut velvet on satin, draped at the back in a cascade of orange blossoms caught down one side. The neck was cut in bateau mode, the sleeves girlishly short. The long court train was of white satin lined with pale green georgette, and over it fell in graceful folds the wedding veil of rose-pointe lace, arranged in coronet fashion, held in place with a wreath of orange blossoms. She carried Ophelia roses showered with lilies of the valley.

Following the service in the church the guests drove to "Birkhill", the home of the bride's mother, Talbot street, where a reception was held during which the music of Lombardo's Orchestra provided a delightful accompaniment to the hum of conversation and laughter.

The happy young couple received the congratulations of relatives and friends, standing in a bay window in the drawing-room, banked with palms, roses and peonies.

Mrs. Cowan, mother of the bride, welcomed her guests, wearing a handsome black gown of canton crepe embroidered in jet, a black hat with ostrich garniture, a corsage of orchids and lillies of the valley adding a color touch.

Mrs. Grange, mother of the groom, also wore a handsome black costume and corsage of orchids and lilies. Mrs. E. W. Grange was gowned in mauve with white leghorn hat, and carried her bouquet sweet peas. Miss Constance Grange, sister of the groom, wore a dainty frock of white and blue, and blue hat.

A buffet luncheon was served in the dining-room from a table centered with a silver basket of roses and gladiantum ferns, with vases filled with Roses and ferns placed at the corners.

Mr. and Mrs. Grange left Saturday evening to spend their honeymoon at Lake Placid, N.Y., after which they will take up their residence in London. For travelling the bride donned a chic French frock of navy blue canton crepe embroidered with steel beads and navy blue straw hat with ostrich plume. Her smart wrap was of black canton crepe lined with cherry red, and finished with a caracul collar.

Among the out-of-town guests were: Mr. and Mrs. Arthur Pepler, Toronto; Mrs. A. W. Grange and Miss Constance Grange, Napanee; Mrs. Winnett-Thompson, Toronto; Mr. and Mrs. Walter Sampson, Gananoque; Mr. and Mrs. Fred Richardson, Napanee; Mr. and Mrs. Henry Sanderson, Toronto; Mr. and Mrs. Robert Carlyle, Toronto; Mr. and Mrs. Percy Rice, Detroit; Mrs. DeCourcy O'Grady, Wimbledon; Mr. and Mrs. Lund, Cowan and Miss Mabel Cowan, Galt.—London Advertiser, Monday, June 19th, 1922.

ADOLPHUSTOWN.

The Odessa Baseball team met its local team on Saturday last. the score being 12-9, in favor of Adolphustown. The next match will be in Tamworth to-morrow. — A number from here attended the play. "The Key to Jack Canuck's Treasure House", put on in the Parish Hall, Sandhurst, by the Misses Bell.—Catharine Gallagher and the Misses Benn are home from Napanee for the summer holidays.—Mrs. Lehman, of Niagara Falls, N.Y., is the guest of Mr. and Mrs. Ephraim Fitchett.—The Girls' Altar Guild is holding a strawberry festival on the rectory lawn tonight. RE DECORATION OF SOLDIERS' MONUMENT.

AT NAPANEE, JULY 1st, ON THE COUNTY GROUNDS.

On Dominion Day last year, the "United Empire Loyalist" Chapter, of the Imperial Order, Daughters of the Empire, initiated the decoration of our Soldiers' Monument by the placing of a wreath at its base. There was also a floral offering from the Daughters of Dorcas, and several others by individuals, with a very simple attendant ceremony.

Realizing the value of such an observance to the children, young people and others of our town and vicinity, the Daughters of the Empire desire to make this an annual event, and of as impressive a nature as possible.

To this end the Chapter has obtained the permission and co-operation of the County Council for such an observance. The interest and assistance of the Mayor and Town Council is also being sought, as well as that of the Principals, staffs and pupils of our schools. Invitations have been sent the above, as well as to the Officers Commanding the N. C. Cadet Corps, the Signalling Corps, the Boy Scouts, the Girl Guides, the Frontenac Knights, also any ex-service men who care to attend, and the co-operation of the Napanee Band will be requested; as well as the attendance of the School Board.

The Chapter is hoping for, and counting upon the children, young people and others, taking part in a not too lengthy, though interesting, programme.

The day chosen for this commemoration being the afternoon of Dominion Day, Saturday, July 1st, at 4 o'clock, at the Monument, where it is hoped a large assemblage will show interest and approval by its presence.

A most cordial invitation is extended to all citizens and everyone interested to be present, and thus assist the Committee of the I. O. D. E. in charge of the arrangements of the day in impressing upon our children and youth the necessity of keeping ever in remembrance the gallant deeds so nobly done, the supreme sacrifice which she wore an orchid mauve mohair hat, twined with lilacs shading from pale pink to deep purple, and silver shoes. She carried a shower of orchids and pink sweet peas.

Last came the lovely young bride, one of London's most popular society girls, a vision in her nuptial robe of cut velvet on satin, draped at the back in a cascade of orange blossoms caught down one side. The neck was cut in bateau mode, the sleeves girlishly short. The long court train was of white satin lined with pale green georgette, and over it fell in graceful folds the wedding veil of rose-pointe lace, arranged in coronet fashion, held in place with a wreath of orange blossoms. She carried Ophelia roses showered with lilies of the valley.

Following the service in the church the guests drove to "Birkhill", the home of the bride's mother, Talbot street, where a reception was held during which the music of Lombardo's Orchestra provided a delightful accompaniment to the hum of conversation and laughter.

The happy young couple received the congratulations of relatives and friends, standing in a bay window in the drawing-room, banked with palms, roses and peonies.

Mrs. Cowan, mother of the bride, welcomed her guests, wearing a handsome black gown of canton crepe embroidered in jet, a black hat with ostrich garniture, a corsage of orchids and lillies of the valley adding a color touch.

Mrs. Grange, mother of the groom, also wore a handsome black costume and corsage of orchids and lilies. Mrs. E. W. Grange was gowned in mauve with white leghorn hat, and carried her bouquet sweet peas. Miss Constance Grange, sister of the groom, wore a dainty frock of white and blue, and blue hat.

A buffet luncheon was served in the dining-room from a table centered with a silver basket of roses and gladiantum ferns, with vases filled with Roses and ferns placed at the corners.

Mr. and Mrs. Grange left Saturday evening to spend their honeymoon at Lake Placid, N.Y., after which they will take up their residence in London. For travelling the bride donned a chic French frock of navy blue canton crepe embroidered with steel beads and navy blue straw hat with ostrich plume. Her smart wrap was of black canton crepe lined with cherry red, and finished with a caracul collar.

Among the out-of-town guests were: Mr. and Mrs. Arthur Pepler, Toronto; Mrs. A. W. Grange and Miss Constance Grange, Napanee; Mrs. Winnett-Thompson, Toronto; Mr. and Mrs. Walter Sampson, Gananoque; Mr. and Mrs. Fred Richardson, Napanee; Mr. and Mrs. Henry Sanderson, Toronto; Mr. and Mrs. Robert Carlyle, Toronto; Mr. and Mrs. Percy Rice, Detroit; Mrs. DeCourcy O'Grady, Wimbledon; Mr. and Mrs. Lund, Cowan and Miss Mabel Cowan, Galt.—London Advertiser, Monday, June 19th, 1922.

BRYANT PLEADS GUILTY TO SHOOTING POLICEMAN

AND IS SENTENCED BY JUDGE MADDEN TO SEVEN YEARS IN THE PENITENTIARY

Gets Two Years for Robbing Mahood Bros. Store—Erwood Upton Pleads Guilty to Same Charges, But Sentence Is Postponed.

At the general sessions at Kingston, on Thursday morning last, June 15th, Erwood Upton pleaded guilty to two charges, that of shooting with intent to do bodily harm to Detective James Cotter, and also with shooting the officer with intent to unlawfully resist arrest. The shooting occurred on September 16th, 1921.

Frederick Bryant pleaded "not guilty" to two similar charges and his case was taken up, but after it had proceeded about an hour and a half, Bryant asked permission to change his plea of "not guilty" to that of "guilty" and he was allowed to do so.

Bryant was sentenced to seven years at hard labor in the Portsmouth penitentiary, and on this charge Erwood Upton was remanded for sentence till the next sessions.

Erwood Upton and Frederick Bryant pleaded guilty to robbing Mahood Bros.' store on October 21st last.

Bryant was sentenced on this charge to two years in the Portsmouth penitentiary, his sentence to run concurrently with the sentence on the other charge.

On the robbery charge, Erwood Upton was remanded till the next session.

Prisoners Brought In.

Erwood Upton and Fred Bryant were escorted to the prisoners' box by a guard. A. B. Cunningham, K.C., counsel for the Upton boy, was present, and as the shooting charge was read a plea of "guilty" was entered.

T. J. Rigney, K.C., was present as counsel for Bryant, and as the charges against him were read by the Clerk of the Court, Bryant said, "Not guilty". Crown Attorney J. L. Whiting said he was ready to proceed with the case, and the task of empanelling a jury was proceeded with. A dozen or more jurors were asked to step aside by the crown attorney as their names were called, but the following were finally sworn:—

Lawrence Keeley, Thomas Hastings, James Campbell, William Coupe, Robert J. Crawford, James Fagan, Harvey Hawkey, George Redden, James Shortall, Michael Combray, William Truesdale and Robert Armstrong.

Detective Cotter's Story.

Mr. Whiting called Detective James Cotter as the first witness. Detective Cotter recalled the theft of an automobile belonging to Richard Waddon, and stated that on September 16th, the police received a report to the effect that the stolen car had been driven through Harrowsmith. With Stuart Patterson, a local taxi driver, and William Lyons, who had been employed as a driver for Richard Waddon, the witness started out in a car to find up the stolen car. Witness then told about "spotting" the car on Two-Perts Road, where the shooting took place. He told about getting out of the car and ordering the men in the stolen car to surrender. He said he drew his revolver and returned the first fire, and then stated that shortly afterwards, he was hit in the arm, became very weak, and fell to the ground. Patterson tied up his arm and went to get help. At this stage Mr. Whiting had the witness exhibit his wounded arm to the members of the jury.

Detective Cotter said he was in the General Hospital from the day of the shooting (Sept. 16th) till October 4th. Shortly after leaving the hospital, he was compelled to return, owing to the fact that the arm gave him much trouble.

W. Lyons Tells of Firing.

William Lyons, who was in the car with Detective James Cotter, said he identified the stolen car as they drove along the road. Witness said he could see the men in the other had a rifle. As Detective Cotter got out of his car and ordered the men in the other car to surrender, witness heard one of the fellows say, "Don't move". He heard another say, "Get in the back or we will drive you back." Shots were then fired by the men in the stolen car. One shot went through the windshield of the car witness was in. As the firing continued, witness ran down on the floor of the auto. When the firing ceased, he called out to his companions to see if they were all right but he did not get any answer. He looked at the other car and noticed three fellows standing near it.

One man, he said, was examining the eye of another fellow, and witness also heard one say, "You will be all right."

They saw me then, and fired several shots," added the witness. "One of the shots came through the door of the car. I thought it would be better to remain quiet and pretend that I was dead. Later on I heard one of the men say, 'Shoot to kill, we have got to get out of here.' I looked out of the car and could just see the top of the other car as it was going away. Two more shots came from the car as it went away. I kept down in the bottom of the car until the shots quieted down and then I got out and looked around. I could not see Cotter or Patterson at that time. Later on, I noticed Cotter lying in a field close by.

Witness said that he counted thirteen shots in all in the police car he was riding in.

Recognized Bryant and Upton.

"Were you able to recognize the three men?" asked Mr. Whiting.

Witness said he recognized Erwood Upton and Fred Bryant.

Bryant was the man who had his eye hurt.

To Mr. Rigney, the witness said that at the time of the accident, he could not "place" Bryant, but thought it was him, but was not positive at that time.

Questioned by Mr. Whiting, the witness said that he had no doubt now about one of the men in the car being Bryant.

Maitland Lake, who keeps a garage at Yarker, recalled two men coming to his garage for gasoline on the day of the shooting. The car had been a little distance down the road from the garage. He thought the men were Bryant and Upton, but would not swear positively.

Sherwood Upton's Admission.

Sherwood Upton was then called to the stand, escorted by Earl Jenkins, a guard from the penitentiary. To Mr. Whiting, he admitted that he and his brother and Bryant had stolen's Waldron's car. He admitted driving the car through Yarker and got gasoline near there. The crown attorney asked Mr. Lake, the previous witness, to stand up, but Sherwood Upton said he could not say whether he was the man who gave them the gasoline.

Witness admitted having firearms in the car. There were two rifles. Witness said he did not have a rifle, but that the other two men had the rifles.

"What did they do with the rifles when the policemen came?" asked Mr. Whiting.

"They scared them back," was the reply.

"They started to fire?" queried Mr. Whiting.

"They fired to scare them back."

Continuing, Sherwood Upton stated that when called to surrender they attempted to get in the car. They thought the only thing to do was to fire a couple shots and go back. There were three guns, which were loaded, in the back of the car. My brother and Bryant each got a rifle but the third rifle was left in the car. One of us told the detective's party to go back and we would not touch them. They said they wanted the car and we returned a couple of shots. My brother Erwood drove the car past the other car which was standing. To get the most out of the back seat of the car, my brother and I were fired over this gap and then we drove away. I didn't see the third gun, which was in the bottom of the car."

When questioned by Mr. Rigney, witness stated that he didn't know at the time that anyone had been hit in the other party. He had heard about it that night. He stated that his one in the car had been hurt.

On being cross-examined by Mr. Whiting, witness stated that Bryant had had his eye hurt by a shot from his brother's rifle.

Bryant Changes Plea.

Erwood Upton was on the witness stand for a few minutes, and Carl Robinson was called, but at the request of Bryant on advice of his counsel asked for the permission of the court, through Mr. Rigney, that he be allowed to change his plea of "not guilty" to one of "guilty". Bryant was greatly affected by this turn in the proceedings and burst into tears. Judge Madden then discharged the jury.

The Mahood Robbery.

Erwood Upton and Fred Bryant were then charged with breaking into Mahood Bros.' store on the night of October 21st and stealing jewellery. Both pleaded guilty to this charge.

Judge Madden then passed sentence on Bryant, sentencing him to two years in the penitentiary, at hard labor on the two counts of the charge of shooting Detective Cotter.

In passing sentence, Judge Madden remarked that he was sorry for him, but it was his duty to carry out the law. He said that the shooting was bad and he was sorry to have fired but one but many shots wanting to destroy evidence of identity. He also added that Bryant had done well to change his plea.

Erwood Upton, who had pleaded guilty when first arraigned on the Cotter charge was remanded by Judge Madden for sentence at the next sessions.

On the charge of breaking into Mahood's store, Bryant was sentenced to two years in the penitentiary, the term to run concurrently with the other sentence. Upton was remanded for sentence on this charge.

BAND CONTEST

at the Toronto Exhibition

THIS YEAR, Music Day at the Canadian National Exhibition is Thursday, August 31st.

Last year, this was a gala day at the "Ex," and thousands of music lovers gathered to hear the contest and encourage their respective favorites. The competition is held yearly with the object of improving band music throughout Canada, and all bands should endeavor to co-operate.

Every Band Has an Equal Chance of Winning $2950. in Cash Prizes

The competition is open to all amateur bands and is divided into two classes, according to size of band.

In addition to the cash prizes, Special Challenge Trophy will be awarded to the winning band in Class A, in whose custody it will remain for the ensuing year. The winner's name will be inscribed on the trophy. Besides this, each member of first prize band in both classes will receive a handsome individual award. All members of competing bands admitted to the Exhibition grounds free. Bandmasters, bandsmen and others interested can secure full particulars regarding adjudicators, test pieces, rules and entry forms by communicating immediately with

NAPANEE CHAUTAUQUA JULY 3d, 4th, 5th, 6th, 7th, 8th.

CHAUTAUQUA PRAISED BY AGNES LAUT.

Noted Author, Historian and Publicist Publishes Excellent Article About Dominion Chautauquas In MacLean's Magazine.

"The Chautauqua is an absolutely open forum," declares Miss Agnes C. Laut in June 15th, 1922, issue of MacLean's Magazine", in the course of a two-page article in which she tells many amusing experiences while lecturing on one of the western circuits of the Dominion Chautauquas last summer.

"Chautauqua stands for no class, creed, race," continues Miss Laut. "It is open to all classes, all creeds, all races, if they have a message, voice, story, lecture, play, music which will help, inform, instruct, lighten, entertain the hearers. It stands for no special propaganda, and yet for all propaganda that will help the race. Its key-note is joy and its motive is inspiration, whether through a wholesome laugh, new facts, new light on facts, or pure entertainment; but entertaining the inspiration must be, and inspirational the entertaining must be.

"In the Chautauqua money is not the motive. Chautauqua has never been a money maker."

It is reported from authoritative sources that more Chautauquas will be held in Canada this summer than ever before, and all indications are that a larger number of people will attend, so popular has become this form of summer entertainment, which is just a bit more than mere entertainment.

The Ontario Chautauquas open at Niagara Falls Monday, June 19th, and will continue throughout the summer until late August; more than one hundred towns and cities in the province will be served with a six-day or a four-day program. More than 100,000 Ontario people will attend.

"Yes," said the old man to his visitor, "I am proud of my girls and would like to see them comfortably married, and as I have made a little money they will not go penniless to their husbands. There is Mary, twenty-five years old, and a really good girl. I shall give her $1,000 when she marries. Then comes Bet, who won't see thirty-five again. I shall give her $3,000, and Sue and who takes Eliza, who is forty, will have $5,000 with her."

The young man reflected a moment, and then asked: "You haven't said about fifty, have you?"

OBITUARY.

Nellie M. Parrott.

The subject of this sketch, in the person of Mrs. Elgin S. Parrott, was born in Camden Township, on April 22nd, 1884, her father and mother, Mr. and Mrs. Archibald Burgess, being of Irish descent. When Nellie was five years of age, they removed to Ernestown Township, where she lived until married on April 2nd, 1902, to her now sorrowing husband, Rev. S. T. Bartlett, then of Grace Church, Napanee, performed the marriage ceremony. Since then she with her husband have resided on the old Albert Parrott homestead, about two miles west of Odessa.

Mrs. Parrott was converted to God when quite young, in a revival meeting held at Wilton, and has since been a member of the Methodist Church. She loved the place of worship and became an active worker in every phase of church life, especially in the Sunday School. She was very fond of music and enjoyed the association of her friends.

About three years ago symptoms of cancer appeared and an operation was performed, which was thought to be successful, but at short intervals two other operations followed when she seemed free from the disease, but last winter signs of failing health indicated that more trouble had developed, and another operation was performed. While in the hospital her friends were called to her bedside, fearing the end was near, but with wonderful recuperative power she rallied and returned to her home when she seemed much improved in health, but after a few months she began to grow worse and gradually failed until on June 9th, 1922, she was not for [illegible] with wonderful patience and cheerfulness and a courage seldom exceeded. [illegible] was a sufferer so much for God was glorified in the truth of [illegible] and a firm reliance on the merits of Jesus's blood as her only hope [illegible] husband, and [illegible] Ruth, she leaves to mourn, sister, Mrs. Eva Sydenham, and Mrs. Fred. Wood, of Rutland, Vermont, both of whom spent much time with her during her illness, and two brothers, E. W. Burgess, of Odessa, and M. C. Burgess, of Napanee.

The funeral services were conducted by Rev. Geo. Nickle, of Odessa, and [illegible] Rev. E. C. Tait, of Morven, and all that was mortal was interred in the Fourth Concession cemetery, in certain hope of the resurrection to life eternal.

An experienced golfer, in a fit of condescension, invited a novice to a game. The novice, to the golfer's disgust and disgust, plowed up the ground all around the ball at every stroke.

The golfer stood it for a while, but after one particularly vicious dig into the tee, he remarked:

"You've revoked."

"We're playing golf, not whist," said the novice.

"Yes," replied the golfer, "but you have just played a spade where you should have played a club."

"Jim Bilkins is dead."

"How come?"

"He stuck his head into the Red Dog saloon and hollered 'Fire!'"

"Well?"

"They did."

OBITUARY.

Mrs. F. S. Wilson.

Effie Alma Jackson was born in the Township of Richmond, in 1860. She was an only daughter to Durland and Melinda Jackson. Three brothers were, Walter, of Baldur, Man; Alonzo, of Marlbank, and Irvine, of Selby. Almost the whole of her life was spent in Napanee. She was converted and joined the church at [illegible] ed to God and joined the church at thirteen years of age. She remained a member until she crossed the river. In November, 1882, from under the shadow of Grace Church she was married by Rev. Stephen Card and Rev. J. P. Wilson to Frank S., son of the Rev. David Wilson, and established their home in North Fredericksburgh, near Anderson Church. That home was famous above many for the genial and generous hospitality to the itinerants of those days and to an ever enlarging circle of close friends. Her bright and cheery, but self-effacing disposition was most winsome. After twenty years of the farm the home was established at Napanee, and for the past six years she lived [illegible] frame was laid to rest. In spite of suffering intense her spirit always was as the dew of the morning. The end came on Thursday, June 15th, and at Riverview cemetery on Saturday afternoon her worn part. The fragrance of many flowers attested the love and sympathy of many sorrowing ones. The hour was tender with many tears. An only daughter, Mary, and her husband, Frank S., exercised a patient love and care that might not be excelled. Revs. Dr. Wilson and W. D. P. Wilson, of Belleville, bore constant token of affection through the long illness. The body was born to its last resting place by six close relatives: Col. H. R. Wilson, of Belleville; Dr. Malcolm Wilson, Belleville; Dr. Donald Wilson, Kingston; Harold Wilson, Kingston; Mr. Harold Holton, Belleville, and Mr. Harry Roney, Napanee.

"HER OWN MONEY" — SPARKLING COMEDY

The play of the week, "Her Own Money", is clean, wholesome, delightful. It presents a story that gets close to everyone's heart, for it deals with a newly-married couple, a middle-aged married couple, and a couple seriously thinking about matrimony.

It is the sort of a play that you would want your mother, your wife, and your daughter—especially your daughter—to see. You will probably cry a bit—but for every tear there are a dozen chuckles and several uproarious laughts. All in all, play night will be an evening of rare delight.

Should husbands and wives, early in their married life, come to a definite understanding of the financial basis of the partnership of marriage? What do you say? See the play and then decide.

HONOR ROLL.

THE COUNTRY CLERGY.

Rev. R. P. D. Hurford, B.D.

The problem regarding the country clergy is by no means a simple one. It cannot be denied that there are attractions in the country, and that there are comforts and advantages of a very real nature. Yet it must be allowed that to the young man with ambition there are very definite attractions in the town. People tend to gravitate towards the city. This is particularly true of young people, and it is often the young man who is in charge of the country parish.

The country parish is important. It trains and provides many of the young people who fill the towns. It is important because Canada is largely rural. The great thing, then, is to make the country parish attractive. It must be made an ideal parish. The energies of our authorities should be concentrated upon making every rural parish as much what it ought to be as possible. An ideal rural parish should not have more than two churches. If it is necessary to have three, then the rector should not be expected to hold more than two services a Sunday throughout the winter, and should not be required to be away from home on Sunday evenings in the winter.

Why No Questionnaire?

Have we ever heard of a questionnaire or sympathetic letter being sent by the Bishop or the authorities to the country clergyman asking if he needs help or guidance? Such questions as, Is there anything we can do to aid you in your work? Is your stipend sufficient for your needs? Is it paid regularly and in full? Is the property in good condition and your house comfortable? Do you desire a change, and if so, why? would be more readily answered and more gratefully received than a set of papers asking questions regarding parish statistics. They might even result in improving parish statistics. How encouraging would be a sympathetic letter from the Bishop giving a word of appreciation and praise when work is well done, or trying to help if things are not going well. Of course, it is not suggested that everyone desiring a change would get it, but the man's position would be understood, and things might be made such that he would be content to remain. Should a change be found necessary it could be arranged and an exodus to another diocese saved. Why not a yearly questionnaire, then, to the country clergy, or to all clergy? The writer casts no reflection on his own diocesan, who is particularly sympathetic to his men.

One weakness of our system is that often the appointing of a rector is not made a good business deal. Surely religion is not to be carried on "business methods"! The parish ought to be definitely pledged to pay a certain salary and in regular and full instalments (say monthly). This should be strictly adhered to. If a parish fails to do this, or if the clergyman feels dissatisfied and moves away, the people get a new man, anyway, and they know this will be so. Then it should be definitely agreed that at least once a year the rectory and churches, too, should be inspected by the wardens to see what repairs are necessary. The parish should pledge itself to undertake all such necessary repairs. Let the parish make the move to see what needs repair, rather than that the clergyman, with trembling heart, make a request and then perhaps be told that money is scarce or he thought wanting too much.

Stipends Again.

How about amount of stipends? The clergy desire to be reasonable, but they also feel that the reward for their services must be adequate. It cannot be wondered if they feel disappointed to see young women with no home or car to maintain, getting more than they do. Every country parish, should at least provide $1,440 or $1,500 with a house. Though it may be true that the cost of living is cheaper in the country than in the town, it is also true that the country clergyman has to keep up a car or horse and rig, perhaps both. The average man spends at least $200 a year running his automobile. Then there comes a time when he recognizes that it would be better to trade his car for a new one, or to get a younger horse for an old one—but who is to foot the bill? Why cannot the parishes do something? Travelling expenses are not generally taken out of a man's salary. An outlay of $500 every five years for a new car is no small item.

Yet, the country clergy are restless. They are mainly young men, and if they had no ambition they would not be restless. Let the restlessness lead to the diocesan authorities asking its cause and asking whether all is being done that is necessary to aid the country clergy. It is not enough to say to an ambitious (restless) young man, "There now, be a good boy, go to that parish and stay there and we can do something for you." An interest must be taken in the needs of the man. If the parish does not satisfy the man, perhaps it could be made to do so. Then something might be done to help the country clergy with their problems. Because of their isolation they need retreats of a spiritual and inspirational nature. They need meetings where their particular problems are threshed out. They need an occasional invitation for a town brother to exchange pulpits. They need helpful visits from Bishop, Archdeacon, or missioner, who will come to encourage and inspire. Make the lot of the country clergy better, make their parishes more ideal, give them more sympathy, let them be helped to realize that Canada is largely rural and therefore their work important, and there will be less restlessness and also better work accomplished.—The Canadian Churchman, June 1st, 1922.

Church was over, the congregation filed slowly out and gathered in little chattering groups in the churchyard.

Presently the vicar came up and joined a select little party. He introduced an old sea captain to the leading light of the village, a wealthy Mr. Smith.

"You must have seen each other in church to-day," said the beaming vicar.

"Sure," said the old salt, "e was sleepin' in the next bunk to me."

NEARLY CRAZY WITH PAINS IN BACK

Read How Lydia E. Pinkham's Vegetable Compound Helped Mrs. Beecroft

Hamilton, Ontario.—"I have suffered for three years from a female trouble and, consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pains and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Vegetable Compound to several friends."—Mrs. EMILY BEECROFT, 16 Dundurn St., Hamilton, Ontario.

For nearly fifty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast.

If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It has helped others, let it help you.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is absolute in clearing the system of worms and restoring those healthy conditions without which there can be no comfort for the child, or hope of robust growth. It is a most trustworthy worm exterminator.

How to Have Beautiful Walls

The most economical and satisfactory way is to paint them with Mellotone—a flat wall paint made by Lowe Brothers.

Mellotone is easily applied with a brush. Dries quickly with that soft, dull velvety finish that is so much desired.

Using it you can have a different color for every room, yet all will be in perfect harmony.

Mellotone colors are as soft as the tints of the rainbow.

Easily cleaned with soap and water.

Come in and see the sample panels and ask for literature.

LETTER OF CONDOLENCE

Napanee, June 5th, 1922.

Mr. and Mrs. Robert Clark.

Dear Brother and Sister,—We, the members of Eastern Star L.O.B.A., No. 240, desire to convey to you both our sincere sympathy at the loss of your sister. She is not dead, but gone before, on the journey from which no traveller ever returns. You must feel that this is just another link forged in the chain that must bind you closer to that Heavenly home, whither she has taken her flight.

We pray God to strengthen your faith, and lead you also to be with the Father in Heaven.

Fraternally yours,
in F. H. and C.,
JENNIE SAGAR,
Rec.-Secty.

COUNTY JUDGE'S CRIMINAL COURT CASES.

In the County Judge's Criminal Court held at Napanee on Friday, June 23rd, 1922, before His Honor Judge Madden, Fred Johnston was found guilty of theft and sentenced to three years in Kingston Penitentiary. On a charge of escaping from goal he received a sentence of one year in the penitentiary, the sentences not to run concurrently. The crime for which Johnston was convicted was the theft of clothing and boots from the boarding camp of the men who were engaged in paving Dundas street last August. Johnston was committed for trial on this charge by the Police Magistrate, and while awaiting trial he escaped from the gaol, and was arrested last week in Kingston, and now goes back there to serve four years for his offences.

In the same court J. H. Ferris, charged with theft, was honorably acquitted, and the complainant, H. Ferber, of Kaladar, was bound over to keep the peace for two years in the sum of $500 and $1000, and ordered to pay all the costs of the court.

CELEBRATES HER 92nd BIRTHDAY

The home of Mr. and Mrs. D. B. Ruttan, Bath, was the scene of a joyful and unique party on June 21st, when a party was given there in honor of Mrs. Ruttan's mother, Mrs. Harriet Tompkins, on the occasion of her ninety-second birthday. The party was doubly unique in that it served many purposes of joyful celebration. The house has just recently been built and the thirty-seventh anniversary of Mr. and Mrs. Ruttan's wedding was on June 22nd, so that the event was a birthday party, a housewarming and an anniversary celebration.

Four generations were represented beginning with Mrs. Tompkins, her children, seventeen grandchildren and some twelve great-grandchildren. The children of the venerable lady are Frank, of Newburgh; John A. of Bath, and Charles, of Watertown, N.Y., and one daughter, Mrs. D. B. Ruttan, of Bath. All the children were present with the exception of Charles, of Watertown.

MAPLE AVENUE.

O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home.

Chairman ..... Mr. W. G. Wilson

Address ..... Mr. W. S. Herrington

Song—"O Canada."

O Canada, our home-land strong and free,
Fair are thy lands that spread from sea to sea.
And with our lives we'll guard thy liberty.

Address ..... Capt. Wager

Selection ..... Band

Address ..... Brig. Gen. W. St. Pierre Hughes

Song—"The Maple Leaf".

In days of yore, from Britain's shore,
Wolfe the dauntless hero came,
And planted firm Britannia's flag,
On Canada's fair domain.
Here may it wave, our boast, our pride,
And joined in love together!
The Thistle, Shamrock, Rose entwine
The Maple Leaf forever!

LORD BISHOP'S VISIT TO PARISH OF CAMDEN EAST.

The Right Reverend Edward J. Bidwell, D.D., Lord Bishop of the Diocese of Ontario, paid his yearly visit to the Parish of Camden East, on Sunday last. In the morning at 10.30 service was held in St. Anthony's Church, Yarker, at which His Lordship dedicated a beautiful Memorial Window to the late B. S. O'Loughlin, donated to the Church by Mr. Stuart Connolly, a nephew, and Mrs. Burpee, a niece, of the deceased. After the solemn service of Dedication there followed a Celebration of the Holy Communion, the Bishop being celebrant, assisted by the Rev. A. S. Dickinson, Rector of the Parish. The Bishop preached a very helpful sermon from the "Parable of the Great Supper", which is the passage of Holy Scripture appointed as the Gospel for the day, found in the 14th chapter of St. Luke. Before beginning the sermon, His Lordship referred feelingly to the death of Mr. O'Laughlin, whom he had known as a member of the Synod and whom he knew had done a great deal to help on the work of the Church, not only in his own Parish, but also in the Diocese at large. His sterling qualities won for him a place in the hearts of very many and he is greatly missed.

In the evening at 7.30 Confirmation service was held in St. Luke's Church, Camden East. The Rector presented a class of twelve candidates for the Apostolic Rite of "the laying on of hands". Some of those presented were quite advanced in years, having been in the past, members of other religious bodies. The Church was filled to its utmost, and all present must have found great inspiration from the solemnity of this impressive service; and from very early days words of the Bishop spoken to them and to the confirmation candidates. His Lordship took for his text the last and 2nd verses of the 6th chapter of the Epistle to the Hebrews, in which are enumerated the foundation principles of the doctrine of Christ, one of which, he clearly pointed out, is "the laying on of hands". The Bishop's whole discourse was full of Divine truth and the seed sown will undoubtedly bear fruit. During the offertory a beautiful setting of "Just As I Am", etc., was sung by a quartette by Mrs. E. Hamilton, Mrs. J. Hamilton, Mrs. R. Comfort and Mr. Dickinson, Mrs. Dickinson presided at the organ in her usual, capable manner. The Church was well filled, a whole congregation joining heartily in the singing of the very suitable hymns chosen for the occasion.

NEWBURGH.

Mr. S. Naylor and family are at Varty Lake for the summer.

WEDDING BELLS.

ANDERSON—FLETCHER.

One of the prettiest of June weddings was solemnized Saturday afternoon, at "The Rotary," the home of Mr. and Mrs. A. H. A. Fletcher, Queen St., when their only daughter, Edna Muriel, was united in marriage with Mr. James Elmo Anderson, son of Mr. Ira Anderson, Selby. Rev. S. W. Moore, B.A., B.D., Pastor of the Methodist Church, officiating. The bride was given in marriage by her father, and looked very lovely in a gown of cream Duchess satin and radium lace, with brussels net caught with orange blossoms, and carried Ophelia roses. Her only attendant was her little cousin, Ruth Fishleigh, of Oshawa, who wore a dainty dress of white voile and lace, with touches of pale blue ribbon, and carried a basket of sweet peas. The bride entered the drawing room to the strains of Mendelssohn's wedding march played by Miss Jennie Merchant, who also sang sweetly during the signing of the register.

The floral decorations of fragrant natural flowers, spiraea, iris and peonies, made the rooms beautiful, the color scheme in the hall being in white and yellow; in the parlor white and pink, and the dining room in white and mauve.

About thirty-five guests were present, and a buffet luncheon was served by a number of girl friends of the bride, the table being prettily decorated with sweet peas and pink moss roses. The groom's gift to the bride was a green gold mesh bag; to the pianist a pearl crescent, and to the flower girl a silver mesh bag. Among the valuable gifts to the bride was a cut glass water set from the "Good-year" Office staff, and a "kitchen shower" from the Methodist Choir, of which the bride is an esteemed member and soloist.

The happy couple left later on a motor trip to Toronto, the bride wearing a dress of Princess Mary blue canton crepe, with hat to match. On their return they will reside in Bowmanville. Among the out-of-town relatives and friends present were Mr. Ira Anderson, Selby; Mr. and Mrs. Gordon Anderson and Betty, Belleville; Mr. and Mrs. C. H. G. Fletcher, Miss Tutt, Mr. Howard Plummer, Mr. and Mrs. James Stewart and Eleanor, Mr. Albert Sampson, Toronto; Mr. E. V. Greenfield, Stratford; Mr. and Mrs. Theodore Fishleigh, Oshawa; Mrs. Wm. Caswell; Clarke.—Taken from a Bowmanville paper, June 15th, 1922.

WADDELL—GONYOU.

At 12 o'clock on Wednesday, June 21st, 1922, a very pretty but quiet wedding was solemnized at Christ Church, Tamworth, when Rev. J. A. Foster united in marriage Annie Beatrice, only daughter of Mr. and Mrs. Christopher Gonyou, Enterville, and Wm. Delbert Waddell, eldest son of Mr. and Mrs. Wm. Waddell, Robbin. The four-some bride looked charming in sky blue organdie over habital silk, with lovely hat to match, and wore her groom's gift, a gold wrist watch. Shortly after the ceremony was performed the wedding party motored to Robbindale, from where they left on the 2.39 train for Chatham and Detroit, the bride travelling in a lovely dress of black taffeta trimmed with burnt orange, and black picture hat to match. On their return they will reside near Robin, where the groom is a prosperous young farmer. Their friends all join in wishing them a long and happy wedded life, many of whom will give them a warm reception on their return.

OBITUARY.

Mr. L. E. Wilson.

That death is no respecter of age is plainly seen in the way it entered the home of L. E. Wilson, on Monday, June 19th, 1922, and claimed for its victim dearly loved Ethelbert, the sunshine of that home. By the death of Mr. Wilson, not only his wife is greatly bereaved, but also his relatives and innumerable friends. He was not only a loving and devoted husband, but a Christian abounding in good works and a model of what a husband should be.

Although for several years he had been in failing health, the last nine months being very trying, despite all that loving hands and medical skill could do to prolong his earthly days he passed peacefully into the arms of his loving Saviour with a perfect resignation to God's will. His sufferings were very intense, yet never a murmur, but always a smile and cheery word for all. Truly it can be said, "Patient through suffering". It seems so hard to see a sweet young life like Ethelbert cut off in its prime, but let us say in our deep sorrow, "Thy will be done". He has been called to a higher service, called to be forever with the lord whom he loved and delighted to serve. We sorrow not for him but for those who have been left behind—for his broken-hearted wife and sister, Mrs. W. A. Ramsay.

His funeral, which was largely attended, took place on Wednesday, June 21st, at Camden V. Presbyterian Church, it being under the Masonic Order. His Pastor, Rev. E. B. Cooke, assisted by a former Pastor, Rev. F. A. McLean, spoke very brief and suitable words of comfort; a solo which was beautifully rendered by Mrs. Cooke, "Sometime We'll Understand", being very appropriate, as the deceased was often heard to express those words.

The numerous floral tributes betokened the sympathy of his many friends.

Whether the corn be of old or new growth, it must yield to Holloway's Corn Remover.

CAMPERS

ONTARIO'S forest wealth is dwindling. Every year forest fires take disastrous toll. Careless campers cause eleven per cent. of Ontario's forest fires. Last summer 112 cases of neglected camp fires were reported. This summer be careful.

Save Ontario's Forests
They're Yours

DON'T

DON'T take chances with fire in Ontario's forests.

DON'T throw away matches or cigar butts, pipe "dottle" or burnt matches until you are dead sure they are out.

DON'T neglect to drown out your fire with hot water.

DON'T build your camp fire against a rotten log or stump—not on windy days—not near dead or dry leaves—not on the trunk of a tree.

Build it in a former fire place, or on a flat rock, or on a spot cleared down to the true soil by removing all the inflammable stuff.

DON'T forget that a fire built at the base of a tree, particularly a hollow tree, is hardly ever dead if well built.

When you build your fire to make tea, fry bacon or add cheer to pipe and story-telling time, use a woodsman's precautions.

The real woodsman builds his fire on an old fireplace, if there be one handy. Failing that he scrapes away all litter, moss and fibrous rotted wood down to the mineral soil, or the bare rock, and preferably some place close to the water. He knows that if fire gets into the moss or the upper woody layer of forest soil, or in a half-rotted log or stump, it "holds over," burns away unnoticed underneath, and unless followed up and carefully put out, is liable to break into a flame later. He knows how hard it is to put such deep-smouldering fire out. So he makes his cooking fire surprisingly small and compact, and chooses a spot that is absolutely safe.

It is a mark of his finished woodsmanship how thoroughly he drowns his fire out with plenty of water when he is through with it. Save the forests. You may want to camp again.

VALUE OF CHEESE AS A FOOD.

Its Consumption Three Times Mere Per Capita in Britain Than In Canada.

A companion pamphlet to Miss Helen G. Campbell's "Why and How to Use Milk" has been published by the Dominion Department of Agriculture, Ottawa. This pamphlet is entitled "Why and How to Use Cheese". Besides giving a history of cheese making and of the different kinds of cheese, of which it will surprise most people to hear there are some 250, upwards of three dozen methods are described in which cheese can be used to make savory and nutritious dishes.

All cheese making in Canada was carried on as a farm industry until 1864, when the first factory came into existence in Oxford County, Ontario. In the following year a factory was established in Missisquoi County, Quebec. The progress of factory establishment was so rapid that in a few years the system was generally adopted, and farm-made cheese became a rarity. While every one of the nine provinces has its cheese factories, about 97 per cent. of the production has to be credited to Ontario and Quebec. Incidentally it might be mentioned that the total value of the cheese made in this country runs up to between thirty-five and forty million dollars per annum, and the quantity totals up to around a hundred and fifty million pounds, sometimes over and sometimes under. The variation in production is considerable, as will be understood when it is stated that in 1914 it was 169,478,240 lbs. and in 1920 nearly twenty million pounds less.

In Canadian factories the manufacture of cheese is mostly confined to what is known as Cheddar, but sometime Stilton is turned out on the Dominion Experimental Farm at Agassiz, B.C., and the Trappist monks at the Oka Agricultural Institute in Quebec make what is known as Oka cheese. Another form of cheese made in this country is Cottage cheese, which is made in many households from sour skim-milk without the aid of rennet. For cream cheese there is also a demand of some dimension. Miss Campbell dwells upon the advantages of cheese in the diet, tells how it can best be kept, and suggests that Canadians would be well advised to eat more of it than they do. This suggestion gains force from the fact that the consumption of cheese in Britain is about four times per capita more than it is in this country.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Is Now a Healthy Boy

"From a puny, delicate child, my little Johnny has become a strong sturdy boy."

One mother writes: "If you had seen my little Johnny four months ago and you were to see him to-day, you would scarcely think he is the same boy. Then he weighed only 49 pounds. To-day he weighs 80 pounds, almost double what he weighed four months ago. His trouble first started with a cold, which we never thought became he was strong and healthy boyed for age exceptionally large child. After a while he began to notice that his strength, instead of getting better, was getting worse, that he was always tired and losing flesh. He seemed to be tired all the time and had no energy to do anything. I decided that the cold he had no right with his lessons and recommended him to Dr. Williams' Pink Pills. At first I was loth to notice a change. However, I soon became whether he knew he was or not and nothing seemed to satisfy him. He coughed so much and complained of his throat and head. I feared and thought he would surely have a hard time with. Medicine and tonic mixtures didn't do him any good. Finally, in desperation, and as a last resort, we tried Carnol. In a short time his cough had almost disappeared. His appetite was returning and he was beginning to take an interest in his studies. And, thanks to Carnol, he has become as strong and healthy as he has ever been."

Carnol is sold by your druggist and if you can conscientiously say, after you have tried it, that it has not done you any good, return the empty bottle and he will refund your money.

IN MEMORIAM.

In loving memory of Sydney Samuel Wakelin, who departed from us two years ago today.

Two years have passed since that sad day,
God called the one we loved away;
Forget him, no we never will,
As years roll by we love him still.
Gone is the face we loved so dear,
Silent is the voice we loved to hear;
Too far away for sight or speech,
But not too far our thoughts to reach.
Answered by love death cannot sever,
Sadly we miss him and will forever.
Some day, some time we shall see
The sweetest face we held in memory.

Dad.—Father, Mother, Brother.

Outing & Summer Wear

Palm Beach and Tweed Summer Suits

Palm Beach Suits have been up to this year, in the luxury class. Prices are now lower, and we have marked our genuine Palm Beach Suits very close at $20.00 to introduce these serviceable, stylish and comfortable summer suits.

For those who prefer Tweeds, we have expertly Tailored Two-Piece Halifax Tweed Suits in semi-staple and snappy styles for young men.

BOYES' Tailor-Made Suits

Prices for farm produce are steadily rising. This is also in evidence in Men's Fine Suitings. We do not mention this to prepare you for higher prices in BOYES' "Made-in-Napanee" Suits. We simply draw your attention to the fact that our prices can not be lowered this summer or fall.

If you value true fit, good style, hand workmanship and long wear it will pay you to buy our genuine Tailor-Made Suits.

New Shades in Women's Silk Hosiery

We now have on our shelves a very complete range of Colored Silk Hose for Ladies. These shades include sponge, camel, lark, nude, steel, fawn, cloud, smoke, gunmetal, pearl, cordovan, and the staples—navy, brown, white and black.

These are mostly in the famous Holeproof make.

The Reconciliation Scene in the Great Play, "Her Own Money"

There is much comedy and much good sense in the great comedy-drama, "Her Own Money," to be presented at Chautauqua this summer by the Percival Vivian Players of New York City. Above is shown a part of the closing scene of the three-act play.

"A Mass of Sores —No Sleep— Unhappy Days"

writes Mrs. Orange Harvey of Danville, Quebec, R. R. 2. "I doctored with doctors until the first of May, then I got a bottle of D. D. D. AT ONCE MY PAIN GOT BETTER. I used but a bottle and a half, and have been entirely well ever since."

Why not see if half a bottle will relieve your case of skin disease, too—on our guarantee that the first bottle will show results or your money back! Trial 50 cents; regular size, $1.00 a bottle. Try D. D. S. Soap, 25c.

BEFORE BABY COMES

Watchful Care Necessary

Lydia E. Pinkham's Vegetable Compound is a splendid medicine and should be taken by the expectant mother. It will assist her in keeping well and strong. This is very necessary, not only for her own comfort but for the future well.

Read the experience of Mrs. Barton of New Brunswick, and please bear in mind that every letter published recommending Lydia E. Pinkham's Vegetable Compound is genuine and unsolicited. It is the expression of gratitude from women who have been helped.

Cumberland Bay, N. B.—"I was troubled with weak feelings, headache, at the times enough, fainting spells and pains in my back and side. I could not do a single bit of work and had to be helped out to the hammock where I lay in the fresh air from morning until night and I had to be carried up and down stairs. After other medicines had failed a friend advised me to take Lydia E. Pinkham's Vegetable Compound as she said it was excellent for anyone in the family way. Before the first bottle was taken I could walk alone and as I kept on with it I got stronger, until I was able to do all my work. My baby is now six weeks old and is a big fat healthy fellow. I am sure Lydia E. Pinkham's Vegetable Compound has done wonders for me and I recommend it."—Mrs. Murray J. Barton, R. R. No. 1, Cumberland Bay, N. B.

HOLLOW EARTH.

There are natural gas wells north of Lake Erie and out into the lake, but that is not necessary to get out into the water after it, for I know that it can be found anywhere on the Globe by going deep enough. Of course, one would not try to get it from the Rocky Mountains,—that would be too much work, like getting into a lake after it. There is a natural gas outburst north west of Calgary on fire (about 25 miles N. W.), and has been burning ever since the country there was first settled, and cannot be put out; throwing up a continual flame the size of a large steamer's smoke stack and about as high. I have a photograph of it. The system of the arteries and veins from the centre containing 7,900 miles in diameter of gas, through the earth or crust of the earth 100 miles thick, is similar to that of a man or animal's body carrying oil and gas from the heart, fire arteries and veins and then fibres to lend the blood to the skin. Hence the reason for Indians in the north to find fish plates to run out a line in the ground and cook with it.

It is my belief that the earth was made in three parts, the outside and inside of the earth, connected by enormous tubes, and from the outside tubes it is supposed to be cool by plants and fish, and from the inside tubes it is supposed to be warm by animals and human beings, and from the Globe last winter was caused by two plants getting on the tubes and could be seen and smelled 50 miles in the north and the white heat extending from there was neither hot or cold as of gas or coke. Astronomers claim that worlds are being created all the time. I believe, for the reason that I have seen "darkness" in the "Heavens of National History" in New York City, in Central Park, one of them 3 or 4 feet in diameter, composed of millions and millions of suns as are supposed to be real but when they strike the earth and there are pieces of one which I have struck that were found 2 miles from the main one, and there are many of those pieces in the museums. I would advise anyone who has not seen them, if they ever go to New York City to go and visit this museum in Central Park. They will see things they never thought of, from excavations of the ancients and things of the future all over the world. Coffins with bodies embalmed in them of the rulers four thousand years before Christ in a perfect state of preservation. Go and see the museum, you will never regret it. You will find all of the tales the Bremer, and read what others have said.

(To be continued).

Financial Strength

THE principles upon which a Bank is founded, the number of years it has been in operation, and the policy followed during these years—these features, combined with its present standing, form the criterion of the strength of a Bank.

The Bank of Montreal began business in the year 1817 with a modest capital of $350,000, and for over a century it has followed a conservative—aggressive policy until to-day its capital and reserve fund total $55,500,000 and its total assets are in excess of $650,000,000.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware. Soap, water and a dish towel is all you need. Ask for

Now that I know how to use Rinso why it's just splendid.

Knowing how to use Rinso correctly means finding workless wash days. It's well worth while. Let us ask—are you making the same mistake as Mrs. Carr?

WHAT WAS MRS. CARR'S MISTAKE?

She forgot that Rinso is not the same as ordinary soap flakes or washing powders. She did not give Rinso an opportunity to show its wonderful powers of washing clothes clean just by soaking. She used to put Rinso direct from the package into the tub without first making the famous Rinso liquid.

The result was that the fine granules of soap essence of Rinso were not properly dissolved and their value was not spread evenly through the wash so that however all the dirt in every garment—ready to come away in the rinse. The result of course was disappointing.

THE PROPER WAY TO USE RINSO

Now this is the proper way to use Rinso—for ordinary washing—For each tubful of clothes take half a package of Rinso put in a little cool water and stir until it is in a cream thoroughly dissolved. Add two quarts of boiling water and stir well. When the froth subsides there will be a clear amber coloured liquid. Partly fill your tub with cool or lukewarm water and add the Rinso liquid. Put the clothes in, so that each is covered and soak the things thoroughly overnight. Do not just dip them up and down.

In the morning rinse the clothes until the water runs clear. Only soiled collars and cuff edges may need a slight rubbing with your fingers. No need for washboard or boiler—just wring and dry.

EXTRA SOILED GARMENTS

Greasy or badly soiled garments—soak overnight in lukewarm Rinso suds, first rub a little moistened Rinso as it comes from the package on badly soiled spots. Next morning add warm water and rinse. The dirt will just float away entirely.

FOR THE WASHING MACHINE

Rinso is splendid. Soak the clothes for one hour, two hours, overnight, or as long as convenient, then add a little fresh Rinso liquid and operate the machine. Rinse thoroughly and the clothes are clean—all the dirt will run away.

Follow these simple directions and you will be delighted, Monday after Monday, with the Rinso way of washing.

ROD AND GUN IN CANADA.

"Man of the Hudson's Bay Company", is the title of a new continued feature which starts in the July issue of Rod and Gun in Canada. It is by N. M. W. J. McKenzie, a man who spent many years in the service of the company, and who, by reason of his long term of service, is able to present a narrative of absorbing interest, full of reminiscences of the days and the events of the North of bygone days. It will be continued in future issues of the magazine, and it is certain to prove an intensely popular feature. There is a fish story entitled "Shooting Fish", which is told in humorous vein, by that well known writer, Maximilian Foster. H. Mortimer Batten, whose work has become very popular with Rod and Gun readers, is at his best in "Pirepoint", a thrilling tale. Then there are other features and articles which are well up to the standard. The departments are of generous size and high quality, and altogether the July number is one of the best ever published.

Rod and Gun in Canada is published monthly at Woodstock, Ontario by W. J. Taylor, Limited.

The final game on Friday evening was won by C. H. S. Derry's rink.

Dr. Shorey Retires.

The many friends of Rev. Dr. Shorey, of Napanee, will regret to learn that he has decided to retire from the active ministry of the Methodist Church, after a service of forty-nine years, and will now be on the superannuated list. Rev. Dr. Shorey has been one of the most successful and popular ministers in the Bay of Quinte Conference, and his retirement will be generally regretted. He had two successful pastorates on the Cambridge Street Methodist Church, and has a very warm place in the hearts of our citizens.—Lindsay Post, June 24th.

Help the Boy Scouts.

It is safe to say that no organization at the present day, outside of the schools and churches, is doing more for the welfare of the boy than that known as the Boy Scouts Association. The Napanee Troop is making splendid progress under the very competent leadership of H. LeRoy Babcock, and deserves public support and encouragement. The boys will have a Tag Day on July 3rd, and as this is the first time they have appealed for assistance they are hoping for a sympathetic response. They have been working for a long time with almost no balance of funds on hand, and now they need to raise their appointment for headquarters to defray the expenses of their proposed camp, and to provide some necessary equipment for the troop.

Gift to Napanee Church.

The new organ donated by Mr. J. F. Walsh to St. Patrick's Church, Napanee, as a memorial to his late beloved wife, will be installed next week. It is hardly necessary to say that the repeated liberality of John Francis Walsh to his native church is deeply appreciated by pastor and people, and that this his latest offering is not only a suitable climax to his former unstinted and timely benefactions, but is also a fitting memorial to his devoted and much beloved wife, who in the years of youth took such lively interest and gave so willingly the services of her splendid voice in the choir of St. Patrick's. The new organ is from the firm of the Estey Company, Vermont, and fills a long felt want, while it completes the religious furnishings of the beautiful Church of St. Patrick's.—The Canadian Freeman, June 22nd, 1922.

THE WAR WORK OF LENNOX AND ADDINGTON

Everyone attending the Memorial Service on Saturday, at the Soldiers' Monument, should take home a copy of the "War Work of Lennox and Addington". In it he will find a sketch of the service and sacrifice of every man whose name is engraved upon the monument. Few people realize what those brave lads endured. This volume is on sale at the Beaver Office and the Napanee Bookstores. Call in and examine it and secure a copy now when it is available.

AN ORIGINAL STORY.

"Nineteen and Phyllis" Is Not An Adaptation

That Charles Ray is absolutely impartial as to the merits of the original story compared with those of successful stage plays and books for screen use is demonstrated by his latest production, "Nineteen and Phyllis" which will be the attraction at the Wonderland Theatre, commencing July 3rd. "Nineteen and Phyllis" is an original story from the pen of Frederick Stowers, and the film which has been made from it is declared to be one of the very best in which Ray is starred. "Forty-Five Minutes From Broadway" and "Peaceful Valley", Ray's two preceding vehicles, were adaptations of famous plays. "Whether a screen story is an original or an adaptation does not matter", says Ray. "The main consideration is that it rules have those qualities which are essential to the production of a good photoplay."

The Last Call for June Bargains

And, to eclipse all other records, this week we are selling at the lowest possible prices; timely goods that should be of great interest to all, and what we will not sell we intend to give away free, as we are determined to wind June up as a bumper month.

For one week only, and starting on Saturday, we will give with every $1.00 purchase and over, one Fancy Tea Apron, made of Fine Lawn and Swiss Muslin. The regular price of these Aprons range from 25c. to 75c. each. We bought them from a reliable firm at a special clearing price, and we are taking this opportunity of passing them over to our customers and friends as a free gift with every $1.00 purchase.

Another great bargain for this week.—We are placing a large range of genuine Silk Moire Underskirts on sale in a range of desirable colors and all sizes. Suitable for Ladies and Misses. These goods were purchased at a special clearing job price. The price of these Skirts last year were $6.50 each. We are placing samples in our window for your inspection, and we would ask you to come and examine these lines for your own satisfaction. Our Sale Price will be, until the last one is sold, $1.49 each.

We would just remind you that we have a few Hammocks of our large range to be cleared at interesting prices this week.

This week we are giving special attention to Men's Overalls and Combinations.

Extra fine quality Men's Outing Khaki Trousers, $1.75 to $2.49 pair.

Men's heavy Blue and White Stripe Overalls. Sale Price, $1.75 pair.

Men's heavy Black Overalls, in extra good quality Duck, $1.98 pair.

Men's out size Blue and White Stripe Overalls, in 8 oz. Duck, $1.98 pair.

Men's heavy Combination Overalls, in the heaviest quality obtainable. Nothing better for mechanics and garage men. $3.49 suit.

Just to hand! An assortment of something new in Ladies' and Misses' Voile Dresses, in all sizes and a large range of colors and styles. Prices ranging from $6.49 to $10.00.

ON OUR SECOND FLOOR

We are placing a large range of English Jugs at special prices.

Extra large Glass Fruit Dishes, 25c. and 35c. each.

Special cut prices will be given this week on all Fancy China and Toilet Sets.

FOR ENTERTAINMENT OF THE BETTER SORT.
GEO. J. TUSTIN, Proprietor.

Program for Week of June 30th to July 6th

FRIDAY AND SATURDAY

Now is your chance to see "THE BEGGAR IN PURPLE," in 6 reels, also a big comedy. Also episode 4 of "Winners of the West."

MONDAY AND TUESDAY.

Everybody will see CHARLES RAY in his own picture, "19 AND PHYLLIS," a galaxy of giggles from title to tailpiece. His best—and that's saying something.

Also CHARLIE CHAPLIN in his second million dollar comedy "SHOULDER ARMS," in 3 reels. See it. It will make you burst.

WEDNESDAY AND THURSDAY

"CONQUERING POWER," showing a touch of Paris and a bit of peasant life, when money brings unhappiness. Also a dandy comedy and episode 9, "WITH STANLEY IN AFRICA." Wear your button, "Mandrill." Come one, come all!

Mayors, Reeves, Councillors—. Do Your Part!

MUSIC DAY is now an annual institution at the Canadian National Exhibition. On Thursday, August 31, Canada's amateur bands will again compete for $2,950 in cash prizes, a handsome Challenge Trophy and individual awards. Every band has an equal chance of winning the right to call itself champion of Canada, as each band will be competing with bands from its own class.

Is Your Band Good Enough?

You know it ! Call a meeting to discuss ways and means. See that your Band is entered for the contest immediately. It will not only give pleasure and financial gain to the winning contestants, it will also be a source of pride to the old Home Town, and will bring it into prominence before the thousands who will be present on this day. Every member of competing bands admitted to the Exhibition free.

OBITUARY.

Rensselaer Zenas Bush.

Our community received a shock on Tuesday evening, June 20th, when it was learned that Rensselaer Zenas Bush had succumbed following an operation at Kingston General Hospital. He was born in Richmond Township in the year 1875, the son of Mr. and Mrs. John J. Bush, who survive, at the old homestead. Educated in the public school there he early took an interest in all that pertained to progressive citizenship. In the year 1897 there was solemnized his marriage with Miss Minnie Foote of the same township, now left to mourn the loss of a faithful husband and loving father. The union was favored with the following children: Miss Gladys, Ray and Ross, twins, the two now residing at Forest Mills; Fred and Vera also at home.

For five years "Rast" as he was familiarly known, served with vigor as Councillor of Richmond Township, finally ascending to the chair as Reeve. These duties enabled him to take a keen part in the affairs of the community and to represent its interests in the combined County Council of Lennox and Addington and participating in deliberations and conveyancing duties involving the welfare of rural life. Being a Methodist Church layman found in him a loyal consecration, devoting to church obligations. On a drive home from Napanee, his farm two years ago, and his connection with the cheese industry and established a home in South Sydney. Here he carried on with his straight, hopeful spirit serving as overseer in connection with county road work and on the work of the Corporation of Kingston. A few days before a untimely death he felt his stomach trouble suddenly manifested itself in severe pains. Despite expert medical attendance, X-rays, and consultation, an operation was found necessary, but the ravages of the trouble were past aid, and after untold suffering and a brave struggle for life he succumbed.

The funeral was held Friday afternoon, June 23rd, at 2 o'clock, to Riverview cemetery, and the large concourse of friends and neighbors who followed to the grave bore evidence of the regret and sorrow keenly felt. Rev. Archibald, of Selby, and Rev. Dr. Herwig, of Kingston, conducted the services at the house. Tributes were paid by these floral offerings and kindly words to the deceased's character and adherence to the principles of honor, truth and virtue. The pall-bearers were, M. P. Graham, J. Rogers, J. Frisby, B. Black, A. T. Armitage, J. Bell and Charles Bush, especially is extended to the bereaved widow and young family in their sore trial, but theirs is a consolation that earnest piety and the consolation that earnest piety and the consolation that earnest piety and the consolation that earnest piety and the consolation that earnest piety and social disposition.

Mrs. Edward Irons.

The many friends of Beatrice Adelaide, beloved wife of Mr. Edward Irons, will extend their deep sorrow at her death, which occurred on Monday at the family residence, on Mill St., Napanee, after a long period of illness in poor health since early last fall, but had only been confined to bed for three days. On Monday evening she suffered a chill which developed pleurisy, followed by pneumonia, and despite the best of medical attention and all the loving and tender care of her family, she passed away in the early hours of the Sabbath morning. The late Mrs. Irons was highly respected in the community in which she resided, and by her kindly disposition and many neighbourly qualities endeared herself to all with whom she came in contact. Besides her sorrowing husband, she also leaves a family of four children, the eldest a boy of about eleven years of age. Deceased was a daughter of Mr. and Mrs. Jacob A. Moore, who are residents of Mansen, Nebraska, Ont., brother, Mr. William Moore, who lives in Napanee, Ont., and one sister, Mrs. Davy, of Saskatchewan, also survive. To the sorrowing and heart-broken husband and little family and relatives is extended the deepest sympathy of a host of friends. The funeral took place on Tuesday afternoon at 2 o'clock. Services were conducted by her Pastor, Rev. A. J. Terrill, at Grace Methodist Church, after which the remains were interred in the family plot in Riverview cemetery.

The best known spot to meet and shop. Wallace's Drug Store.

YARKER.

The crops are looking fine in this locality, with all the prospects of a bumper crop. — The public driving bridge is receiving a new six-inch covering, which was badly needed. We are told this is only a temporary one, as the Council is going to erect a heavier bridge later on.—A. A. Connolly is making extensive repairs to his water wheel and flume.—The lawn social held on the church grounds was a decided success, considering the weather. The proceeds amounted to about $125.00. Yarker Methodist Church has an ideal place to hold a lawn social, rain or shine. The grounds have been improved very much this summer.—Fred. Lawrence is moving to his farm near Bath.—Rumor says we are going to have three doctors in our village in the near future. — Rev. Down is back from Whitby, where he attended the Methodist Conference. — A. A. Connolly and Vandervoort Bros. have taken up camping at Varty Lake.—J. E. Smith, Renfrew, was a caller at J. T. Main's this week.—Mr. Kirkham motored to Sharbot Lake this week. — Mr. A. D. Leonard, Agent G.N.R., on vacation, is being relieved by Mr. N. G. Young, Toronto. Mr. Leonard expects to occupy the residence purchased from Mr. Amey this week. — Those on the sick list are: Mrs. F. O'Neil and Mrs. H. Walker; both are improving.—Mrs. McClymont is visiting her parents in Montreal.

WILSON'S CROSSING.

The farmers of this district all seem to be busy trying to get the hay crop secured, which is a very good one this year.—We are glad to hear Mrs. Fred Wagar, who has been in the hospital in Kingston, is improving fast.

A number from here attended the chicken supper at Chippewa on Thursday evening, and report a dandy time. — Mrs. Wm. Dowling called at Mrs. Wagar's, on Monday last.—Mrs. Orlando Kellar and Leon are spending a few weeks at R. Potter's. — Mrs. M. Lucas is spending a few days at her daughter's, Mrs. J. Fenwick, Napanee. — Mr. and Mrs. M. H. Switzer spent Monday in Napanee, attending a celebration.—Miss Alexander, of Napanee, is spending a few days with her cousin, Mrs. Sarah Wilson.—Miss Estelle, of Shannonville, spent a few days last week with her sister, Mrs. Allen King.—Master Theo. Dillon is staying a few days at Mr. Thos. Breen's. — Miss Charlotte Breen spent a few days last week at Mrs. Noad's.—Mr. E. Potter and family and Mr. and Mrs. Orlando Kellar and Leon spent Sunday at Mr. Alf. Cousin's, Yarker.—Mr. and Mrs. W. Gullen, of Cannan, spent Thursday evening at Mr. E. Potter's.—Mr. Allen King spent Tuesday evening at the bedside of his father, Mr. G. King, Fifth Lake, who is very ill, with little hope of recovery.

MARLBANK.

Dominion Day passed off quietly in our village. The morning and afternoon rains spoiled to some extent the festivities.—A few attended the celebration in Napanee.—Joseph Baker received the news of the sad and unlikely death of his brother, in the Kingston General Hospital last week. — The many friends of Miss Gertrude Mowers are glad to know that she is recovering from her severe illness. — Misses Jeanette Young and Marion McLaughlin have gone to Stanhope Lake for their Summer Model School. — Misses Alberta Revelle and Stella Allen are in Madoc for the same purpose.—Blake McCutcheon has gone to Gouverville, and Harold Logan to Picton, to spend the summer vacation.—Mrs. M. Hall has returned to Toronto, after spending a few days at the Hall's.—Miss Katie Kitchen, of Peterboro', is visiting her grandparents, Mr. and Mrs. Wm. Perry.—Ralph Revelle spent a few days last week under the parental roof.—Wm. Bonn and family, Toronto, visited relatives here last week.

ENTERPRISE.

We have had very showery weather through June, making it hard to cure the alfalfa hay crop, but the last few days have been ideal hay weather. — The baseball game played here between Adolphustown and the home team resulted in favor of the visitors. — Mr. S. B. Merrill spent a few hours in town this week.—Mrs. Servoss, of Ohio, is spending a few days with her sister, Mrs. Frank Thompson. She is accompanied by her two little daughters.—Miss Edna Clarke is visiting friends in Frankford and Wooler. — Mr. Mr. Reginald Smith has taken a position as traveller for the Exide Battery Co., of Oshawa. — Quite a number are preparing to go out on their camping outing to the lakes for their summer vacation.

BETHANY.

Quite a number from here attended the union picnic at Huffman's Island on Wednesday last.—Mr. and Mrs. Keech spent Sunday at Mr. Stanley Joyce's.—Mr. and Mrs. E. H. Sills and Mr. and Mrs. Percy Sills, of Prince Edward, visited friends here over Sunday.—Miss Neva Hambly left on Saturday last to attend summer school at Madoc.—Mr. and Mrs. A. Rowe, Northport, were over Sunday with their daughter, Mrs. S. E. Hambly.—E. F. Keech is building a new veranda for Mr. A. Dempsey.—The Ladies' Aid will meet on Thursday, July 13th, at the home of Mrs. Joe Hicks.—Mr. and Mrs. E. S. Bartley motored around to Deseronto on Monday.—Mrs. Geo. Burtch is on the sick list. We hope to see her around again soon.—A special meeting of the Quarterly Board was held at Bethany on Monday evening.— Some have started haying, but the weather man has not delivered the right kind of goods to get the hay cured.—Mr. Stanley Lang has rented Geo. Burtch's tenant house.—Mrs. E. Conger, who has not been enjoying good health, is improving, we are glad to report.

CAMDEN EAST

Mr. George Hutton, Toronto, spent the past two weeks with his sister, Mr. and Mrs. Clifford Skinner.—Mr. Harry Martin and his brother-in-law Mr. Lennox, and little son, Toronto, motored here and spent last week end with the former's sister, Miss L. Martin.—Rev. Mr. S. Dickinson and family have gone camping at Rye Lake for a couple of months.—Mrs. Sidney Williams spent several days the past week visiting her sisters, Mrs. Orser, Harrowsmith, and Mrs. Sigsworth, at Hartington.—Mr. Norman Blakely and two little daughters, Norma and Jean, spent last week end at Tweed, visiting his parents.—Mrs. Wm. Loucks left Saturday evening last to visit her friends at Yarker South, Mr. and Mrs. J. Switzer, for a few days. —Mr. and Mrs. L. Hartman spent Sunday last at Wilton with their friends, Mr. and Mrs. R. N. Lapum.—Mr. and Mrs. Manna Hartman, Colebrooke East, spent Sunday last with the latter's brother, Mr. and Mrs. Fred Snider.—Mr. and Mrs. Loeman Campbell and little son, Harvey, of Kingston; Mr. and Mrs. D. HERE'S A REAL WAY TO MAKE MONEY

Last year crops were short. Some farmers round this part didn't get enough to feed their cattle.

You can't make money out of dairy or beef cattle when you have to feed them expensive and comparatively inefficient grain, hay or roots.

With a Hylo Sylo on your place you would always be sure of sweet, green ensilage—the lowest-priced feed—feed that makers put on weight and keeps cows sleek and contented and increases milk flow.

I'd like to show you with pencil and paper that a Hylo Sylo will pay for itself in one season. I'd like to tell you of farmers who say that their Hylo Sylo returns them its original cost every year!

I've also a block of wood to show you—imported Southern Long Leaf Yellow Pine—very close grained, heavy as spruce—stronger than oak—wood that makes the Hylo Sylo everlasting. Let me tell you, too, how the staves are grooved, smoothed and beveled—about the self-draining end-joint about the anchorage—self-adjusting hoops—patented door lock and ladder—and all those other exclusive features that put the Hylo Sylo in a class by itself.

In short, let me show you a real way to make money.

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. Much has been said recently as to the enormous damage caused to the forests of Quebec and New Brunswick by insect attacks on spruce. Is there any definite information on this?

A. The Chief Forester of Quebec estimates that the budworm in Quebec alone has destroyed no less than 75,000,000 cords of valuable pulpwood and this figure is just half of the estimate made by the Entomological Branch of the Federal Government which places the loss at 150,000,000 cords, representing a loss in raw material of from $750,000,000 to $1,500,000,000.

Attacks of this insect pest have reared for the present in many districts. A further loss of less magnitude must ensue through the weakening of the forest trees which renders it more prone to damage by other insects, particularly by bark beetles. The losses in Ontario, Quebec and New Brunswick from insects and from forest fires exceeds very greatly the amount of timber annually cut. This means of course that the capital stock of our forests is being rapidly depleted.

Q. I have a considerable area of farm land in Saskatchewan and would like to plant a few shelter belts of trees. What growth can I expect in five or ten years?

A. The best answer we can give you is from the actual experience of Western farmers. Russian Poplar at the years attains a height of 12 feet 6 inches and ten years a height of 25 feet. Cottonwood at five years will give 10 feet height. Maple 8 feet 6 inches, Birch 6 feet. Ash 5 feet and Elm 4 feet. Conifers from such as tamarack, larch, the spruces and pines grow more slowly although their usefulness places the latter category above all others for permanency and shelter. It is a unique fact that while coniferous trees like tamarack and jack Pine take decidedly long [illegible] to establish themselves they [illegible] attain a growth in ten years [illegible] of Ash, Elm [illegible] [illegible] for Russian larch, [illegible] It is possible to transplant [illegible] trees up to say two feet [illegible] at this season of the year.

A. It is possible but only with the [illegible] public support [illegible] Parks would [illegible] Fall [illegible] [illegible] [illegible]

Be Sure You Put Them Out

CARELESSNESS with matches, cigarette butts, cigar ends, pipe ashes, camp fires, fly smudges, railway locomotives, slash-burning operations—human carelessness of some kind accounts for 67% of the forest fires which every year add further devastation to the northern areas of this province.

DON'T

DON'T take any chances with fire in Ontario's forests.
DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.
DON'T neglect to drown out your fire with lots of water.
DON'T build your camp fire against a rotten log or stump; nor on windy points; nor on moss patches; nor at the base of a tree.
Build it in a former fire place, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.
DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

Here are typical cases picked at random from last year's Fire Rangers' reports:

The rangers in the Ombabika to Port Hope canoe route in the far north on July 4th found an area 10 miles long by 5 miles wide which had been swept by fire since their previous trip. A camp fire left on a portage was the cause.

A prospector on the Montreal River started a fire on July 7th which burned over 4,800 acres in Baden Township, destroying 1,000,000 feet of pine and 9,000 cords of pulpwood, and which required attention for a month.

A party of fishermen camped on Porcupine Lake, Burton Township, Parry Sound, were responsible for a fire on July 10th, which burned over 25,000 acres and 2,000,000 feet of timber.

Indians smoking moose meat started a fire on June 26th, which ran through 1,700 acres of young jack pine trees.

Careless trappers on May 7th caused a fire in Head Township, which burned over 2,280 acres, half of it young white pine.

The best way to fight forest fires is to prevent them.

HOW TO FEED FOR MILK

Rations Must be Well Balanced and Also Generous.

Special Indoor Feeding Required—Silage, Pulped Roots, Chopped Clover, Etc., Recommended—Feed the Cows Liberally.

(Contributed by Ontario Department of Agriculture, Toronto.)

Pastures may produce sufficient nutriment for the average producing cow, but the heavy producer cannot eat enough grass to satisfy her hunger and the demand of her milk producing organs. To such heavy producers supplementary grain mixtures should be fed in quantity sufficient to satisfy the cow's hunger and make possible the full functioning of the milk secreting organs. On good pasture the average producing cow cannot make profitable use of grain feeds, but when on poor pastures the feeding of grain as a supplementary may be the only way by which the milk flow can be kept up.

Pastures Must Be Supplemented by Grain.

Cows producing 50 pounds of milk per day, testing three per cent. butter fat, should receive in addition to good pasture 8 to 10 pounds of mixed grain chop per day. Cows producing 20 pounds of milk per day testing three per cent. butter fat would benefit by the addition of four pounds of mixed grain chop each day to the milking time on return from pasture. In some districts the season of flush pasture may be very short. If such is the case provision for supplementary coarse feeds must be made. This may be most easily done by providing good silage. Many of the corn producing districts have fed silage during the entire summer period in connection with pasture and found it to be very satisfactory in increasing the quantity of the forage crop, in preventing or overcoming the shrinking of the milk flow during a drought, and in keeping the cows in a thrifty condition. In the absence of silage, other coarse feeds must be supplied or milk cannot be made. Many good feeders supplement the fall pastures in August with green fodder corn and second growth clover, or with mixed forage from peas and oats or corn, also follow these. During the fall, winter and early spring, roots, stone turnips and sorghum are frequently used. All these feeds as the season runs have a tendency to have the same effect on the animal body, differing but little in degree. It is said so much water is taken in that milk is only feed enough and use a variety of feeds so that the cow can be fed to the work required of her.

Special Indoor Feeding Required.

With the closing of the autumn and evenings of autumn feeding, commences an indoor feeding over a long period, provision for which should have been made during the growing season, by way of production of ample quantity of silage, coarse roots, grain feeds, and straw. How much cows can profitably through the winter, is the viewpoint too frequently taken by many dairy farmers. Unprofitable work this viewpoint is generally wrong and should be forever about to end. How few cattle can keep to get up all its feed. Lack of definite knowledge as to the feed requirement per animal, and of an easy method of figuring this requirement, has caused much loss through many farmers trying to winter more stock than the feed supply in their barns would warrant. When cows do not well on June pasture, it would be an incentive to all feeders to imitate in so far as possible the conditions of June grasses.

Silage, Pulped Roots and Chopped Clover Recommended.

Well made silage is the best substitute, with pulped roots and cut feed above a good second. Good red clover and alfalfa hays, while not considered are highly nutritious and palatable. With silage, roots, roots and straw at hand, a ration at various has been provided, and it is considered good practice to give producing dairy cows all of these feeds that they will take, without waste. In addition to these bulk feeds one pound of mixed grain chop per day should be fed for each three pounds of milk produced, over and above 10 pounds. That is a cow producing forty pounds of average market milk per day would require all the coarse feeds she cared to eat and ten pounds of mixed grain chop per day. The grain feed requirement can also be expressed as one pound of mixed grain chop per day for each three pounds of butter fat produced in a weekly period. That is if a cow was producing four pounds of butter fat, tested four per cent. butter fat, she would produce in seven days eleven and one-fifth pounds of butter fat. This would entitle her to eleven and one-fifth pounds of mixed grain per day.

Liberal Feeding is Absolutely Necessary.

Another rule that is practiced by the best dairymen is to feed all of a well-balanced ration as a dairy farmers, but unfortunately many of those having the responsibility of cow feeding hate the use of the pencil and figures; and consequently hesitate or neglect this very important item in dairy cow management.—L. Stevenson, Secretary Dept. of Agriculture, Toronto.

NAMED AS HEAD OF BISHOP'S COLLEGE.

Former Overseas Chaplain Made Principal of Lennoxville University.

The appointment of Lieut.-Col. the Rev. A. H. McGreer, M.A., M.C., to be Principal of the University of Bishop's College, Lennoxville, was announced Friday by the Bishop of Montreal.

Rev. Mr. McGreer was a curate at Christ Church Cathedral, Montreal, and afterwards one of the foremost chaplains of the Canadian Expeditionary Force. He recently completed a course of studies at Queen's College, Oxford, and will assume his new duties in the fall term.

He was born at Napanee, Ont., in 1883, graduating with honors from Trinity College, Toronto, in 1906 and subsequently took his M.A. at Toronto University. He was ordained in the Anglican Church in 1909 and was appointed to Barrisfield, coming to Christ Church Cathedral, in November, 1911. On the outbreak of war Mr. McGreer went overseas with the first contingent, attached to the artillery, and saw continuous service in the Somme, Vimy Ridge and Passchendaele districts. In September, 1916, he won the Military Cross for exceptional bravery in passing through a shell swept area in order to give aid to wounded men who were in such a position that not even the stretcher-bearers could get to them. Not only did he accomplish his dangerous task but later he organized a night party which went out and brought in seven survivors of the party of ten.

Soon after this he gained his majority and later was appointed Lieutenant-Colonel and assistant Provost Director of Chaplains for France, finally going with the army of occupation into Germany.

OBITUARY.

Mrs. Anson P. Rose.

The death occurred at Durand, Michigan, on Sunday, June 28th, of Francis M., beloved wife of the late Anson P. Rose, of Selby. Deceased was sixty years of age. Up to within a few weeks previous to her death she had enjoyed her usual health, but while upon a visit to her brother in Durand, she became ill and pleuro-pneumonia quickly developed; and on Sunday evening in spite of all that loving hands and medical skill could do, her spirit peacefully passed to rest.

For the past twenty-seven years, deceased had been a resident of Selby and by her kind and loving disposition, had won the respect and esteem of all who knew her. Her husband predeceased her eight years ago.

There are left to mourn the loss of a loving mother and sister, two sons, Chester of Toronto, and James, of Selby; two sisters, Mrs. George Sherwin, Fenella, and Mrs. D. Stephens, Baltimore, Ont., and four brothers, Tom, of Durand, Mich., and Norman, Lewis and Charlie, all of Baltimore, Ont.

Her funeral took place at Selby, Methodist Church on Wednesday afternoon, the service being very ably conducted by her Pastor, Rev. T. H. P. Anderson. The numerous floral tributes bespeaked the sympathy of her many friends.

HOLLOW EARTH.

Matter, under a suction of a cylinder when the cylinder is hollow and has no piston. In the early days of the pioneer settler of Canada, they used in their threshing machines, after putting the flail or called by some, "the poverty club", in the corner of the barn, a cylinder made of hand-wood plank, sieves with heads in the ends of same material and heavy bands of iron hoops to hold it together. These sieves were off sizing, and everything went along slick for a few years, till after it had rested idle in the threshing-house a sufficient amount of time for worms to eat small holes through the staves unbeknown, and when the cylinder was set in motion for the next threshing it would only run a short time when an explosion of it would occur, and in some instances men were killed in attendance. For confirmation of the fact, I will refer you to Samuel Peterson, of Adolphustown, who still has his father's and Mrs. Turnham offer and preserves tion, which had in the use of these wooden cylinders in the early days an explosion of one that burst the grain out of the barn, and some men in attendance injured. That occurance was not frequent in the country that those kind of cylinders were discontinued, and the open iron bar cylinders took their places.

Hence the motions of the earth heretofore described causes the rarefaction of the centre with gas, and then earthquakes follow. When will the people of the earth learn to live as one in store for them, if brotherhood, harmony and labor would universally reign? Give the Dominion of Canada the farming of the wheels of progress, wonders not yet foreseen would come to make this earth a paradise for the creatures. See in the last century what has come from your own and are doing used in the world. Morse, Edison, Bell and Marconi, while ingratitude to them and their creators are prevalent. It has been said that ingratitude is the basest of all crimes even worse than a murderer—as it is. While nations are trying to prevent wars that something better will come, millions of people all over the world are trying to destroy the good that has been done. What we really need now by those crazy fanatics surprised continually on prohibition of liquor, is to wait that bugbear and get at prohibition of procreation by the degenerated sexes unfit to propigate. When they accomplish that they will have done something for the world that is the greatest of all.

The Boy Scouts.

The appeal which the Boy Scouts made on Monday for funds for their organization was most generously responded to by the citizens of the town. The boys throughout the day were busy disposing of tags and practically none refused to assist. The amount of money received was $138.50. This money will be used to forward the work of the organization; the first draft upon it being the outing at Thompson's Point, where the boys are now encamped. Those in charge of the organization desire to express their gratitude to the citizens for their generosity and they may rest assured that the money will be economically and wisely expended in providing clean, healthy and manly recreation and instruction for the boys of the town.

Waterworks Inspection.

On the 3rd of July, the Inspector representing the Underwriters' Association of Fire Insurance Companies, visited Napanee and tested the efficiency of the Napanee Waterworks. Four streams were put on two hydrants on Dundas street, and the pressure was such as to throw the water twenty or thirty feet above the highest buildings block on the street. This was a test also for the pumps in the new pump house and these instruments things seemed to know that and they put on their good behavior and gave no show what they could do in run up the pressure on the waterworks system resulting in the discovery of several weak portions in the mains and domestic services which has kept the waterworks and plumbers busy the last few days repairing leaks.

Presentation to Mrs. A. D. Leonard.

The Cobourg World of June 22nd has the following: The regular meeting of the Ladies' Aid Society of the Methodist Church held on Tuesday afternoon, was really a joint meeting of that organization and the Women's Missionary Society, who assembled to honor a useful and highly prized member of both societies, Mrs. A. D. Leonard, who is moving to Yarker shortly. At an opportune moment Mrs. A. T. Gould, President of the Ladies' Aid Society, read an address, and Mrs. Flynn, President of the W. M. S., presented Mrs. Leonard with a solid gold purse of gold. The recipient made an appropriate reply. The Mothers'-Department of the Methodist Church, presided by Mrs. Leonard, with a silver flower basket.

RUTTAN REGIME IS HELP TO NATIONS.

McGill Professor Presides at British Chemical Industries.

London, June 30th.—(Star Cable by Windermere, Copyright.)—Professor Ruttan, of McGill University, the first overseas President of the Society of Chemical Industries of Great Britain, is presiding at the meeting of the society in Glasgow next week.

He is also representing Canada at the International Research Council in Brussels in July.

Prof. Ruttan tells The Montreal Star that his presidency is having beneficial results in bringing about closer relations between British, Canadian and American chemical workers.

He was the guest of honor of some fifty leading London chemists on Monday. Last night he addressed a hundred and fifty chemists and engineers at the Hotel Cecil, London, on the training of chemical engineers. He said that the valuable combination of chemical engineer, which is frequent in the United States and Germany, is not yet popular in Great Britain, where the two professions keep conservatively separate. An animated discussion followed the reading of Prof. Ruttan's paper.

WINDERMERE.

We take the above from the "Montreal Star". Dr. R. F. Ruttan is an old Napanee boy and graduate from Napanee Collegiate, and one who has made a great success. Dr. Ruttan is a brother of G. F. Ruttan, K.C., known to us all here.

GRACE CHURCH IMPROVEMENTS.

The management and congregation of Grace Methodist Church intend to at once make extensive improvements to the church property. The church sheds are to be rebuilt, and the interior of the church repainted and decorated. The contract for the decoration of the interior of the church has been given to Thornton, Smith & Co., of Toronto, who have earned a good reputation in the work they did at St. Mary Magdalene and Trinity Churches. As an acknowledgment of the unsparing of the energy of the parish the popular clergyman, Rev. A. J. Terrill, has had his salary increased $200.00. Evidently Grace Church people have their heart in their work and where their heart is their treasure is also, as they seem to raise more funds than the average congregations without any difficulty.

For the next few weeks and during the improvements of the church, joint services of the two congregations will be held in Trinity church. This will be continued until a successor to Dr. Sharp may be appointed to take charge of Trinity Church.

Stationing Committee is Upheld

Belleville, Ont., July 4.—The action of the stationing committee of the Bay of Quinte Conference in removing Rev. A. T. Foster at the end of three years from Holloway Street Church to Napanee to overcome a difficulty and deadlock, has been the cause of some discussion at Holloway Street Church. Last evening a committee of fifty of the congregation met at the church, the president being Rev. G. R. Clare. He and the chairman of the district, Rev. W. Elliott, explained the action. Finally the deputation agreed with their attitude. To-night the Napanee congregation, to which Mr. Foster was appointed, meets the stationing committee. Napanee had called Rev. Mr. Tanten from North Battleford. Under the adjustment, he is removed to Janetville, and Rev. Dr. A. E. Brown of Picton, to Holloway Street Church.

Rose Tea.

On Thursday afternoon, Mrs. Geo. Cliff, Mrs. D. B. Wilson and their Committee, gave a Rose Tea at Mrs. Cliff's home, for the Ladies' Aid Society of Trinity Methodist Church. Mrs. W. F. Hall, the beloved President, and Mrs. D. Scott, of Montreal, received with the hostesses. The house was decorated entirely with roses, many kind neighbors sending donations for the Sale Table. Mrs. A. C. Baker asked the friends to the dining-room. The tea-table was lovelinessitself with its handsome Mexican centre and large cut glass baskets of crimson American beauties, and at each corner a small basket of tiny rose-buds. Mrs. Finkle and Mrs. John Fraser poured tea, assisted by Mrs. Fraser Holland, Mrs. E. Smith and Mrs. H. Huffman and the Misses S. Shorey, M. Carscallen and M. Creighton. Music and readings added much to the enjoyment of the afternoon. Mrs. Smith sang very sweetly; Miss Kathleen Wilson, of Strathcona, pleased the guests with a musical recitation, Miss Ila Hambly playing a delightful accompaniment. Little Betty Holland surprised everyone with her recitation, "The French Doll" completely forgetting her audience when she gave her selection in a manner that would have done credit to a much older reader. We predict a future for this coming little artiste. Mrs. G. Hambly and Mrs. Bates, who had charge of the funds, reported a splendid sum for the Committees.

FRIDAY AND SATURDAY'S CHAUTAUQUA PROGRAM

Friday.

Afternoon—This is Rest Afternoon. No program given. Get ready for the best Play that has thus far been presented at Chautauqua. Excellent mirth-provoking comedy.

Evening — Mark Swan's Great Laugh-Making Play, "Her Own Money", presented by The Percival Vivian Players, of New York City. Personal direction Mr. Vivian.

Saturday.

Afternoon—Junior Chautauqua Pageant, "Conquests of Peace", by Your Own Boys and Girls. Under the Direction of the Junior Leader. Also popular program of Song and Story. The Embers Male Quartette, California's Leading Singing Male Quartette.

Evening—Prelude Concert. The Embers Male Quartette. Stirring Lecture, "The Task of a Nation", Dr. George W. Kerby, President Mount Royal College, Calgary.

Read what "Niagara Falls Evening Review" of June 21st, has to say about Saturday's concert and lecture:

"The Ember Male Quartette gave two splendid concerts. They are a mature group of singers, with powerful voices, fine harmony and a well chosen program. They use many humorous selections. Mr. McKenzie's Scotch numbers given in Scotch costume made a decided hit, as did Mr. Rand's group of Irish songs in the evening. The base of Mr. Lintz is one of the outstanding features of this quartette.

Dr. Kerby's lecture, "The Task of a Nation", greatly pleased the audience on the closing evening. He is a fine appearing man with a charming personality. He eloquently outlined the possibilities of this great country of ours, and proudly referred to the part she has played in the past. He made a stirring plea for better citizenship, better educational facilities, greater development of national resources, and especially for greater leadership. His earnest plea for 100 per cent. Canadianism met with hearty approval.

The concensus of opinion here in the first town in which this is the strongest program yet given on Chautauqua. The Committee made contract for the return of Chautauqua early in the week and announced the fact to the audience on closing night, which was received with much applause."

Napanee's Tax Rate Will Be 41½ Mills This Year.

As a special meeting of the Town Council on Monday evening, the important matter of receiving the estimated receipts and expenditures and striking the tax rate for the current year was dealt with. The tax rate was struck at 41½ mills in the dollar, which is 2½ mills higher than a year ago. While this may seem considerable of an increase, to those who do not follow closely the proceedings at the Council Board we may say that the amount called for in the expenditures for debentures and interest payable this year is $20,129.65, an increase of $9,200.06 over a year ago; the County Rate tax is $2,664.00 higher than a year ago, and the School Rate $1,87.5.00 higher, making a total of $16,739.06 increase in these items. It would take nearly 9¼ mills to raise the above amounts alone, so you will readily see that our local expenses have cut down expenses some place else. It also may be interesting for you to know that out of the total estimated receipts of $98,474.62, debentures and interest consume $20,129.65, County Rate $14,-208.00, Schools $25,965.00, making a total of $60,330.65, or nearly two-thirds of the total tax. Needless to say the Council has no control over this amount. The balance, $38,-143.97, is divided up into the different committee appropriations, grants, salaries, charities and miscellaneous.

STELLA SPORTS.

Many were attracted to Stella on the day of the U. F. O. picnic, to witness the baseball games. The first game was played in the forenoon between the S. C. S. girls and the local team. The locals defeated the S. C. S. by a score of 42 to 19. The line-up was as follows:—

Address and Presentation.

At the monthly meeting of Camden Eighth Auxiliary, on June 28th, the members presented Miss Maggie Reid with a Life Membership Certificate, and the following address, to which Miss Reid made a suitable reply:—

Camden VIII.

To Miss Maggie Reid,
Enterprise.

Dear Miss Reid,—We, as a society, have regretted that you have not been unable to regularly attend the meetings of our Woman's Missionary Society, knowing as we do of your interest in missionary work. We sympathize with you in your present affliction and earnestly pray that it may only be temporary and that you may soon have your sight fully restored; but in whatever situation in life we may be placed, may we all remember and be comforted by Whittier's thoughts on "The Eternal Goodness":

I know not what the future hath
Of marvel or surprise,
Assured alone that life and death
His mercy underlies.

And if my heart and flesh are weak
To bear an untried pain,
The bruised reed He will not break
But strengthen and sustain.

No offering of my own I have,
Nor works my faith can prove;
I can but give the gifts he gave,
And plead his love for love.

And so beside the Silent Sea
I wait the muffled oar,
No harm from Him can come to me
On ocean or on shore.

I know not where His islands lift
Their fronded palms in air;
I only know I cannot drift
Beyond his love and care.

And so as a token of our sympathy and also our esteem for your prayerful interest in the work of our Missionary Society, we present to you this Life Membership Certificate, trusting that it may be a link to bind you even more closely to the W. M. S. and to the great work which He has left for us to do.

Signed on behalf of the Camden VIII. Auxiliary.

MRS. R. J. WILSON,
President.
MRS. THOS. M. WILSON,
Secretary.

Address and Presentation

One evening recently about fifty of the young people and members of the Epworth League, Morven, met in the White Church to spend a social evening with their Pastor, Rev. R. C. Tait, before his departure for his new field of labor in North Battleford, Sask. The evening was spent in music and readings, during which an address was read by Mr. A. Winters, while Mr. G. E. Fralick presented Rev. Mr. Tait with a leather club bag. Later refreshments were served in the basement and an hour spent in social intercourse. Following is the address:

Rev. R. C. Tait.

It affords us much pleasure to present to you the following address:—

We, the younger members of the Morven Methodist Church and members of the Epworth League, have learned with regret that you will soon be leaving our community, and take this opportunity of showing, in a slight degree, this high esteem in which you are held, and in a few remarks would like you to know how much we appreciate the work you have been doing. In the two years you have been among us, you have not only performed your duty faithfully as pastor, but as Honorary President of our Epworth League and teacher of our Young Men's Bible Class. We realize that through the influence of your noble life and cheerful unassuming manner and through much personal work you have been a very great inspiration to many of our young people.

We wish you every happiness in your new home in the Great West and if Kind Providence should so order your path as to bring you among us again, we assure you of a hearty welcome.

Therefore, because we wish to extend to you our love and appreciation, we ask you to accept this club bag, as a small remembrance of the many friends you are leaving in Morven. We sincerely wish you may have a pleasant journey, and in your new field may your labors be crowned with success. If we are not privileged to meet you again on earth may we all meet in that great schoolroom of our Heavenly Home.

Signed on behalf of the younger members of the congregation.

MRS. GEORGE FRALICK.
MRS. ARCHIE WINTERS.
MRS. JAMES MILLS.

Have you everything for that holiday trip? How about a new Hand Bag? Julian Sale make, at Hooper's Drug Store.

WEDNESDAY'S STORM.

Napanee was visited by two severe storms this week. The first one visited the town on Tuesday, about seven o'clock in the evening. The next evening, at almost the same hour, the second one came, which was as severe as any that the town has experienced in years.

The storm swept down from the northwest, leaving a train of ruin in its wake. Most of the damage seems to have been caused by falling trees. At the Driving Park a half dozen of the finest trees were snapped like kindling wood and lie piled up where they fell. Across from the Gibbard home a tree, two feet in diameter, was thrown over the road. At Stewart Paul's a tree broke off about six feet from the ground and lodged on the roof of the house, while at Garret Neely's the broken trees are piled up, giving the place the appearance of a pioneer land-clearing.

Over at the Condensary the roof was torn from its place and carried about a hundred feet over into a vacant lot. The damage here was rather critical, as the part of the roof that was demolished covered that part of the building where the finished milk powder was stored, but men were secured and they worked through the remainder of the evening patching the breech with canvas. Yesterday a gang of men were at work making permanent repairs, which were completed before night.

The cross on St. Patrick's Church was moved somewhat, and several of the trees around the church were stripped of their prettiest branches.

The south end of the foot bridge was badly damaged, but we understand it is to be repaired at once.

The Telephone and Hydro Companies suffered most. All out the Selby road, from Hunter's barn to the first turn, not a telephone pole is left standing, and at the present time communication with the northern part of the county is impossible.

Most of the damage sustained by the Hydro was due to trees falling across the wires. The lights went out about eight o'clock and it is to the credit of the linemen that power was on again by eight o'clock the next morning.

Any grain lying in the path of the storm that was at all heavy was flattened down, and the result will mean a considerable loss to the farmers of the vicinity.

Napanee seems to have been the centre of the storm, for at Deseronto the power was off for only fifteen minutes; and at Newburgh it was not so severe as here. Not much damage to stock has been reported, though on the Miller farm a valuable cow was seen dead in the field yesterday morning, evidently killed by the lightning.

It seems little short of a miracle that, with all the lightning and storm, no fires occurred and no loss of life is reported.

CHINESE MERCHANT HURT

WHEN HIS AUTO TURNED OVER OUT OF NAPANEE ON SUNDAY AFTERNOON.

When the car in which they were driving left the road on the Provincial Highway, a couple of miles out of Napanee Sunday afternoon, George Wheelock, a Kingston Chinese merchant, was hurt and is in the General Hospital and his two companions escaped injury though the car turned over when it left the road. Mr. Wheelock's condition is not considered serious.

As far as can be learned, Mr. Wheelock, who has been driving the car for a short time, lost control of the machine and when it went off the road it rolled over in the ditch. Mr. Wheelock suffered a cut on the forehead and injuries about the chest. He was taken to Kingston in a car about midnight Sunday. His two companions escaped without injury. The car was badly damaged, having its windshield and one wheel broken.

STELLA.

We are being favoured with fine weather at the time of writing, and the farmers are busy haying.—The U. F. O. of Amherst Island held their annual picnic recently on Stella Point. The day was ideal and an interesting programme was given, owing to the faithful efforts of the directors. Among the various speakers were Mr. A. E. Weller and Mr. G. Rodgers, Mr. Kingston; Mr. E. J. Sexsmith, M.P., of Bath, and Mr. J. Hayeock, of Adolphustown. Mr. S. Patterson, President of the Club, was chairman. Short speeches were made by Mr. F. Instant, Fredericksburgh, and Mr. S. Miller, Reeve. Owing to the absence of Mrs. Morrison, Mrs. Graham, of Kingston, gave a short address. During the course of the day two baseball games were played, the S. C. S. girls' girls' team in the morning, and Stella and U. F. O. boys' team in the afternoon. Foot races closed the enjoyable day.—An old and respected resident of the Island, in the person of Mrs. Bray, passed away on Sunday, June 18th.—After a lingering illness, Mrs. Clarence McGuire, young bride of Emerald, passed away on Monday, June 3rd.—Miss Gertrude Glenn, Vantage, Sask., is spending the vacation under the parental roof.—The Girls' Baseball team held a dance in Victoria Hall last week. CIRCUS LION WAS PATIENT OF BELLEVILLE VET. SURGEON.

DR. BENSON ENTERS THE DEN.

An unusual incident in connection with the visit of the Ringling and Barnum & Bailey Circus to Belleville yesterday, centered in a surgical operation performed on one of the performing lions by a local veterinary surgeon. For some days one of the big lions of the group which perform in the centre steel barred arena under the big top, has been irritable and giving the trainer more or less trouble. The cause of the lion's irritation soon became apparent when one of his eyes appeared to be very much swollen. First aid measures were given by the trainer, but the eye trouble became worse every day, and the temper of the King of Beasts became shorter until it became a question of discontinuing the act or making a change which would permit the elimination of the suffering animal.

At Belleville, the circus executive sent for Dr. D. R. Benson, veterinary surgeon, and asked him to make an examination of the lion. There are some calls which would have pleased the genial doctor better, but as it was all in the day's work he gave His Majesty a careful once-over, and after a close examination of the inflamed eye, decided that there was some foreign substance there which should be removed.

The animal was secured with chains and Dr. Benson entered the cage and proceeded to probe for the substance which was causing the trouble. It was soon located—looked like part of a whip lash and, with the aid of forceps, was speedily removed. During the entire operation the Lion remained passive, and did not attempt to interfere with the veterinary surgeon in any way, and at the conclusion of the operation, if ever a beast looked grateful, and acted "grateful", that lion did.

Dr. Benson says he has no idea of making a specialty of lions and other ferocious animals, horses and cattle being mean enough for him.—Belleville Ontario, July 7th.

Jobs Depend on the Safety of the Forests

DON'T

DON'T throw away cigar, cigarette or pipe stubs. Be sure they are out.

DON'T build your camp fire against a rotten log or stump, nor near where moss, punky wood or dead leaves may start a fire.

Build it in a fireplace, or on a flat rock, or on a spot cleared down to the bare soil below. Keep it small.

DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which will burn.

RIVER DRIVERS, shanty men, pulp loggers, and all men who work in the lumber woods, on the river or at the mill—get this: Your job depends on keeping forest fires from burning up the bush.

Every time you leave a camp fire or a smudge burning you are taking chances on a forest fire that will do you out of a job. Every time you throw away a burning match or a cigarette, or drop the "heel" of your pipe on the ground, you are taking a chance. In summer time, moss, dead wood, dry leaves or the regular wood-fibre soil of the forest are all ready to burn. Millions of feet of timber and pulp are being burnt up that way every year.

Ontario's forests are not growing fast enough to keep up. Forest fires will do you out of a job if they keep on a few years more. Watch yourself.

OBITUARY.

Mr. Patrick Kearns.

On Wednesday, June 28th, 1922, at the Hotel Dieu Hospital, Kingston, Mr. Patrick Kearns, of Centreville, passed peacefully away.

Deceased was born in Ireland, about eighty years ago, and came to this country as a child four years old. When he became a young man he went West and spent about ten years in British Columbia and California. He then returned East and took up farming near Centreville, where he lived some forty-five years, until his wife died six years ago. Since that time he has been making his home with his daughter, Mrs. Wm. Gehan, Camden East, from whose home his funeral was held to Centreville R. C. Church, where a Requiem High Mass was celebrated by Rev. Father McGillvray. Deceased leaves to mourn his loss two daughters, Mrs. Wm. Gehan, Camden East, and Mrs. Miles McKeown, Ottawa.

"SIX MONTHS AGO"

"It's hard to realize that six month ago I couldn't walk across the floor and now I can walk!"

I am so well!

I have never been very strong but the last two summers was too much for me. This and the hot days I endured took all the vim out of me and I had to stay in bed night to keep from starving. As I was physical wreck. Luckily my husband was able to get a good job just when I had given in. I tried every thing I could think of to get strength, but nothing seemed to help me. I was weaker and weaker. I was ordered to a sanitarium for complete rest or sleep. I had no strength left and really I was afraid that in trying to cross the floor I would faint. I was so ill and weak I did not care whether I got up or not. And then I heard about this marvellous preparation—Carnol. A friend of mine had used it with wonderful results and as it had done so much for her I thought it would do it. The results were nothing less than marvellous. In two weeks I was able to get around and think about the house, and in the last returned. I was actually hungry. I could sleep when I went to bed, something I had not been able to do for months. I have already used six bottles of Carnol and I am only sixty-six. I weigh more to-day than I ever weighed before in my life. I sleep like a child. I am never tired and my skin is as clear and my cheeks as rosy as a girl's. I bless the day I heard about Carnol." Mrs. K., Toronto.

Carnol is sold by most druggists and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 3-122.

JUDICIAL SALE.

Pursuant to a Judgment of the Supreme Court of Ontario bearing date the 19th day of March, 1922, and made in the matter of the estate of Phillip Jonas Switzer, there will be sold by Public Auction with the approbation of the Local Master at Napanee at his Chambers in the Court House, in the Town of Napanee, on Thursday, the 3rd day of August, 1922, at the hour of 2 o'clock in the afternoon, the following valuable farm property:—

Lot Number Four (4) and the west half of Lot Number Five (5) both in the 7th Concession of the Township of Ernestown, in the County of Lennox and Addington, containing 200 acres be the same more or less. Also all that part of Gore "G" in the rear of the above described lands supposed to contain 15 acres more or less. Excepting out of said lot Number Four (4) one acre of land heretofore conveyed to the Trustees of School Section No. 20.

The said property will be sold either on in two parcels at the option of the said Master, as follows :—

Parcel No. 1.—All that part of the said above described premises lying north of the travelled road known as the Palace Road running across said lot containing 165 acres more or less.

Parcel No. 2.—All that part of the above described premises lying south of the said travelled road containing 150 acres more or less.

Upon Parcel No. 1 are erected a two-storey brick dwelling house about 24x40, with frame kitchen and woodshed attached, a large frame barn and a drive house.

There are no buildings on Parcel No. 2.

The premises are well watered and the fences are in a good state of repair, and the land is in a good state of cultivation.

The property is situate about 4½ miles from the Town of Napanee.

The premises will be sold subject to a reserve bid fixed by the said Master.

Terms of Sale.—The purchaser shall pay down a deposit in the proportion of $10 for every $100 of the purchase money at the time of sale and the balance within one month thereafter without interest.

In all other respects the terms and conditions of sale shall be the standing conditions of sale of the said Court.

For further particulars apply at the Law Offices of J. E. Madden and U. M. Wilson, Napanee.

Dated the 30th June, 1922.

McGUINESS—WALSH.

A very pretty wedding was solemnized at St. Mary's Church, Marysville, on Wednesday, June 28th, 1922, at 8.30 a.m., when the Very Rev. Father O'Gorman united in holy matrimony, Mary Veronica, eldest daughter of Mr. and Mrs. Edward Walsh, to Hughie McGuiness, son of Mr. and Mrs. Bernard McGuiness, of Read. The bride entered the church on the arm of her uncle and sponsor, Ambrose Doyle, looking most charming in her beautiful gown of white traditional Baronette satin trimmed with crystals and pearls, and wore a handsome picture hat of white silk tulle veiling effectively, the only trimming being a band of cire satin and mother of pearl ornament, and carried white carnations and maiden hair fern. Miss Agnes McGuiness, sister of the groom, was bridesmaid, and looked very pretty in her becoming gown of pekin blue organdie with hat to match, and carried pink roses; while the groom was attended by Francis Walsh, brother of the bride. After the ceremony, amidst showers of confetti and rice and congratulations, the happy couple, accompanied by a large number of relatives and friends, drove to the home of the bride, which was beautifully decorated with white tulle and ferns and pansy scheme, and there awaited them a sumptuous wedding dinner, which was served to about forty guests. After dinner they all retired to the sitting room, and the afternoon was spent in dancing and singing and other enjoyable games for old and young, which is one to be long remembered. The groom's gift to his bride was a beautiful gold necklace set with pearls and ruby drop; to the bridesmaid, a brooch set with pearls and amethyst, and to the best man a beautiful pair of initial gold cuff links. At 8.30 p.m. a large reception was tendered to Mr. and Mrs. McGuiness, there being 200 or more of their young friends present. The bride appeared, looking very pretty in her re-capid gown of new satin trimmed with white silk braid and pearl beads, and wore a black picture hat. The numerous and costly gifts received in what high esteem the young couple are held. Mr. and Mrs. McGuiness intended going to the home in Detroit, Mich., but owing to the bride's mother not being in the best of health, the young couple are now making their home in this vicinity, taking with them the best wishes for a long and happy wedded life.

You can also purchase merchandise that will be of wonderful service to you later on. Every department in this, our Men's and Women's Store, is supplying its quota of bargains, and these values will be bargains in the broadest and deepest meaning of the term.

The merchandise that we are offering has been chosen by our buyers from the best possible sources of supply. It is absolutely new, it is correctly styled; it is obtainable in the most fashionable colors, the quality is guaranteed, the sizes are well proportioned.

The cool summer has left us with ample assortments to begin with, but we are making our reductions so generous that they cannot possibly withstand your attack for any great length of time.

In order to get our prices down to the last possible fraction, we are eliminating every expense possible. The saving is yours. To get the fullest benefit of this Sale you must come to our Store and spend a day shopping around. Yellow price cards will tell you the story of our reductions in a manner most convincing. Some lines of merchandise will be selling at less than half price, some at half price, a-plenty at cost price; other lines will be reduced twenty and twenty-five per cent. Your savings will be ample and profitable in every instance. Space will not permit us to enumerate and describe our complete list of specials. There is enough for all. Come and help yourself.

In this Summer Clearance Sale, with its "Feast of Values", we feel that we will further cement the good-will and deserve the patronage of our long list of customers, and back up our oft repeated statement, "That we lead in value-giving.

Carhartt Overalls

MY Carhartt Overalls bring you the same solid sense of satisfaction that you get from the use of a good implement. The one big thing you will like about my Carhartt Overalls is that they are thoroughbred all the way through, and that means thoroughbred service, neat and finished tailoring and heavy denim cloth. Every seam is double stitched; every button is reinforced. Sizes are correct; extra-large handy pockets, high back, high bib and generous seat. Behind it all is my guarantee of satisfaction and 25 years of knowing how.

The Family Physician.—The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Eclectric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a fee.

AN OLD TIME RECORD

By Mrs. Hawley.

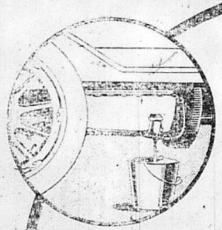
Would you on a fine day in June like to see an old landmark? At the cove from the bay, one can see the Murry Hills filling the Western sky massive and imposing, lifting serenely above the busy haunts of men. We will take a sheep path up to a pine bluff on the Bay shore, and look down on the spot where the Jesuit Fathers held a mission to the Indians long ago. In the midst of a circle of pine trees is an Indian graveyard, the pine needles make a soft carpet, the birds make music, the wild flowers and ferns make the decorations through which the sun flickers and the busy bees are everywhere. It is so peaceful there—and the view—the equal of the far famed Rhine valley. We are loath to leave—but twenty-five miles further on, as the crow flies, is another Indian burial place. This one is larger, on a level with the bay shore, surrounded by fine maple trees and wild flowers. A bed of maple leaves in the fall covers the graves knee deep. Twenty-five miles further East we go to visit one more place where rest in peace the remains of a vanished race. This place is not so easy of access. After leaving the steamboat, we take a punt above the rapids of a very crooked river for some miles. After reaching our destination, the punt is pulled up on the gravel beach and left to be viewed by a pair of king-fishers, hopping about. We follow a narrow path, "goose" fashion" and find ourselves in a lovely spot, fragrant with the scent of pine cones and wild phlox. Within a circle of pine trees it is cool and shadowy. This Indian burial place is different from the rest. Here there are headstones, rudely cut and letters chiselled in, which no one has been able to read. Presently a Coolie dog comes along the shore barking, followed by two men, one the owner. On asking our business there, and finding we meant no harm, allowed us to stay. The other man, with pad and pencil in hand, lingered to chat and showed us the drawings he had made of the grave stones. He came from Washington. Had been a student of languages for many years, was a Professor in a University. Had travelled in many lands and heard while in Mexico, where he had gone to see a very old famous stone monolith nearly a century old. Cactus Road, that there were a few curious old Indian headstones in Canada. Hence the journey. He found that the writing on one side of the Monolith in Mexico and the Indian gravestones were much the same.

Perchance some Aztec Indian—in the days of Montezuma, may have wandered far from his native land. Now that there are rumors of a buried city coming to light in Old Mexico, a key may be found to unravel a forgotten language. Be that as it may, one thing impresses itself on our minds, the Indian with considerable wisdom, protected their burial places —the circle of trees, what could be finer? A protection against wind and weather. How different from some of the white man's graves,—headstones broken, weeds many feet high,—a calf pasture.

In these days of greed and graft, one is sure to admire the attitude of the decendants of those early Dutch settlers, who own the property on which these Indian burial places are situated, for refusing to sell at a high price or allow the mounds to be disturbed by vandals, out of respect for the only neighbours their forefathers had in a new country. And so they stand, these tall, fine trees, keeping watch over the graves of a race that is gone.

Corns cannot exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Ask Your Dealer For Crank Case Service



Dead Oil Removed

Even the best oil you can buy wears out in time and loses much of its lubricating efficiency. It then fails to maintain the proper piston seal. Power goes to waste. Wearing surfaces no longer receive proper protection. It is of the utmost importance that you have the old oil drained out of your crank case frequently.

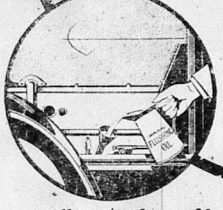
You probably realize the importance of having your crank case cleaned every 750 to 1000 miles. But it is dirty work. You dislike to do it yourself. Why not have it done for you?

There is an Imperial Crank Case Service dealer near you who maintains a modern crank case cleaning department and he will gladly have an expert do the job properly.

And what is most important—he will use Imperial Flushing Oil for cleaning your crank case. No danger then of diluting the fresh oil which is added later as might be the case if coal oil (kerosene) were used for flushing purposes.

Make it a special point to drive 'round to the Imperial Crank Case dealer's sometime during the next week. Let him tell you more about this service that *saves your car and saves you money.*

IMPERIAL OIL LIMITED
Canadian Company
Canadian Capital
Canadian Workmen



All Parts Thoroughly Cleaned

Merely draining the crank case is not sufficient. Metal particles, road dust, dirt, grit and carbon have a tendency to adhere to the metal parts of your engine when the oil is drawn off. Imperial Crank Case Service dealers use Imperial Flushing Oil, a scientific cleansing agent, which removes all foreign matter and thoroughly flushes out your engine and crank case.

Refilled with Fresh Oil—

No one grade of oil could properly lubricate all different makes and models of automobiles and trucks. Different types require a special grade of oil, suited to their construction and operating conditions. The Imperial Crank Case Service dealer who refills your crank case, will use the grade of Imperial Polarine recommended for your car on the Imperial Chart—an infallible guide to proper lubrication.

Champion of Canada at the C.N.E. BAND CONTEST

THIS may be your Band! Every band competing in the Canadian National Exhibition Band Contest at Toronto on Thursday, August 31, has an equal chance of winning this coveted honor. All amateur bands in Canada are eligible and are divided into two classes, governed by size of town and number of players.

Cash Prizes Total $2,950.

In addition to these, a special Challenge Trophy will be awarded to the winning Band in Class A. This trophy is only to remain for the ensuing year. The winner's name will be inscribed thereon. Each member of the first prize band in both classes will also receive a handsome individual award. All members of competing bands admitted to Exhibition free.

Think of the fame that winning this competition will bring to your band and your town! All you have to do is to see that your Band gets to Toronto to compete.

All entries must be in by August 19th, so send your band's name in without delay. Drop us a line to-day for particulars as to adjudicators, test pieces, prizes, etc.

WHAT DID BETTY BUY?

COPY OF BETTY'S LETTER

Dear Clara Green, don't you WANTED TO BE A NURSE? Do you think of that? OF COURSE, SIMPLY DYING TO HAVE A UNIFORM. However she felt about nursing, her maid Topsy to carry. When they got to the train was pulling out. THEY JUMP TOPSY RIPPED HER DRESS IN HER LEG. How you think happened? SHE TUMBLED PELL-MELL ON HER that nanny! THEY WANTED TO BAN A NASTY EN-SMITH'S SALVATION BALM FOR CHANGES. Even then it didn't it, and she wouldn't keep it SO APPLYING FOR REFUND SHE GOT HER MONEY BACK. Then she saw the next train for home. Isn't that an interesting story Betty Beatty.

Boy Scouts in Camp.

The Napanee troop of Boy Scouts went into camp at Thompson's Point, on Tuesday of last week and expect to remain under canvas for another week. R. LeRoy Babcock, Scoutmaster, is in charge, assisted by Howard Perry, and there are 33 Scouts and 4 Cubs in the camp. The tents are well placed in beautiful surroundings on the bay shore and the boys are having a delightful outing. Much scout work is being done and swimming, musketry, sports and other enjoyments keep the time fully occupied. On Thursday last, twenty-eight of the boys hiked to Adolphustown and spent the night on the open field, this being one of the requirements for one of the desired badges. It is reported that proficiency in the dining tent is increasing daily. Service was conducted by Rev. J. H. H. Coleman on Sunday afternoon last, and a number of visitors from town and from other camps were present.

Enjoyable Services.

Those who attended Trinity Church on Sunday last enjoyed a rich treat at both services. In the morning, Rev. Dr. Kirby, Principal of Alberta College, Calgary, occupied the pulpit, and his discourse on "Service" was listened to with rapt attention, and the large congregation were given a message to carry away with them which should inspire them to a larger measure of service to their community. The California Male Quartette, composed of Messrs. Lynch, Basso; McKenzie, Baritone; Rand, 1st Tenor, and Emerson, 2nd Tenor, rendered several sacred selections at the morning service and delighted the large congregation, and they were requested to again sing at the evening service, which they kindly consented to do. Prof. Baird gave an organ recital from 6.30 to 7, which was keenly enjoyed by a large number. Rev. A. J. Wilson had charge of the evening song service, when a number of sacred selections were given by the quartette, which were appreciated to the full. Messrs. Emerson and McKenzie also sang sacred solos very acceptably. Rev. Mr. Wilson gave an interesting talk on church music. Miss Ramsay also assisted with a solo. Dr. Kirby and the Quartette made up the Chautauqua programme for Saturday last, and our people feel under a deep obligation to them for their courtesy in remaining over for the Sunday services at Trinity.

OBITUARY.

Archibald Thomas Harshaw.

After an illness of over a year, in the passing of Archibald Thomas Harshaw, Napanee has lost one of her foremost, oldest and most respected citizens, having been a resident for about forty-four years.

Mr. Harshaw was born in Leeds, Yorkshire, England, early in 1847, and came to this side of the Atlantic as a very young man. After travelling through the United Sates, he settled in Montreal, where he entered the wholesale dry goods business, travelling back and forth to Europe twice a year in the interests of the firm.

In 1878 he came to Napanee, establishing himself in the retail dry goods business, later taking up fire insurance and the adjustment of fire losses. He became one of the best known and most valued adjusters and insurance men in Eastern Canada, travelling in a radius from Wimipeg, Man., to St. John, N.B. As recently as last November an adjuster came from Toronto to ask his opinion on a single case.

He was a member of the Anglican Church all his life. During his early residence in Napanee he took a great interest in church affairs, being Rector's warden of St. Mary Magdalene's for many years and representing the Parish at the Synod for an equally long period. In politics he was a consistent Conservative.

Besides a large circle of warm friends he leaves his widow and a grownup family of five sons and four daughters. The funeral took place from the Anglican Church on Saturday, July 1st, at 2 o'clock.

Mary Catherall Miller.

The funeral services of the late Mary Catherall, wife of Capt. W. Miles Miller, M.C., Royal Corps of Signals, late of Royal Canadian Engineers, were held in the Church of St. Mary Magdalene, on Monday, July 10th. The service was conducted by the Rev. J. H. H. Coleman, assisted by the Rev. W. E. Kidd, of Kingston. After the service at the church, the remains were laid to rest in the Riverside cemetery.

Mrs. Miller was the daughter of Dr. and Mrs. J. P. Vrooman, and was born in Napanee on April 1st, 1892. Nine years ago she was married to Capt. Miller, at the Church of St. Andrew's, in London, England. Most of her married life was spent in England, and she made many friends in that country. The news of her illness and death came as a dreadful blow to her relations and friends in Canada and England, and letters of grief and sympathy have been received from many countries by her bereaved family.

She is survived by her husband, Capt. Miller; her father and mother, Dr. and Mrs. J. P. Vrooman; one brother, Capt. P. H. Vrooman, and her sister, Miss Josephine Vrooman.

CHAUTAUQUA.

The fourth visit to Napanee of the Chautauqua ended on Saturday last, and the result was the same as on the three previous years, a feeling of gratitude for the week of clean, interesting and high class entertainment.

The Chautauqua idea is well known now to all the citizens of the district, and they showed their appreciation by their continued patronage. The programme was a varied and an interesting one. Instrumental, vocal music, timely addresses, and a well staged play make it almost impossible to draw comparison, as each number seemed the best in its class.

The play was perhaps the most popularly attended session, and disappointment was felt that the slight wind storm should have somewhat marred its conclusion.

If one were to express personal appreciation perhaps the number that appealed most was the marvellous work of Miss Huntington, but then that is only a personal matter. Others would hand the laurels to one of the quartettes or to one of the speakers.

This was rather a difficult year to finance a Chautauqua, and some apprehension was felt at the beginning of the entertainment. But the citizens responded well, and in spite of the tight money situation, gladdened the hearts of the local committee by their patronage.

The contract for next year has already been signed, when it is hoped the annual musical and literary treat will be even more popular than ever.

HOUSEKEEPER'S SALE —AT— HENRY'S BOOKSTORE

We know a good many people who contemplated fitting up their homes this Spring, but who have been compelled to postpone operations for the present owing to the scarcity of paper hangers and painters. Conditions are getting and will be better. To help make it easier for those who have been delayed we are offering for the month of June our stock of Wall Papers at a reduction of from 25 to 50 per cent. This is a genuine Reduced Price Sale of all classes of stock, embracing some lines that are the newest and best in the market.

We give better value in Window Shades than can be had anywhere else here.

A new stock of Mouldings for Picture Frames and for the Walls, just received. The makers have reduced the prices some, we have the lowest figures. Bring your Pictures for Framing.

Balls for the children, and Base Balls for the young men; Tennis Rackets and Balls.

A large stock of Framed Pictures, some are real gems, will be offered right down to the cost line, at

HENRY'S BOOKSTORE

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring worm troubles to an end. They are a strengthening and stimulating medicine, correcting the disorders of digestion that the worms cause and imparting a healthy tone to the system most beneficial to development.

FAMILY RE-UNION.

On Monday, July 10th, 1922, Mrs. Mancur, of Odessa, Ont., entertained several of her relatives at her home. It had been some years since her brothers and sisters had all met together and the little home, which was planned by Mrs. Mancur to take place on her birthday, was very enjoyable.

At two o'clock a dainty luncheon was served. The dining room was tastefully decorated with mauve and white streamers and mauve and white sweet peas. After lunch the relatives presented Mrs. Mancur with a purse as a birthday gift.

Among the relatives present were Mr. and Mrs. Wm. Greer, Napanee; Mr. and Mrs. Geo. Greer, Napanee; Mr. and Mrs. J. H. Babcock, Odessa; Mrs. Mancur's sisters, Mrs. Ledgee wives, Mr. and Mrs. Ledgee Babcock, Dexter, N.Y.; Mr. and Mrs. S. D. Babcock, Elmira, Ont.; Mr. and Mrs. A. D. Babcock, Manotick, Ont.; Mr. and Mrs. O. Babcock, Odessa, Ont., and Mrs. Mancur's sister, Mrs. N. V. Lee, Toronto.

It was a very pleasant re-union and much enjoyed and appreciated by all the guests.

An Irish joker entered a shop and asked for a yard of milk. The shopkeeper was ready for him; he dipped his finger in the measure and drew a line of milk three feet long on the counter. "There ye are," he said.

Pat was rather taken aback at this, but recovering from his surprise he asked, "How much is it?"

"Eight pence," said the shopkeeper.

"All right," said Pat cheerfully. "Roll it up an' I'll take it."

QUESTIONS AND ANSWERS ON FORESTRY.

By the Canadian Forestry Association.

Q. In the minds of many people the cause of most forest fires is ascribed to lightning, action of the sun on quartz, broken bottles, etc., and to "spontaneous combustion". How far is this true?

A. If lightning fires and fires set by broken bottles, etc., were the only menace of the forest, nine-tenths of the fire rangers would lose their jobs. Unfortunately, while lightning sometimes is a minor factor in certain districts, (and now and then it is just possible that broken glass may concentrate the sun's rays and start a blaze), the serious fact we have to bear in mind is that four fires in every five are started by careless human beings. The campfire, the lighted cigarette, land-clearing fires set by settlers to burn up slash, are responsible for the main losses.

Q. Is there any Dominion law obliging the railways to guard against setting forest fires?

A. The control of the privately owned railways, such as the Canadian Pacific, as regards precautions against setting forest fires, is amply taken care of by the Board of Railway Commissioners and careful regulations have been drawn up "and closely adhered to by which railway fires are being rapidly reduced. The Government Railways are now giving good co-operation in forest fire prevention so that the total losses from railway sources per annum have become a minor factor in Canada's forest destruction. The monthly records sometimes show large numbers of fires set by railways but further enquiry will bring out the fact that the greater number were quickly put out without material damage.

Q. Please give some information as to the forestry policy of the German Empire.

A. The timber resources of Germany are not only thoroughly protected against forest fires, but have been intensively developed by scientific forestry practice so that Germany in 1914 cut more timber than comes from the whole of Canada each year, and at the same time Germany has also succeeded in excluding forest fires and in operating their entire forest area as a self reproducing timber farm" that while taking great timber crops out of the forest year by year they have not in the slightest degree weakened the national store of commercial woods. Canada on the other hand has allowed her forest wealth during the past few decades to be so ravaged by fire and so destructively lumbered that her forests, unlike Germany's, have been cut easily in half. One quarter of the whole German Empire is wooded and practically every acre controlled and exploited by skilled foresters.

WILSON'S CROSSING.

The haying in this vicinity is almost completed, and the grain crop is ripening fast.—Mr. Wm. Alport, Sr., had the misfortune to fall from one mow to another, a drop of 15 feet, while unloading hay on Saturday morning. While looking up to trip the horse fork rope, he became dizzy, missing his footing and striking on his head and shoulders. It might have proved more serious, but he is resting quite easy and has no bones broken. Dr. Herton is in attendance.—We are glad to see Mrs. Fred Wagar at home again, after being in the hospital for some time. She is well on the road to recovery.—Mrs. Thos. Breen and little Rosalene, spent Monday with her mother, Mrs. Dillon, spent a few days at Mr. Donovan's.—Robbindale, last week.—Mr. and Mrs. Thos. Breen, of Enterprise, and Mr. J. PARROTT'S BAY.

Mr. and Mrs. Chester F. Nicholson, accompanied by Mr. Nicholson's sister, Mrs. Tenn. Miller, took a very pleasant motor trip through the United States, calling on friends in Watertown, Syracuse, Willard, Rochester, Avon, Nunda and Niagara Falls, crossing ever to the Canadian side through Grimsby, Hamilton, Toronto and Belleville.—Mrs. Nicholson's sister, of Milwauka, joined them at Syracuse, and made the trip with them.—Mr. and Mrs. Nicholson spent some time with her sister, Mrs. Nicholson, Mrs. A. Baker, of Odessa, and Mr. G. Hagerman, of Syracuse.—The showers which are helping along the crops, are hindering the farmers from getting in the hay.—The Parrott's Bay bridge is under repair this week, and bridge here attended the Institute meeting at Mrs. Fred Wemp's, on the 12th. All report a good time.—The Sunday School picnic is to be held on Mr. Nicholson's point on July 26th.

A supporter of the local football team arrived at the ground one day and had a load of bricks. He approached the club secretary and asked, "Wouldn't half-bricks have been better?"

"Half-bricks ?" replied the secretary. "We couldn't build a pavilion with half-bricks !"

"Oh ! Are they for a pavilion ?" said the man. "My mistake. I thought they were for the referee."

REV. DR. SHOREY HAS HAD UNIQUE CAREER.

The Rev. S. J. Shorey, D.D., who has just closed his pastorate in Trinity Methodist Church, Napanee, and has retired from the active ministry in the Methodist Church, has had a somewhat unique career, as the following facts will show :—

When a student-at-law in Napanee in the office of W. A. Reeve, K.C., then County Crown Attorney of Lennox and Addington, he decided to enter the ministry of the Methodist Church. He supplied at Madoc from February to June in 1874, then entered the ministry in June of that year. His first appointment was as Junior Minister at Sterling, then a large double circuit of ten appointments.

His first two years were spent there at the request of the circuit. From there he went to Picton as the Junior Minister, and then for two years to Victoria College, Cobourg. Having thus completed his probation he was ordained at Toronto in 1878. His first charge as Superintendent was Cherry Valley, and then the following places in the order named :—Belleville, Holloway St.; Napanee, Simcoe St.; Toronto, Sherbourne St.; Peterboro', Charlotte St., (now Hunter St.); Toronto, Trinity; Peterboro', Cambridge St.; Peterboro', George St.; Picton, First; Oshawa, Simcoe St. (second time); Cobourg, First; Cambridge St. (second time); Port Hope, Napanee, Trinity (second time); where he entered from the ministry of the Methodist Church, after forty-nine years of service.

During that time he was honored with every office in the gift of his brethren. He was a delegate to every General Conference since 1890. He was chairman of the district in which he was stationed for nine eight years, and on the Stationing Committee of the Bay of Quinte Conference for thirty-one consecutive years. He was President of the Conference in 1894, a member of the General Mission Board for twenty years, and of the Court of Appeal for twelve years.

At the Conference, on his superannuation, when he was called upon to speak, he said that he declined to bear him witness that whatever of office or honour had come to him during all these years, had been those that followed, and not those that had been pursued. He held a very high place in the confidence and love of both ministry and laity of the Bay of Quinte Conference.

At his closing service in Napanee, both St. Andrew's Presbyterian and Grace Methodist Churches withdrew their services, and their congregations came to Trinity as a token of the esteem in which Dr. Shorey is held. His own people presented him with a cheque for $100.00, as he has the train for Picton where he will be to reside. Prior to this, Mrs. Shorey had been the recipient of a shower for $100.00 from the Ladies' Aid Society.

Mrs. Shorey, daughter of the late Rev. Daniel McMullen, has been a most worthy companion and helpmate in all these years, and they will be followed by the prayers and good wishes of their numerous friends in the Bay of Quinte Conference.

ENTERPRISE.

Mr. and Mrs. Reuben H. Wagar, of this village, returned Saturday from a ten-day auto tour around Lake Ontario. They left Enterprise on Wednesday, July 5th, with Mr. and Mrs. Byron D. Wagar and son and daughter, Archie C. and Mildred V. Wagar, of Napanee, and Mr. and Mrs. R. B. Wagar is a brother of Mr. R. H. Wagar. The first stop was made at Oshawa, where the party little stayed by Mrs. Ruth Wagar of that place. They continued from there to Hamilton, where they remained over Sunday and visited the many points of interest in and around that place. The party then went to Rochester, where they remained for about two days, coming from there by way of Oswego and Watertown. Mr. and Mrs. R. H. Wagar and Mrs. Nellie Wade returned home from Watertown on Thursday. Good luck was experienced on the trip and the roads were found in good condition, especially in Canada. Parts of them were simply but passable.

Mail orders given prompt attention at Wallace's Drug Store, Napanee.

YARKER.

Our village escaped all damage from the heavy rain storm, and the citizens are all very thankful. Not much damage in town these days, for the country folk are all busy haying. The new covering on the river bridge makes it strong for traffic, but it is too narrow for safety. Most of the houses are closed up for the camping season, while the owners are resting in the cool air of Lake Ontario. Mr. and Mrs. Down have returned from Ottawa, where they were visiting their son, Arthur.—All the new medical doctors are getting busy. Success to Dr. Dunn. Keep in mind the big lawn social and open air concert on the Methodist Church grounds on Wednesday evening, July 27th. Come and see, hear, eat, drink, sing and laugh.—Miss Gladys and Mr. Theo Down are spending a few weeks with their sister, Mrs. (Rev.) A. McLauchlin, at Keene.

THE LARGEST HORSE FARM EAST OF MANITOBA.

(Experimental Farms Notes.)

It is not generally known that the most important horse breeding establishment east of Manitoba is situated at St. Joachim, County of Montmorency, Province of Quebec. This farm was started by the united efforts of the Dominion Department of Agriculture, the Quebec Department of Agriculture, and the French Canadian Horse Breeders' Association. The work is being carried on by the first-named and is under the direct supervision of Mr. Gus Langelier, who is also Superintendent of the Dominion Experimental Station, Cap Rouge, Que. There are at present, on the Horse Farm, over ninety horses, all pure-bred French Canadians; an idea of the scale on which breeding operations are conducted can be had when it is known that twenty-two mares have youngsters this year, whilst thirty-four are due to foal in 1923.

It is fully admitted that part of the work is to improve French Canadian horses, but it is also clear that most of the problems of horse breeding, feeding, housing, and management can be investigated as well with this breed as with any other. These problems are quite numerous; inbreeding, close, in line, and outcrossing; in feeding roughages, concentrates, pastures; in housing, the big special barn part of the cattle barn partitioned off, cheap single-boarded shelters; in management, work or no work for breeding animals, prevention of diseases in youngsters, raising autumn colts. These in themselves show the advisability of having started such a farm.

What will be the future of the place? From an investigational point of view it is assured, as even a quarter of a century is not near long enough to solve many of the problems. As to the effects of any improvement of the French Canadian horse accomplished thereby and the scope of the distribution of improving breeding stock, the future of that enterprise is really in the hands of the farmers of the Province of Quebec. If they show enough interest, no doubt French Canadian horses will continue to be bred at St. Joachim; but if it is found out, which is improbable, that French-Canadian stallions and breeding stock are not in demand, then it will surely be in order to look into the question of using another breed for the experimental work at St. Joachim.

In the meantime, old Quebec can boast of having the most important horse breeding establishment in Eastern Canada.

GUS LANGELIER, Supt.,
Experimental Station,
Cap Rouge and St. Joachim.

QUESTIONS AND ANSWERS ON FORESTRY.

By Canadian Forestry Association.

Q. Can you give me some information as to how many trees are distributed to the prairie farmers each year from the Dominion Government Nursery Station at Indian Head, Sask.?

A. The average number of applicants for young trees from the Indian Head Station of the Dominion Government is 8,000 and from three to five million seedlings and clippings are sent out annually to prairie farmers. The average number per applicant was about 800 last year.

Q. Is there any service open to the ordinary citizen by which he can provide forest conservation?

A. By all the means the foremost service that the ordinary citizen can do for the forests of Canada is to prevent forest fires. As compared with our annual forest fire damage, any conceivable governmental effort at restoration by tree planting appears trivial. For example, one forest fire this year started by a cigarette carelessly thrown away destroyed 25 million feet of pine in one district. We are destroying our forests at least four times as fast as Nature at best can restore them and if we include forest fire damage we are probably filling off our forests each year ten or fifteen times faster than the natural re-growth. As a matter of saving our industries and retaining our forest inheritance, the business of forest fire prevention outranks every other public concern.

Q. How do the forest resources of Canada compare with those of other parts of the British Empire?

A. Canada is the only part of the British Empire containing a really large stock of coniferous timber. This classification refers to such woods as pine, spruce, fir, hemlock, etc., of the cone-bearing trees. Australia and New Zealand and South Africa are wood-importing countries. The British Isles themselves contain a smaller proportion of timber growing land than any other part of Europe except Portugal. The pine, spruce and fir forests of this Dominion, therefore, represent the only reliable source of commercial timber within the Empire.

ABSOLUTE CURE FOR BITES OF MOSQUITO.

The warning of the alarmist has been realized and mosquitoes, 1922 variety, have proved the largest and most fiendish of their kind with a thirst the jazziest in years.

Timid people, normally fond of out-of-doors, are shutting themselves up rather than face the foe. So it is said.

For those to whom a country stroll means the acquisition of several painful "bumps", and those whose summer attire affords an easy mark, the following remedy, used in the most mosquito-ridden areas in South Africa, where to sleep outside nets is to court disaster, is suggested by a Montrealer resident for some years in those districts:

"Make a strong solution of alum, about ten cents' worth to half a cup of water. Add one-fourth of the quantity of aromatic vinegar and one-fifth of the quantity of glycerine. Bottle and cork tightly. Shake well and apply when bitten. This cures instantly.

For your floors, linoleums and furniture, use the hard drying, water-resisting Chpalline Varnish. For sale in Napanee, only at Wallace's.

The number of handsome and useful gifts received told of the esteem in which the young couple are held. The evening was spent in music and dancing, a platform having been built for the occasion. Delicious refreshments were served, and all agreed that Mr. and Mrs. Babcock were delightful entertainers.—A number of Rev. G. Nickle's friends arranged for a farewell at the parsonage last Monday night. Owing to the large gathering they decided to use the church. An excellent programme, consisting of vocal and instrumental selections by members of Odessa, assisted by the Union and Fourth Concession talent. One of the principal features of the evening was the presentation of a handsome purse of money, after which delicious refreshments were served.

ABOUT TILE DRAINING

What the Provincial Act Does for the Farmer.

Tiling Improves Land Year After Year — Comparison of Cost and Benefit — Government Money Loaned at Low Rates — How Fruits Ripen.

(Contributed by Ontario Department of Agriculture, Toronto.)

In spite of the fact that Government loans for farm underdraining have been available for a number of years, it is still news for many farmers who have not sufficient capital to tile their farms. Too much cannot be said in support of this aid to increased production and enhancing the value of property. No other farm improvement will give equal returns and become a permanent improvement. Improved machinery, although very desirable, depreciates year by year, and in time is discarded and replaced by other and new equipment. Fertilizers are available for a year or two and have to be renewed, whereas tile drains become more efficient year after year. The soil becomes better aerated, more friable, and in a better physical condition when maximum crops will be produced with the minimum amount of work.

Matching Cost and Benefit.

Suppose for instance it takes 24 to tile drain an acre of land systematically, but by so doing several hollows which never produced more than half a crop before now yield more than any place else in the field. Supposing another wet area which always drowned out does likewise, and in all we have twenty-five bushels of wheat instead of twenty, or we have sixty bushels of oats instead of fifty. These estimates are made too low, but conservative estimates are safe. Let us see what interest we make on our money. Taking the present price of wheat as $1.40 per bushel, we have made $7 on an outlay of $40, which is 17½ per cent. on our investment. With oats at 45c we have 11¼ per cent. on our investment, and if these are not good returns I don't know where to find them.

Government Loans at Low Rates.

For the use of this money, on which you make large interest, the Government asks you only 5 per cent. You have twenty years to return it, long before which you have been repaid several times. Under the present act anyone wishing to tile can borrow 75 per cent. of the cost of his work up to $2,000 per lot or parcel of land

We Will Pay You $5.00 For One-Half Hours' Time

July and August are dull months in our Tailoring Department. The Harvest and Holiday season take men's minds away from buying clothes.

To make it worth your while to shop now, we are offering Boyes' "Made-in-Napanee" Suits at reductions of $5.00 and more in order to keep our hands busy.

Fall prices are now established (probably you know prices are going up some on woolens), and you'll be absolutely safe as regards prices.

We will save you at least $5.00—probably more—if you order now.

Check on the Milkman.

With the aid of an apparatus recently devised by Julius Hervet of the Minneapolis dairy and food commission, it is going to be possible within the space of a very few minutes to state just how long the wily dealer in trick milk has worked the pump handle, or allowed the product of the dairy to remain unprotected in the April showers.

The cryoscope, as the new apparatus is called, works on the basis of the difference in freezing point between water and milk; and it will determine infallibly whether the consumer is receiving pure milk or watered milk, or pure water to which a little milk has been added.—James Anderson, in Scientific American.

Chlorine May Prevent Flu.

Breathing air impregnated with chlorine gas may prove to be a real preventive of influenza. During the recent epidemic, 184 volunteers were subjected to a total of more than 800 treatments at the University of Arkansas. Several children and a nurse engaged in caring for the patients were among the subjects, of whom only one developed a new case, and that evidently had been previously contracted, says Popular Mechanics Magazine. The treatment consisted merely of confinement in the chlorine room for five minutes a day, the gas content carrying from 43 to 273 parts in 1,000,000 of air.

One Dozen Giraffes in America.

There are but 12 giraffes in this country—eight with circuses and four others in the zoos of New York and Philadelphia. Four of the 12 were raised by a Belgian named Andrew, in the employ of a circus, who used to be a hunter in Africa. He has made pets of them all, and Mary, who is almost nineteen feet high, responds instantly to his call and is delighted to eat sugar from his hand.

HAVANA A BABEL OF SOUND

New Yorker Alleges That Metropolis Is Silent in Comparison With the Cuban City.

Havana may not hold the noise championship of the world, but at least little old New York is silent by comparison. Unmuffled motors beyond computation, tram cars that seem far more interested in producing clamor than speed, bellowing venders of everything vendible, are but the background of an unbroken uproar that permeates every nook and cranny of the city. Honest hotel keepers tell you frankly that they can offer every comfort except quiet. Even in church you hear the tumult outside, broken at rare intervals by the voice of the preacher. It is not simply the daytime uproar of business hours, it increases steadily from nightfall until dawn. In olden days the serene, with his dark lantern, his pike, pistol, bunch of keys, whistle and rope, wandered through the streets calling out the time and the state of weather every half hour. His efforts would be wasted nowadays.

The long-seasoned inhabitants seem to have grown callous to the constant turbulence. I have yet to meet a newcomer who confesses to an unbroken hour of sleep. If you move out to one of the pensions of Vedado, the household itself will keep you constantly reminded that you are still in Havana. The Cubans seem to thrive on noise. If they are so unfortunate as to be denied their beloved din, they lose no time in producing another from their own throats. After a week in Havana we took ferry across the harbor and strolled along the plain behind Cabana fortress. For some time we were aware of an indefinable sensation of strangeness, amounting almost to discomfort. We had covered a mile or more before we suddenly discovered that it was due to the unaccustomed silence.—Century Magazine.

DISHES NOT ALL SHE'D DO

School Teacher Made Her Position Quite Plain to the Man of Her Choice.

She is a schoolteacher, who is anxious to marry, and he is a doubtful restaurant owner. For three years she has dined at his restaurant and at some time during every meal he has come to her table to talk to her. But he never suggested any sort of engagement. Yet from the expression in his eyes and his general demeanor she has long been sure that he cares for her. "All he needs is just a little help," her best friend told her the other day.

A few days afterward when she was in the restaurant he came to her table as usual. "I see you'll soon be out of a job," he laughed, and added: "Since your school is going to close Friday you might answer that," and he pointed to a sign on his wall reading "Dishwasher wanted." "Would you wash dishes for me?" he continued.

Back came the reply: "Yes, and cook and sweep and keep house in every way."

He took the hint. Also she is going to quit teaching for all time.—Indianapolis News.

Out in Wyoming a train ran over the cow of a Swede farmer named Ole Olesen. The claim adjuster went out to the home of Ole to adjust the claim likely to be made by Ole for the loss of his cow.

"Well, Mr. Olesen," said the claim adjuster, "I came out to see you about your cow being killed on our track. What are you expecting to do about it?"

"Vell," said Ole, stolidly, "I han a poor man, an' I cannot do much because I han so poor, but I will try to pay you five dollars."

DON'T

DON'T take any chances with fire in Ontario's forests.

DON'T throw away cigarette or cigar butts, pipe "heels" or burnt matches until you are dead sure they are out.

DON'T neglect to drown out your camp fire thoroughly with lots of water. Stir up the ashes and throw on more water.

DON'T build your camp fire against a rotten log or stump — nor on high exposed windy points; nor near moss patches; nor at the base of a tree.

Build it in a former fire place, if any at hand, or on a flat rock, or on a spot cleared down to the true soil below, preferably by the edge of the water.

DON'T forget that the upper layer of ground in the forest consists of partially rotted wood which holds fire and slowly burns. The only real soil which will not burn is beneath.

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

Irate Papa—No, sir. My daughter can never be yours.

Bright Suitor—Quite right, sir. She can not possibly be my daughter. I only wanted her to be my wife.

The Friend of All Sufferers. — Dr. Thomas' Eclectric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone, and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever required for.

Saturday morning's inspection in the army of occupation was in progress. The C. O. was giving his usual lecture before the assembled company.

"Men, you can't drink this here ceenae faster than they make it!" he bellowed.

"No, sir," meekly answered a wee sma' voice from the rear rank, "but" (triumphantly) "we've got 'em working nights."

Miller's Worm Powders seldom fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

The detective getting a description of an absconding bank cashier of his employer, asked: "Now, give me some particulars of this man—size, color of hair, kind of clothes, and so on. How tall was he?"

The banker hesitated a moment, rubbed his chin rather doubtfully, and then answered: "I can't exactly tell you how tall he was, but can tell you to within a dollar or two just how short he was."

Jack and Mary had just been to the grown-ups' church for the first time. A day or two afterward they were found in the nursery whispering audibly to each other.

"What are you children doing?" their nurse asked.

"We're playing church," replied Jack.

"But you shouldn't whisper in church," admonished nurse.

"Oh, we're the choir," said Mary.

Fresh Supplies in Demand.—Wherever Dr. Thomas' Eclectric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

It was at a camp meeting, and hats had just been passed round to receive the collection. The preacher rose, and said: "Let us sing while the hats are coming in."

The pianist, after some fumbling with the pages, turned to him and said: "I can't find it."

"Eh?" said the preacher, not understanding.

"That song, 'While the Hats Are Coming In'—it isn't in my book," said the pianist.

It was bright and early when Simpkins entered the office, and he felt very fit—till he found his employer standing waiting by his desk.

"Good morning, sir," much Simpkins, in tones he hoped sounded hilarity than he felt.

"Morning," snapped the boss. "Where were you yesterday?"

"I had to attend the funeral of an aunt, sir," replied Simpkins sadly.

His employer glared coldly at him as he decreed sternly:

"While you have been here, Simpkins, you have buried your parents, one grandfather, and two grandmothers, four aunts, and three uncles; you may as well know now that if you attend any funerals for the next year or so, it might as well be your own, for I won't have you back here."

SILAGE FERMENTATION

Gives Bane or Benefit to Contents of the Silo.

Well-Packed Green Fodder Usually Comes Out Well — Various Conditions From the Same Class of Plants — Prevention of Tuberculosis in Poultry.

(Contributed by Ontario Department of Agriculture, Toronto.)

When a large quantity of finely-cut or divided green fodder is packed within the silo fermentation begins at once. The temperature will gradually rise and considerable carbonic acid gas will be given off during the first five days. The temperature of the surface six inches may go up considerably above 100 deg. Fahrenheit, due to air entering and permitting fermentative processes which are not possible deeper in the mass out of reach of the free air or oxygen supply. Under good practice, where the cradling has been well done, the temperature two feet down will not exceed 140 deg. Fahrenheit during the first five days, the temperature will then gradually drop back to 100 deg. or less.

Green Fodder For the Silo Should Be Well Packed.

Well-packed green fodder carrying a normal amount of moisture will contain within the small spaces just enough air to carry the fermentation to the desired point for proper silage making. If an excess amount of air is present through improper cutting and packing of the fodder the fermentations will be carried too far, moulds will form and spoil part of the silage. Numerous agents are present and ready to function should conditions favor their development in the ensiled mass. The plant enzymes, invertase and zymase, together with the acid forming bacteria lactis acidi and vini acetati are of the greatest importance in silage making. Numerous other bacteria are present, and if conditions favor their development to a greater degree than they favor the development of the lactic and acetic acid formers the silage produced will not be of the highest grade. The plant cells of the cut or shredded green fodder that is placed in the silo are still alive and carry the chemical substances commonly known as enzymes. These enzymes are the agents that break down the starch and increase the sugar content during the first few days of the fermentative process, apparently preparing the way for the acid forming bacteria which become very active after the fifth or sixth day and control the completion of the silage making process if conditions are normal.

Many Activities In the Silo Useful and Otherwise.

The vast difference in the condition of the various fodders used in silage making at the time of ensiling gives rise to various activities both useful and otherwise within the silo. Different degrees of greenness or ripeness, different classes of plants, difference in moisture content, presence or absence of desirable bacteria in quantity, will have their influence on the final product. So we see silage of various colors, odors and flavors made from the same class of forage plants. The temperature within the silo after the silage making is completed may vary from freezing near the wall to 85 degrees near or at the center of the silo.—L. Stevenson, Asst., Dept. of Agriculture, Toronto.

Prevention of Tuberculosis in Poultry.

It is absolutely useless to treat poultry which is suffering from tuberculosis with any sort of medicine or patent poultry tonics. Preparations which guarantee to cure this disease are presumed frauds by scientists. Once the bird is infected there is no cure. All effort should be directed to preventing healthy birds from contracting the disease.

If the flock is small but not of great value and is several birds have died or are known to be affected, it would probably be the part of wisdom to destroy the whole flock and start over again. The poultry house should be scrubbed out with some disinfectant and the walls whitewashed. If the floor of the house is dirt, remove about six inches and bury it out of the way. Resurface with fresh, clean soil. If the floor is well made of either concrete, tile or wood, scrub thoroughly with disinfectant. If the floor is not of good material or hard to clean, add a new one over the old. Turn over the soil in the runs. Boil drinking cups and clean out all other utensils. After this is well done, secure the new birds, being very careful to purchase them from a flock which is free from the disease.

If the flock is large or valuable and it is decided to attempt eradication without destroying all the fowls, great care and attention, even to the smallest details, are necessary. One will, of course, overlook some of the diseased birds on the first examination, but they may be observed later on when the symptoms are better developed. Keep the flock free from drops as possible, and clean out and disinfect at least once a week. Do not allow the young birds to run with the older ones, for they are easily infected. After the first general weeding out, watch the rest and as soon as one begins to appear diseased, remove it from the flock and keep it alone, and then if it develops further symptoms destroy it at once.

For young pigs on pasture the self-feeder has given satisfactory results. Slightly more grain may be required, which is offset by economizing of labor.

Long Distance to the Rescue

"What shall we do, George? There goes the last train, and the children will be alone all night. We simply can't have that; Betty is such a nervous child, and Bobby's always hunting for matches to make Indian fires. It's dreadful."

"Well, Mary, you can't get home to-night. That's all there is to it."

"But we must do **something**. They may set the house on fire."

"Listen! Here's the drug-store. We'll call up Annie by Long Distance and ask her to go over and stay with the children."

"Oh, what a relief!"

Keep Your Youth

As long as you have a good head of hair you will look young and feel young. The only way to keep your hair nice is to take proper care of it.

KOREEN

The Wonderful Hair Remedy, will arrest falling hair, remove the dandruff and make your hair thick and glossy.

Don't put off getting it. The comparatively young men you see in the bald-headed row waited too long. Their hair kept falling out but they paid no attention to it.

Your friends with the thick vigorous-looking hair were wiser. They took precaution.

Practically all druggists stock KOREEN, but, if by any chance, you can't get it in Napanee, write us direct.

JUDICIAL SALE.

Pursuant to a Judgment of the Supreme Court of Ontario bearing date the 19th day of March, 1922, and made in the matter of the estate of Phillip Jonas Switzer, there will be sold by Public Auction with the approbation of the Local Master at Napanee at his Chambers in the Court House, in the Town of Napanee, on Thursday, the 3rd day of August, 1922, at the hour of 2 o'clock in the afternoon, the following valuable farm property:—

Lot Number Four (4) and the west half of Lot Number Five (5) both in the 7th Concession of the Township of Ernestown, in the County of Lennox and Addington, containing 200 acres be the same more or less. Also all that part of Gore "G" in the rear of the above described lands supposed to contain 15 acres more or less. Excepting out of said lot Number Four (4) one acre of land heretofore conveyed to the Trustees of School Section No. 20.

The said property will be sold en bloc or in two parcels at the option of the said Master, as follows:—

Parcel No. 1.—All that part of the said above described, premises lying North of the travelled road known as the Palace Road running across said lot containing 165 acres more or less.

Parcel No. 2.—All that part of the above described premises lying south of the said travelled road containing 150 acres more or less.

Upon Parcel No. 1 are erected a two-storey brick dwelling house about 28x40, with frame kitchen and woodshed attached, a large frame barn and a drive-house.

There are no buildings on Parcel No. 2.

The premises are well watered and the fences are in a good state of repair, and the land is in a good state of cultivation.

The property is situate about 4½ miles from the Town of Napanee.

The premises will be sold subject to a reserve bid fixed by the said Master.

Terms of Sale.—The purchaser shall pay down a deposit in the proportion of $10 for every $100 of the purchase money at the time of sale and the balance within one month thereafter without interest.

In all other respects the terms and conditions of sale shall be the standing conditions of sale of the said Court.

For further particulars apply at the Law Offices of J. E. Madden and H. M. Wilson, Napanee.

Dated the 30th June, 1922.

Army Has New "Eyes."

Army engineers are said to have developed a new type of searchlight, mounted on a rubber-tired trailer that can be pulled great distances by a motor truck which promises to be a great aid in anti-aircraft operations. It is a 60-inch light of the "sidslpan" type, yet weighs but 750 pounds as against the old light of this size, which weighed 6,000 pounds.

The cost of the new light also has been reduced, being about a quarter of the cost of the first light, which had a glass mirror that was not only very heavy but also difficult to manufacture. The new light has a mirror of thin metal with a backing of reinforced concrete. This construction is said to promise excellent results.

Reduced Rates.

A little girl who was in the habit of bringing ten cents to Sunday school, heard the superintendent say that each child in her department had been apportioned six cents a Sunday for the centenary. Upon reaching home she rap to her mother and said: "Mother, Mr. M. says we needn't bring but six cents to Sunday school now. You know, that's five cents for Sunday school and the war tax."—Jim's Herald.

Motor Busses to Holy Land.

Indignant Wife—I wonder what you would have done if you'd lived when men were first compelled to earn their bread by the sweat of their brows.

Indolent Husband—I should have opened a store and sold handkerchiefs.

A philanthropic lady visited an asylum not long ago and displayed great interest in the inmates. One old man particularly gained her compassion. "And how long have you been here, my man ?" she inquired.

"Twelve years", was the answer.

"Do they treat you well ?"

"Yes".

After addressing a few more questions to him the visitor passed on. She noticed a smile broadening on the face of her attendant, and, on asking the cause, heard with consternation that the old man was none other than the medical superintendent. She hurried back to make apologies. How successful she was may be gathered from these words: "I am sorry, doctor, I will never be governed by appearances again."

"Saved My Little Girl!"

Mother tells how her little Ethel's life was saved.

That is what one woman wrote us recently, and then she goes on to say:—"Ethel, who is just past eight, caught a bad cold last August. The child is of a highly strung, nervous temperament and could not be kept quiet in bed. She tried everything we could think of to cure her cough. But, the cough became worse and from a rosy, healthy, sturdy girl she became pale and thin. Nothing we did seemed to stop the cough and by this time regular spasms of coughing had developed. These coughing spells left the child weak and completely exhausted." I believe that in a short time the cough would have reached the child's lungs. After trying everything I could think of I saw an advertisement for Catarrhozone saying that this preparation would cure. So I got a bottle from the druggist and before it was half finished my little girl had almost completely broken off her cough. Her cheeks began to get back their old colour. She started to put on flesh again and would run and play all day without being tired. Today, after having taken two bottles of Catrrhozone she is looking and feeling better than she has ever felt in her life."

Catrrhozone is sold by most druggists and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle and he will refund your money. 4-22

WATER IN FARM HOMES

Compression System Will Give General Satisfaction.

Water Pumped Into a Metal Tank Against Compressed Air—Various Methods of Working the Pump—Air Valves a Necessity — Seven Steps to Success in Poultry Culture.

(Contributed by Ontario Department of Agriculture, Toronto.)

In my last article I described briefly the attic tank system of water supply for the rural home. This system has given very good satisfaction in the past, but I doubt if it will be installed in many homes in the future, as there is now on the market something very much superior in many respects. I refer to the compression water system, which I will try to describe in a few words.

How the System Operates.

The chief feature of this system is that water is pumped into a strong air-tight cylindrical metal tank against the entrapped air which is compressed in the upper portion of the tank, and the compressed air constitutes the power to drive the water out of the tank when a faucet is opened on the discharge line. This is very simple. The metal tank will vary in size according to the amount of water used, but a common size is 6 feet by 2½ or 3 feet. It should be kept about full of water and at a pressure varying from 40 to 45 lbs. Greater pressure, if required, may be secured by pumping the water to a higher level than named in the tank, or by pumping some air into the tank before any water is pumped in. A water gauge is attached to one side of the tank to indicate the height of the water in the tank, and on the discharge pipe close to the tank is a pressure gauge. The tank must be kept in a frost-proof place—say the cellar, or an underground pit. The water keeps cool, clean and fresh in this tight tank.

Methods of Working the Pump.

There are many different ways of operating the pump in order to fill the tank. By hand, by windmill, by gasoline engine, or by electric motor. A few minutes of pumping each day by hand will keep the ordinary-sized house supplied with plenty of water. When the pump can be operated by windmill or electric motor, there is the great advantage of automatic starting and stopping of the pump. The automatic electric water systems of the present day are very convenient and also very efficient. In case of shallow wells and cisterns the pump and motor can be located inside the house or barns. As a few stamps get electric current these automatic systems will become very common both for shallow and deep wells. The automatic systems require very little attention and are very noiseless. There are several styles or designs, but any of them of reputable firms will give good satisfaction if the installation has been done properly and if the outfit be given good care.

If soft water as well as hard water is required under pressure, two tanks are necessary, one for soft and one for hard. Only one pump is required in this double tank outfit.

Air Valves a Necessity.

Pumps used in connection with compression systems must be provided with an air valve for renewing the air in the tank because the air dissolves in the water and escapes with it. If means for pumping in air were not provided for, the tank would eventually become water logged and the system would be rendered absolutely useless.

The compression water system is described and illustrated of Bulletin 247, entitled "Farm Water Supply and Sewage Disposal." A copy may be secured without cost by dropping a line to the Department of Physics, O. A. C., Guelph, Ont. Give us a chance to help you to solve your water supply problem.—R. R. Graham O. A. College, Guelph.

Seven Steps to Success in Poultry Culture.

1. Keep breeds regarding. Little progress can be made without this first step.

2. Feed a properly balanced ration. Such a ration furnishes nutrients for growth, health, maintenance, fattening and eggs. The elimination of eggs must be a constant aim.

3. Give proper care and comfort by good houses and management. Dissemination are: Extremes of heat and cold, hunger and thirst, foul air and droppings, bad diseases and parasites.

4. Keep standard-bred, utility stock. There are five good breeds for the farm: Plymouth Rock, Rhode Island Red, Leghorn, Wyandotte and Orpington. Varieties of these have been bred for heavy egg production.

5. Breed from the best, both male and female.

6. Sell unprofitable stock.

7. Market grade of product. Maximum returns are secured from graded products. Mark is demand a constant supply, and this calls for community co-operation.

Age of Cows.

It is more difficult to determine the age of a cow than of a horse, say the live stock men at the State College at Ithaca, New York. They agree that some estimate of a cow's age may be made from her teeth and horns.—The number of "annual rings" on the horns, plus two, for example, usually gives the animal's age, but remembering that the pairs of permanent teeth come nine months apart and the first pair came at about 19 to 24 months of age, will help to verify it.

Inspect potato fields for diseases and impurities and remove all plants necessary.

NERVOUS AND RUN DOWN

Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Cobourg, Ontario.—"For many years I have had troubles with my nerves and have been in a general run down condition for some time. I could not do my work half the time because of trouble every month. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good and I strongly recommend it. Since I have taken it I have been able to do all my own work and I also know friends who have found it good. You can use these facts as a testimonial." —Mrs. Ellis Phillips, Box 761, Cobourg, Ontario.

Any woman in this condition should take the Vegetable Compound, for it has helped many women and so it should help you.

For almost forty years this good old-fashioned root and herb medicine, which contains no narcotics nor harmful drugs has been the standard medicine for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass.

The Army Worm at Work.

An outbreak of the army worm is reported near Roblin. The larvae have only started work, but considerable damage has already been done to the second crop of alfalfa, potatoes and cabbages. As the larvae is not in sufficient numbers to warrant the trouble of trenching, it is recommended that poisoned bran be broadcasted over the areas affected.

"You're some prophet, you are!" snarled the grouchy man. "What's the matter?" asked his friend.

"The matter is that tip you gave me about your candidate having a walkover. Some tip! I must say. You told me I could bet my shirt on it."

"And did you?"

"I did, thanks to you."

"Well, then, what are you kicking about?" said his friend optimistically. "See what you'll save in laundry bills."

ST. PATRICK'S GARDEN PARTY AT THE DRIVING PARK.

SPLENDID PROGRAMME OF ATHLETIC SPORTS, HORSE RACES, BASEBALL AND TUG-OF-WAR. —BUT, OH! THAT CHICKEN SUPPER!

Father O'Connor has good reason to be proud of his parishioners for the great success they attained on Wednesday at the Driving Park, and no doubt he is nearly as proud of them as they are, have been, and always will be of him for his genial and lovable disposition, his kindly manner and his wise and thoughtful guidance and advice in matters both spiritual and temporal. As pastor and people they hold the unique position of exactly fitting each other and of being in thorough sympathy and accord with each other. To this may be attributed the fact that all the social functions in connection with St. Patrick's Church are successful.

There was a large attendance of people from town and country to witness the most interesting events which were contained in an excellent programme, and the weather was all that could be desired.

Perhaps one of the greatest attractions was the fine chicken supper provided in the Rink, where the good things to eat were provided in abundance. The ladies are worthy of all praise for their efforts in domestic science and for the artistic manner in which everything was presented to their patrons.

A charming dance was given in the Town Hall at night, excellent music being rendered by Walters' Orchestra.

Following will be found the list of prize-winners :—

LACROSSE BOOM AT NAPANEE.

A STRONG ORGANIZATION EFFECTED—MANY OLD PLAYERS IN TOWN.

A meeting of the town's lacrosse enthusiasts was held in the Town Hall on Thursday evening last and was well attended. Mr. E. W. Metcalfe acted as chairman and the following officers were elected: Hon. President, Richard McNeil; President, W. J. Normile, Sr.; 1st Vice, F. J. Grace; 2nd Vice, Matt Taylor; 3rd Vice, A. Smith; Manager, E. W. Metcalfe; Coach, Jack Lane; Secretary, Blake Sine; Treasurer, R. M. Black; Field Committee, R. M. Black, Harry Ballard and Frederick La'Salle. Thirty-five lacrosse sticks were ordered by the boys present. All the officers are old lacrosse players and are willing to help the boys. "Dick" McNeil played for Napanee thirty-five years ago. W. J. Normile also played for the same team. F. J. Grace played centre for the "All Canadian Stars" when they toured Australia some years ago. Matt. Taylor of the Excelsiors of Brampton. A. Smith of the St. Catharines lacrosse team, E. W. Metcalfe of the Actnas of Georgetown and the Eloras. Coach Jack Adams played professional hockey with Vancouver, B.C., and Moose with Fort William. B. M. Black, who played with Stirling some years ago. Harry Ballard of the famous Madoc team. Fred La Salle, a new man, who is well experienced in lacrosse. Will Bole, of Havelock, Intermediates, and a good player. "Sir" Wagar, an old Napanee boy of good experience in the game.

The sticks arrived on Saturday and practice will commence at once.

Napanee has for some time been attempting to organize a lacrosse team and this year everyone seems to be taken such an interest in the game that they have succeeded in organization and expect to hold a place on the map of lacrosse towns in a short time. The experienced players are using their utmost to train the boys and there is no reason why we should not turn out a first-class team.

The first practice of the Napanee lacrosse players, was held at the rink on Thursday evening. A large number of enthusiasts and spectators were present and by the interest shown in the game we are likely to have a real lacrosse team in a short time.

BEAUTIFUL BRONZE PLAQUE RECEIVED HERE.

PERPETUATES THE MEMORY OF WILBERT C. VANDERVOORT

AUTOGRAPH SCROLL FROM KING GEORGE.

One of the beautiful bronze plaques which are being presented to the parents of those who fell during the great war has been brought to the attention of The Beaver by Mr. C. Vandervoort, who is now in receipt of this memorial of his son.

The plaque is a very beautiful piece of workmanship about five inches in diameter, embossed on solid bronze, having on its face the standing figure of Britannia holding a trident in her right hand, and a wreath of laurels carried in her left, while at her feet stands the British Lion in a position of readiness for assault. Below the words "He died for liberty and honour" encircling the design. The plaque is accompanied by an autograph scroll from H. M. King George, which reads, "I join with my grateful people in sending you this memorial to keep alive the memory of the Great War, and is dated from Buckingham Palace. The name of the soldier which the plaque memorializes is also engraved on the face, "Wilbert Charles Vandervoort."

These bronze memorial plaques are being issued at the instigation of His Majesty the King to the next of kin of all those who gave their lives during the Great War and are very highly prized by the recipients.

THE FARMER LOAN SYSTEM.

By W. B. Roadhouse.

This is the first of a short series of articles explanatory of the new rural credits system in Ontario, written for The Napanee Beaver by Mr. W. B. Roadhouse, Deputy Minister of Agriculture and member of the Agricultural Development Board, which is administering the system. The Board is at the disposal of any farmer in Ontario and inquiries should be sent to A. G. Farrow, chairman and chief administrative officer. —Ed.

On October 28th last the Agricultural Development Board passed the first loan under the long term farm loan legislation of the previous session. Since that time loans to the amount of about $800,000 have been passed.

It is plain, therefore, that the legislation is being taken advantage of by the farmers of the Province, and that it is serving a useful purpose. Accordingly I have been asked by the Editor to set down some of the initial experiences and impressions of the application of this legislation to the farming needs of the Province.

In noting the progress as shown by the figures quoted it is necessary to remember that the loans are limited to certain specific purposes. Acquiring land, erection of buildings, straightening up an estate—these were the purposes in the original Act and loans up to 65 per cent. of the value of the property could be made. To these purposes have now been added the discharging of encumbrances where such encumbrance do not exceed 10 per cent. of the value, and the cost of installing the drainage tile. Inasmuch as farm properties change hands mainly in the spring or fall, it will be seen that the new system of loans has just got freely started and my impression is that it will become better known and more extensively used in the months and years to go by.

Three Features.

There are three features of the plan which have been commented on favorably by applicants. These are:

1. Money is available.
2. Rate of interest.
3. Amortization of repayments.

There has been a general impression that there was always plenty of money available in rural Ontario to finance all farm mortgages offered. This is not so true now in any section as formerly, and is not true at all in some sections. Victory bonds attracted large sums of money from rural Ontario and moreover developed an understanding of bonds and their advantages for investment which did not previously exist. Consequently many applicants for loans have stated that there was now little or no money available in their community for farm mortgages.

Then the rate of interest a six per cent. is regarded as reasonable for a long term loan. It is, of course, two or three per cent. less than prevailing rates in New Ontario, and there is reason to believe that in Old Ontario it has a stabilizing influence.

But the feature which appears to appeal to many is the basis of repayment. Where the repayment is divided into annual instalments of principal and interest and spread over a period of twenty years it gives a sense of permanence and enables a man to make his plans accordingly. A payment of $7.17 per thousand dollars borrowed, will discharge the entire loan in 20 years, and this is not much more than the interest payments which would be asked in some cases otherwise. Most borrowers are looking forward to having the entire loan discharged long before the maximum period, but when they are told they can pay as much as they like on due date after the third year they are quite satisfied.

As to Red Tape.

It is perhaps expected a good deal to expect a skeptical public to believe that any Government or semi-Government organization operates without red tape. Certainly it is the aim of the Board to do so. To comply with the Act and to see that the interests of the public and of the property safeguarded, there are some conditions which must necessarily be strictly insisted upon. With these lines, however, the Board has endeavored to make the operation of the plan as simple as possible and the standpoint of the borrower. Applications are made direct to the Board and are not passed upon by any local committee. If the application appears to the Chairman of the Board to be within the meaning of the Act then an inspection and valuation is ordered. The reports then come before the Board as a whole for action. As the chairman is the permanent administrative officer, and as the other members are readily available, the Board meets sometimes meetings are held two or three times a week, often on very short notice. If the loan is passed the papers are immediately sent on to the solicitors to have title searched and mortgage papers made out. Here any delay there is usually occurs. Sometimes there is a slight flaw in the title, making it necessary to get the signature of someone now several thousand miles away. It is in the interests of the borrower, as well as of the Board, that the title be made absolutely clear, even if it takes a few weeks to do so. As soon as the solicitors certify that mortgage papers have been executed the money is passed, except where loans are made for building purposes, when frequent progress reports from time to time as the work progresses. It will be seen that this part of the ordinary business practice very closely and illustrates the determination of the Board to operate on strict business principles only.

Importance of Inspection.

In this work it will be obvious that inspection and valuing is a most important part. The Board is expected and desires to serve the whole Province. Covering such a large territory with such a variety of conditions is a big job and the Board must needs be largely reliance on the information which comes to it from its inspectors. Detailed information is asked in regard to the property, its location, distance from markets, schools, roads, soil, buildings, drainage, stock, etc., etc. In addition a report on the applicant. About three years ago, when faced with an increase in his rent, he decided to buy. He made a small payment and undertook a substantial mortgage. The first year he was able to meet his payment, the next year was last year, which was so disastrous to so many farmers, and he found himself faced with fore-closure. Had he had a start years ago in acquiring his own farm he was satisfied his experience would have been different.

Estates and Buildings.

One of the purposes for which loans are authorized under the Act is for straightening up estates, and this has been found an advantage in a considerable number of cases. A farm is left to the eldest son with directions to pay so much to his mother and sisters, or so much to several sisters and brothers. Perhaps the instalments to be paid are so heavy as to constitute a burden when paid out of annual revenue. Perhaps misunderstandings and family quarrels arise and the aftermath is unfortunate for all concerned. Such conditions have been prevented in the cases where a loan has been granted to clean up all such obligations and the numerous small debts have been consolidated into one and based on a clear-cut business basis.

In Old Ontario naturally the applications for loans to erect buildings have not been numerous, but a number of such applications have been passed. Here in a case of a hundred acre farm with buildings, put down as worth $7,500, free of debt. Yet the house is only valued at $200. Hence the owner secures a loan of $2,500 to build a new house and spreading the payments over a period of years will enjoy the additional comfort while it is being paid for. In other cases it has been a new barn or improvements to some of the existing buildings.

Small Holdings.

Not very many loans have been granted on small holdings. Under the Act repayments on any loan placed on less than fifty acres must be made in five annual instalments. The object of this provision was to limit the number of loans on small properties, as it is recognized that land values in such cases fluctuate more rapidly and a margin of security of 25 per cent. may be easily wiped out. At the same time, there is much to be said in favor of the man who is skilled in raising intensive crops, and is able to produce as much off ten acres as others would off one hundred. Some way commensurate with adequate security should be found to extend assistance in worthy cases, but it can only be done by amending the Act, which is a matter for another session. In the meantime, a few are securing loans to repay in the five years as required.

Repayments.

Repayments are probably the final test of the success of any loaning scheme. No repayments are due under this scheme until next fall, and hence no evidence on this point is available. Every precaution has been taken, however, to assure repayment, and every borrower is given to understand that a loan is a business proposition and must be treated on a strictly business basis.

Editor's Note.—Subsequent articles will deal with the system in operation, its part in the development of Northern Ontario, and the working of the system of short-term loans.

PARTY OF FIVE ESCAPE DEATH.

Taking fire in Picton Bay, about two miles from Picton, a high speed motor boat, owned by Mr. Kenneth Johnson, of that town, was destroyed about ten-thirty Wednesday night, the five occupants having to leap overboard for their lives, when the flames burst from the engine and enveloped the boat.

The accident happened in the line of navigation and fortunately help was at hand for those in distress.

Mr. Johnson, Mrs. Johnson, Mr. Leonard McDonald of the Picton Gazette staff; Mr. Nolan and another man had been out on the bay. Engine trouble developed but it was overcome, the engine starting and then stopping. One of the members of the party crawled it and the engine ran smoothly for a time. Suddenly the oil about the engine and the flames leaped from the boat.

To save themselves the occupants were compelled to seek safety in the water. Mrs. Johnson had a heavy coat on at the time, but being a good swimmer she swam about until she was picked up by the Quinte Lady, which was passing. The rest of the party swam about for several minutes except Mr. Nolan, who clung to the side of the blazing craft. The Quinte Lady tried to approach the motor boat to pick him up but could not for reason of the flames. A life preserver was thrown to him, he lost it at first and finally recovered it. He was picked up by the crew of the boat.

Mr. Johnson had gone down and came up twice and was about to go down again when he was rescued, as a line was thrown to him from the Quinte Lady. The other members of the party had meantime got aboard the Quinte Lady.

The party lost their clothing, the men having taken off their coats.

The boat was a complete loss. The members of the party all escaped burns.

IN MEMORIAM.

In loving memory of William Carroll, of Tamworth, who departed this life on August 2nd, 1920.

Days of sadness still come o'er us,
Tears of sorrow often flow,
Memory keeps our loved one near us,
Whom God called two years ago.
Though his loving voice is silent,
And his true heart ceased to beat;
He is with God's known footsteps
And his face we used to greet.

Wife and Daughter, Gertrude,
Tamworth, Ont.

WINDOW AND VERANDAH

Brightened With Flower Boxes and Hanging Baskets.

The Boxes Must Be Strong and Durable—The Soil Should Be Kept Rich and Well Watered — Hints on Arrangement of Plants.

(Contributed by Ontario Department of Agriculture, Toronto.)

Window boxes should be made strong and durable. Each box should be nine or ten inches wide at top and bottom, seven or eight inches deep inside measurements of a suitable length to fit the window, not over four feet in length, made of one-inch dressed lumber, and when finished, painted a dull green color. Half-inch holes should be bored about six inches apart through the bottom of the box for drainage purposes. Verandah boxes should be about the same measurements. A large iron screw eye, or iron staple, should be put at each top, outside (front) corner of the window boxes. A strong piece of wire should be attached to these long enough to attach to another screw eye or staple placed in the window frame about a foot higher up than top of box, so that the box can be fastened securely in position. Boxes and barrels may be made more artistic and rustic looking by nailing moss and bark covered bark, of native trees, on the outside. This not only adds to their attractiveness but also helps to keep the plants moist and cool at the roots in summer time. The bark from Basswood, Elm, Cedar or Birch trees will be found suitable. By the exercise of a little taste and originality, very pretty boxes can be made at slight cost. Verandah boxes and rustic stands can be made in something the same way. One of the prettiest rustic stands I have ever seen was made from the lower half of a sugar barrel, reinforced by a thickness of half-inch board nailed on the bottom of the barrel outside to strengthen it, with three-quarter inch holes bored through for drainage purposes.

Hanging Baskets.

Wire hanging baskets lined with green moss or sphagnum moss are very effective, especially for a sunny position. The clay baskets dry out very quickly and are better suited for a shady position than a sunny one.

Soil.

The soil for window boxes must be rich in fertilizers if the best results are to be obtained. It is a good plan to put an inch in depth of well rotted barnyard manure, or fine cow manure, near the bottom of each box, before filling it up with the prepared soil. About an inch in depth of soil may be placed in the bottom of the box first, and the fertilizers named spread over it, or about half a pound of bone meal may be used as a substitute for the first named fertilizers. These fertilizers will help sustain plant growth late in the season when the soil has become exhausted. One part sand, one part leaf mould (black soil from the bush) and seven or eight parts of light loamy soil well mixed, with two parts of either of the fertilizers named added, will make a good soil for window boxes, rustic stands, etc.

The best time to fill window boxes is when they are to be placed in position for the season. Do not fill any of the boxes filled with soil or plants, as they are heavy and difficult to get in position when filled.

Arrangement of Plants.

Tall growing plants should be placed at the back of the box nearest the window. Dwarf plants and trailing plants should then be put around the front and ends of the box. Any space between these in the centre of the box should be filled with medium height plants. It is a good plan to first fill the box nearly level full with soil, then stand the plants on the surface where they are to be planted finally. By doing this the plants can be changed about and rearranged, and a good idea of the arrangement and effect obtained can be obtained before finally planting them. For color effect, for instance, too much of any one color, especially the heavier colors, should not be placed in any one part of the box, whether of dwarf or tall plants, as there would not then be a proper balance of color, something that would detract from the effect considerably. By standing the plants on the surface of the soil before planting as mentioned, any change required can be easily made. Use bright colored plants mainly, whether of foliage or flowers, and if possible, make use of good sized plants. Boxes filled as described at the time of setting out, will do nicely, but if the boxes filled indoors early in the season. Boxes filled very early indoors, often get soaked up as soon as they are set out, and sometimes become positively unsightly before the summer season is half over.

Care of Boxes.

Window boxes, etc., require copious and frequent waterings every day, or at least every second day, especially during hot weather. The soil should be well soaked with water when watering the boxes. Toward the end of the season, in July and August, some liquid fertilizer may be given the plants.—The late Wm. Hunt, O. A. College, Guelph.

E. G. Bennett, of Missouri, says: "When you sell grain you wholesale the fertility of your soil; when you sell butter-fat you retain water, feed and sunshine."

THE DOCTOR'S ORDERS.

She was the sort of a woman who always tells everybody her family troubles. With a cheery smile she settled herself at the counter and began: "My husband has been very ill—very ill—so I have to do his shopping; and I want a shirt."

"Certainly, madam," said Will Copp, courteously: "stiff front and cuffs?"

"Oh, no!" she exclaimed in horrified tones. "The doctor says he must avoid anything with starch in it."

—The annual Sunday School picnic of St. Mark's Church, Desoronto, was held on Wednesday, July 19th, at Fortesters' Island, by the kindness of Mr. D. Harding, the owner. Sports and games were thoroughly enjoyed by the children, and Mr. Wm. Hatch most kindly made several trips in his splendid yacht, Hosmer II., so that all who desired had free transportation. To add to his good nature and public spirit, Mr. Hatch on the last trip home treated everyone to ice cream. All present voted the day's outing a great success and very enjoyable. The best thanks of the Superintendent, teachers, and especially the parents, are due to Mr. Hatch, who is a good sport. Three touring cars, necessary to convey the members of the Enterprise Methodist Sunday School to Storrings' grove at Beaver Lake, on Wednesday, July 19th, to participate in their annual picnic. After a busy afternoon of races, chicken, salads, pickles, pies, cakes, etc., a pleasant time was spent on the water. The Sports Committee was busy carrying out its programme of foot-races, tug-of-war and baseball matches. Very interesting were the indoor baseball matches between the Ladies' Adult Bible Class and the Men's, and between the Young Married People's Class and the Young People. Boating, swimming and other games made it pleasant for many, and all, after partaking of supper and patronizing liberally the booth at which ice cream, lemonade and candies were procurable, declared that a most enjoyable time had been spent.

TOLD BY THE EYE

"Index of the Soul" Reveals True Character.

To the Initiated, the Human Eye Denotes the Workings of the Conscious and Subconscious Mind, as Nothing Else Can.

The eye has been called "the index of the soul," and with much truth. Yet how often is it consulted, and how many of us have sufficient knowledge to enable us to read it aright?

In these days of unsolved crime mysteries, ability to read the character more or less accurately from the eyes is a possession worth having, asserts London Answers. And this knowledge is not mere guesswork; it is based on scientific facts and comparisons.

Science has brought out facts showing that human eyes, like those of animals, denote the working of the conscience and subconscious mind. Perpetrators of recent murders, if placed side by side, would provide useful information to the psychologist and Scotland Yard.

Eyes cannot be influenced in color by the mind. Dark, flashing eyes cannot be made blue, any more than the alcoholic can show eyes like the abstainer. A patient consulting his doctor may not think his illness can be diagnosed by his eyes, yet it is useless for him to say he sleeps soundly when his eyes show the contrary.

Looking at the eyes of people you know, the following characteristics will be found almost invariably: In man, round blue eyes denote a good temper, easy going, free with strangers and friends. If the eyebrows do not meet in the middle, he is free from criminal instinct, but subject to minor crime through his feelings for others.

If blue be tinged with gray, perseverance and strength of moral character must be added. He keeps his word, but does not forget an injury. This type of eye suggests sleepiness, but in reality, denotes a fertile brain and retentive memory, a strong constitution, capable of hardship, yet retaining an active mind.

Lucky are women with blue eyes. They are sweet tempered. If married, they will prove amiability itself, and, fond of children, their sphere is in the house, or the finer work of the drawing room.

Gray eyes are ascribed to officers of rank, politicians, and judges. Gray eyes are stern and commanding, showing a forceful and dominant will, with great powers of persuasion.

If the eyes be full and prominent, with a glassy appearance, the opposite is found; this type is not reliable, cannot stand a strain, is never forceful, perhaps a good workman, but useless as a master. The owner of such an eye is usually an egotist, not liking people who hold different views. Without being inclined to crime, he lacks determination.

A little study soon defines the criminal eye, which will not look anybody straight in the face, flickering with what is known as a furtive glance; when doing this, he calculates his chances of success.

In ladies, gray eyes are not an asset. For beauty or love, blue, black or hazel have the preference. Old maids and man haters usually possess gray eyes, which, however, often denote fixity of purpose and noble traits of character. Women criminals have the deepest eye showing they can premeditate a crime and having a strong mind can keep a secret.

Dark eyed people are considered hand-some and attractive. In the man, it amounts to magnetism, the highest type being in this class. Such eyes denote a determination to go through at all cost; their owners love with a mad passion. The woman in this class is jealous before marriage; after she will ruin anybody who tries to come between them. She delights in exhibition and dress. Dark eyes are not stronger than other colors, as is commonly supposed.

The next study requires care to judge, or mistakes will result. This is the small, black, beady eye, set deep in the head, never seeming to be properly open. This type of man or woman blinks and turns away when looked at, as if to conceal what they fear can be read from their eyes.

This is the criminal eye, and denotes cunning, greed, vice and deceit; no feeling for others. This is the third. Six teaspoons and two tablespoons; T. Laird, water pitcher and coffee pot; D. Laird, sundry; H. Kilcannon, sauce pan; O. Storms, soup strainer; D. Lawlor, colander; Sam Amos, wash basin; Mr. and Mrs. C. Thompson, potato kettle.

Mr. and Mrs. Whittaker desire to thank all those who so kindly donated to the above shower.

Artificial Eyes in Demand.

One of the odd trades of Birming ham is that of artificial eye-making says the London Daily Mail. It has never been more thriving than now. Some makers have three months' work ahead. The war added to the demand, and there are thousands of ex-service men who can not possibly be supplied for a considerable time. The variety of artificial eyes is surprising. They differ in the size of the iris, shape and the color of the "white." No two eyes are alike, and the artificial eye has to match the remaining one, a matter of nice judgment. Formerly the Germans competed in the trade, but their "eyes" had many faults.

BOOMING BETTER SIRES

Publicity Methods Used in Forwarding the Campaign.

Motion Pictures the "Reel Thing"—Lantern Slides Also Useful—The Use of Gate Signs Is Becoming Popular With Breeders — Can't Have Eggs and Mites, Too.

(Contributed by Ontario Department of Agriculture, Toronto.)

The ultimate object of the campaign for better sires is to improve the quality of the beef and dairy herds of the country. To achieve the object it is necessary, first, to create in the minds of farmers an interest in and a desire for a better class of cattle. This cannot be done by writing and talking alone. The ideal way to create this interest would be to have the people see numbers of good cattle. As this is seldom practicable, the next best thing is the use of good pictures. It is in this direction that we have found motion pictures useful. If you can show an audience a number of reels of high class cattle, you secure their interest immediately, and when shown in pastures similar to the pastures in their own fields the appeal is very strong. Wherever such pictures have been shown, it has resulted in a number of the audience making enquiry about breeding, feeding and methods of caring for cattle to obtain the best results.

Motion Pictures Have Their Limitations.

Motion pictures are not well adapted for making studies of type. It is in this connection that we have found lantern slides valuable. The slides we have used have included close-up pictures of ideal representatives of all breeds contrasted with slides of undesirable and unprofitable types. One of the most interesting is a series showing a number of scrub cows, the good bulls to which they were bred and the resulting calves. This is the next best thing to having the animals actually there. In brief, motion pictures secure the attention of the audience and create a desire for more information; lantern slides illustrate types and methods. Motion pictures made on Ontario farms have been used to illustrate the leading beef and dairy breeds. Wherever possible, groups of animals by one sire are included to show uniformity and high standard of breed types.

It is proposed to prepare a picture of market animals showing different grades. Some examples of grade cows of poor to fair quality with their calves by high class bulls, showing marked improvement in one generation by the use of a good sire, have been secured. It is hoped to secure more of these as they are the very best of object lessons.

The Use of Gate Signs.

In an educational campaign there are a number of essentials, one of which is to create an interest in the minds of those you wish to influence. It is not an easy matter to reach the man who most requires instruction. Bulletins and other literature sent to him often end their way into the waste basket unread. He is not easy to get out to meetings where the matter is to be discussed. The main object in using these signs is to reach the man who does not read bulletins or attend meetings. When he sees a sign on his neighbor's gate announcing the fact that a pure-bred bull is kept on that farm, it starts him thinking. If every farm where a pure-bred bull is kept is indicated in this way, natural curiosity will as a rule lead a man to make inquiries. Such an individual will probably have been claiming that his grade bull is just as good as the pure-bred, but he soon realizes that if he keeps a bull and has no such up standing that it is pure-bred, the inference is that it is inferior.

The spirit of "Keeping up with the Joneses," while it may in some cases cause disquiet, is a real factor in human progress. When you get a man in a receptive frame of mind, you may have established considerable; in other words, you have fertile soil for the sowing of the gate sign is to create interest, and in this it is succeeding in a great measure.—J. H. Reed, Assist. Live Stock Director, Toronto.

Can't Have Eggs and Mites, Too.

Hot weather brings the roost mites. They multiply so fast that the hen-house is swarming with them and the egg yield has dropped to almost nothing, perhaps before you realize what is the cause. Therefore, don't wait for them. Make the house disagreeable to them before they show themselves. The process of keeping out the mites is one of the simplest. Coal oil and Creosote will do it. It is easily applied, either by a broad flat paint brush or a spray. The paint brush will save kerosene, but takes time. The spray will save time and use kerosene. Take your choice but paint or spray the roost and supports with kerosene before the mites get in an appearance. The morning is the best time, as the roosts will be dry and much of the "stink" from the oil will have disappeared before the hens return at night. Spray or paint every two weeks during the hot weather. A good-sized egg check every month keeps the ball rolling. Don't let the mites get it.

The New Farm House and Trees.

When planning to build a farm house it is well to select a location near good trees, so that their shade may be used and enjoyed by the family every day during the summer. It takes so long to grow good trees that existing ones should be cherished and utilized to the fullest extent. If trees must be planted they should not be placed directly in front of the farm house, but should be put somewhat to each side so as to make a frame through which a view of a portion of the front is obtained.

The little boy in this story from "Touche a Tout" was evidently a firm believer in the old adage, "Of two evils choose the less." Turning a corner at full speed he collided with the minister.

"Where are you running to, my little man?" asked the minister, when he had regained his breath.

"Home!" panted the boy. "Ma's is going to spank me."

"What!" gasped the astonished minister. "Are you eager to have your mamma spank you that you run home so fast?"

"No," shouted the boy over his shoulder, as he resumed his homeward flight, "but if I don't get there before pa, he'll do it!"

They were newly married, and she was much too young to understand that a man takes but little interest in shopping expeditions. She had left his side to look at a window in which were exhibited some "new spring fashions.

When she returned she took the arm, which seemed to be half grudgingly proffered, and sobbed:

"You—you don't even lo—look at anything I want you to—to see you do—don't care how I am dressed. You no longer lo—love me. You haven't even ker-kissed me for a whole day, and you—"

"I am extremely sorry, madam, but that is my misfortune, not my fault," said the gentleman, looking pathetically down into her face.

She looked at him and gasped—she had taken the arm of the wrong man.

Some friends had been twitting a well-known doctor of divinity on the well-known tendency of ministers and lawyers to write unreadable hands, but the divine was too much for them.

"When it comes to poor writing the ministers and lawyers do not stand utterly alone," he declared. "I recall Billy, a small Sunday School pupil of mine, whose grandmother gave him $10 on his birthday. Billy took it to the bank and received the customary bank book in which the cashier made the entry 'by cash, $10.00.'

"A day or so later Billy saw his grandmother, and in thanking her, said:

"'I was awful surprised when you gave me so much money, and the man at the bank was too, 'cause he wrote in my book, 'By gosh, $10.00.'"

"Don't ever imagine that the British haven't some sense of humor," said Robert Chambers, the author, recently.

"A friend of mine, just back from London relates an incident that shows that the Tommy, at least, has a funny bone somewhere in his anatomy.

"These two Tommies, disheveled, torn with wounds, and altogether untidy, were on leave in London. As they stood in Trafalgar Square there approached a detachment of the Windsor Guard in silver trappings, waving plumes, red coats, long varnished boots shining like mirrors, and kid gloves.

"The Tommies looked on in silence for a moment and then one nudged his mate.

"'Locks, Bill,' he whispered in an awed voice. 'Them's sojers!'"

POINTS ON PASTURES

Some Interesting Facts About Grasses and Cropping.

Sod-Bound Fields and the Remedy —How Pasture Plants Grow— Good Pasturage Cheap Stock Food —Treatment of Best Calves.

(Contributed by Ontario Department of Agriculture, Toronto.)

We frequently hear the word "sod-bound" applied to grass areas, when people are discussing the failure of pastures. The meaning that the word sod-bound is intended to convey is that there are too many plants to each square foot of area. Such condition is rarely true. Pastures become dead (or) because of too many plants or poor population, but only do fail through the exhaustion of the available plant food supply. The ploughing up of old sod lands, thereby causing the roots and stems to decay, brings about increased available plant food, and it is followed by repeated crops with effects of very impressive. It is clearly and usually better practice to adopt methods of soil improvement. It takes years to develop a good sod, as will be observed by inverting it with the plough, where surface applications of available plant food will make such profitably productive. To those who claim that the "sod-bound" condition cannot be remedied by any practicable or even pleasurable and rewarding method suggest that they stake off a square rod of their sod and apply to it either one ounce of nitrate of soda or a wheelbarrow load of stable manure. Observe and record the results thereof, and then call on the Dept. of Agriculture, Toronto.

How Pasture Plants Grow.

The ability of grasses to withstand continued pasturing is due to the fact that the leaves are being pushed up or grow from the lower or stunted end. Nibble off or cut off the upper portions of the grass leaves and the leaves will lengthen again and grain so long as there is warmth, food and moisture. With the clover plant it is different. If this type of plant is cut or eaten off new buds must form, unless and grow into stem and seed. Crowns if pastured will not yield in feed more than a fraction of what would produce if the plants were permitted to develop fully. The fact that the bitter leaves of clover will push up high enough after a few days to produce a second and a third bite makes it possible to pasture grasses with no injury to them. With reasonable care and management the grass of grass areas may go on indefinitely.—L. Stevenson.

Public Benefactor Dead.

The inventor of the ice-cream soda —Robert McCay Green—recently died in Philadelphia. While exhibiting at the Franklin Institute exposition in Philadelphia two years before the centennial, Mr. Green, to get ahead of a competitor, conceived the idea of mixing the ice cream with the soda, and before the close of the exposition his receipts were more than $200 a day.

KEEP FIT

Never let your system get run down -- keep fit all the time

As long as you keep your self-respect and healthy, it is almost impossible to contract colds and other contagious diseases.

Don't wait until your system becomes weakened, but immediately you notice you are not living up to the mark, start fortifying your system against disease by taking Carnol. These remarks apply especially to children who do not realize the importance of taking proper care of themselves.

The peculiar feature about Carnol is that while it is a preparation containing cod liver oil it is free from its taste.

Carnol is the ideal preparation for all run down conditions. It is a body builder, a blood food for anemia, consumption and all diseases of wasting tissue. In cases of malnutrition, poor and insufficient blood supply, Carnol provides food for the nervous system for the body. It increases weight and builds up the tissues.

Carnol is of special value in the treatment of nervous conditions marked by exhaustion. Nervous forces and energy caused by prolonged mental strain, overwork, nervous prostration.

Carnol has proven an excellent remedy in the case of that wonderful nerve tonic—glycerophosphate salts. Thousands know the world over as "The Blood Salts." It is the best blood builder and nerve invigorator yet discovered. Carnol also contains the soluble nutritive properties of fresh beef which stimulates and nourishes the system.

In addition, there is cod livers' extract with all the nauseating, bad-tasting elements removed.

Carnol is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 4-22

SPLENDID RECITAL IN ST. GEORGE'S CHURCH.

LADY TWINING ENCHANTED ALL WITH HER SUPERB SINGING. — ABLY ASSISTED BY R. R. F. HARVEY.

St. George's Cathedral, Kingston, was filled to the doors to hear Lady Twining in her recital, in which she was assisted by Mr. R. R. F. Harvey, organist of the cathedral. Lady Twining, described on the program as of "London, England," is well known to many musical Kingstonians as before her marriage to Sir Geoffrey Twining, at that time Capt. Twining, of the R.M.C. Staff, she was a Miss Daly, of Napanee, and very prominent in musical circles as a soprano soloist of great merit.

With so splendid a program as music lovers were privileged to hear on Friday evening it would be exceedingly hard to choose any one selection for specially favorable mention. In Lady Twining's rendering of an extra number by request, the old gospel hymn "A Song of Trust", the impression created was one of entire enjoyment and abandon to the spirit of the song on the part of the singer, which very greatly enhanced the effect created upon her hearers by the beautiful variations of expression and artistic effect, which she threw into this simple hymn. In Lady Twining's rendering of "Ninety and Nine", (Campion), she proved especially pleasing in the descriptive opening passages. All this gifted artist's numbers were rendered without the dramatic touches which so often mar the work of experienced artists in sacred selections. Her enunciation was a revelation to Kingston musicians, and whilst she is especially pleasing in her pianissimo portions she has at her command a tremendous volume of sound when such is necessary, whilst the feeling which she is capable of expressing in such selections as "By the Waters of Babylon" is most expressive.

Mr. R. R. F. Harvey contributed in no small measure to the success of the program by his most able accompanying, and his organ solos was very fine indeed. While probably his selection "My Heart at Thy Sweet Voice" with its beautiful and well known theme created a great impression upon his hearers, there is no doubt that it is in such a selection as "The Eri King" that Mr. Harvey excels in the dramatically sudden contrasts with which this descriptive phantasy abounds.

At the close of the program the Rev. W. E. Kidd expressed the appreciation of the audience to the artists, thanking them on behalf of the Organ Fund for which their efforts were put forward.

REV. S. F. DIXON PRESENTED WITH ADDRESS.

Lakefield, July 17th.—The following address was presented to Rev. and Mrs. S. F. Dixon and family on Tuesday evening:—

"We, the undersigned stewards of the Lakefield appointment of the Methodist Church, have learned with regret that the conference has seen fit to remove you from this field of labor.

"Therefore, we avail ourselves of this opportunity of tendering to you as pastor, and to Mrs. Dixon, our appreciation of the faithful Christian service rendered during your three years' Pastorate amongst us, and for the noble Christian example given us, and the interest taken in the welfare of church and village and all classes of citizens.

"We ask you, Mr. Dixon and family, to accept this short address as a slight token of our respect and esteem to you all, coming as it does from the stewards of your church. We also believe that the citizens of Lakefield join us in best wishes for your future happiness and prosperity.

"Praying that God's choicest blessings may accompany you all to your new field of labor and believing that our loss is Odessa's gain, we remain yours in Christian fellowship—A. E. Higgins, T. T. Milburn, Robert Hallock and Stephen Harrison, stewards."

It Testifies for Itself. — Dr. Thomas' Eclectric Oil needs no testimonial of its power other than itself. Who ever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine praises itself and needs no guarantee. This shows why Oil is in general use. 30

Baseball Catcher's Right Leg Fractured.

Thomas Warner, Yarker, the Victim of Distressing Accident on Wednesday.

Thomas Warner, catcher for the Yarker inter-county baseball team, was the victim of an unfortunate accident during the Tamworth-Yarker contest at the latter place on Wednesday afternoon. When a player was sliding for home plate, he suffered the fracture of his right leg when he was struck by the Tamworth player's head. He was taken to the Kingston General Hospital by Dr. C. W. Aitchison and the leg was X-rayed and set. It was found that but one bone was broken. Warner was removed to his home Thursday morning. He is well known in athletic circles as he has played on Varsity senior rugby team last year and won the intercollegiate championship.

JUDICIAL SALE.

Pursuant to a Judgment of the Supreme Court of Ontario bearing date the 19th day of March, 1922, and made in the matter of the estate of Phillip Jonas Switzer, there will be sold by Public Auction with the approbation of the Local Master at Napanee at his Chambers in the Court House, in the Town of Napanee, on Thursday, the 3rd day of August, 1922, at the hour of 2 o'clock in the afternoon, the following valuable farm property:—

Lot Number Four (4) and the west half of Lot Number Five (5) both in the 7th Concession of the Township of Ernestown, in the County of Lennox and Addington, containing 200 acres be the same more or less. Also all that part of Gore "G" in the rear of the above described lands supposed to contain 15 acres more or less. Excepting out of said lot, Number Four (4) one acre of land heretofore conveyed to the Trustees of School Section No. 20.

The said property will be sold en bloc or in two parcels at the option of the said Master, as follows:—

Parcel No. 1—All that part of the said above described premises lying north of the travelled road known as the Palace Road running across said lot containing 165 acres more or less.

Parcel No. 2—All that part of the above described premises lying south of the said travelled road containing 50 acres more or less.

Upon Parcel No. 1 are erected a two-storey brick dwelling house about 40 ft. with frame kitchen and woodshed attached, a large frame barn and a drive house.

There are no buildings on Parcel No. 2.

The premises are well watered and the fences are in a good state of repair, and the land is in a good state of cultivation.

The property is situate about 4½ miles from the Town of Napanee.

The premises will be sold subject to a reserve bid fixed by the said Master.

Terms of Sale.—The purchaser shall pay down a deposit in the proportion of $10 for every $100 of the purchase money at the time of sale and the balance within one month thereafter without interest.

In all other respects the terms and conditions of sale shall be the standing conditions of sale of the said Court.

For further particulars apply at the Law Offices of J. E. Madden and H. M. Wilson, Napanee.

Dated the 30th June, 1922.

KEEP FIT

Never let your system get run down -- keep fit all the time

As long as your keep your self strong and healthy, it is almost impossible to contract colds and other contagious diseases.

Don't wait until your system becomes weakened, but immediately you notice you are not living up to the mark, start fortifying your system against disease by taking Catarrhozone. Three months supply especially to children who do not realize the importance of taking proper care of themselves.

The peculiar feature about Catarrhozone is that, while it is a preventative, it is taking cod liver oil, but has a soothing effect.

Catarrhozone is the ideal preparation for all run down conditions. It is an excellent remedy for anaemia, overcomes loss of appetite, checks wasting tissue, due to impaired nutrition, poor and insufficient blood supply, and is a good medicine for the nervous system and for the body. It increases health and builds up the whole system.

Catarrhozone has real value in the treatment of all nervous conditions marked by depression of the vital forces and is recommended by qualified mental strain, overwork, nervous prostration.

Catarrhozone has proven an excellent remedy in Rickets, that common disease of ill-nourished children, and in other ailments.

Catarrhozone is composed of that wonderful nerve tonic—Glycerophosphate salts. This is commonly known the world over as "The Blood Salts." It is the best blood builder and nerve invigorator yet discovered. Catarrhozone also contains the soluble nutritive properties of fresh beef which stimulates and nourishes the system.

In addition, there is cod livers' extract, with all the nauseating, load-tasting elements removed.

Catarrhozone is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 5-122

"Honesty is the Best Policy"

This famous saying of Benjamin Franklin's has so often proven true that it is now generally realized that honesty is the only basis on which a really successful business may be built. Honesty has been the guiding policy of The Salada Tea Company since 1892 when the business was founded. Honest Quality, Honest Value, and Honest Representation through advertisements, have combined to make many people use "SALADA" tea daily than any other tea sold in North America. If you do not use it now, a trial package from your Grocer will convince you that it is the most delicious tea on the market. Ask for it to-day.

Induction at Deseronto.

The induction of Rev. G. W. Richardson into the pastorate of the Church of the Redeemer, Deseronto, took place on Wednesday evening. Rev. D. C. Ramsay, of Belleville, Moderator, occupied the pulpit and delivered the sermon, taking St. Paul's admonition to Timothy as his thesis. Rev. R. S. Cranshaw, of Trenton, addressed the minister, and Rev. Dr. Wm. Morgan, of Queen's Theological College, addressed the congregation. After the service the ladies served refreshments in the parlor of the church. Among those present were Rev. R. J. Craig and Rev. Dr. W. S. MacTavish, former pasters.

Fatal Accident.

A terrible accident occurred on the farm of Mr. Tilson Asselstine, South Fredericksburgh, near Hawley, on Monday, when Willie Wood, son of Mr. and Mrs. W. H. Wood, lost his life. The young man, who was sixteen years of age, was assisting in drawing in hay. Upon their arrival in the barn, the other men left the unfortunate young man to throw down a few forkfuls of hay for the horses, and inside of fifteen minutes he was found lying dead between the barn and the house. It is supposed that in getting down from the load of hay that in some manner he fell on the fork, one of the tines piercing his throat, inward bleeding causing death. Deceased was a most likeable young fellow, and his untimely death is deeply regretted.

GETTING RID OF WEEDS

Co-operative Methods Have Been Tested for Ten Years.

More Farmers Should Get Into the Game—How to Control Perennial Sow Thistle and Twitch Grass—Other Weed Destruction Methods Given Next Week.

(Contributed by Ontario Department of Agriculture, Toronto.)

During the past ten years (1911-1921) the Ontario Agricultural and Experimental Union has conducted co-operative experiments in weed eradication. Over ninety farmers have carried out successful experiments. The weeds experimented with were:—Perennial Sow Thistle, Twitch Grass, Bladder Campion or Cow Bell, Wild Mustard, Ox-eye Daisy, Field Bindweed, Wild Oats and Chess. Those who took part in these experiments profited by the experience. In nearly every instance they cleaned the field experimented with, and demonstrated to their own satisfaction the effectiveness of the method tried, and at the same time their results furnished practical information to others.

Experiments For the Current Year.

1. The use of rape in the destruction of Perennial Sow Thistle.
2. A system of intensive cropping and cultivation for the eradication of Perennial Sow Thistle.
3. The use of rape in the destruction of Twitch Grass.
4. A method of cultivation for the destruction of Twitch Grass.
5. A method of cultivation for the eradication of Bladder Campion or Cow Bell.
6. Spraying with iron sulphate to destroy mustard in cereal crops.
7. A method of cultivation for the destruction of Ox-eye Daisy.
8. A method of cultivation and cropping for the suppression of Field Bindweed or Wild Morning Glory (requires two years to complete).
9. A method of cultivation and cropping for the eradication of Wild Oats (requires two years to complete.)
10. A method of cultivation for the destruction of Chess.

All who have any of the above weeds on their farms are invited to co-operate in this work. Information regarding the carrying out of these experiments may be secured by writing to Prof. J. E. Howitt, Director, Co-operative Experiments in Weed Eradication, Botanical Department, O. A. C., Guelph.

The results of the ten years' experiments would warrant the recommendation of the following method for the eradication of Twitch Grass and the Perennial Sow Thistle. How to prevent Mustard fruit seeding in cereal crops, and how to eradicate Bladder Campion or Cow Bell, will be dealt with next week.

The Rape Method for the Control of Perennial Sow Thistle and Twitch Grass.

Cultivate the field until about the middle of June, running over it frequently with the cultivator so as to keep the tops down and thus weaken the "roots." A cultivator with broad points should be used, which will cut off the Sow Thistle or Twitch Grass below the surface of the ground and not break up the root stocks too much. About the middle of June apply manure at the rate of about twenty tons per acre (twelve good loads). Cultivate the manure in thoroughly and with a double mould board plough slightly ridge up the land, making the ridges about twenty-six inches apart. On the ridges sow pasture rape (Dwarf Essex variety) at the rate of about one and a half pounds per acre. It is important that the right amount of rape be sown, for if too little is sown the stand will not be thick enough to smother the weeds and if, on the other hand, too much is sown the rape plants will be too crowded and not grow vigorously enough to keep ahead of the Twitch Grass or Sow Thistle. Sow the rape when the land is sufficiently moist to secure quick germination of the seed. If the rape is slow in starting the Twitch Grass or Sow Thistle may get a start in the rows and thus necessitate hand cultivation. Cultivate the rape every week or ten days until it occupies all the ground and makes further cultivation impossible. If, when the rape is cut or pastured any of the weeds remain the field should be ridged up last thing in the fall and put in with another hoed crop the following year. This has not been found necessary when a good stand of rape has been secured.

In our co-operative weed experiments it has been found that rape is a much more satisfactory crop to use in the eradication of Twitch Grass than buckwheat and that rape gives much better results in the eradication of Twitch Grass and Perennial Sow Thistle when sown in drills and cultivated than it does when sown broadcast.—J. E. Howitt, O. A. College, Guelph.

Indirect Income Should Appear In Farm Accounts.

Labor income is not the limiting factor in determining how much the farmer shall have to eat, but it is the determining factor for the wage earner in the city. Food, fuel, and shelter are primary requisites of life, and the farm furnishes its proprietor a good proportion of these necessaries in addition to the income he derives from the sale of farm products. These things that the farm furnishes directly toward the living expenses of the farmer's family enable him to live even though his crops are poor. This indirect income from the farm is often underestimated, often unrecognized, unless observation is made for accurately recording it in the farm accounting system.—U. S. Weekly News Letter.

THE FARM LOAN SYSTEM.

HOW THE SYSTEM WORKS.

By W. B. Roadhouse

It is only as legislation is translated into human values that its working and effect can be appreciated.

In following up my first general article on the new farm loan system in this Province as applied to long term loans it may be of interest to cite specific cases which will illustrate the general working of the plan.

To help young men of farming experience, farming inclination and inadequate capital to get properly settled in farming was one of the reasons for the legislation. Already it is possible to point to cases where monies have been advanced for this purpose.

In one of the best Western Ontario counties two loans were placed which illustrate the finest development in Ontario farm life. A father, for many years a progressive and successful farmer, was anxious to get his two sons comfortably located. Both boys were in their twenties and both married. Both had been brought up on the farm, and of the older it was said he "worked on the farm all his life except while away at the war." With the aid of the father and loans, only about half the value of the property, both boys acquired farms. One has a farm of 185 acres, valued under $20,000, with excellent buildings and full equipment of stock and implements. Adjoining, the other boy has two hundred acres, not valued quite so high because the buildings are not quite so good. He also has a full equipment of stock and implements. The properties are registered in the names of the boys respectively, and they are responsible for carrying on operations and making payments on the mortgage. They are settled down as full-fledged citizens, with a splendid opportunity for happiness and success, and enough responsibility to act as a steadying influence. At the same time, the father remains in his home nearby to give the boys the benefit of his experience and mature wisdom. This is not the first father who has started his boys on farms, for that has always been the ambition of the best farmers in the Province. Perhaps all farmers are not able to do as well, but, nevertheless, I repeat, such cases illustrate the finest and most hopeful tendency in farm life in this Province.

Payments Less Than Rent.

In another case the father had already moved to the city and had rented the farm to the boy at $500 per year. Against the farm there was a mortgage of less than half its value. Learning that money could be borrowed repayable over a long term of years, the father agreed to sell the farm to the boy for slightly more than the mortgage. A loan was granted and the repayments on the loan covering both principal and interest will amount to a little less than the boy was formerly paying as rent, and in due time he will own the farm free of all mortgage. But, it may be said, the boy would have inherited the farm sooner or later anyway. Perhaps—or perhaps in the meantime he would have moved away. Now he has something definite, he owns the land in his own name, he can make his own plans, dream his own dreams. He has something to work for and something to live for!

In a few instances of family transfers, the Board has refused loans. Where the boy is over 21 or 22 years of age and unmarried and living with the family, and the transfer has the appearance of being more in name than in fact, the Board has been unable to see where agricultural development will be advanced by passing the loan.

Helping the Tenant.

It should be the ambition of every man who works on the land to own the land he works. That many tenants entertain this ambition there is no doubt, and it is only a question of accumulating sufficient to finance the 25 per cent not advanced by the Board. The tenant has the necessary stock and implements and is all ready to go ahead. There comes to mind a case in one of the Central Ontario counties. The man was living on a rented farm of 175 acres. He knew the soil, he knew the local conditions, he knew exactly what he could do. The owner of the farm had it mortgaged and the mortgage fell due. He could not pay it. The holder of the mortgage insisted and was about to foreclose. The owner went to the tenant and offered to sell at a pretty reasonable price. The tenant came to the Board, and the loan he was able to get with his own savings enabled him to buy, and the annual payments on the loan will be less than the annual payments he was making in rent.

Here is the other side of the picture: A man well up in years called for information. He had been a successful farmer almost all his life, prosperous, showing ample evidence of experience as a farmer, reputation in younger generations, etc. etc. In view of the importance of having this information complete and accurate, great care has been exercised by the chairman in inspecting applications. The plan followed is to utilize local men very largely, not necessarily only in each county, but at least one in a district of two or three counties. Already a list of fifteen or twenty men of integrity, good judgment and good knowledge of farm values based on long experience has been secured and payment is made on the basis of the number of days actually employed in the work. Moreover, steps are taken from time to time to check up the work of inspectors by information from other sources, and if an inspector is found to be extravagant in his valuations or influenced by considerations other than the real merits of the case, his services are no longer utilized.

The Disappointed Ones.

Not all the loans asked for are granted—not by any means. The number turned down and refused by the Board since the Act was passed is $[illegible],000. At one Board meeting I recall nine applications were considered and thirteen refused. Undoubtedly the great bulk of these were declined because they did not come within the margin permitted by the Act. In the first place no loan can be made except on the security of first mortgage. Before the legislation of the recent session, application for loans to discharge mortgages had to be declined. Now a number have to be declined because they exceed 40 per cent. of the value as determined by the inspector. Not infrequently an applicant who comes within the 40 per cent. limit wants an additional thousand dollars to discharge "a note at the bank", and thus consolidate his indebtedness. But an "encumbrance" under the Act must be "a registered encumbrance", and the bank note does not qualify, however deserving the applicant or unquestioned the security. Sometimes an applicant wants a few thousand dollars to buy cattle for feeding, but the same negative must be given. Then there are the cases which are rejected because the Board is not satisfied with the personal or material security offered. When such conclusions are reached they are reached with much regret, for the Board is genuinely anxious to promote agricultural development by means of these loans wherever it can possibly be done with due regard to reasonable security to the Province. It is to be expected that at least a certain number of men who have exhausted all other sources of credit will turn to this new loaning system. To detect such cases requires constant vigilance. To exercise such vigilance without doing injustice in some deserving cases is the aim of the Board, even though it may be impossible to attain it in all instances.

Farewell and Presentation to Rev. R. C. Tait, Morven.

On Monday evening, July 24th, the County Executive of the Religious Education Council of Ontario met at the home of Mr. Alexander MacGregor, Napanee. During the evening the following address was presented to Mr. Tait, and it shows very clearly the earnest and love which the County Executive have for Mr. Tait, and how much they feel the loss in his removal to North Battleford :—

Rev. R. C. Tait.

Dear Bro. Tait,—The County Executive of the Religious Education Council for the County of Lennox and Addington on the eve of your departure to assume the pastorate of the Methodist Church at North Battleford, Sask., take this opportunity to express to you our best wishes and appreciation of the inspiration and help you have given to Religious Education throughout the County while you have been with us.

Your attendance at our Township and County Executive meetings and our Conventions has been most helpful, while you have given very generously of your time and services. We feel that the improvement which has been general in all our Sunday School work is due in no small measure to your enthusiastic leadership. As the County Superintendent of the Boys' work your personality has given an impetus in that department We are very sorry for the work's sake as well as the sorrow of the severance of ties of friendship that you are going so far away from us. However, we know our loss will be the gain of Religious Education throughout the Sunday Schools elsewhere. Our Sunday School life and our personal lives have been made richer because you have been among us these two years. We assure you that our very best wishes shall follow you, not only at the present time in your new pastorate, but through all your future years. We shall ever pray that the Great Shepherd of the Sheep will guide and sustain you and in blessing you will make you a blessing unto others and that He will give you full reward and joy in your Ministry. We hope that in some future years, not too far away, we may renew our fellowship of friendship here, and in the "Sweet Bye and Bye" with all the hosts of the Redeemed before the Throne of God in the Temple not made with hands.

As a slight token of our esteem we present you with a copy of "The Outline of History", by H. G. Wells, and we hope that you will have much pleasure and profit in reading the same.

In conclusion we express our feelings in the words of our sweetly loved hymn :—

"Blest be the tie that binds,
Our hearts in Christian love."

"When for a while we part,
This thought will soothe our pain:
That we shall still be joined in heart,
And hope to meet again."

"When from all toil and pain
And sin we shall be free,
And perfect love and friendship reign,
Through all Eternity."

Signed by the Officers Lennox and Addington Religious Education Council, 1922.

The young man had had no experience whatever in collecting bills, but he was desperately in need of a job and was willing to tackle almost anything. The merchant to whom he had applied for work hadn't much faith in his ability, and more to get rid of him than anything else gave him an old account against a man who had the reputation of owing everybody and paying nothing till he had to. "If you will collect this," he said to the young man, "I will give you a regular job."

To the merchant's great astonishment, the young man returned inside of half an hour with the money.

"How in the world did you do it?" he gasped.

"I told him," said the young man, "that if he didn't pay me I would tell all his other creditors that he had done so."

THE CAUSE OF WARBLES

The Gad Fly Annoys Cattle and Injures Hides.

How the Pest Operates—Effects and Losses Described—Prevention and Treatment of Warbles — Weeds Versus Wheat.

(Contributed by Ontario Department of Agriculture, Toronto.)

The name "warbles" is applied to a rather common condition affecting cattle which is characterized by the appearance of small lumps along the back and loins. The lumps gradually develop during the late winter months, and as spring approaches the skin along the back and loins is found to be covered with small rounded swellings about the size of a small walnut. The lumps are quite solid at first, and when they have come fully developed a round hole, surrounded by a little frothy matter, becomes noticeable in the centre of each little swelling. Through each of these little openings in the skin a grub or warble finally emerges. The explanation of the occurrence and development of warbles in cattle is rather interesting.

The Gad Fly Is Responsible For the Injury.

The primary cause is the "Gad Fly," or more properly speaking two species which usually spread the Hypoderma bovis and the Hypoderma lineata. These flies attack cattle while at pasture during the warm summer months, and are seldom troublesome during cool damp weather. They make a peculiar sound when in flight, and cattle often attacked by them become excited to such an extent as to cause them to stampede, which is commonly known as "gadding." The flies attack the lower parts of the body and the hair. They deposit their eggs on the hairs close to the skin, and in such a manner that the eggs are firmly attached to the hairs. After a time the eggs are hatched, and the larva or young insect passes down the hair follicle, through the skin, into the tissues. Further development of the larva takes place in the tissues, and finally they succeed in making their way to the region of the back, which they appear to select for the last stage of their development, and form little lumps in the skin, in each of which a grub or "warble" is present, when in the mature larva. Finally the grub bores its way out through the skin and falls to the ground, where it passes through the chrysalis or caterpillar stage—remaining a season of dreamless covering, and in transformation into a pupa which is subject to much heavier fall—is developed and escapes as the mature adult fly.

Effects and Loss Sustained.

The effects produced by gad flies and warbles are chiefly economic losses, which the flies cause by severely exciting cattle while at pasture during the summer time and lessening milk production, and the damage caused by the warbles injuring the skin, thus lessening the value of hides for tanning purposes. The extent of the injury done to four-month warbles is considerable, and it is conservatively estimated that twenty-five per cent. of cattle hides are thus damaged each year. Tanners and hide-dealers do not want warbled hides, as the loss a warble hide can be put to are limited, and as a result they are graded low and reduced in price.

Prevention and Treatment.

Various applications have been recommended, and such repellants to ward off the attacks of gad flies and prevent them laying eggs on cattle during the summer season. Local treatment of the backs of cattle with mixtures of petroleum, oil of tar and train oil is popular, but it would appear to be of little real service. It is now generally considered that in districts where warbles are numerous that the best course to be adopted is to keep the cattle under shelter in the shade of trees during the heat of the day in order that it prevent them being attacked by the flies as far as possible. During the winter time the cattle should be examined every week, and if any of them are noticed to be affected with warbles the grubs should be squeezed out of their backs every two weeks or at least once a month. To facilitate the removal and destruction of the grubs the hair should be clipped off each affected part by collaring it a little with the point of a sharp knife and a little ointment should be applied. This ointment is composed of one part of sulphurated soapsuds to two parts of water, which is very effective in killing the grubs. The grubs can be readily squeezed out of the lumps at the proper time and should be destroyed to prevent their further development and thus lessen the number of flies for the coming season. If these precautions and simple measures are carried out in cattle owners each winter the occurrence of warbles would be largely overcome, and a great deal saved, and which in the aggregate is very considerable as it involves loss of considerable milk production and damage to the hides.—C. D. McGilvray, Principal Ontario Veterinary College, Toronto.

Weeds Versus Wheat.

Rugweed removes from the soil 14.6 pounds of nitrogen and three pounds of phosphoric acid for each ton of weeds, while the same weight of wheat in grain and straw removes only 12.5 pounds of nitrogen and 2.5 pounds of phosphoric acid. One ton of such wheat is equivalent to a 15-bushel crop.

Warm water, green feed and hot mashes boost the egg production.

Little Spencer let no grass grow under his feet, when uncle came for a visit, before rushing up with the cry, "Uncle, make a noise like a frog." "Why?" asked the puzzled man. "Cos," said I ask daddy for anything when he say I—'Wait till your uncle croaks'."

"BEN" FRANKLIN NOT FIRST

Contention Made That New Hampshire Had the Earliest Periodical in the United States.

I claim that the oldest periodical in the United States is the New Hampshire Gazette, published weekly at Portsmouth and founded in 1756, the next in age being the Weekly Mercury, published at Newport, R. I., and founded in 1758. Benjamin Franklin did not found the Saturday Evening Post or any other paper in 1728. The Pennsylvania Gazette was founded in 1728 by Samuel Keimer, who did not make a financial success of it and sold it to Franklin. It was first called The Universal Instructor in All Arts and Sciences and Pennsylvania Gazette. In his autobiography Franklin says of Keimer and the Gazette: He began two papers, however, and after carrying it on three-quarters of a year, with at most thirty subscribers, he offered it to me for a trifle and I, having been ready for some time to go on with it, took it in hand directly and it proved in a few years extremely profitable to me."

Samuel Atkinson and Charles Alexander combined the subscription lists of the Pennsylvania Gazette and the Bee and issued the first number of the Saturday Evening Post on August 1, 1821, and the Gazette and the Bee went out of existence forever. Thomas Odell Clarke was the first editor of the Post. All old newspaper directories give 1821 as the year the Post was established.

BOSSY HAD DELIRIOUS "JAG"

Results of Imbibing Barrel of Home Brew Disastrous to Morals of Sedate Old Cow.

Milk, that mild and healthful beverage beloved of the young, usually held in high esteem by the anti-prohibitionist, but—

It happened not long ago—since Jan. 16—in the mining camp of Sand Coulee, Montana. A "Dakota" farmer's wife, apparently seeking to keep her lord and master in good humor, mixed a barrel of home brew guaranteed to develop a real kick, and set it out in the yard to ferment. A neighbor's cow happened along and tasted.

One tasted to another, and finally the barrel was empty. But not so the cow. She was most decidedly and satisfactorily "full." Anyway, bossy was fighting drunk, and she started out to clean up that mining camp, and succeeded almost completely. But she met her Waterloo in Deputy Sheriff Adolphsen. The cow charged the sheriff, who dodged.

Then bossy suffered from the hallucination that his official bonnets under similar circumstances. She gave evidence of seeing a multitude of Sheriff Adolphsens, and finally threw herself with aimless charges full down and asleep. When she awoke next day her "jag" was over. But it is reported that her milk sold at a premium for several days among the strong men of the camp.—Wall Street Journal.

Ammonia by New Process.

An enterprising American has secured from the Italian government a concession for the utilization of the horsepower of the Marmore cascades near Terni, about seventy miles from Rome, and maintains that he can turn out nitrogenous plant food for the Italian farmer at a cost as low as 1 lira per kilo (equivalent to $0.005 per pound), with the lira taken at its par exchange value of $0.1931). It is said that the falls are capable of generating not less than 150,000 horsepower.

There are the operators over which Ferris waxed so eloquent in "Childe Harold's Pilgrimage." Alfred F. Pennington, commercial attaché of the United States embassy in Rome, reports to the department of commerce that the only ingredients in the atmosphere are water, air and electric energy.

These Summer Silk Dresses Will Sweeten Up Your Hot Weather Wearables.

ALL ARE GENEROUSLY REDUCED.

This is about the time of year when many women find a Silk Dress most useful. A wool dress is a bit too hot, while your Summer Dresses are somewhat tiresome. Then, too, a Dark Colored Silk fits in most admirably for travelling. Its many uses are legion. In this pleasing array of Sale Dresses are numerous attractive models; in fact, each and every Dress possesses some charming artistic touch which spells individuality. Possibly it is the elongated waist line, or the basque waist, the girdle, or maybe it is the embroidery that pleases you. Then again values like these come but rarely, so then to be economical it behooves you to take advantage of these special values.

Colors of Navy, Brown, Beige, Copen and Saxe.

Larger Business!

If the business of any retailer in this community is to grow bigger in the years to come, it will not be a matter of accident or due to an increase of population only—it will be the result of intelligence added to energy, plus **advertising.**

Wherever you find a big flourishing business you will find behind it a strong, pushing man of indomitable spirit, driven by the power of these five words—"I can and I will." This man advertises—he **must** deliver his message to those with ears to hear. Multiplied customers and larger turnovers are absolutely essential to his progress.

A Word to the Public

Help on the business of those who show themselves eager to have your custom—who invite it and prize it enough to ask for it. Shop where you receive the best service, values, and goods. ABOUT SOILING CROPS

An Easy Way to Supplement Dry Midsummer Pastures.

Alfalfa and Clover, Peas, Oats and Corn Cut Green Make Succulent, Nourishing Food — Weed Seeds Spread by Manure — What to Plant In a Late Garden.

(Contributed by Ontario Department of Agriculture, Toronto.)

When the pastures dry up in June, July, August or September, the shrinkage is noted in the milk can and on the ribs of all the live stock. No grass, no milk, no beef, or at least not enough to be really profitable, is a condition both undesirable and too frequent in the experience of many farmers.

Live stock to be profitable must be fed liberally. Maintenance rations —dry pastures are nothing more— never make beef or milk, and never can be profitable.

Feeding Soiling Crops Prevents Losses.

The farmer who provides green or succulent feed to carry his live stock at full capacity during any period of pasture shortage is not only making his operations profitable, but he is preventing losses that liberal feeding alone can prevent.

The farmer who takes time by the forelock and provides a summer silo does not worry about drought, knowing full well that his stock feed reserve is standing ready. The man without the summer silo must do the next best thing, provide ample green crops that are palatable and succulent to do what the pastures fail to do. A few pounds of green peas and oats, green clover, green alfalfa or green corn in addition to the dry pasture pickings make for contentment, a full milk pail and thrifty young stock.

How to Carry Over Ten Cows.

If a farmer has ten cows he should figure on the crop from one half acre providing ample green feed to carry them ten days. Peas and oats mixed one and a half bushels of each, and sown as early as possible in the spring, and followed by a second seeding ten days later, will provide for twenty days of an early drought.

An area of alfalfa near the feedyard is especially useful during July and August to keep the stock going until the early corn is ready. Sweet clover is more useful as a pasture plant than as a crop plant that may be cut and taken to the feed rack.

Clovers, peas, oats and corn will furnish all the succulent feeds that are necessary providing of course that the stockman undertakes their production in due time each spring. Grow a few additional acres for green feed this spring, and if drought occurs you will be fortified against loss.—L. Stevenson, Secretary, Ontario Department of Agriculture, Toronto.

Weed Seed Spread by Manure.

It is quite generally known that weed seeds pass through the digestive tracts of animals and still remain viable. The manure will contain these seeds, and the result is that a field may become infested with weed plants, some of a very noxious character. In spite of this fact, precautions are not generally observed in the feeding of screenings which contain seeds of noxious weeds.

As a result of experiments at the Minnesota Agricultural Experiment Station, it was found that in feeding certain seeds to cows the germination may even be increased after having passed through the digestive tract. Curled dock, a very common farm weed, germinated only four per cent. in its natural condition. A quantity of this seed was fed to a cow, and 104 stock seeds were placed in a germinator. Ninety-eight out of the one-hundred grew. The same is true to some extent of lamb's quarters, often known as pigweed. The seed of this weed germinated 62 per cent. before feeding, 88 per cent. after feeding. The germination of quack grass seemingly was not much affected, as a germination of 85 per cent. was secured before feeding, and 80 per cent. after feeding. The viability of Canada thistle seed was decreased to some extent, but enough seed remained to infest a field.

In view of the foregoing figures, the farmer should be very careful in the use of screenings. They should either be ground to the very most possible condition so as to crush all weed seeds, or else they should be fed to such animals as sheep, which grind up and thoroughly destroy the ordinary weed seeds.

What to Plant in Late Garden.

Carrots, beets and celery for winter use may be planted in the latter part of June.

Golden bantam corn to keep up the supply for late summer.

Early strike beans and peas to provide substitutes for more.

Fresh and crisp vegetables as the means of saving canned products for winter use.

Seed sown in mid summer should be planted in freshly stirred soil somewhat deeper than in spring, and the soil over the seed should be "firmed" more carefully than usual.

The Home Vegetable Garden.

The home vegetable garden should be a family interest and all members of the family who are able to do so should take part in its cultivation. There is no better form of outdoor exercise than moderate working in the home garden, and few lines of recreational work will give greater returns for the time employed.

When potatoes are about six inches tall start spraying with Bordeaux mixture.

MOULDY SWEET CLOVER

Is a Dangerous Feed, Especially to Young Cattle.

Investigational Work by Provincial Veterinarians — It Makes Castration and Dehorning Risky—More Research and Experimenting Necessary.

(Contributed by Ontario Department of Agriculture, Toronto.)

Recently considerable sickness and losses have been reported among cattle being fed on ensilage. In some instances only a few animals have been effected on a particular farm, but in a few cases the losses have been serious, as one farmer is known to have lost 17 animals out of a herd of 50 cattle. The frequency and peculiarity of these losses has led the Department to have investigations and experiments made to determine the cause.

Investigational Work by Ontario Veterinarians.

The staff of the Ontario Veterinary College have been in close touch with the veterinary surgeons throughout the province, and reliable information obtained as to the prevailing circumstances where cattle have died. In all cases investigated has revealed the fact that the losses have occurred among cattle fed extensively on sweet clover ensilage which had become mouldy. Samples of the ensilage were shipped to the Veterinary College, and experiments conducted clearly indicated that mouldy sweet clover ensilage is fear harmful to cattle. From observations and information available at the present time, it would appear that the harm is confined to sweet clover ensilage which has become mouldy, and that the continued feeding of it is liable to cause death.

Young Cattle the First to Succumb.

It is an interesting fact that young cattle under three years of age are the ones which suffer most severely and succumb the quickest. In illustration of this the case mentioned where in a herd of 50 cattle the 17 which died were all young cattle under two years of age and in good condition. No sickness had been present in the herd until after the feeding of the ensilage commenced, and the losses occurred within a few weeks. Apparently mature cattle over four years of age are able to withstand the ill effects better than younger cattle. However, continued feeding of damaged sweet clover ensilage may be harmful to cattle of all ages.

It Makes Castration and Dehorning Dangerous.

It is also interesting to note that operations such as dehorning and castration performed on cattle that have been kept largely on mouldy sweet clover ensilage caused sudden death in many cases, while the same operations similarly performed on cattle fed differently have not been followed by ill effects. The exact nature of the poisonous factor associated with the ensilage, and the manner in which it produces harmful effects in cattle and to cause their death has not yet been definitely determined, and any opinions expressed at the present time are based on practical observations.

More Research and Experimenting Required.

In fact a large amount of intensive study, investigation and research will be necessary to obtain reliable conclusions regarding the possible dangers incidental to the feeding of certain sweet clover ensilage, or as to whether sweet clover cut at certain stages and under certain conditions develops harmful properties as silage. In the meantime sufficient evidence is at hand to justify warning farmers against the feeding of mouldy ensilage to live stock in order to avoid losses, and under no circumstances should operations including dehorning and castration be performed on cattle while being fed on sweet clover ensilage if it appears mouldy. Such animals usually develop marked vascular changes which produce a tendency to internal hemorrhage resulting in death.—C. D. McGilvray, President, Ontario Veterinary College, Toronto.

Clover Seed Grown at Home Is Safest.

Clover seed from Italy and other countries of similar climate produces plants that are not hardy in northern districts of Canada and the United States. In 1919 four and one-half millions of pounds of this seed came into the United States. This seed is not sold to farmers in addition that it comes in, because seed-houses know it is inferior and will not produce good crops. There is no reason why with native clover seed and undoubtedly is the cause to a considerable extent of the unsatisfactory clover crops.

The only way to be safe is to buy from reliable firms which will guarantee the source of the seed or purchase from growers in the immediate district.

When purchasing direct from growers care should be exercised to secure seed free from noxious and otherwise troublesome weed seeds.—A. C. Arny, University of Minnesota.

Keep Records.

Adequate records are necessary to the successful management of any business. The farmer, to be successful, must be a business man as well as a grower of crops and a feeder of live stock. As a business man he should have suitable business records.

Uniformity Desirable.

Every poultry raiser should make a study of the market demands. A uniform color of eggs and flesh in poultry is desirable. A mixed flock will not produce uniform eggs or meat, and eggs from such a flock are not desirable for hatching.

"Dear John," the wife wrote from a fashionable resort, "I enclose the hotel bill."

"Dear Mary," he responded, "I enclose cheque to cover the bill, but please do not buy any more hotels at this figure—they are cheating you."

HAVE MUCH ECONOMIC VALUE

Official of Museum of Natural History Tells of Importance of Bats in Jamaica.

Returning recently from the island of Jamaica, in the West Indies, where he spent four months on a scientific expedition, H. E. Anthony, associate curator of mammals at the Museum of Natural History, brought back with him many fine specimens of bats, which are numerous on that and other islands in the West Indies, says the New York Times.

"The only mammals native to the island today," Mr. Anthony said, "are 20 species of bats and one species of rodent. These different bats range in size from small bats, with a wing spread of six inches, up to very large bats, with a wing spread of from 28 to 30 inches."

People in the United States, where bats are comparatively rare animals, have no idea of the variety and abundance of them in such a place as Jamaica, or of the important economic value of the bat. They are either insect eating or feed on fruits. The insect-eating variety are small for the most part, and have considerable value as insect destroyers. They feed on mosquitoes and on a great variety of winged insect life, many of which are obnoxious to man or injurious to agriculture.

AUSTRALIA HAS MUCH IRON

Engineers Report Immense Quantities Available in the Southwest Part of the Country.

Mining engineers have reported to the Australian government that immense quantities of iron ore are available at Yampi sound, in southwest Australia. The estimate puts the amount of ore available—that is in sight above sea-level—at 250,000,000 tons. The larger quantities are on Koolan island, where the lode rises 600 feet above the water line; the lode is over 100 feet wide, and is traced for nearly four miles, but really extends right through the island. On Cockatoo island the height is 300 feet, the lode running from end to end of the island.

The quality of the ore is exceptional. There is only 1 per cent of silica present and very little sulphur. These analyses compare favorably with the best known iron deposits in the world, Newfoundland (Bell Island) ore is 51.80 per cent metallic iron, with 9.50 per cent silica. The French ores run to 57.25 per cent, the Cumberland (England) to 48.80 per cent, the Spanish (Bilbao) to 50.84, and the Algerian to a mean of about 50.

Bolshevist Stud Farm.

In the Live Stock Journal of London a correspondent relates the observations of an English horse-trainer recently escaped from Russia: "The Bolshevists went to all the stud farms and divided the stock among themselves. The best stallion in Russia, imported just before the war at an enormous expense, was given to a peasant, who took the horse off to his village in the inferior to draw his cart for a few days and then be slaughtered for food. The Bolsheviks then started an improved stud farm under nationalist management. They made it up of six stallions and one mare."

Location at Uranus.

The latest calculations, based on the perturbations of Uranus, are stated by Dr. Eric Doolittle to show that the hypothetical planet beyond Neptune is nearly four billion miles from the sun, and requires 283 years to complete a revolution in its orbit. It is much smaller than other distant planets, with a mass only six times that of the earth. This is a secret of its elusiveness, and its discovery is expected to reveal a minute body of only the twelfth or thirteenth magnitude. Search is now being made for this mystery of the skies near Gemini's western border.

Biggest Freezer in World.

The biggest freezer in the world, with a capacity of 5,000,000 pounds, has just been completed and is now in operation at the Chicago plant of a large meat-packing concern. It has been erected for the dual purpose of freezing meat products, particularly for export, and of storing products during the period of heavy production, to insure a supply at all times. The building is ten stories high and was erected at a cost of $2,000,000.

Golf by Plane.

Two modern touches in golf were introduced at the big professional tournament at Gleneagles, in Perthshire, recently.

Airplanes, bringing spectators, arrived at regular intervals from Glasgow, 47 miles away, and every competitor wore a distinctive number on his jacket to facilitate recognition.—Daily Mail, London.

What He Said.

Paul and Gerald, aged six, were visiting their grandmother for a distant city. One afternoon grandmother walked to the station to say farewell to Gerald with her. Paul being asleep. The grocer gave Gerald an apple which he silently accepted.

Grandmother turned to Gerald and said: "Now, what do you say?"

"Give me back, for Paul."

A BUSH FRUIT ENEMY

How to Control the Currant and Gooseberry Worm.

The Caterpillar Described—Comparatively Easy to Kill — Popular Varieties of Strawberries — Calf Feeding a Real Problem.

(Contributed by Ontario Department of Agriculture, Toronto.)

The most common insect enemy of currants and gooseberries is the currant and gooseberry worm. The larvae attack the foliage of gooseberries and of red and white currants, but seldom injure that of black currants. At first they work chiefly in the central part of the bush, stripping the leaves nearly all off these and doing much damage before they are observed. Later they may devour the foliage any place. It is common to see nearly all the leaves eaten off numerous bushes.

Life History.

The life history of the insect is as follows: The adults, which are known as sawflies, are small four-winged flies about a quarter of an inch in length. The female has the abdomen yellowish and the rest of the body blackish in color. The male is for the most part blackish or black. The flies appear in spring very soon after the leaves have expanded. Eggs are laid on the under surface of the leaves in chains along the main veins. The young larvae on hatching feed upon the foliage, and become full grown in two or three weeks. Then they drop to the ground and form little cases in which they pupate. A few days later flies emerge, lay their eggs, and from these there comes a second brood of larvae which may be seen on the plants at the time when the currants are ripe. When these larvae are full grown they enter the soil, form little cases or cocoons, and remain there till the next year, when they pupate and emerge as adults.

Method of Control.

These are easy insects to kill. All currant bushes and gooseberry bushes should be sprayed with from two to three pounds arsenate of lead paste, or half that amount of the powder form, in forty gallons of water as soon as the larvae have become well expanded. Particular care should be taken to spray thoroughly the under parts of the bush. This will kill all the first brood. If a second brood appears it is believed should be used instead of arsenate of lead, in the proportion of one ounce to one gallon of water. Arsenate of lead would be dangerous on the ripe fruit. The insect occurs everywhere in the Province, and everyone should protect his plants being weakened and seriously injured by it, especially if it is allowed to continue.

Note.—Helebore loses its insecticidal properties unless kept in air-tight packages.—L. Caesar, O. A. College, Guelph.

Popular Varieties of Strawberries.

From the beginning of commercial strawberry growing, about 1800, the Large Early Scarlet was the leading variety grown in the United States. About 1860 the Wilson replaced this variety, because it was much firmer and was more suitable for shipping to distant markets, and its hardiness and good bearing qualities helped to make strawberry growing more popular in Ontario. From about 1880 varieties began to replace each other in more rapid succession, until at present 25 sorts constitute about 80 per cent. of the total commercial strawberry acreage. The Klondike is the leading variety in the Southern States, leads in the North Central States, with 10 per cent. In Ontario among the most popular varieties commercially are the Glen Mary, Williams, Dunlap, Gandy, Splendid, Parsons, and Sample. Among the fall bearers the Superb and Progressive are preferred.

Feeding the Cow Before Calving.

The proper time to begin feeding a dairy cow a pint or eight weeks before calving, and practical dairymen agree that this preparation is more or less with the amount of milk and butter fat which a cow produces during the lactation period than does the feeding during any other period.

For cows calving during the summer or early fall most dairymen like to have a small pasture away from the herd but with an abundance of grass, and, in addition, they like to feed a suitable grain mixture. Corn silage, with clover or alfalfa hay and a liberal grain ration of three parts bran, two parts of bran, and one part of oil meal is especially good for cows calving during winter or early spring. After calving the cows should be brought up to the full feed and slowly steadily to a higher production.

Feeding Young Chickens.

Young chickens should be fed from three to five times daily, depending upon one's experience in doing, says the United States Department of Agriculture. Undoubtedly chicks can be grown faster by feeding five times daily, but it is well to keep in mind that more harm can be done to the young chickens by overfeeding than by underfeeding. A chick should they be fed more than barely to satisfy their appetites and to keep them exercising, except at noon feeding or last meal, when they should be given all they will eat. Great care must be exercised not to overfeed young chicks that are confined, as leg weakness is apt to result.

PITIABLE WRECK SAVED FROM EARLY GRAVE

"I couldn't sleep, my nerves were all unstrung, I was steadily losing weight."

"My husband is a mechanic and earns good wages," writes one woman. "We have six children between the ages of seven and fifteen. Both my husband and myself have found ourselves actually overtaxed to give our children the best schooling we could afford. I have often stayed up all night making clothes for them or doing mending. Besides this, I have always done the ironing and ironing for the eight of us. I also do the scrubbing and the cooking. The outcome of this was that I was doing more than any human being could stand and so broke down. I became a complete nervous wreck. I was in reality a skeleton. I was in such a run down, high strung condition that the least excitement would start me to crying fit which I couldn't control. This breakdown meant dropping my children from school to help in the housework, because I couldn't do anything at the least. Then I became a wreck. It was the direst example of a complete nervous breakdown that ever came under my care. Everything was wrong with me. I couldn't eat, I couldn't sleep, I had that dreadful sinking feeling which I cannot describe but can only be understood by those who have had it. I was so weak that I was ready to catch anything that was going. I tried several preparations but none of them did me any good. One day my husband came in and said, 'I see a preparation in a drug store called Carnol. No extraordinary claims are made for it and I have an idea it might do you good. Why don't you get a bottle?' They say if it doesn't do you good they will refund your money. I believe that advice of my husband's saved my life because seven weeks after I started taking Carnol I was doing more work than I had ever done before and was feeling stronger than I ever felt in my life." BENEFITS OF GRADING

Standardizing of Farm Products Necessary for Best Market.

Instances of the Folly of Not Grading — Selling by Description vs. Inspection — Butter Exportation In New Zealand.

(Contributed by Ontario Department of Agriculture, Toronto.)

Grading of farm products is necessary for the enlargement of markets. It is based upon knowledge of what the consumer wants. It gives the consumer of farm products the kind, shape, size and quality of products desired. It brings increased returns to farmers and effects savings to the middlemen.

In the production of farm products, unavoidably widely varying shapes, sizes and qualities of products are brought into existence. These must be sorted out so that the product sent to a certain market will meet with the demands of the purchaser. Standardizing means that a grade of product will be the same year in and year out, in this way confidence in grades may be built up.

The Folly of Not Grading Instanced.

It must be remembered that consumers, like farmers, are engaged in business. They are not able to sort products. Therefore, when they purchase ungraded products they have to buy things they don't want, and this results in waste. Grading of farm products would mean a reduction in the cost of marketing. For example, out of 2,600 cars of apples appearing on a Chicago market without a period of three months in the fall of 1914, it was found that 410 cars were sent for sale; and not only was this true, but they also depressed the price of apples. The freight, cartage and labor of handling had been paid for the purpose of starting the 410 cars of apples on the way to market, which nobody would accept, did not want, and could not use.

Or to take butter. Investigations have demonstrated that lack of grading has resulted in serious loss to middlemen. In the state of Kansas for instance, one-fifth of the butter received was paid for at the rate of 27.1 cents per pound,—the ruling price for butter—though this 20 per cent. had to be reworked before it could be used by consumers. For this butter renovators paid 20 cents per pound, so that there was a loss of 7 cents per pound. No middleman can long stand this.

The problem of financing the sale of farm products is important. In grading farm products finance is facilitated. Suppose a farmer has a carload of a certain grade of product. He mag go to the bank and say: 'I have a carload of No. 1 apples. I want to borrow some money.' The bank manager understands what this means and is prepared to advance money. But if the farmer comes to the bank with unclassified products the banker immediately asks, 'What kind?' Who grew them? Are they sound or bad?' He may even require that they be inspected, and in the end the farmer will not get as satisfactory advance as though the products was graded.

Description vs. Inspection.

Grading reduces the selling cost by enabling sale by description rather than sale by inspection or by sample. Sale by inspection requires that products be sent to some central point and that people go to see those products. It is easily seen that this is an expensive way of selling. And not only is this true, but it is easy to over-estimate the requirements of buyers on a certain day, which results in flooding of the market, with consequent lowering of prices. Sale by description is made possible through advertising, but here also advertising can be successful products must be graded. Not all advertising is economical, but it has its place in offering more efficient methods of selling.

Graded products always bring better prices to farmers. Agriculture is still the main industry in Ontario, and this means that we must export the surplus of farm products. In finding markets for this surplus we come into competition with New Zealand, Denmark, Holland, Australia, and United States. Most of these countries certainly the first four named, practice rigid inspection of products for export. We can meet such grading in the basis of enlargement of markets. Consumers demand the very best of all products, their likes and dislikes are varied, and we must meet these demands. For years we have tried to make the English trade the best of bacon we thought it could offer, but frequently the packers finally broke bounds in the matter of quality, and we can't get the quality kept up to the standard of grading. In the apple industry, Ontario endeavored for a time to market fruit for Ontario apples alone, but found it impossible to maintain Ontario apples as a distinct product. Ontario endeavored to establish a market

A Gift of the Gods.

Bounteous nature has supplied tea for the pleasure and refreshment of mankind. When pure and fresh, it is a most delicious and beneficial drink. In winter, if it is served hot, it is delightfully exhilarating, and in the heat of summer, if iced, there is nothing more refreshing. Unquestionably the purest and most delicious tea to use is "SALADA". Your grocer can supply you. Ask for it to-day.

Farm Laborers Wanted.

It is estimated that to harvest this year's bumper crop in Manitoba, Saskatchewan and Alberta, it will require immediately more men than usual. The Canadian Pacific has arranged and is advertising usual special fare of $15.00 to Winnipeg, and will run special trains from Toronto August 11th, 14th, 21st and 23rd. These trains carry special coaches for women and children. See any Canadian Pacific agent for full details.

Enterprise Boy Scouts.

The Boy Scouts of Enterprise are at Kilkare Camp, Beaver Lake, for their annual summer outing. This camp opened on July 22nd, when the Enterprise troop, with twenty-two boys, under troop leader E. Keech, commenced operations. The camp is under the able management of Arthur W. Keech, and is full of activity, hikes, drills, swimming, and sports of all kinds are being heartily participated in by the boys who are thoroughly enjoying every minute of their stay under canvas. Much credit is due Mr. A. W. Keech for the manner in which he is conducting the camp.

Home From Camp.

The Enterprise Boy Scouts returned home on July 31st, after their first camping tour, at Beaver Lake, at Kilkare Kamp. The camp was in charge of Arthur W. Keech, assisted by Troop Leader E. Keech, owing to conditions that Scout Master H. W. Wagar was unable to attend camp. The Camp opened on July 22nd, 1922, and was off to a good start with hikes, drills, swimming, and all other sports. Fishing, with the exceptions of two or three, who had to be placed under strict order and received three demerit marks and were given one chance before suspended from camp became necessary, and perfect order then took place. The boys thoroughly enjoyed their camp and much credit is due to the way in which the camp was conducted. The boys look forward to another outing another year.

Farmer Held Up By Negro Reported at Sharbot Lake.

According to the story his son told at Sharbot Lake, Tuesday afternoon, Thomas Hollowood, who resides at St. George's Lake, was held up at the point of a revolver at nine o'clock Tuesday morning by an unknown negro, knocked down, and robbed of over $2,000. The dog belonging to the Hollowood farm, was shot by the hold-up man, who threatened the lives of the others in the home if they did not turn over their cash. County Constable William Collinson and Provincial Detective Marshall left to investigate the case.

Address and Presentation

At Mountain Grove, on Saturday evening, July 29th, 1922, at the close of the Ladies' Aid Tea, a large number assembled in the Methodist Church, where a short service was held to commemorate the close of the four-year ministry of Rev. W. H. and Mrs. Buckler. Two presentations and addresses were made, one a purse from the Choir and members of the Church, expressing appreciation of the faithful services of the Pastor in advancing the interests of "His Kingdom", and the valued services of Mrs. Buckler, who had spared neither time nor energy as Church Organist, leader of the Choir, and worker in the Sunday School. This was followed by an address and gift of a brass jardiniere and stand to Mrs. Buckler from the Ladies' Aid and Women's Institute.

YARKER.

The farmers have finished haying and are harvesting their grain, which is a bumper crop. In some localities threshing has begun. Welling Murphy met with an accident on Tuesday. While running his thresher he had the misfortune to break his arm.—The lawn social which was held last week by the Ladies' Aid on the church grounds was well attended. The date for the next one will be announced later.—Mr. Clinton Richardson has completed his house and moved in. —Visitors during the week at our village are: Brock Leenard, Cobourg; C. Shultz, Oshawa; Wm. Wilson, Brockville; also Felix Benjamin, from the west here for a few days.—The question now is: Where are you going to get your coal for the winter? — The best baseball game of the season was played here on Wednesday between Yarker and Tamworth. Score, 5 to 8 in favor of Tamworth, but they had to work for it.

"CEDAR LODGE".

A number of girls from Selby, viz., Misses Annie and Essie McCutcheon, Jennie Pringle, Ethel Tate, Ruby Wiese and Grace Winter, with Mrs. S. Pringle as chaperone, were fortunate enough to secure "Cedar Lodge", Beaver Lake, from August 1st to 8th.

The Lodge is very pleasantly situated at the edge of a cedar grove, on the south shore of the lake, with Camp Restawhile, Kamp Kilkare and Kamp Komfort near at hand. Owing to the kindness of Mr. Richardson, Tamworth, in leaving his boat at the cottage, the girls had the use of two boats during their stay. Needless to say, these were not left idle. Boating was very popular among the evening ladies and each of them considers that she deserves a diploma in rowing. Miss A. McCutcheon developed into the champion oar wielder. Miss E. McCutcheon, becoming bored with the tame, ordinary way of disembarking from row boats by climbing over the bow, discovered that there were many thrills to be enjoyed by taking a plunge from the stern. However, there was no one courageous enough to follow her example. Frequent trips to "Lakeview" were part of the morning exercise.

Bathing occupied a large part of the afternoons when the lake was not too rough, the would-be boating champions rowed the remaining girls across the lake to the "Sandbanks", a splendid place for beginners to learn to swim. Although none of the girls became expert in this branch of sport, they enjoyed as much as the on-lookers the attempts to acquire the art, with the frequent journeys down to the abodes of the fishes, and the consequent swallowing of what seemed to be at least half of Beaver Lake.

As far as fishing was concerned, the cottagers either had the good luck attributed to beginners in any sport, or else they were very good sportswomen indeed. They managed to catch—and to clean—enough fish to keep themselves supplied with all they could eat, in spite of the trying ordeal to such tender-hearted creatures of baiting the hooks with fat, juicy, innocent worms.

Short hikes were undertaken by the girls, Miss A. McCutcheon and Miss Tate walking to Tamworth. "Sing-Songs" in the evening were delightful in by all as well as the stunts which were put on one rainy evening. A scarcess was discovered who proceeded to relate most astounding incidents of their past lives and more wonderful things of the future to the listening girls.

Greatly to everyone's sorrow, the heavy rainfall on Monday made it impossible to have the expected corn roast on the beach.

Camp was broken up Tuesday evening to the intense regret of all those who had spent such a pleasant holiday at "Cedar Lodge".

Among the visitors at camp were Mr. and Mrs. J. Tate, Mrs. W. J. Winters and Master Claude, Mr. S. Pringle and Charles, of Selby, who spent Saturday at the cottage; Misses Evelyn Fricken, Eileen Pringle, Mrs. Denison, Beulah Hudgins and Messrs. Ross Winters, George Robinson, Jack Stirling, Ross McConnell, Fred Jackson and Fraser Allan, on Sunday; Mr. Luman McCutcheon, Mr. C. Bradshaw and Mr. D. Fitzpatrick, on Monday; Mrs. R. Penny, Sunday; Mrs. McGill and Mrs. Gerow on Monday, and Messrs. McConnell, Jackson, and McCutcheon, on Tuesday.

ADOLPHUSTOWN.

At Mr. Irvine Bayolks' home on Monday evening a social time was held on aid of the building fund of St. Alban's Church, and an fine following program was given, took place at Mr. Frank Bygott's, under the auspices of the Methodist young people's society. Both events were much enjoyed and largely patronized.—Mr. and Mrs. E. Pitchett, and Mr. and Mrs. Geo. Dawson motored to Kenlis recently to attend the funeral of the late Alexander Pitchett.—Miss Eleanor and Miss Alison, spent a few days the guests of Miss Agnes Irvine, the Rectory, Shannonville.—Mrs. Gerald Pitchard, Ladysmith and James, are visiting Mr. and Mrs. David Pollard.—Miss Edythe Allen, who has been attending Napanee Model School in Madoc, has returned.—Mr. and Mrs. Heck motored from Locust Hill

THE FARM LOAN SYSTEM.

ITS OPERATION IN NEW ONTARIO.

By W. B. Roadhouse.

"Money is the greatest need of the whole Northern district at the present time."

This is one striking conclusion submitted to the Agricultural Development Board by one of its staff inspectors after a careful and detailed survey of two or three important sections of New Ontario early this summer.

This conclusion is confirmed by the reports of other inspectors, the opinions of other men of the north or familiar with the north, and by the evidence of the large number of applications for loans being received by the board. Moreover, it is only what anyone who gives the subject thought would expect. Here is a vast domain, where nature has stored great wealth in the rocks and in the trees and in the soil. But the wealth yields itself reluctantly and only after struggle to those who seek. Those who seek are, in the nature of things, men and women who have little capital, but strong arms and stout hearts. When capital is added, even in small amounts, it means more rapid development to the country and greater comfort and satisfaction to the individual.

Already there are many evidences to indicate that the new system of long-term loans will go a considerable distance in meeting that need. In the older settlements the great need is buildings, and large numbers of settlers are able to comply with the terms of the legislation. Having got their land from the Crown in most cases, there is no mortgage against it. Having 50, 50 or 60 acres under cultivation, they now have a substantial equity. If there are seed grain liens or mortgages they are usually small, and come under the 10 per cent. clause for removing encumbrances. Subject to individual inspection, they are, therefore, eligible for loans. There are also a number of cases where money is needed to help buy land to enable a young man to start for himself. Interest rates are higher in New Ontario. Eight and nine per cent. are quite common, while reports have been heard of 10 to 12 per cent. being charged. In the ordinary course, therefore, money for these essential development purposes is not available, or not available on terms which make its use practicable. Applications have accordingly been received from every district in the north country—more from some sections than from others—and it is probable these applications will greatly increase as the Act becomes better known.

Not Assuming Heavy Load.

From the Rat River section of the Algoma district came a request for a loan of $5,000 to build a dairy barn. This looked like a pretty substantial dairy barn, but it was shown the farm included 90 acres of exceptionally rich soil, 20 acres of which two years ago produced oats which averaged 100 bushels to the acre and stood from six feet all over the field. From twelve miles from Sudbury came another $5,000 application—$2,000 to pay off the mortgage and the balance to put a foundation under the barn and erect a stable. The farm was valued at $17,000, and it was stated it would readily rent for $1,000 per annum. Similar stories come from Temiskaming, Rainy River, Dryden and Thunder Bay, but many are for small sums of $1,000 or less, and the average will, therefore, be between $2,000 and $3,000. This will mean an annual repayment of around $200.00. So it will be soon settlers are not going to assume impossible burdens.

Good as Old Ontario.

When these applications began to come in the board decided it would be desirable to have a careful survey made. Accordingly its staff inspectors spent several weeks going over the different districts, and their reports confirm much the similar information. They are of opinion that in the old settled sections of New Ontario loans may be placed with a great a sense of security as in Old Ontario. They found, in fact, that sections such as Algoma, New Liskeard, Dryden, Rainy River and Thunder Bay, but many are for small sums of $1,000 or less, and the average will, therefore, be between $2,000 and $3,000. This will mean an annual repayment of around $200.00. So it will be soon settlers are not going to assume impossible burdens.

This will mean an annual repayment of around $200.00. So it will be soon settlers are not going to assume impossible burdens.

Land Values High.

Reports from all quarters indicate that land values in the older settled districts generally mentioned are high. Prices up to $100 per acre for land which is only moderately improved are very common. This is due to several factors. In some sections the land is in pockets between the rocks. Such land is limited in area, but very rich in fertility. A striking illustration of this is the Bar River Valley, in Algoma district, comprising about 4,000 acres. Then, too, there are growing cities, substantial towns, or lumber or mining camps adjacent to all the agricultural districts, and these offer a ready market for, hay, oats and potatoes, which are the three crops most generally grown. Old Ontario prices, plus transportation costs, which means an advance of 10 to 15 per cent., are paid. These markets would absorb more live stock and live stock products than are produced, and making available money for buildings essential to the winter-ing of stock, will help in developing agriculture along stable lines.

Whether present land values will be maintained is problematical, and the inspectors recommend a maximum of $60 per acre as far as loans by the board are concerned. It is probable the average valuation will not exceed half that figure.

Systematic Inspection Necessary.

It is evident, therefore, that the work of applications from the North will be for building purposes and a smaller number for acquiring land. Some requests have been received for loans for clearing land, but these do not come under the Act and therefore must be excluded. Many of the applications will be for amounts under $2,000. Inspection involves considerable expense and it is evident some plan will have to be adopted so that inspection may be made systematically without covering the same ground too often. No inspection can be made when snow is on the ground. Little building is done in the winter, though timber for building purposes is often taken out. It is, therefore, probable that a plan will be adopted by which two inspectors per year will be made for loans for building purposes, one in the spring and one in the fall. Applications would be received up to a certain date and loans passed upon at a certain date. These dates will be fixed so as to accord with the plans and convenience of the settlers as far as possible. Some such plan should be very acceptable to the settlers, as well as conducive of economical administration.

WILTON.

(For last week).

The farmers have finished haying, which was an abundant crop in this vicinity, and are now cutting their grain.—The Ladies' Aid of the Methodist Church met at the home of Mrs. M. Parrott on Thursday afternoon of last week.—Among the many visitors who are spending their holidays or visiting friends are: Mr. and Mrs. C. V. Asselstine and daughter, Claudia, of Belleville, Ont., at the home of Mr. Asselstine's father, Mr. N. A. Asselstine; Rev. W. D. P. and Mrs. Wilson, of Belleville, and Mr. E. Matthews, of Toronto, at Mr. E. Asselstine's; Mr. and Mrs. LeRoy Gallagher and two sons, of Saskatoon, returned to their home, after spending two months at the home of Mrs. Gallagher's father, Mr. Harvey Mills, and other friends.—Mrs. A. E. Miller.

A sad death occurred at Kingston General Hospital on July 18th, of Sophia, wife of Nicholas Simmons, Wilton. Although in failing health for the past three years, her death came as a shock to her many friends, as she had lately gone to the hospital for treatment when she passed away. The remains were conveyed to her late home by Undertaker W. Jones, Odessa. The funeral service was held in the Presbyterian Church on Sunday afternoon, July 16th. Service was conducted by the Rev. Mr. Blackstock. The remains were placed in the family plot in Wilton cemetery. She leaves to mourn her loss, her husband, three daughters, Mrs. H. Munday, Princess St., Kingston; Mrs. H. Miller, Jr., Wilton; Mrs. Fred. Beech, Harrowsmith; two sons, James, of Syracuse, N.Y., and William, of Buffalo, N.Y.; one sister, Mrs. H. Hutinson, and one brother, Frank Jackson, of Wilton. In religion Mrs. Simmons was a Presbyterian. She was a kind neighbor, and will be missed by her family, neighbors and friends.

The Many-Purpose Oil.—Both in the home and stable there are scores of uses for Dr. Thomas' Eclectric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable to injury by similar accidents and mishaps as afflict mankind, and are equally amenable to the healing influence of this field-and-remedy which has made thousands of firm friends during the past fifty years.

We Are Always Prepared To Fill Your Requirements

WE take pride in the very extensive and complete stocks we carry for Men and Boys. If you want Woolen Underwear in the summer or Cotton in the winter (and some do ask for just these things), you can come to BOYES' and have your wants filled.

With the near approach of fall and its cool evenings, and also of the Toronto Fair and other holiday events, you might require a new Overcoat. With this in mind, we had our Fall Coats delivered early, and are now ready to show you staple and novelty Overcoats in reliable materials and new colorings.

You will be glad to know that the cloths and trimmings of these new coats are up to the pre-war standard.

FALL CAPS

Fashion has decreed Soft Tweeds for the Young Man's Cap. These are in light grey, lovat and fawn heathers, in one-piece tops with plain or inverted pleat backs; light greys and fawn herringbone Tweeds in the eight-piece top are also being worn.

You will find all these up-to-daters and a full range of staples at BOYES'.

FALL HATS

It's a "Brown" year in Hats. Browns, russets, castors, hazels, filberts and other shades of brown and fawn are the featured colors this year. Of course, we have the greens and greys, but brown predominates.

Small shapes are still being worn by the young men, and moderate width brims by the older fellows.

If you wear a "Brock" (for which we have the exclusive agency), you'll get all that's going in style and value.

Threshers' Overalls, Gloves, etc.

Carhartt's are the last word in Overalls. They'll stand up during threshing—the hardest test you can put them to. Try a pair and see—you run no risk. If they don't give satisfactory wear we give you new ones free.

We can also supply you with all kinds of Sheep and Horsehide Working Gloves and Mitts at moderate prices.

Lands Maskanonge of 33 lbs.

Mr. J. W. Robinson, of Napanee, guest at Glen Island Summer Resort, near Picton, in the Bay of Quinte, last week landed the largest maskanonge seen in years. The fish measured 53 inches in length and weighed 33 pounds. Mr. Robinson was trolling from the back deck of the Glen Island sailboat, Dolphin, under the command of Captain M. B. Mills, of Napanee, and was hardly more than a quarter of a mile from the island when the lucky strike was made. This is the second maskanonge in three days which Captain Mills says is a good omen for the beginning of the season, as these fresh water tigers are not often caught before the middle of August.

Mail orders given prompt attention at Wallace's Drug Store, Napanee.

CAMDEN EAST

Mr. and Mrs. Jas. Moore and their son, Walter Moore and wife, of Catonsists, N.Y., spent the past ten days with his aunt, Mrs. Sarah Amey, and other relatives. They came in their car, and spent a day at Conway with Mr. Ned Hogeboom and family, also spent a day at Tamworth with Mr. D. Floyd and family, and visited a number of relatives around this village. Their eldest son, Dr. Moore and wife, of Syracuse, arrived on Saturday last and called on a number of their friends, and spent Saturday night with his aunt, Miss Sarah Amey, returning home on Sunday in their car. — Mrs. Stanley Ingsworth, of Harrowsmith, spent a few days last week visiting her sister, Mrs. Chas. Husted, and family. Miss Gretta Neal spent last week at Sharp's Corners with her aunt, Mrs. Cameron. Miss Maude Hawley spent the past week in Toronto with her cousins, Mr. and Mrs. John Williamson. — Mrs. Hutton, Toronto, spent last week with her daughter, Mrs. Clifford Skinner, and family. — Mr. and Mrs. Geo. Miller, who are camping up the river road, caught a pike that tipped the scales to 19 pounds on Thursday at last week. This is the largest one caught in the river this season. — Mr. Wm. Loucks left on Wednesday last for Huron, S.D., Mrs. Marie Hogeboom was very unfortunate on Monday last in falling while going out of the postoffice, breaking her left hip. Her son, Mr. Ed. Hogeboom, Conway, was notified and arrived soon after the accident. Dr. Wallace, of Newburgh, reduced the fracture and the patient was removed to her son's home on Tuesday afternoon. Her many friends hope to soon see her around again, as she will be greatly missed.

(For last week).

Mr. and Mrs. Vanderwart and little son, and Mr. and Mrs. Brooks, of Belleville, accompanied the remains of Miss Yorex, sister of Dr. Yorex, to Camden East, where she was laid to rest in the Anglican cemetery. They remained and visited Dr. Yorex and family for a couple of days. — Mr. Jack Greenway, of Winnipeg, arrived on Friday evening last to visit his mother, Mrs. Greenway, and other relatives for a week. — Mrs. Susan Robinson spent last week at her daughter's, Mrs. Ed. Hamilton, and family, Lapum's West. — Mrs. Geo. IN MEMORIAM.

In loving memory of Maggie Seales, beloved wife of Harold Kilgannon, who died August 17th, 1919.

Long months have passed since that sad day,
God called the one we loved away;
Forget her, no, we never will,
For in our hearts she liveth still.
The blow was great, the shock severe,
We little thought her death so near;
And only those who have lost can tell
The pain of parting without farewell.

—Husband, Daughter, and Auntie.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:

(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.

(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year for the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

(For last week).

Rather as time of writing is cool and cool.—The farmers are through haying and are starting to harvest the golden grain.— Miss Mary Lockwood, also Miss Emma Lockwood, spent Thursday forenoon in Odessa.—Mrs. H. Sly, also Mrs. Marshall Price and Miss Vera Price, spent Tuesday evening the guests of Mrs. J. Mosley.—Miss Carrie Aylsworth called on Mrs. Ross Revell last Tuesday.—Mr. and Mrs. Ross Revell and little daughter, Thelma Doreen, and Miss Caroline Lockwood, spent Sunday last the guests of Mr. and Mrs. John Revell, Verona.— A number from here attended the recital in the Town Hall on Thursday last. It was very much enjoyed and showed what Westbrook talent could do.

DENBIGH.

Rev. C. F. Christiansen has enjoyed his vacation among his former parishioners here and returned to Toronto, his present field of labor, but Mrs. Christiansen and children left for Pembroke, to visit some relatives there before they return to their city home.—Mr. and Mrs. J. Varney and daughter motored here from Buffalo, N.Y., and enjoyed a pleasant week's visit with Mrs. Varney's parents, Mr. and Mrs. E. Marmardi, and other relatives. On their homeward journey they were accompanied by Mr. E. Marmardi and Miss Katie Marmardi who intend to enjoy a couple of weeks visiting in B. S. dominions.— Other visitors who have returned to their present homes were, Mr. and Mrs. W. Chatson and Geo. Fritsch of Renfrew; Mr. and Mrs. F. Chatson, of Brockville; Mr. and Mrs. A. Chatson, of Timmins, New Ontario, and Mr. and Mrs. Wm. Bain, of Cheyne. Visitors lately arrived are: At E. Falk's their daughters, Hilda, Erma and Minna, of Napanee; at E. Marmardi's, Miss Anna Marmardi, of Ottawa; at C. Bush's, Mrs. A. Clark and children; at A. Lockwood's, Mr. Stanley Lockwood, of Renfrew; at H. Glaeser's, Mr. and Mrs. W. Glaeser, of Sault Ste. Marie.—Miss Flora Fritsch is away on a visit to her sister, Mrs. J. Wise, at Cataraqui.—Mr. and Mrs. P. Stein and H. Warlick spent last week end and Sunday visiting relatives and friends at Hardwood Lake. —Wolves have destroyed some sheep on the pastures of several farmers, and Mr. H. Fritsch had ten sheep killed by lightning, which during a heavy thunderstorm, had sought shelter under a large tree which was struck.—The students of our Continuation School during the last term are well pleased with the result of the last examination, at which all of them passed creditably.

GRAVEL ROAD.

(For last week).

At time of writing it is much cooler after the recent showers.—The whistles of the threshing machines are frequently heard, and all farmers pronounce a great yield of grain.— Mr. and Mrs. Edgar Sharpe and son, Andrew, were guests of Mr. and Mrs. George Bush, Sharpe's Corners, on July 24th.—Mr. Earl Sharpe and sister, Ollie, of Violet, were guests of Mr. and Mrs. Anthony Hagerman and family, on Sunday last.—The Misses Bailey, of Kingston, were recent guests of Mr. and Mrs. Ed. Smith.— Mr. and Mrs. Walter Hagerman were entertained by friends from Seattle and Cleveland.—Mr. Eddie Abrams, of California, has been the guest of Mr. and Mrs. Azel Thompson.

ODESSA.

Miss Kathleen Schermerhorn, of Kingston, with her parents, Mr. and Mrs. M. F. Schermerhorn. — Mrs. Dennis Hartnett, Syracuse, spent a few days last week at the Dominion. —Miss Lyda Hymers, of Kingston, is visiting her sister, Mrs. Darius Babcock.—Mrs. Rogers, Rochester, is visiting relatives.—Mr. and Mrs. Clarence Smith and Mrs. James Smith, Farrell's Bay, spent Tuesday at H. J. Smith's.—Albert Judge, of Smithville is spending his vacation with his parents, Mr. and Mrs. James Judge. — Clarence Lapum, Watertown, is a guest of Mr. and Mrs. Ralph Benjamine.—Mr. and Mrs. Fred Wales and children, Ola and Clarence, spent Sunday the guests of Mrs. John Mancur. Ola and Clarence are remaining for their holidays.—Mr. and Mrs. William McAuley and Miss Frankie Joyce, Sydenham, spent Thursday at P. L. King's.—Mrs. Singleton, Watertown, spent a few days last week with her sister, Mrs. James Hillier.— Mrs. Maher, Miss Margaret Maher and Thomas Maher, Montreal, are guests of Mr. and Mrs. Ben Emmons. —Mr. and Mrs. Roberts and Miss Ruth Parrott, Sydenham, spent Sunday with Mr. and Mrs. Ralph Burgess. —Mrs. T. J. Kelly and Miss Mary Webster are guests of Miss Eliza Toomey.—Mrs. Orange Babcock is visiting relatives and friends in Kingston.—Mr. and Mrs. W. G. Clark and little daughter, Marguerite, have returned from spending a few days with Mr. and Mrs. Ryckman, Tottenham. They were accompanied by Miss Jean Ryckman.—Mrs. Ashley is visiting relatives in Perth.—Charley Emmons has returned from spending the past two weeks with relatives in North Bay.—Charley Hamm, K.C., who has been spending his vacation with his parents, Mr. and Mrs. B. G. Hamm, has returned to Toronto. — Mrs. Gorman and children, Raymond, Dorothy and Howard, who have been guests of Mr. and Mrs. Henry Smith, for some time, have returned to their home in Rochester. An exhibition game of baseball was played Thursday evening, between Cataraqui and Bridge Water Cans. The score was 5-3, in favor of the bonds.—Among those taking advantage of the harvest excursion on last Saturday were Cecil Emmons, Richard Fairbanks, Clifford Smith, George Thombs, Oakley Stevens, Jasper Schermerhorn, Clifford Storms and John Munroe.—Mr. and Mrs. White, Kingston, have moved in the W. G. Clark apartments. Mrs. White has been engaged as one of the Public School staff.—The annual Methodist Sunday School picnic was held Wednesday afternoon in Fred Vrooman's grove, with a very large attendance.—Alfred Asselstine has moved to Kingston.

Miller's Worm Powders, being in demand everywhere, can be got at any chemist's or drug shop, at very small cost. They are a reliable remedy for worry, restless and can be fully relied upon to expel worms from the system and abate the sufferings that worms cause. There are many mothers that rejoice that they found available so effective a remedy for the relief of their children.

MOUNTAIN GROVE.

On Saturday evening, August 6th, 1922, at a social meeting of the Ladies' Orange Benevolent Association, Mrs. Buckler, having been Chaplain for six years, was presented with a purse and charming address. It expressed the love of the Society for her services but only in the Lodge, Church and Sunday School, but the community at large, for the hospitality of the parsonage, which was open at all times, and for the love and friendship Rev. and Mrs. Buckler have ever ready to give to all the people.

Address and Presentation.

On Wednesday evening, August 2nd, 1922, the friends and relatives from Empey Hill gathered at the home of Mr. and Mrs. George Richmond, Sr., to spend a social evening and to wish them both many years of life. The evening was spent in visiting and music by Mrs. Heyland Simmons and others. Later the audience was called to order, and Mr. Fred Richmond read an address, and Mrs. Tucker made the presentation of a mahogany jardiniere and stand.

The bride and groom made a very suitable reply, thanking the people for the kindness shown them.

The ladies served a dainty lunch after which the company dispersed, all declaring "That he (the host) and the National Anthem, all having enjoyed a very pleasant evening.

Reduced by Asthma.

The constant gasping for breath and the paroxysm of a dreadful state of nervous exhaustion that accompanies asthma, is enough to reduce the strongest person. Dr. J. D. Kellogg's Asthma Remedy, which more than any other acts quickly and surely on the air passages and organs of breathing, helps and comfort. No home where asthma is present in the least degree should be without this great remedy.

Farm Notes.

Michigan is the first state to offer a reward for planting of nut trees on highways. Farmers reap the profit from roadside nut trees as stands in maintaining roads. Roadside nut trees abroad are protected from vandalism by public sentiment, and this is true of the nut orchards in the principal centre of production in America.

By means of a potato cutter, a potato (tuber) and a potato digger, along with other machines and a more intelligent agriculture, a farmer has been able to produce 57 bushels of potatoes with one average hour's labor. A half century ago the product was only one-third as much, says the United States Department of Agriculture.

Noah Up to Date.

From the time of Noah when the dove brought the green twig, homing pigeons have been of constant service to mankind. That well-bred stock of this breed is desirable is shown by a live-stock owner in Henrico County, Va. He lists 22 homing pigeons of pure breeding among other live stock enrolled in the Better Sires.

LUX dissolves instantly in hot water into a wonderful suds that makes your dainty things as fresh and lovely as when you first saw and admired them.

They Want
what they read about

Suburban living for the average family in Canada, with its youth, its hunting of yesterday and the necessities of to-day. People in the smaller towns and on the farms want the newer things they read about.

Stores selling Shoe, Hardware and Paint in the smaller towns, all find they can show more things by carrying small stocks of them and depending on Long Distance. The jobber or manufacturer's warehouse is at their elbow — their order goes quickly — deliveries are short for telephone trade!

Sales are often made the same day. Up-to-date merchandise is no longer confined to the big centres — and large sums are not locked up in stock.

Have a big store in a small town. "Use the 'Bell'" — and to Buy.

Every Bell Telephone is a Long Distance Station

SHE DIDN'T WANT TO LIVE

"I felt so ill and wretched that I didn't care whether I lived or not."

This was Mrs. W's experience. If you are not feeling well you should read every word of her letter, she says: "I felt so ill and miserable that I seemed sick all the time, and I couldn't sleep. I felt so ill and miserable that I didn't care whether I lived or not. I am thankful to say that Dr. Pierce's Favorite Prescription and his Pellets did me so much good that I am now enjoying perfect health. I was troubled with dull aches and pains all over my body, and felt tired all the time. I had no appetite, and could not sleep. My head would ache and I felt miserable and nervous. I was troubled with dull pains in my back, sides and limbs. My stomach felt as if somebody had been pounding it severely for a week, and I had a dull dragging sensation. I could not get into a comfortable position and the consequence was I got little or no sleep. The pains, which followed stooping in one position, were the worst of all. I became frightful to look from which I awoke weak and perspiring. I consulted doctors and they told me that I was completely run down and that something to build me up. Their prescriptions only helped me for a while. One day I found a circular about Favorite Prescription. It sounded so honest and true and free from any exaggeration that I decided to try it. In six weeks after taking the first bottle I was as well as ever. I have proclaimed to all that Carnol would do what it did for me. I wouldn't have believed it."

Carnol is sold by your druggist, and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money.

FARMER'S WIFE REGAINS HEALTH

Gives Credit to Lydia E. Pinkham's Vegetable Compound

Fork River, Manitoba.—"I saw in the newspapers where Lydia E. Pinkham's Vegetable Compound was doing so much good to women, and as I needed something I bought one. I used to be very sick and I am not now. I live on a farm, do my own stead of hired help, and we have all our own work. I believe the reason I see and Lydia E. Pinkham's Vegetable Compound does for me. I think it saves me from a doctor bill of $50 and I do the best of the work. I can take."—Mrs. W. Corrine, Fork River, Manitoba.

Lydia E. Pinkham's Vegetable Compound is a medicine for [illegible] ments prepared to restore[illegible] pared from medicinal plants, [illegible] pure and necessary. It can be taken by women of any age.

Women make a serious mistake in allowing themselves to be overcome by weak and nervous that it is almost impossible for them to attend to their necessary household duties.

Such symptoms as pains and [illegible] ularities, all come feelings, backache, headache, hot flashes, nervousness, with a general run-down condition, indicate some form of female trouble.

The Vegetable Compound has brought relief to thousands of women suffering from such ailments. Let it help you.

Good Interest and Absolute Security.

A liberal rate of interest with absolute security is the attractive offer made by the Minister of Finance to holders of the Canadian Government war loan bonds maturing December 1, 1922. The offer is not made to investors generally, but only to the holders of the bonds soon to mature. The bonds to be retired, bearing interest at five and one-half per cent., will be exchanged for new bonds bearing the same rate of interest. See the advertisement of the Minister of Finance.

The Value of Quality.

Quality is the standard by which things are judged. The delicious flavor (which means "QUALITY") that has always characterized SALADA has won for it the favor of millions of discriminating tea drinkers. The standard always adhered to has been the keynote of SALADA success, and rather than lower it, the Salada Tea Company would close its doors. You would appreciate the unvarying "QUALITY" of SALADA. Your own Grocer can supply you with this delicious tea. Ask for it today.

An Aged Resident.

Another year has gone for Mrs. Lester Wagar, South Napanee, who enjoyed her eighty-fifth birthday, July 27th, 1922. Although she has been in very poor health during the past year and has had the misfortune to fall five times, yet she has been wonderfully active during the past month, being able to go to the neighbors, and be around all day busy at something most of the time. She knits, reads and has a splendid memory. She had a lovely birthday cake and received many handsome gifts. We congratulate her and wish she may enjoy many more birthdays.

NUPTIALS.

A very pretty wedding was solemnized at the residence of George W. Cornell, at Point Ann, on Wednesday last, when his youngest daughter, Margaret Lottie, was united in marriage to Russell Earl, youngest son of W. J. Anderson, Centreville, Rev. Totton, of Shannonville, performed the ceremony in the presence of over one hundred invited guests, in the spacious drawing room, beneath an arch of white asters and carnations. The bride was given away by her father. Mr. Will Anderson ably assisted the groom, and the bride was attended by Miss May Thompson, of Picton. The bride looked charming in a dress of Georgette crepe over white satin, with a sprays of lily of the valley, and carried a bouquet of pink roses and fern. The bridesmaid was attired in a dress of Chin Chin crepe over white silk, and also carried a bouquet of roses and ferns. The wedding march was played by Miss Carl Suttehy, Point Ann. After the ceremony a dainty luncheon was served, after which the young couple left by train for Toronto and other points West, the bride travelling in a dress of brown Canton crepe with sand trimming and hat to match. Upon their return they will reside at Point Ann.

PATRIOTIC EDUCATION SERVICE COMMITTEE

COLLEGIATE INSTITUTE.

The following is the Time Table for the Supplemental Examinations—Departmental and Matriculation—Sept. 11th French, Sept. 12th Geom. and Eng. Comp., Sept. 13th Alg. and Eng. Lit., Sept. 14th Phys. Anc. Hist. and Trig., Sept. 15th, Chem. and Brit. Hist., Sept. 18th Latin, Sept. 19th German, Botany and Zoology, Sept. 20th Greek.

Examinations will be held at University of Toronto, Queen's University, Kingston, McMaster University, Toronto and Western University, London, and at any other centre in the Province provided that the candidates apply before Sept. 1st, and undertake to pay the additional fees for presiding.

For the September examinations the fee shall be $1.00 per paper payable to the Department at the time of application. If an examination centre should be established at Napanee the additional fees for presiding would be calculated as follows, each fee to be paid to the Presiding Officer at the time of the examination. Where the amount of the examination fees paid by the candidates is less than twice the cost of the presiding, the additional fees will be $3.00 for any half day when only one candidate is writing; $2.00 for any half day when only two candidates are writing, and $1.00 when only three candidates are writing.

If candidates from the Napanee Collegiate Institute will send their names to Dr. Morden, stating what subjects they desire to write on at Napanee, it will be possible to make an estimate as to the additional fees, if any, required to hold the examination in this centre. Candidates from other schools who desire to write at Napanee should communicate with E. J. Corkill, B.A., Napanee, or M. R. Reid, B.A., Sharbot Lake, but, no matter where the candidate resides or wherever he may desire to write, application must be made to the Department of Education and if possible before Sept. 1st. Later than this an additional fee will be required.

ENTERPRISE GARDEN PARTY.

Successful Event Held Saturday Under Anglican Auspices.

Saturday night was a big night at Enterprise, when the annual garden party of the Anglican Church there was held on the grounds of the church. Owing to the very cool weather the attendance was not what might have been expected, but at the same time there was a fair attendance. There were booths of various kinds, including candy booths, home-made tables, etc., and these were well patronized by those in attendance.

A very fine musical program was arranged, in which Mr. Reg. Betts, of Kingston, accompanied by Miss F. Devlin, made a big hit with several amusing sketches and songs. Other numbers included selections by the "B. and E." orchestra of Enterprise which livened the occasion considerably with their selections. Miss Poston pleased greatly with a solo, while Miss Delta Bell in a recitation, was very good.

Miss Rosena Day pleased all with a solo as did also Miss Freda Wagar, while ukulele selections by Miss Williams were greatly enjoyed. A duet by Miss Poston and Wagar was very acceptable also.

Rev. Mr. Poston, Rector of the Church, took occasion to thank the ladies who had helped in the garden party and also those who had taken part in the musical program. A short dance was enjoyed at the hotel after the garden party, at which a number of young people were present.

WEDDING BELLS.

RUSSEL—STAFFORD.

The home of Mr. and Mrs. T. J. Russel, of Richmond, was the scene of a very pretty wedding on Wednesday evening, August 16th, 1922, when their only daughter, M. Lela, was united in marriage to Roy M. Stafford son of Mr. and Mrs. Elias Stafford, of Tyendinaga. The bride was charmingly attired in white duchess satin with under blouse of Georgette and beaded trimmings. At 7.30 o'clock, while Miss Mabel Stafford, cousin of the bride, played the wedding march, the young couple took their place under the wedding bell. The bride was given away by her father. Their Pastor, Rev. T. H. P. Anderson, read the marital vows, after the ceremony and the young couple had received the congratulations of their friends, the large number of invited guests sat down to a splendid wedding dinner. A large number of very valuable gifts evidenced the esteem of the friends for the young couple.

After dinner Mr. and Mrs. Stafford left for the Thousand Islands. The bride's travelling suit was of sand gabardine with brown plush hat to match. Their leaving was the occasion of showers of confetti and the best wishes of their many friends. The groom's gift to the bride was a string of oriental pearls, and to the cousin, who played the wedding march, white gold bar pin.

CAMERON—HUSBAND.

Miss Edith Pearl Husband, of Newburgh, was married at 10 o'clock on Saturday, August 19th, to Mr. John Herbert Cameron, M.A., of Moose Jaw Collegiate Institute. Rev. A. J. Wilson, of Napanee, performed the ceremony. The scene of the wedding was the beautiful old farm home of the bride's sister, Mrs. C. A. Miller, near Newburgh, and the guests a few friends and immediate relatives, unfortunately lacking the groom's mother, Mrs. Bert Frets called on Mr. Husband, who presence was prevented by illness. The happiness of the occasion was increased by the pretty decorations of smilax and garden flowers. Lohengrin's wedding march nicely played by Miss Margaret Mitchell, of Newburgh; the song, "O Fair O Sweet, O Holy", finely rendered by Miss Nellie Philp, of Lindsay; the gifts of the groom and of friends, including a handsome set of silver from the Irongate High School, where the bride has taught for the past three or four years, and the pleasant re-union of a few graduates of Queen's, Mr. and Mrs. Cameron left for New York and the Hudson River, and after their return will go to their home in Moose Jaw, Saskatchewan.

OBITUARY.

Alonzo Young.

Another of Desoronto's long time and respected residents passed away at his home, on Upper Green street, last Thursday, in the person of Alonzo Young. Mr. Young had been ailing for about a year with the hardening of the arteries and kept growing worse till the end came. At the time of his death he was between 65 and 66 years of age. The funeral and religious services were conducted by Rev. H. Bamforth at his late home Sunday afternoon at two-thirty, and interment took place in the Desoronto cemetery. In addition to a widow, Mrs. Alonzo Young, the deceased leaves to mourn his loss, two daughters, Mrs. Ford Russell, Green street, Desoronto, and, Mrs. E. M. Morrow, wife of E. M. Morrow, Pastor of the Methodist Church, Arthur, Ont., and two sons, Frank Young, who resides with his family on Thomas street, and Harry Young, who makes his home under the parental roof, but who is now a student at Guelph. Mr. Young was a good, sound and thrifty citizen of Desoronto, and will be sadly missed by all who knew him.

FAMILY RE-UNION.

A very pleasant re-union of the Amey family was held at the delightful old Amey homestead at Ernestown Station, on Thursday, August 17th. The various family groups began to arrive shortly before noon. An excellent picnic lunch was spread on the lawn under the big hickory, with Mrs. Elmore Amey as hostess.

After very satisfactory justice had been done to all the good things, the rest of the afternoon was variously spent. Past events were rehearsed, the young members of the family were made acquainted with each other and with the history of their forebears, and pictorial records were procured of the occasion.

The members of the family that were present, were :—Mr. and Mrs. Elmore Amey and Mr. Wm. Amey; Mr. and Mrs. Oscar Amey and Mr. Gerald Amey; Mrs. Mary Amey, Mrs. J. B. Fairfield and Miss Louise Fairfield, Kingston; Mrs. Fred Scott, and family, Montreal; Mr. and Mrs. Isaac Fraser, Mrs. Geo. Lucas, Sr., Mrs. G. W. Lucas, Odessa; Mrs. Henry Allen, Newburgh; Miss Laura Rockwell, Napanee; and Rev. G. W. and Mrs. Conners, Misses Kathleen and Grace Conners, Miss Elsie Cowie, Caledonia, and Mr. L. L. THE GOVERNMENT'S CONVERSION SCHEME

The attention of the holders of the five per cent. half year war loan bonds maturing December 1st, 1922, is directed to the offer of the Minister of Finance to renew the loan on favourable terms. The Canadian loan was placed in New York at a satisfactory price. The Minister is making his present financial operation entirely a domestic one by offering to exchange the maturing bonds for new bonds bearing the same rate of interest, running for either five years or ten years as the bondholder may prefer. A further inducement to the investor is that he receives a New York at one month's interest. The terms offered are decidedly favourable to the investor and it is probable that a large part of the maturing loan will be renewed. Arrangements for the exchange of the bonds can be made at any branch of the chartered banks. Holders who do not wish to renew will be paid in cash on the 1st December.

HAY BAY.

A very enjoyable lawn social was held at the Church on Wednesday evening last and was largely attended and generously patronized. The meeting was presided over by E. J. Sclomitz, B.P., who gave a very interesting address on Citizenship, which he applied to the nation, community and church. A splendid program was rendered, delighted the audience again and again by per well rendered pieces which were heartily applauded. The Pastor and Miss Truscott sang, after which very appropriate speeches were made by Messrs. A. C. Parks and Geo. Gibbard. Ice cream and cake were served by the Ladies' Aid, and all agreed the evening was indeed an enjoyable one.
